CITATION

Cite all material in the Washington State Register by its issue number and sequence within that issue, preceded by the acronym WSR. Example: the 37th item in the August 5, 1981, Register would be cited as WSR 81-15-037.

PUBLIC INSPECTION OF DOCUMENTS

A copy of each document filed with the code reviser's office, pursuant to chapter 34.05 RCW, is available for public inspection during normal office hours. The code reviser's office is located on the ground floor of the Legislative Building in Olympia. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. Telephone inquiries concerning material in the Register or the Washington Administrative Code (WAC) may be made by calling (206) 753-7470 (SCAN 234-7470).

REPUBLICATION OF OFFICIAL DOCUMENTS

All documents appearing in the Washington State Register are prepared and printed at public expense. There are no restrictions on the republication of official documents appearing in the Washington State Register. All news services are especially encouraged to give wide publicity to all documents printed in the Washington State Register.

CERTIFICATE

Pursuant to RCW 34.08.040, the publication of rules or other information in this issue of the Washington State Register is hereby certified to be a true and correct copy of such rules or other information, except that headings of public meeting notices have been edited for uniformity of style.

DENNIS W. COOPER Code Reviser

STATE MAXIMUM INTEREST RATE

The maximum allowable interest rate applicable for the month of December 1991 pursuant to RCW 19.52.020 is twelve point zero percent (12.00%).

NOTICE: FEDERAL LAW PERMITS FEDERALLY INSURED FINANCIAL INSTITUTIONS IN THE STATE TO CHARGE THE HIGHEST RATE OF INTEREST THAT MAY BE CHARGED BY ANY FINANCIAL INSTITUTION IN THE STATE. THE MAXIMUM ALLOWABLE RATE OF INTEREST SET FORTH ABOVE MAY NOT APPLY TO A PARTICULAR TRANSACTION.

The maximum allowable retail installment contract service charge applicable for calendar year 1991 pursuant to RCW 63.14.130(1)(a) is thirteen point seven five percent (13.75%).

The maximum allowable retail installment contract service charge for the purchase of a motor vehicle pursuant to RCW 63.14.130(2)(a) is eleven point seven five percent (11.75%) for the fourth calendar quarter of 1991.

The maximum allowable retail installment contract service charge for the purchase of a vessel pursuant to RCW 63.14.130(3)(a) is eleven point two five percent (11.25%) for the fourth calendar quarter of 1991.

STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.05 RCW) may be distinguished by the size and style of type in which they appear.

- (a) Proposed rules are those rules pending permanent adoption by an agency and are set forth in eight point type.
- (b) Adopted rules have been permanently adopted and are set forth in ten point type.
- (c) Emergency rules have been adopted on an emergency basis and are set forth in ten point oblique type.

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) deleted material is ((lined out and bracketed between double parentheses));
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one-hundred-twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

¹All documents are due at the code reviser's office by 5:00 p.m. on or before the applicable closing date for inclusion in a particular issue of the Register; see WAC 1-21-040.

²A filing of any length will be accepted on the closing dates of this column if it has been prepared and completed by the order typing service (OTS) of the code reviser's office; see WAC 1-21-040. Agency-typed material is subject to a ten page limit for these dates; longer agency-typed material is subject to the earlier non-OTS dates.

³At least twenty days before the rule—making hearing, the agency shall cause notice of the hearing to be published in the Register; see RCW 34.05.320(1). These dates represent the twentieth day after the distribution date of the applicable Register.

WSR 91-22-025 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3270-Filed October 29, 1991, 1:49 p.m.]

Date of Adoption: October 29, 1991.

Purpose: WAC 388-96-010, to provide a definition of "gain on sale" for the purpose of depreciation reimbursement recovery; WAC 388-96-023, to require as a condition of participation in Medicaid that a nursing facility have at least 15% of its beds certified for Medicare participation; WAC 388-96-507, to clarify that ordinary and necessary costs of providing care and meeting standards are not allowable if they are expressly declared unallowable elsewhere in the chapter; WAC 388-96-559, to further clarify that both land and depreciable assets are subject to appraisal limitations for all rate periods after December 31, 1984. To further clarify that both land and depreciable assets are prohibited from being revalued upward for all partial or whole rate periods after July 17, 1984, for changes of ownership after this date; WAC 388-96-569, to provide for recovery of prior depreciation reimbursement to the extent there is a gain on sale of nursing facility assets resulting from a sale or capitalized lease. To clarify there will be no adjustment of depreciation base or cost basis for the buyer or capitalized lessee in the event of recapture; WAC 388-96-585, to further clarify the cost of land and depreciable assets, which cannot be reimbursed under the Deficit Reduction Act of 1984 (DEFRA) and state statutory and regulatory provisions, for sales on or after July 18, 1984, are unallowable for all partial or whole rate periods after July 17, 1984. To provide that costs of nursing 'pool services" (temporary nursing services purchased under contract) are unallowable to the extent they exceed what the services would have cost for the same services at in-house nursing wages at the same facility for the same category of health care worker; WAC 388-96-722, to provide for the nonreimbursement of costs of temporary nursing services ("pool services") to the extent they exceed the cost of such services had they been performed by in-house staff at the facility. To provide for the exclusion of such excess costs from nursing costs for the purpose of measuring year-to-year nursing cost increases in calculating and applying the nursing cost increase lid and from converting excess nursing hours to costs in computing the hours lid. To provide for the suspension of the nursing cost increase lid for state fiscal year 1992 only (July 1, 1991, to June 30, 1992, rate setting); and WAC 388-96-754, to reduce the financing allowance from 11% to 10% of net invested funds. To further clarify that the cost basis of land as well as the depreciation base of depreciable assets cannot be increased for reimbursement purposes for all changes of ownership on or after July 18, 1984, for all partial or whole rate periods after July 17, 1984. To further clarify the cost basis of leased land shall be lessor's historical capitalized cost, regardless of whether the lease is capitalized or not.

Citation of Existing Rules Affected by this Order: Amending chapter 388-96 WAC, Nursing home—Accounting—Reimbursement.

Statutory Authority for Adoption: WAC 388-96-010. 388-96-023, 388-96-507, 388-96-559, and 388-96-585 is RCW 74.09.120; WAC 388-96-722 is RCW 74.09-.180 and 74.46.800; and WAC 388-96-569 and 388-96-754 is RCW 74.09.120 and 74.46.800.

Pursuant to notice filed as WSR 91-17-088 on August 21, 1991.

Changes Other than Editing from Proposed to Adopted Version: WAC 388-96-010(30), terms, subsection (30), definition of "gain on sale." The department received a number of questions and critical comments regarding the proposed definition of "gain on sale" and related proposed depreciation reimbursement recovery provisions. The department agrees with comments that the recovery legislation leaves many questions unanswered which are vital to the implementation of this aspect of the reimbursement system. In general the department has resolved questions in favor of suggestions offered by commenting parties and awaits further legislative clarification, if any, at the next opportunity. In response to comments, the present definition eliminates the term "imputed" sales price of assets because the statute. RCW 74.46.020(19) references "total sales price." Likewise, references to "capitalized lease" are removed because this is not a straight sale. References to net book value "assigned for Medicaid reimbursement purposes" are removed for statutory consistency.

WAC 388-96-569 (3) through (10), Retirement of depreciable assets, subsection (3), references to "capitalized lease" and "capitalized lessor" are eliminated to emphasize depreciation recapture, as the department presently interprets the statute, applies only to straight sales of nursing facility assets. A clarification is made to provide reimbursement recovery for depreciation paid to the selling contractor or lessee related to the selling lessor only. A further clarification made that sellers and buyers, for depreciation reimbursement recovery purposes, include parties or organizations related to them as defined in chapter 388-96 WAC. This is consistent with the state's reimbursement system regarding related parties and organizations. A provision is added that only reimbursement for depreciation from July 1, 1991, forward will be subject to recovery in order to avoid any suggestion that either the regulation or statute is being applied retroactively. Because the recovery provisions, as set out in the statute and regulation, apply to sales on or after July 1, 1991, only, the department does not concede the provisions are retroactive if depreciation reimbursement paid prior to July 1, 1991, is subject to recovery. However, since the statute does not make clear whether pre-July 1, 1991, depreciation is included, further legislative direction is needed and the department will presume, for the present, that only post-July 1, 1991, depreciation is involved. Subsection (4), a provision is made that any sale completed under an enforceable agreement existing prior to July 1, 1991, (the effective date of the legislative change to RCW 74.46.380) is exempt from depreciation reimbursement recovery. Further provision is made that any such pre-July 1, 1991,

sale and purchase agreement must be on file with the department's Rates Management Office on or before December 31, 1991, to allow ample time to file such agreements. References to "capitalized lease" removed. Subsection (5), references to "capitalized lease" and "capitalized lessee" removed. Statutory provision makes clear that recovery shall be made from the buyer first and then from the seller. Clarification made that this principle applies to parties or organizations related to the buyer and seller as well. Subsection (6), clarification added that recovery by deduction from the buyer's monthly payments for Medicaid services is in addition to all other means of recovering debt to the state authorized by law. Subsection (7), proposed subsections (7), (8), and (9) have been eliminated. The provisions contained in these have either been moved to other subsections or eliminated altogether in response to comments. Proposed subsection (10) has been renumbered as subsection (7) for permanent adoption. References to "capitalized lease" and "capitalized lessor" have been removed. Reference to "net book value used for Medicaid reimbursement purposes" eliminated.

WAC 388-96-585 (2)(uu), Unallowable costs, subsection (2)(uu), clarification made that average facility hourly wages for each nursing classification shall include regular and overtime hours and compensation for inhouse staff. Further clarification made that "classification" means classification of registered nurse, licensed practical nurse or nurse assistant only.

WAC 388-96-722(7), Nursing services cost area rate, subsection (7), a new subsection (7) is added for clarification and in response to comments. Previously proposed subsection (7) is retained intact and renumbered as subsection (8). Clarifications are made in the new subsection (7) as follows: That "staff of like classification" means the classifications of registered nurse, licensed practical nurse or nurse assistant only; that the department will not recognize particular individuals, positions or subclassifications for whom pool staff may be substituting or helping in calculating the pool limit; that average hourly wages for each classification shall include both regular and overtime in-house hours and compensation; that the average shall be derived by dividing total compensation by total hours for each nursing classification; and that all data for calculating facility hourly averages for the three classifications shall be taken from the facility's cost report on file with the department for the most recent cost report period.

Effective Date of Rule: Thirty-one days after filing.

October 29, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 2970, filed 4/17/90, effective 5/18/90)

WAC 388-96-010 TERMS. Unless the context clearly requires otherwise, the following terms shall have the meaning set forth in this section when used in this chapter.

(1) "Accounting" means activities providing information, usually quantitative and often expressed in monetary units, for:

- (a) Decision-making;
- (b) Planning;
- (c) Evaluating performance;
- (d) Controlling resources and operations; and
- (e) External financial reporting to investors, creditors, regulatory authorities, and the public.
- (2) "Accrual method of accounting" means a method of accounting in which revenues are reported in the period when earned, regardless of when collected, and expenses are reported in the period in which incurred, regardless of when paid.
- (3) "Administration and management" means activities employed to maintain, control, and evaluate the efforts and resources of an organization for the accomplishment of the objectives and policies of that organization.
 - (4) "Allowable costs" See WAC 388-96-501.
- (5) "Ancillary care" means services required by the individual, comprehensive plan of care provided by qualified therapists or by support personnel under their supervision.
- (6) "Arm's-length transaction" means a transaction resulting from good-faith bargaining between a buyer and seller who have adverse bargaining positions in the marketplace.
- (a) Sales or exchanges of nursing home facilities among two or more parties in which all parties subsequently continue to own one or more of the facilities involved in the transactions shall not be considered as arm's-length transactions for purposes of this chapter.
- (b) Sale of a nursing home facility which is subsequently leased back to the seller within five years of the date of sale shall not be considered as an arm's-length transaction for purposes of this chapter.
- (7) "Assets" means economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles. "Assets" also include certain deferred charges that are not resources but are recognized and measured in accordance with generally accepted accounting principles.
- (8) "Bad debts" means amounts considered to be uncollectable from accounts and notes receivable.
- (9) "Beds" means, unless otherwise specified, the number of set-up beds in the nursing home, not to exceed the number of licensed beds.
 - (10) "Beneficial owner" means any person who:
- (a) Directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares:
- (i) Voting power which includes the power to vote, or to direct the voting of such ownership interest; and/or
- (ii) Investment power which includes the power to dispose, or to direct the disposition of such ownership interest.
- (b) Directly or indirectly, creates or uses a trust, proxy, power of attorney, pooling arrangement, or any other contract, arrangement, or device with the purpose or effect of divesting himself or herself of beneficial ownership of an ownership interest, or preventing the vesting of such beneficial ownership as part of a plan or scheme to evade the reporting requirements of this chapter.

- (c) Subject to subsection (4) of this section, has the right to acquire beneficial ownership of such ownership interest within sixty days, including but not limited to any right to acquire:
- (i) Through the exercise of any option, warrant, or right;
 - (ii) Through the conversion of an ownership interest;
- (iii) Pursuant to the power to revoke a trust, discretionary account, or similar arrangement; or
- (iv) Pursuant to the automatic termination of a trust, discretionary account, or similar arrangement;

Except that, any person who acquires an ownership interest or power specified in subsection (10)(c)(i), (ii), or (iii) of this section with the purpose or effect of changing or influencing the control of the contractor, or in connection with or as a participant in any transaction having such purpose or effect, immediately upon such acquisition shall be deemed to be the beneficial owner of the ownership interest which may be acquired through the exercise or conversion of such ownership interest or power.

- (d) In the ordinary course of business, is a pledgee of ownership interest under a written pledge agreement and shall not be deemed the beneficial owner of such pledged ownership interest until the pledgee takes:
- (i) Formal steps necessary required to declare a default; and
- ((\frac{\{(ii)\}}{\})) (ii) Determines the power to vote or to direct the vote or to dispose or to direct the disposition of such pledged ownership interest will be exercised provided the pledge agreement:
- (A) Is bona fide and was not entered into with the purpose nor with the effect of changing or influencing the control of the contractor, nor in connection with any transaction having such purpose or effect, including persons meeting the conditions set forth in subsection (10)(b) of this section; and
- (B) Prior to default, does not grant the pledgee the power to:
- (I) Vote or direct the vote of the pledged ownership interest; or
- (II) Dispose or direct the disposition of the pledged ownership interest, other than the grant of such power or powers pursuant to a pledge agreement under which credit is extended and in which the pledgee is a broker or dealer.
- (11) "Capitalization" means the recording of an expenditure as an asset.
- (12) "Capitalized lease" means a lease required to be recorded as an asset and associated liability in accordance with generally accepted accounting principles.
- (13) "Cash method of accounting" means a method of accounting in which revenues are recognized only when cash is received, and expenditures for expense and asset items are not recorded until cash is disbursed for those expenditures and assets.
- (14) "Change of ownership" means a change in the individual or legal organization responsible for the daily operation of a nursing home.
- (a) Events which change ownership include but are not limited to the following:

- (i) The form of legal organization of the contractor is changed (e.g., a sole proprietor forms a partnership or corporation):
- (ii) Title to the nursing home business enterprise is transferred by the contractor to another party;
- (iii) Where the contractor is a partnership, any event occurs which dissolves the partnership;
- (iv) Where the contractor is a corporation, the corporation is dissolved, merges with another corporation which is the survivor, or consolidates with one or more other corporations to form a new corporation; or
- (v) Any other event occurs which results in a change of operating entity.
- (b) Ownership does not change when the following, without more, occur:
- (i) A party contracts with the contractor to manage the enterprise as the contractor's agent, i.e., subject to the contractor's general approval of daily operating decisions;
- (ii) If the contractor is a corporation, some or all of its stock is transferred; or
- (iii) The real property or personal property assets associated with the nursing home change ownership or are leased, or a lease of them is terminated, without a change of operating entity.
- (15) "Charity allowances" means reductions in charges made by the contractor because of the indigence or medical indigence of a patient.
- (16) "Contract" means a contract between the department and a contractor for the delivery of SNF or ICF services to medical care recipients.
- (17) "Contractor" means an entity which contracts with the department to deliver care services to medical care recipients in a facility. The entity is responsible for operational decisions.
- (18) "Courtesy allowances" means reductions in charges in the form of an allowance to physicians, clergy, and others, for services received from the contractor. Employee fringe benefits are not considered courtesy allowances.
- (19) "CSO" means the local community services office of the department.
- (20) "Department" means the department of social and health services (DSHS) and employees.
- (21) "Depreciation" means the systematic distribution of the cost or other base of tangible assets, less salvage, over the estimated useful life of the assets.
- (22) "Donated asset" means an asset the contractor acquired without making any payment for the asset in the form of cash, property, or services.
- (a) An asset is not a donated asset if the contractor made even a nominal payment in acquiring the asset.
- (b) An asset purchased using donated funds is not a donated asset.
- (23) "Entity" means an individual, partnership, corporation, or any other association of individuals capable of entering enforceable contracts.
- (24) "Equity capital" means total tangible and other assets which are necessary, ordinary, and related to patient care from the most recent provider cost report minus related total long-term debt from the most recent

provider cost report plus working capital as defined in this section.

- (25) "Exceptional care recipient" means a medical care recipient determined by the department to require exceptionally heavy care.
- (26) "Facility" means a nursing home licensed in accordance with chapter 18.51 RCW, or that portion of a hospital licensed in accordance with chapter 70.41 RCW which operates as a nursing home.
 - (27) "Fair market value" means:
- (a) Prior to January 1, 1985, the price for which an asset would have been purchased on the date of acquisition in an arm's-length transaction between a well-informed buyer and seller, neither being under any compulsion to buy or sell; or
- (b) Beginning January 1, 1985, the replacement cost of an asset, less observed physical depreciation, on the date the fair market value is determined.
- (28) "Financial statements" means statements prepared and presented in conformity with generally accepted accounting principles and the provisions of chapter 74.46 RCW and this chapter including, but not limited to:
 - (a) Balance sheet;
 - (b) Statement of operations;
 - (c) Statement of changes in financial position; and
 - (d) Related notes.
- (29) "Fiscal year" means the operating or business year of a contractor. All contractors report on the basis of a twelve-month fiscal year, but provision is made in this chapter for reports covering abbreviated fiscal periods.
- (30) "Gain on sale" means the actual total sales price of all tangible and intangible nursing home assets including, but not limited to, land, building, equipment, supplies, goodwill, and beds authorized by certificate of need, minus the net book value of such assets immediately prior to the time of sale.
- (31) "Generally accepted accounting principles (GAAP)" means accounting principles approved by the Financial Accounting Standards Board (FASB).
- (((31))) (32) "Generally accepted auditing standards (GAAS)" means auditing standards approved by the American Institute of Certified Public Accountants (AICPA).
- $((\frac{32}{32}))$ (33) "Goodwill" means the excess of the price paid for:
- (a) A business over the fair market value of all other identifiable, tangible, and intangible assets acquired; and
 - (b) An asset over the fair market value of the asset.
- (((33))) (34) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architects' fees, and engineering studies.
 - (((34))) (35) "ICF" means:
- (a) An intermediate care facility when referring to a nursing home;
- (b) When referring to a level of care, intermediate care; and
- (c) When referring to a patient, a patient requiring intermediate care.

- (((35))) (36) "Imprest fund" means a fund which is regularly replenished in exactly the amount expended from it.
- $((\frac{36}{3}))$ "Interest" means the cost incurred for the use of borrowed funds, generally paid at fixed intervals by the user.
- (((37))) (38) "Intermediate care facility" means a licensed facility certified to deliver intermediate care services to medical care recipients.
- (((38))) (39) "Joint facility costs" means any costs representing expenses incurred which benefit more than one facility, or one facility and any other entity.
- (((39))) (40) "Lease agreement" means a contract between two parties for the possession and use of real or personal property or assets for a specified period of time in exchange for specified periodic payments. Elimination or addition of any party to the contract, expiration, or modification of any lease term in effect on January 1, 1980, or termination of the lease by either party by any means shall constitute a termination of the lease agreement. An extension or renewal of a lease agreement, whether or not pursuant to a renewal provision in the lease agreement, shall be considered a new lease agreement. A strictly formal change in the lease agreement which modifies the method, frequency, or manner in which the lease payments are made, but does not increase the total lease payment obligation of the lessee shall not be considered modification of a lease term.
- (((40))) (41) "Levels of care" means the classification of types of services provided to patients by a contractor, e.g., skilled nursing care or intermediate care.
- (((41))) (42) "Medical care program" means medical assistance provided under RCW 74.09.500 or authorized state medical care services.
- (((42))) (43) "Medical care recipient" means an individual determined eligible by the department for the services provided in chapter 74.09 RCW.
- (((43))) (44) "Multiservice facility" means a facility at which two or more types of health or related care are delivered, e.g., a hospital and SNF and/or ICF, or a boarding home and SNF and/or ICF. A combined SNF/ICF or ICF/IMR is not considered a multiservice facility
- ((44))) (45) "Net book value" means the historical cost of an asset less accumulated depreciation.
- (((45))) (46) "Net invested funds" means the net book value of tangible fixed assets employed by a contractor to provide services under the medical care program, including land, buildings, and equipment as recognized and measured in conformity with generally accepted accounting principles and not in excess of any lids or reimbursement limits set forth in this chapter, plus an allowance for working capital which shall be five percent of the allowable costs of each contractor for the previous calendar year. Assets associated with central or home offices or otherwise not on the nursing home premises are not included in net invested funds.
- (((46))) (47) "Nonadministrative wages and benefits" means wages, benefits, and corresponding payroll taxes paid for nonadministrative personnel, not to include administrator, assistant administrator, or administrator—in-training.

(((47))) (48) "Nonallowable costs" means same as "unallowable costs."

(((48))) (49) "Nonrestricted funds" means funds which are not restricted to a specific use by the donor, e.g., general operating funds.

(((49))) (50) "Nursing home" means a home, place, or institution, licensed under chapter 18.51 RCW, where skilled nursing and/or intermediate care services are delivered.

(((50))) (51) "Operating lease" means a lease under which rental or lease expenses are included in current expenses in accordance with generally accepted accounting principles.

(((51))) (52) "Owner" means a sole proprietor, general or limited partner, or beneficial interest holder of five percent or more of a corporation's outstanding stock.

- (((52))) (53) "Ownership interest" means all interests beneficially owned by a person, calculated in the aggregate, regardless of the form the beneficial ownership takes.
- (((53))) (54) "Patient day" means a calendar day of patient care. In computing calendar days of care, the day of admission is always counted. The day of discharge is counted only when the patient was admitted on the same day. A patient is admitted for purposes of this definition when the patient is assigned a bed and a patient medical record is opened.
- (((54))) (55) "Per diem (per patient day) costs" means total allowable costs for a fiscal period divided by total patient days for the same period.
- (((55))) (56) "Professionally designated real estate appraiser" means an individual:
- (a) Regularly engaged in the business of providing real estate valuation services for a fee;
- (b) Qualified by a nationally recognized real estate appraisal educational organization on the basis of extensive practical appraisal experience, including the:
 - (i) Writing of real estate valuation reports;
- (ii) Passing of written examination on valuation practice and theory; and
- (iii) Requirement to subscribe and adhere to certain standards of professional practice as the organization prescribes.
- (((56))) (57) "Prospective daily payment rate" means the rate assigned by the department to a contractor for providing service to medical care recipients. The rate is used to compute the maximum participation of the department in the contractor's costs.
 - $((\frac{57}{1}))$ (58) "Qualified therapist":
- (a) An activities specialist having specialized education, training, or at least one year's experience in organizing and conducting structured or group activities;
- (b) An audiologist eligible for a certificate of clinical competence in audiology or having the equivalent education and clinical experience;
- (c) A mental health professional as defined by chapter71.05 RCW;
- (d) A mental retardation professional, either a qualified therapist or a therapist, approved by the department having specialized training or one year's experience in

treating or working with the mentally retarded or developmentally disabled;

- (e) A social worker graduated from a school of social work:
- (f) A speech pathologist eligible for a certificate of clinical competence in speech pathology or having the equivalent education and clinical experience;
- (g) A physical therapist as defined by chapter 18.74 RCW; or
- (h) An occupational therapist graduated from a program in occupational therapy, or having the equivalent of education or training, and meeting all requirements of state law.
- $((\frac{58}{5}))$ (59) "Recipient" means a medical care recipient.
- (((59))) (60) "Records" means data supporting all financial statements and cost reports including, but not limited to:
 - (a) All general and subsidiary ledgers;
 - (b) Books of original entry;
 - (c) Invoices;
 - (d) Schedules;
 - (e) Summaries; and
 - (f) Transaction documentation, however maintained.
- (((60))) (61) "Regression analysis" means a statistical technique through which one can analyze the relationship between a dependent or criterion variable and a set of independent or predictor variables.
 - (((61))) (62) "Related care" includes:
 - (a) The director of nursing services;
 - (b) Activities and social services programs;
 - (c) Medical and medical records specialists; and
 - (d) Consultation provided by:
 - (i) Medical directors;
 - (ii) Pharmacists;
 - (iii) Occupational therapists;
 - (iv) Physical therapists;
 - (v) Speech therapists; and
 - (vi) Other therapists; and
- (vii) Mental health professionals as defined in law and regulation.
- (((62))) (63) "Related organization" means an entity under common ownership and/or control, or which has control of or is controlled by, the contractor. Common ownership exists if an entity has a five percent or greater beneficial ownership interest in the contractor and any other entity. Control exists if an entity has the power, directly or indirectly, to significantly influence or direct the actions or policies of an organization or institution, whether or not the power is legally enforceable and however exercisable or exercised.
 - (((63))) <u>(64)</u> "Relative" includes:
 - (a) Spouse;
 - (b) Natural parent, child, or sibling;
 - (c) Adopted child or adoptive parent;
 - (d) Stepparent, stepchild, stepbrother, stepsister;
- (e) Father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law;
 - (f) Grandparent or grandchild; and
 - (g) Uncle, aunt, nephew, niece, or cousin.

- (((64))) (65) "Restricted fund" means a fund for which the use of the principal and/or income is restricted by agreement with or direction of the donor to a specific purpose, in contrast to a fund over which the contractor has complete control. Restricted funds generally fall into three categories:
- (a) Funds restricted by the donor to specific operating purposes;
- (b) Funds restricted by the donor for additions to property, plant, and equipment; and

(c) Endowment funds.

- (((65))) <u>(66)</u> "Secretary" means the secretary of the department of social and health services (DSHS).
- (((66))) (67) "Skilled nursing facility" means a licensed facility certified to deliver skilled nursing care services to medical care recipients.

(((67))) (68) "SNF" means:

- (a) When referring to a facility, a skilled nursing facility;
- (b) When referring to a level of care, skilled nursing care; and
- (c) When referring to a patient, a patient requiring skilled nursing care.
- (((68))) (<u>69)</u> "Start-up costs" means the one-time preopening costs incurred from the time preparation begins on a newly constructed or purchased building until the first patient is admitted. Start-up costs include:
 - (a) Administrative and nursing salaries;
 - (b) Utility costs;
 - (c) Taxes;
 - (d) Insurance;
 - (e) Repairs and maintenance; and
 - (f) Training costs.

Start-up costs do not include expenditures for capital assets.

- (((69))) (70) "Title XIX" means the 1965 amendments to the Social Security Act, P.L. 89-07, as amended.
- (((70))) (71) "Unallowable costs" means costs which do not meet every test of an allowable cost.
- (((71))) (72) "Uniform chart of accounts" means a list of account titles identified by code numbers established by the department for contractors to use in reporting costs.
- (((72))) (73) "Vendor number" means a number assigned to each contractor delivering care services to medical care recipients.
- (((73))) (74) "Working capital" means total current assets necessary, ordinary, and related to patient care from the most recent cost report minus total current liabilities necessary, ordinary, and related to patient care from the most recent cost report.

AMENDATORY SECTION (Amending Order 2025, filed 9/16/83)

WAC 388-96-023 CONDITIONS OF PARTICI-PATION. In order to participate in the prospective cost-related reimbursement system, the person or legal organization responsible for operation of a nursing home or multiservice facility shall:

(1) Obtain a state certificate of need approval pursuant to chapter 70.38 RCW where required;

- (2) Hold the appropriate current license (e.g., nursing home license, hospital license);
- (3) Hold current Title XIX certification to provide SNF and/or ICF services;
- (4) Hold a current contract to provide SNF and/or ICF services; and
- (5) Obtain and continuously maintain Medicare certification, under 42 USC 1395 (Title XVIII of the Social Security Act), as amended, for no less than fifteen percent of the licensed beds of the facility.
- (6) Comply with all provisions of the contract, chapter 74.46 RCW, and all applicable regulations, including but not limited to the provisions of this chapter and of chapter 388–88 WAC.

AMENDATORY SECTION (Amending Order 1712, filed 11/4/81)

WAC 388-96-507 COSTS OF MEETING STAN-DARDS. All documented costs that are ordinary, necessary and ((ordinary expenses)) related to the care of medical care recipients and are not expressly unallowable which a contractor incurs in providing care services meeting all applicable standards, will be allowable costs. The expenses include necessary and ordinary costs of:

- (1) Meeting licensing and certification standards;
- (2) Meeting standards of providing regular room, nursing, ancillary, and dietary services, in accordance with WAC 388-88-050 and ((388-88-051));
- (3) Fulfilling accounting and reporting requirements imposed by this chapter; and
- (4) Performing any patient assessment activity required by the department.

AMENDATORY SECTION (Amending Order 2970, filed 4/17/90, effective 5/18/90)

WAC 388-96-559 COST BASIS OF LAND AND DEPRECIATION BASE. (1) For all ((rates effective on or after January 1, 1985)) partial or whole rate periods after December 31, 1984, the total depreciation base of depreciable assets and the cost basis of land shall be the lowest of:

- (a) The contractor's appraisal, if any;
- (b) The department's appraisal obtained through the department of general administration of the state of Washington, if any; or
- (c) The historical purchase cost of the contractor, or lessor if the assets are leased by the contractor, in acquiring ownership of the asset in an arm's-length transaction, and preparing the asset for use, less goodwill, and less accumulated depreciation, if applicable, incurred during periods the assets have been used in or as a facility by any and all contractors. Such accumulated depreciation is to be measured in accordance with subsection (5) of this section and WAC 388-96-561, 388-96-565, and 388-96-567. Estimated salvage value shall be deducted from historical cost where the straight-line or sum-of-the-years digits method of depreciation is used.
- (2) Unless otherwise provided or limited by this chapter or by chapter 74.46 RCW, the department shall, in determining the total depreciation base of a <u>depreciable</u> real or personal asset owned or leased by the contractor,

deduct depreciation relating to all periods subsequent to the more recent of:

- (a) The date such asset was first used in the medical care program; or
- (b) The most recent date such asset was acquired in an arm's-length purchase transaction which the department is required to recognize for Medicaid cost reimbursement purposes.

No depreciation shall be deducted for periods such asset was not used in the medical care program or was not used to provide nursing care.

- (3) The department may have the fair market value of the asset at the time of purchase established by appraisal through the department of general administration of the state of Washington if:
- (a) The department challenges the historical cost of an asset; or
- (b) The contractor cannot or will not provide the historical cost of a leased asset and the department is unable to determine such historical cost from its own records or from any other source.

The contractor may allocate or reallocate values among land, building, improvements, and equipment in accordance with the department's appraisal.

If an appraisal is conducted, the depreciation base of the asset and cost basis of land will not exceed the fair market value of the asset. An appraisal conducted by or through the department of general administration shall be final unless the appraisal is shown to be arbitrary and capricious.

- (4) For leased assets, the department may examine documentation in its files or otherwise obtainable from any source to determine:
 - (a) The lessor's purchase acquisition date; or
- (b) The lessor's historical cost at the time of the last arm's-length purchase transaction.

If the department is unable to determine the lessor's acquisition date by review of its records or other records, the department, in determining fair market value as of such date, may use the construction date of the facility, as found in the state fire marshal's records or other records, as the lessor's purchase acquisition date of leased assets.

- (5) For all rate((s effective on or after January 1, 1985)) periods past or future, where depreciable assets or land are acquired from a related organization, the contractor's depreciation base and land cost basis shall not exceed the base and basis the related organization had or would have had under a contract with the department.
- (6) If a contractor cannot or will not provide the lessor's purchase acquisition cost of assets leased by the contractor and the department is unable to determine historical purchase cost from another source, the appraised asset value of land, building, or equipment, determined by or through the department of general administration shall be adjusted, if necessary, by the department using the Marshall and Swift Valuation Guide to reflect the value at the lessor's acquisition date. If an appraisal has been prepared for leased assets and the assets subsequently sell in the first arm's-length transaction since January 1, 1980, under subsection (8) of this

section, the Marshall and Swift Valuation Guide will be used to adjust, if necessary, the asset value determined by the appraisal to the sale date. If the assets are located in a city for which the Marshall and Swift Valuation Guide publishes a specific index, or if the assets are located in a county containing that city, the city-specific index shall be used to adjust the appraised value of the asset. If the assets are located in a city or county for which a specific index is not calculated, the Western District Index calculated by Marshall and Swift shall be used.

- (7) For all rates effective on or after January 1, 1985, if depreciable assets or land are acquired by purchase which were used in the medical care program on or after January 1, 1980, the depreciation base or cost basis of such assets shall not exceed the net book value existing at the time of such acquisition or which would have existed had the assets continued in use under the previous Medicaid contract with the department; except that depreciation shall not be accumulated for periods during which such assets were not used in the medical care program or were not in use in or as a nursing care facility.
- (8)(a) Subsection (7) of this section shall not apply to the most recent arm's-length purchase acquisition if it occurs ten years or more after the previous arm's-length transfer of ownership nor shall subsection (7) of this section apply to the first arm's-length purchase acquisition of assets occurring on or after January 1, 1980, for facilities participating in the Medicaid program before January 1, 1980. The depreciation base or cost basis for such acquisitions shall not exceed the lesser of the fair market value as of the date of purchase of the assets determined by an appraisal conducted by or through the department of general administration or the owner's acquisition cost of each asset, land, building, or equipment. An appraisal conducted by or through the department of general administration shall be final unless the appraisal is shown to be arbitrary and capricious. Should a contractor request a revaluation of an asset, the contractor must document ten years have passed since the most recent arm's-length transfer of ownership. As mandated by Section 2314 of the Deficit Reduction Act of 1984 (P.L. 98-369) and state statutory amendments, and under RCW 74.46.840, for all partial or whole rate((s)) periods after July 17, 1984, this subsection is inoperative for any transfer of ownership of any asset, including land and all depreciable or nondepreciable assets, occurring on or after July 18, 1984, leaving subsection (7) of this section to apply without exception to acquisitions occurring on or after July 18, 1984, except as provided in subsections (8)(b) and (9) of this section.
- (b) For all rates after July 17, 1984, subsection (8)(a) shall apply, however, to transfers of ownership of assets:
- (i) Occurring before January 1, 1985, if the costs of such assets have never been reimbursed under Medicaid cost reimbursement on an owner-operated basis or as a related party lease; or
- (ii) Under written and enforceable purchase and sale agreements dated before July 18, 1984, which are documented and submitted to the department before January 1, 1988.

- (c) For purposes of Medicaid cost reimbursement under this chapter, an otherwise enforceable agreement to purchase a nursing home dated before July 18, 1984, shall be considered enforceable even though the agreement contains:
- (i) No legal description of the real property involved; or
- (ii) An inaccurate legal description, notwithstanding the statute of frauds or any other provision of law.
- (9)(a) In the case of <u>land or depreciable</u> assets leased by the same contractor since January 1, 1980, in an arm's-length lease, and purchased by the lessee/contractor, the lessee/contractor shall have the option to have the:
- (i) Provisions of subsection (8) of this section apply to the purchase; or
- (ii) Reimbursement for property and return on investment continue to be calculated under the provisions contained in RCW 74.46.530 (1)(e) and (f) and WAC 388-96-754(5). Reimbursement shall be based upon provisions of the lease in existence on the date of the purchase.
- (b) The lessee/contractor may select the option in subsection (9)(a)(ii) of this section only when the purchase date meets one of the following criteria. The purchase date is:
- (i) After the lessor has declared bankruptcy or has defaulted in any loan or mortgage held against the leased property;
- (ii) Within one year of the lease expiration or renewal date contained in the lease;
- (iii) After a rate setting for the facility in which the reimbursement rate set, under this chapter and under chapter 74.46 RCW, no longer is equal to or greater than the actual cost of the lease; or
- (iv) Within one year of any purchase option in existence on January 1, 1988.
- (10) For purposes of establishing the property and return on investment component rates, the value of leased equipment, if unknown by the contractor, may be estimated by the department using previous department of general administration appraisals as a data base. The estimated value may be adjusted using the Marshall and Swift Valuation Guide to reflect the value of the asset at the lessor's purchase acquisition date.

AMENDATORY SECTION (Amending Order 1613, filed 2/25/81)

- WAC 388-96-569 RETIREMENT OF DEPRE-CIABLE ASSETS. (1) Where depreciable assets are disposed of through sale, trade-in, scrapping, exchange, theft, wrecking, or fire or other casualty, depreciation shall no longer be taken on the assets. No further depreciation shall be taken on permanently abandoned assets.
- (2) Where an asset has been retired from active use but is being held for stand-by or emergency service, and the department has determined that it is needed and can be effectively used in the future, depreciation may be taken.
- (3) For rate setting effective July 1, 1991, and following, if a Medicaid contractor or lessor related to a lessee Medicaid contractor, as defined in this chapter, sells any

- or all of the nursing facility's tangible and/or intangible assets, including, but not limited to, land, building, equipment, supplies, goodwill, and beds authorized by certificate of need, the department shall recover depreciation reimbursement paid to the selling contractor or lessee related to the selling lessor. However, the department shall recover depreciation reimbursement only to the extent there was a gain on sale as defined in this chapter. Further, the department shall recover depreciation reimbursement for depreciation from July 1, 1991, forward only.
- (4) Recovery of depreciation reimbursement as authorized in this section shall apply to all transfers of assets by sale on or after July 1, 1991, unless pursuant to an enforceable agreement in place prior to July 1, 1991, and on file with the department's rates management office on or before December 31, 1991.
- (5) Recovery of depreciation reimbursement shall be from the buyer whether or not such buyer operates the nursing facility or is a Medicaid contractor. If recovery cannot be made from the buyer in whole or in part, the amount due shall be recovered from the selling contractor or selling lessor related to the contractor. If the buyer leases some or all of the assets purchased to a related party or organization as defined in this chapter, the department may recover directly from such related party or organization. The total amount subject to recovery shall be due and payable immediately after transfer of the assets by sale. However, the department may establish a repayment schedule to recover depreciation reimbursement for a period not to exceed six months after the transfer by sale.
- (6) If repayment is not made immediately or commenced and maintained in accordance with a repayment schedule agreeable to the department, the department shall deduct the recovery from the monthly payments, if any, for Medicaid services made to the buyer, or from payments, if any, made to a contractor related to the buyer as defined in this chapter. Such method of recovery shall be in addition to all other means of recovering debt to the state authorized by law.
- (7) The depreciation base of depreciable assets and the cost basis of non-depreciable assets for all partial or whole Medicaid rate periods after the sale shall be established or continued in accordance with the provisions of this chapter. Neither shall be adjusted to reflect any liability for recovery of depreciation reimbursement. Upon request, the department shall provide to any prospective buyer or seller of nursing facility assets the total depreciation reimbursement paid to the selling contractor or lessee related to the selling lessor.

AMENDATORY SECTION (Amending Order 2970, filed 4/17/90, effective 5/18/90)

- WAC 388-96-585 UNALLOWABLE COSTS. (1) The department shall not allow costs if not documented, necessary, ordinary, and related to the provision of care services to authorized patients.
- (2) The department shall include, but not limit unallowable costs to the following:
- (a) Costs of items or services not covered by the medical care program. Costs of nonprogram items or services

even if indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

- (b) Costs of services and items provided to SNF or ICF recipients covered by the department's medical care program but not included in SNF or ICF services respectively. Items and services covered by the medical care program are listed in chapters 388-86 and 388-88 WAC:
- (c) Costs associated with a capital expenditure subject to Section 1122 approval (Part 100, Title 42 C.F.R.) if the department found the capital expenditure inconsistent with applicable standards, criteria, or plans. If the contractor did not give the department timely notice of a proposed capital expenditure, all associated costs shall be nonallowable as of the date the costs are determined not to be reimbursable under applicable federal regulations;
- (d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;
- (e) Costs of outside activities (e.g., costs allocable to the use of a vehicle for personal purposes or related to the part of a facility leased out for office space);
- (f) Salaries or other compensation of owners, officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;
- (g) Costs in excess of limits or violating principles set forth in this chapter;
- (h) Costs resulting from transactions or the application of accounting methods circumventing the principles of the prospective cost-related reimbursement system;
- (i) Costs applicable to services, facilities, and supplies furnished by a related organization in excess of the lower of the cost to the related organization or the price of comparable services, facilities, or supplies purchased elsewhere;
- (j) Bad debts. Beginning July 1, 1983, the department shall allow bad debts of Title XIX recipients only if:
 - (i) The debt is related to covered services;
- (ii) It arises from the recipient's required contribution toward the cost of care;
- (iii) The provider can establish reasonable collection efforts were made;
- (iv) The debt was actually uncollectible when claimed as worthless; and
- (v) Sound business judgment established there was no likelihood of recovery at any time in the future.

Reasonable collection efforts shall consist of three documented attempts by the contractor to obtain payment. Such documentation shall demonstrate the effort devoted to collect the bad debts of Title XIX recipients is at the same level as the effort normally devoted by the contractor to collect the bad debts of non-Title XIX patients. Should a contractor collect on a bad debt, in whole or in part, after filing a cost report, reimbursement for the debt by the department shall be refunded to the department to the extent of recovery. The department shall compensate a contractor for bad debts of Title XIX recipients at final settlement through the final settlement process only.

(k) Charity and courtesy allowances;

- (1) Cash, assessments, or other contributions, excluding dues, to charitable organizations, professional organizations, trade associations, or political parties, and costs incurred to improve community or public relations. Any portion of trade association dues attributable to legal and consultant fees and costs in connection with lawsuits or other legal action against the department shall be unallowable:
 - (m) Vending machine expenses;
- (n) Expenses for barber or beautician services not included in routine care:
 - (o) Funeral and burial expenses;
 - (p) Costs of gift shop operations and inventory;
- (q) Personal items such as cosmetics, smoking materials, newspapers and magazines, and clothing, except items used in patient activity programs where clothing is a part of routine care;
- (r) Fund-raising expenses, except expenses directly related to the patient activity program;
 - (s) Penalties and fines:
- (t) Expenses related to telephones, televisions, radios, and similar appliances in patients' private accommodations:
 - (u) Federal, state, and other income taxes;
- (v) Costs of special care services except where authorized by the department;
- (w) Expenses of key-man insurance and other insurance or retirement plans not in fact made available to all employees on an equal or fair basis in terms of costs to employees and benefits commensurate to such costs;
 - (x) Expenses of profit-sharing plans;
- (y) Expenses related to the purchase and/or use of private or commercial airplanes which are in excess of what a prudent contractor would expend for the ordinary and economic provision of such a transportation need related to patient care;
- (z) Personal expenses and allowances of owners or relatives;
- (aa) All expenses of maintaining professional licenses or membership in professional organizations;
 - (bb) Costs related to agreements not to compete;
 - (cc) Goodwill and amortization of goodwill;
- (dd) Expense related to vehicles which are in excess of what a prudent contractor would expend for the ordinary and economic provision of transportation needs related to patient care;
- (ee) Legal and consultant fees in connection with a fair hearing against the department relating to those issues where:
- (i) A final administrative decision is rendered in favor of the department or where otherwise the determination of the department stands at the termination of administrative review; or
- (ii) In connection with a fair hearing, a final administrative decision has not been rendered; or
- (iii) In connection with a fair hearing, related costs are not reported as unallowable and identified by fair hearing docket number in the period they are incurred if no final administrative decision has been rendered at the end of the report period; or

- (iv) In connection with a fair hearing, related costs are not reported as allowable, identified by docket number, and prorated by the number of issues decided favorably to a contractor in the period a final administrative decision is rendered.
- (ff) Legal and consultant fees in connection with a lawsuit against the department, including suits which are appeals of administrative decisions;
- (gg) Lease acquisition costs and other intangibles not related to patient care;
- (hh) Interest charges assessed by the state of Washington for failure to make timely refund of over-payments and interest expenses incurred for loans obtained to make such refunds;
- (ii) Beginning January 1, 1985, lease costs, including operating and capital leases, except for office equipment operating lease costs;
 - (jj) Beginning January 1, 1985, interest costs;
- (kk) Travel expenses outside the states of Idaho, Oregon, and Washington, and the Province of British Columbia. However, travel to or from the home or central office of a chain organization operating a nursing home will be allowed whether inside or outside these areas if such travel is necessary, ordinary, and related to patient care;
- (II) Board of director fees for services in excess of one hundred dollars per board member, per meeting, not to exceed twelve meetings per year;
- (mm) Moving expenses of employees in the absence of a demonstrated, good-faith effort to recruit within the states of Idaho, Oregon, and Washington, and the Province of British Columbia;
- (nn) Depreciation expense in excess of twenty-five hundred dollars per year for passenger cars or other vehicles primarily used for the administrator, facility staff, or central office staff;
- (00) Any costs associated with the use of temporary health care personnel from any nursing pool not registered with the director of the department of licensing at the time of such pool personnel use;
- (pp) Costs of payroll taxes associated with compensation in excess of allowable compensation for owners, relatives, and administrative personnel;
- (qq) Department-imposed postsurvey charges incurred by the facility as a result of subsequent inspections which occur beyond the first postsurvey visit during the certification survey calendar year;
- (rr) Costs and fees otherwise allowable for legal services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of such costs, measured on a total cost basis, reported by all contractors for the most recent cost report period: PROVIDED, That this limit shall not apply to a contractor unless the contractor has exceeded this percentile for each of the three years preceding the most recent cost report year;
- (ss) Costs and fees otherwise allowable for accounting and bookkeeping services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of

- such costs, measured on a per patient—day cost basis, reported by all contractors for the most recent cost report period, provided this limit shall not apply to a contractor unless the contractor has exceeded this percentile for each of the three years preceding the most recent cost report year; and
- (tt) For all partial or whole rate periods after July 17, 1984, costs of assets, including all depreciable assets and land, which cannot be reimbursed under the provisions of the Deficit Reduction Act of 1984 (DEFRA) and state statutes and regulations implementing DEFRA.
- (uu) Effective for July 1, 1991, and all following rates, compensation paid for any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensations which would have been paid for such hours of nursing care services had they been paid at the combined regular and overtime average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification of registered nurse, licensed practical nurse, or nursing assistant at the same nursing facility, as reported on the facility's filed cost report for the most recent cost report period.

AMENDATORY SECTION (Amending Order 3185, filed 5/31/91, effective 7/1/91)

WAC 388-96-722 NURSING SERVICES COST AREA RATE. (1) The department shall pay the nursing services cost area reimbursement rate for the necessary and ordinary costs of providing routine nursing and related care to recipients. The cost of one-to-one care shall include care provided by qualified therapists and their employees only to the extent the costs are not covered by Medicare, part B, or any other coverage.

- (2) The department shall subject nursing service costs to two reasonableness tests:
 - (a) A test for nursing staff hours; and
- (b) A test for cost increases between the current and preceding report period.
- (3) The test for nursing staff hours referenced in subsection (2)(a) of this section shall use a regression of hours reported by facilities for registered nurses, licensed practical nurses, and nurses' assistants, including:
- (a) Purchased and allocated nursing and assistant staff time; and
- (b) The average Battelle patient debility score for the corresponding facilities as computed by the department. The department shall take data for the regression from:
 - (i) Correctly completed cost reports; and
- (ii) Patient assessments completed by the department for the corresponding calendar report year and available at the time the regression equation is computed. Effective January 1, 1988, the department shall not include the hours associated with off-site or class room training of nursing assistants and the supervision of such training for nursing assistants in the test for nursing staff hours. The department shall calculate and set for each facility a limit on nursing and nursing assistant staffing hours at predicted staffing hours plus 1.75 standard errors, utilizing the regression equation calculated by the department. The department shall reduce costs for facilities

with reported hours exceeding the limit by an amount equivalent to:

- (A) The hours exceeding the limit;
- (B) Times the average wage rate for nurses and assistants indicated on cost reports for the year in question, including benefits and payroll taxes allocated to such staff. The department shall provide contractors' reporting hours exceeding the limit the higher of their January 1983 patient care rate or the nursing services rate computed for them according to the provisions of this subsection, plus applicable inflation adjustments.
- (4) The test for cost increases referenced in subsection (2)(b) of this section shall compare:
- (a) The percentage change in allowable nursing services cost for the facility between the most recent cost report period and the next prior cost report period, excluding actual cost incurred relating to, but not to exceed an amount equal to, any prospective rate revision granted under WAC 388-96-774 in each cost report year;
- (b) Against the percentage change in the medical care component of the consumer price index for all urban consumers between July of the most recent cost report period and July of the next prior cost report period. The department shall limit facilities reporting increases greater than the medical care component of the consumer price index to a rate determined by their adjusted patient care costs for the period immediately preceding the most recent cost report period, inflated by the medical care component of the consumer price index.
- (5) In calculating and applying the test for cost increases, the department shall measure the allowable nursing services cost increase between the most recent and the next prior cost report periods on a total cost basis and on a per-patient-day cost basis only. The department shall utilize for each contractor the basis showing the lesser increase.
- (6) For all rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter and as tested for reasonableness within this section, shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement (commonly referred to as "nursing pool" services), in excess of the amount of compensation which would have been paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period.
- (7) Staff of like classification shall mean only the nursing classifications of registered nurse, licensed practical nurse or nurse assistant. The department shall not recognize particular individuals, positions or subclassifications within each classification for whom pool staff may be substituting or augmenting. The department shall derive the facility average hourly wage for each classification by dividing the total allowable regular and overtime salaries and wages, including related taxes and

benefits, paid to facility staff in each classification divided by the total allowable hours worked for each classification. All data used to calculate the average hourly wage for each classification shall be taken from the cost report on file with the department's rates management office for the most recent cost report period.

(8) The department shall suspend application of the cost increase limitation, authorized by subsections (2)(b) and (4) of this section, for the July 1, 1991, through June 30, 1992, rate period only. The limitations shall remain in effect for all other rate periods and the suspension shall not affect application of the nursing hours lid, authorized by subsections (2)(a) and (3) of this section, which shall remain in effect for all rate periods.

<u>AMENDATORY SECTION</u> (Amending Order 2742 [2970], filed 12/21/88 [4/17/90])

WAC 388-96-754 A CONTRACTOR'S RETURN ON INVESTMENT. (1) The department shall establish for individual Medicaid facilities return on investment allowances composed of a financing allowance and a variable return allowance.

- (2) The department shall determine the financing allowance by:
- (a) Multiplying the net invested funds of each facility by ((eleven)) ten percent and dividing by the contractor's total patient days effective for July 1, 1991, and all following rate settings. Annual patient days taken from the contractor's cost report for the most recent twelvementh cost report period will be used. If the cost report covers less than twelve months, the department will estimate annual patient days and working capital costs for a full year based upon data in the cost report. If a capitalized addition or retirement of an asset results in a different licensed bed capacity during the ensuing period, the department shall adjust the prior period total patient days used in computing the financing and variable return allowances to anticipated patient day level;
- (b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in this chapter, including owned and leased assets, shall be used, except the capitalized cost of land upon which a facility is located and other such contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. As such, subject to provisions contained in this chapter, capitalized cost of leased land, regardless of the type of lease, shall be the lessor's historical capitalized cost. Subject to provisions contained in this chapter, for land purchases before July 18, 1984 (the enactment date of the Deficit Reduction Act of 1984 (DEFRA)), capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land ((purchases)) is purchased on or after July 18, 1984, capitalized cost of land shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable or unwilling to provide necessary information to determine net invested funds, the department

may determine an amount to be used for net invested funds based upon an appraisal conducted by the department of general administration per this chapter.

- (3) The department shall determine the variable return allowance according to the following procedure:
- (a) The department shall rank all facilities in numerical order from highest to lowest based upon average per diem allowable costs for the sum of the administration and operations and property cost centers for the preceding cost report period. In the case of a new contractor, property and administration and operations cost levels actually used to set the initial rate shall be used for the purpose of ranking the new contractor. The department shall adjust the new contractor's costs to the cost year used to establish the most recent variable return ranking for all providers using inflation factors authorized by provisions of this chapter.
- (b) The department shall compute the variable return allowance by multiplying the total prospective rate for each facility by the appropriate percentage which shall not be less than one percent nor greater than four percent. The department shall divide the facilities ranked according to subsection (3)(a) of this section into four groups, from highest to lowest, with an equal number of facilities in each group or nearly equal as is possible. The department shall assign facilities in the highest quarter a percentage of one, in the second highest quarter a percentage of two, in the third highest quarter a percentage of three, and in the lowest quarter a percentage of four. The per patient day variable return allowance in the initial rate of a new contractor shall be the same as that in the rate of the preceding contractor, if any.
- (4) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility and shall be added to the prospective rate for each facility.
- (5) If a facility is leased by a contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement as defined in this chapter, and for which the annualized lease payment, plus any interest and depreciation expenses of contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to this chapter, is more than the return on investment allowance determined according to this section, the following shall apply:
- (a) The financing allowance shall be recomputed substituting the fair market value of the assets, as of January 1, 1982, determined by department of general administration appraisal less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. Said appraisal shall be final unless shown to be arbitrary and capricious.
- (b) The sum of the financing allowance computed under this subsection and the variable return allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses of contractor—owned assets, for the period covered by the prospective

- rates, divided by the contractor's total patient days, minus the property cost center rate determined according to this chapter. The lesser of the two amounts shall be called the alternate return on investment allowances.
- (c) The return on investment allowance determined in accordance with subsections (1), (2), (3), and (4) of this section or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rate of the facility.
- (d) In the case of a facility leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended pursuant to a provision of the lease agreement existing on January 1, 1980, the treatment provided in subsection (5)(a) of this section shall be applied except that in the case of renewals or extensions made on or subsequent to April 1, 1985, per a provision of the lease agreement existing on January 1, 1980, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.
- (6) The information from the two prior reporting periods used to set the two prospective return on investment rates in effect during the settlement year is subject to field audit. If the financing allowances which can be documented and calculated at audit of the prior periods are different than the prospective financing allowances previously determined by desk-reviewed, reported information, and other relevant information, the prospective financing allowances shall be adjusted to the audited level at final settlement of the year the rates were in effect, except the adjustments shall reflect a minimum bed occupancy level of eighty-five percent. Any adjustments to the financing allowances pursuant to this subsection shall be for settlement purposes only. However, the variable return allowances shall be the prospective allowances determined by desk-reviewed, reported information, and other relevant information and shall not be adjusted to reflect prior-period audit findings.

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

WSR 91-23-001 NOTICE OF PUBLIC MEETINGS DEPARTMENT OF HEALTH (Occupational Therapy Practice Board)

[Memorandum-November 6, 1991]

The following future meeting dates have been scheduled for the Washington State Occupational Therapy Practice Board for the year 1992.

January 29, 1992 March 26-27, 1992 May 20, 1992 July 24, 1992 September 9, 1992 November 13, 1992

WSR 91-23-002 NOTICE OF PUBLIC MEETINGS DEPARTMENT OF LABOR AND INDUSTRIES (Electrical Board)

[Memorandum-November 5, 1991]

In accordance with chapter 42.30 RCW, Open Public Meetings Act, the time and place of regular meetings for the Electrical Board for 1992 have been scheduled. The meetings are scheduled to begin at 9:00 a.m. on the last Thursday of January, April, July and October at the following location:

Puget Power 620 Grady Way Renton, Washington

Dates are as follows:

January 30 April 30 July 30 October 29

WSR 91-23-003 NOTICE OF PUBLIC MEETINGS COMMISSION ON JUDICIAL CONDUCT

[Memorandum—November 6, 1991]

WSR 91-23-004 PERMANENT RULES CLARK COLLEGE

[Filed November 7, 1991, 3:00 p.m.]

Date of Adoption: October 23, 1991.

Purpose: Repeal existing sections; and add new section.

Citation of Existing Rules Affected by this Order: Repealing WAC 132N-128-010, 132N-128-020, 132N-128-030, 132N-128-040, 132N-128-050, 132N-128-060, 132N-128-070, 132N-128-080, 132N-128-100, 132N-128-110, 132N-128-112, 132N-128-114, 132N-128-116, 132N-128-118, and 132N-128-120.

Statutory Authority for Adoption: Chapters 28B.50 and 28B.10 RCW.

Pursuant to notice filed as WSR 91-19-018 [91-19-054] on October 2, 1991 [September 13, 1991].

Effective Date of Rule: Thirty-one days after filing.

November 4, 1991

WSR 91-23-005 PROPOSED RULES HIGHER EDUCATION COORDINATING BOARD

[Filed November 7, 1991, 4:33 p.m.]

Continuance of WSR 91-20-141.

Title of Rule: State of Washington health professional loan repayment and scholarship program.

Purpose: To amend adoption date.

Date of Intended Adoption: December 18, 1991.

November 6, 1991 Ann Daley Executive Director

WSR 91-23-006 PERMANENT RULES DEPARTMENT OF LICENSING (Real Estate Commission)

[Filed November 7, 1991, 4:44 p.m.]

Date of Adoption: November 7, 1991.

Purpose: To modify existing rules so that they reflect recent policy changes relating to real estate education by the commission and a legislative change relating to examinations for C.E. courses.

Citation of Existing Rules Affected by this Order: Amending WAC 308-124A-025 Application process to take examination, amends so that examination fee shall be by certified check, cashier's check or money order; WAC 308-124A-110 Application for real estate examination, licensed in another jurisdiction, clarifies requirements for applicants from other jurisdictions; WAC 308-124A-120 Application for license—Interim license, deletes reference to expiration on applicant's birthdate; WAC 308-124A-570 Reinstatement of a cancelled license for nonpayment of renewal fee, creates a procedure for reinstating a cancelled license; WAC 308-124E-012(1) Administration of funds held in trust-General procedures, adds "dba" to language about firm name; WAC 308-124E-013(1) Administration of funds held in trust—Real estate and business opportunity transactions, adds "dba" to language about firm name; WAC 308-124E-014(1) Administration of funds held in trust-Property management, adds "dba" to language about firm name; WAC 308-124H-025(4) Application for course approval, must be submitted as part of course approval process for all 30 clock hour courses; and WAC 308-124H-270(10) Course description, requires schools in their course catalogs to inform students that examinations in 30 hour courses are available and mandatory if for a first license requirement; new section WAC 308–124A–422 Application for broker license examination, clarifies requirements broker examination applicant's and WAC 308–124A–600 Continuing education clock hour requirements, clarifies continuing education requirements; and repealing WAC 308–124H–010, these requirements have been moved to chapter 308–124A WAC or delete because obsolete.

Statutory Authority for Adoption: RCW 18.85.040. Pursuant to notice filed as WSR 91-20-136 on October 1, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 7, 1991

Mary Riveland

Director

AMENDATORY SECTION (Amending Order PM 829, filed 3/24/89)

WAC 308-124A-025 APPLICATION PROCESS TO TAKE EXAMINATION. (1) Any person desiring to take an examination for a real estate salesperson license, except candidates who are actively licensed in another jurisdiction or were so licensed in the preceding six months or candidates who have received ((clockhours)) clock hours in another jurisdiction, must submit a completed examination application together with the examination fee and supporting documents, including evidence satisfactory to the department of having successfully completed an approved thirty ((clockhour)) clock hour fundamentals course, to the testing service approved by the department. ((Dishonored checks will be considered as an incomplete application.))

- (2) Any person desiring to take an examination for a real estate broker license or real estate salesperson license who is actively licensed in another jurisdiction or was so licensed in the preceding six months or who has received ((clockhours)) clock hours in another jurisdiction must submit a completed examination application with supporting documents, including evidence satisfactory to the department of having successfully completed any and all approved ((clockhour)) clock hour courses for licensure, to the licensing division of the department of licensing. After the qualifications for the examination have been verified by the department, the candidate shall submit the completed examination application and examination fee by cashier's check, certified check, or money order to the testing service approved by the department.
- (3) The applicant will be assigned to the first available examination subsequent to determination of eligibility. The cutoff date for eligibility for any specific examination is available to the applicant upon request.
- (4) An examination candidate who has a completed examination application with the examination walk-in fee and supporting documents, including evidence satisfactory to the department of having successfully completed an approved thirty ((clockhour)) clock hour fundamentals course for candidates for a salesperson license, may ((walk-in)) walk in to an examination if

there are adequate space and test booklets after accommodating all candidates who have pre-applied under ((sections)) subsections (1) and (2) of this ((rule)) section. A candidate for a real estate broker license or real estate salesperson license who is actively licensed in another jurisdiction or was so licensed in the preceding six months or who has received ((clockhours)) clock hours in another jurisdiction must have his or her qualifications for the examination verified by the department as provided in ((section)) subsection (2) of this section prior to ((walking-in)) walking in to an examination as permitted in this section. The examination walk-in fee shall be paid in the form of a ((personal)) certified check, a cashier's check, or money order made payable to the testing service approved by the department. Cash will not be accepted from walk-in candidates.

(5) An applicant shall forfeit all examination fees for any examination or examinations for which the applicant has applied and does not take for any reason, other than through the fault or mistake of the department of licensing.

AMENDATORY SECTION (Amending Order PM 775, filed 9/30/88)

WAC 308-124A-110 APPLICATION **FOR** REAL ESTATE EXAMINATION, LICENSED IN ANOTHER JURISDICTION. (1) Any person applying for a real estate broker or real estate salesperson examination who is actively licensed in another state, territory of the United States or province of the Dominion of Canada and has maintained his or her license in good standing or who was actively licensed in good standing within the preceding six months may become licensed as a Washington real estate broker, associate broker or salesperson after passing an examination on Washington law and real estate practices if he or she meets the minimum requirements established by RCW 18.85.090, 18-.85.095, and/or 18.85.120 whichever is (are) applicable((, except as provided in WAC 308-124A-425(3))).

- (2) Applicants for the broker's examination will be approved as satisfying the minimum requirements established by RCW 18.85.090, if the education requirements for licensure in the other jurisdiction are determined by the director, with the advice of the commission, as being at least equivalent to the clock hours of instruction required under RCW 18.85.090(4).
- (3) Applicants for the salesperson's examination will be approved as satisfying the minimum requirements established by RCW 18.85.095, if the education requirements for licensure in the other jurisdiction are determined by the director, with the advice of the commission, as being at least equivalent to the real estate fundamentals course required under RCW 18.85.095.
- (4) Any person applying to take the examination under this ((rule)) section shall submit evidence of licensure in another state, territory of the Untied States or province of the Dominion of Canada by a license verification form completed by an administrative officer of the licensure authority ((if)) in such jurisdiction.

AMENDATORY SECTION (Amending Order PM 774, filed 9/30/88, effective 1/1/89)

WAC 308-124A-120 APPLICATION FOR LICENSE—INTERIM LICENSE. (1) A person who desires to be licensed as a real estate salesperson or associate broker, or broker shall make application on a form approved by the director and the real estate salesperson and associate broker application shall be signed by the broker or designated broker to whom the license will be issued. The branch manager may sign for the broker or designated broker for licenses to be issued to that branch office. All signatures must be original signatures of the signators, unless signed under authority of a written power of attorney.

- (2) Upon receipt of notice of passage of the examination and the license application form, applicants for a real estate salesperson license may commence working upon the postmark date to the department or date of hand delivery to the licensing division of the department of the signed, dated and completed license application form with the license fee. The completed license application form, if submitted with the license fee, shall serve as an interim license for a period up to forty-five days after the postmark date or date of hand delivery to the department, unless grounds exist to take disciplinary action against the license under RCW 18.85.230. ((If the applicant's birthdate occurs during the forty-five days of the interim license, then the interim license shall expire on the applicant's birthdate and the applicant shall submit a renewal fee.))
- (3) There are no interim licenses for designated brokers for corporations or partnership, individual real estate brokers or associate brokers. Upon notification of passage of the examination, applicants for associate broker licenses, individual broker licenses, or designated broker licenses for corporations or partnerships must submit a complete license application with the license fee to the department of licensing and qualify for the license under chapter 18.85 RCW and the rules.

NEW SECTION

WAC 308-124A-422 APPLICATION FOR BRO-KER LICENSE EXAMINATION—CLOCK HOUR REQUIREMENTS. (1) Applicants for the broker's examination shall have ninety clock hours of approved real estate instruction in addition to any other clock hours completed and used to satisfy requirements of chapter 18.85 RCW. Instruction must include a course in real estate law and a course in real estate brokerage management. All courses completed to satisfy this requirement must be substantive real estate subject matter as defined in WAC 308-124H-025(1) and be at least thirty clock hours in length and include a comprehensive examination. Courses must be completed within five years prior to applying for the broker's examination.

(2) Courses in real estate law and real estate brokerage management used to satisfy continuing education

requirements within five years of applying for the broker's examination shall satisfy the requirements of subsection (1) of this section provided the applicant successfully completed a comprehensive examination. Applicants are required to complete ninety clock hours of approved course work in addition to real estate law and brokerage management when they are used for continuing education credit.

AMENDATORY SECTION (Amending Order PM 775, filed 9/30/88)

WAC 308-124A-425 WAIVER OF ((CLOCKHOURS)) CLOCK HOURS. (((1))) Waiver of ((the thirty)) clock hours required ((for second renewal)) under RCW 18.85.090, 18.85.095, 18.85.165, and 18.85.215 shall not be considered or granted.

- (((2) Waiver of the thirty clockhours required for activation of an inactive license under RCW 18.85.215(3) shall not be considered or granted.
- (3) Waiver of the thirty clockhours of real estate fundamentals required under RCW 18.85.095 shall not be considered or granted, except a waiver may be granted to an applicant for a real estate salesperson's license who is actively licensed or was actively licensed in good standing within the six months preceding the application in another state, territory of the United States or province of the Dominion of Canada if the education requirements for licensure in the other jurisdiction are determined by the director with the advice of the commission as being at least equivalent to the real estate fundamentals course required under RCW 18.85.095.))

NEW SECTION

WAC 308-124A-570 REINSTATEMENT OF A CANCELLED LICENSE FOR NONPAYMENT OF RENEWAL FEE. Any person desiring to be reinstated as a real estate licensee within two years of cancellation may have their license reinstated by satisfying either of the following options:

(1) Submission of an application to the director providing proof of the following:

- (a) Successful completion of sixty clock hours of approved real estate course work completed within one year preceding the application for reinstatement. A minimum of thirty clock hours must include the real estate law course specified in WAC 308-124H-037;
- (b) Payment of all back renewal fees with penalty at the current rate; and
- (c) Payment of a reinstatement penalty fine of one hundred dollars; or
- (2) Satisfy the procedures and qualifications for initial licensing, including the following:
- (a) Successful completion of any applicable licensing examinations; and
- (b) Successful completion of required courses pursuant to RCW 18.85.090 and/or 18.85.095, whichever applicable, within five years preceding the application for reinstatement.
- (3) Former licensees, cancelled for nonpayment of fees for periods in excess of two years will be required to satisfy the requirements of subsection (2) of this section.

NEW SECTION

WAC 308-124A-600 CONTINUING EDUCATION CLOCK HOUR REQUIREMENTS. A licensee shall submit to the department evidence of satisfactory completion of clock hours, pursuant to RCW 18.85.165, in the manner and on forms prescribed by the department.

- (1) A licensee applying for renewal of an active license shall submit evidence of completion of at least thirty clock hours of instruction in a course(s) approved by the director and commenced within thirty-six months of a licensee's renewal date. A minimum of fifteen clock hours must be completed within twenty-four months of the licensee's current renewal date; up to fifteen clock hours of instruction beyond the thirty clock hours submitted for a previous renewal date may be carried forward to the following renewal date.
- (2) The thirty clock hours may be satisfied by evidence of at least twenty clock hours in courses designated by the commission as substantive real estate subject matter and not more than ten clock hours in courses designated by the commission as business skills and management courses; this subsection shall become effective on January 1, 1992.
- (3) Courses for continuing education clock hour credit shall be commenced after issuance of a first license.
- (4) A licensee shall not place a license on inactive status to avoid the continuing education requirement. A licensee shall submit evidence of completion of continuing education clock hours to activate a license if activation occurs within one year after the license had been placed on inactive status and the last renewal of the license had been as an inactive license.
- (5) Only approved courses in real estate law, real estate finance, taxation, and license law, rules and regulations may be repeated for continuing education credit.
- (6) Clock hour credit for continuing education shall not be accepted if:
- (a) The course is not approved pursuant to chapter 308-124H WAC and chapter 18.85 RCW;
- (b) Course(s) was taken to activate an inactive license pursuant to RCW 18.85.215(3);
- (c) Course(s) was used to satisfy the requirements of RCW 18.85.095 (1)(c), real estate salesperson's license, RCW 18.85.140, reinstatement, and RCW 18.85.090, broker's license.
- (7) Instructors shall not receive clock hour credit for teaching or course development.

AMENDATORY SECTION (Amending WSR 91-12-012, filed 5/30/91, effective 6/30/91)

WAC 308-124E-012 ADMINISTRATION OF FUNDS HELD IN TRUST—GENERAL PROCE-DURES. Any real estate broker who receives funds or moneys from any principal or any party to a real estate or business opportunity transaction, property management agreement, or contract/mortgage collection agreement shall hold the funds or moneys in trust for the purposes of the transaction or agreement, and shall not utilize such funds or moneys for the benefit of the broker or any person not entitled to such benefit. Except as

specifically provided in this section, funds or moneys received in trust shall be deposited in a federally chartered or approved banking institution or a Washington state banking institution approved by the banking division, department of general administration, state of Washington, or successor. The broker is responsible for depositing, holding, disbursing and accounting for funds in trust as provided herein.

- (1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed.
- (2) Interest credited to a clients account must be recorded as a liability on client ledger. Interest assigned or credited by written assignment agreement to the broker may not be maintained in the trust account. The broker is responsible to make arrangements with the financial institution to credit this interest to the general account of the firm.
- (3) The broker shall establish and maintain a system of records and procedures approved by the director that provide an audit trail accounting for all funds received and disbursed, identified to the account of each individual client. Records and procedures described herein meet approval requirements. Any alternative records or procedures proposed for use by a broker shall be approved in advance by the department.
- (4) The real estate broker shall be responsible for deposits, disbursements or transfers of clients' funds received and held in trust, whether disbursed by personal signature, signature plate or signature of another person authorized to act on the broker's behalf.
- (5) All funds or moneys received for any reason pertaining to the sale, renting, leasing or option of real estate or business opportunities or contract or mortgage collections shall be deposited in the broker's real estate trust bank account not later than the first banking day following receipt thereof; except:
- (a) Checks received as earnest money deposits when the earnest money agreement states that a check is to be held for a specified length of time or until the occurrence of a specific event; and
- (b) Checks, funds or moneys received as rent, contract payments or mortgage payments on real estate or business opportunities, owned exclusively by the real estate broker or the broker's real estate firm.
- (c) For purposes of this section, Saturday shall not be considered a banking day.
- (6) All checks, funds or moneys received shall be identified by the day received and by the amount, source and purpose on either a cash receipts journal or duplicate receipt retained as a permanent record.
- (7) All deposits to the trust bank account shall be documented by duplicate deposit slip, validated by bank imprint, teller's stamp, or electronic transfer memo identifying the source of funds and transaction to which it applies. Receipt of funds by wire transfer are to be posted in the same manner as other receipts provided there is a traceable identifying number provided by the financial institution or transferring entity. The broker must also make arrangements for a follow-up "hard-copy" receipt for the deposit.

- (8) An individual client's ledger sheet shall be established and maintained for each client for whom funds are received in trust, to which ledger sheet all receipts and disbursements shall be posted. The credit entries must show the date of deposit, amount of deposit, and item covered including, but not limited to "earnest money deposit," "down payment," "rent," "damage deposit," "rent deposit" "interest." The debit entries must show the date of the check, check number, amount of the check, name of payee and item covered. The "item covered" entry may indicate a code number per chart of accounts, or may be documented by entry in a cash receipts journal, cash disbursements journal, or check voucher.
- (9) The real estate trust bank account balance must be equal at all times to the outstanding trust liability to clients. The balance shown in the check register or bank control account must equal the total liability to clients.
- (10) The broker shall be responsible for preparation of a monthly trial balance of the client's ledger, reconciling the ledger with both the trust account bank statement and the trust account check register or bank control account.
- (11) All disbursements of trust funds shall be made by check, or electronic transfer, drawn on the real estate trust bank account and identified thereon to a specific real estate or business opportunity transaction, or collection/management agreement. The number of each check, amount, date, payee, items covered and the specific client's ledger sheet debited must be shown on the check stub or check register and all data must agree exactly with the check as written.
- (a) No disbursement from the trust account shall be made based upon wire transfer receipts until the deposit has been verified.
- (b) The broker must make arrangements with the financial institution in which the trust account is located to provide a follow-up "hard-copy" debit memo when funds are disbursed via wire transfer.
- (c) The broker shall retain in the transaction file a copy of instructions signed by the owner of funds to be wire-transferred which identifies the receiving entity and account number.
- (12) Voided checks written on the trust bank account shall be permanently defaced and shall be retained.
- (13) Commissions owed to another real estate broker may be paid from the real estate trust bank account. Those commissions shall be paid promptly upon receipt of funds. Commissions shared with another broker are a reduction of the gross commissions received.
- (14) No deposits to the real estate trust bank account shall be made of funds:
- (a) That belong to the real estate broker or the real estate firm, including funds to "open" the bank account or to keep the account from being "closed"; or
- (b) That do not pertain to a client's real estate or business opportunity sales transaction or are not received in connection with a client's rental, contract or mortgage collection account.
- (15) No disbursements from the real estate trust bank account shall be made:

- (a) For items not pertaining to a specific real estate or business opportunity transaction or a rental, contract or mortgage collection account;
- (b) Pertaining to a specific real estate or business opportunity transaction or a rental, contract or mortgage collection account in excess of the actual amount held in the real estate trust bank account in connection with that transaction or collection account;
- (c) In payment of a commission owed to any person licensed to the real estate broker or in payment of any business expense of the broker. Payment of commissions to persons licensed to the broker or of any business expense of the broker shall be paid from the regular business bank account of the broker.
- (d) For bank charges of any nature, including bank services, checks or other items, except as specified in WAC 308-124E-013 (1)(a) and (d). Bank charges are business overhead expenses of the broker. Arrangements must be made with the bank to have any such charges applicable to the real estate trust bank account charged to the regular business bank account, or to provide a separate monthly statement of bank charges so that they may be paid from the brokers business bank account.
- (16) The provisions of this chapter are applicable to manual or computerized accounting systems. For clarity, the following is addressed for computer systems:
- (a) The system must provide for a capability to backup all data files.
- (b) Receipt and check registers will be printed at least once monthly and retained as a permanent record. Reconciliation and trial balance will be accomplished at least once monthly, printed and retained as a permanent record.
- (c) The broker will maintain a printed, dated source document file to support any changes to existing accounting records.
- (d) If the program has the ability to write checks, the check number must be preprinted on the check or retained voucher copy by the supplier. The program may, if desired assign suffixes or subaccount codes before or after the check number for identification purposes.
- (e) The check number must appear in the magnetic coding which also identifies the account number for readability by the financial institution computer.

AMENDATORY SECTION (Amending WSR 90-23-039, filed 11/15/90, effective 12/16/90)

WAC 308-124E-013 ADMINISTRATION OF FUNDS HELD IN TRUST—REAL ESTATE AND BUSINESS OPPORTUNITY TRANSACTIONS. The procedures in this section are applicable to funds received by the broker in connection with real estate sales or business opportunity transactions or options thereon. These procedures are in addition to the requirements of the general trust account procedures contained in WAC 308-124E-012.

(1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed. Trust bank accounts for real estate sales or business opportunity transactions shall be interest bearing demand deposit accounts. These accounts shall be

- established as described in RCW 18.85.310 and this section.
- (a) The broker shall maintain a pooled interest bearing trust account identified as housing trust fund account for deposit of trust funds which are five thousand dollars or less

Interest income from this account will be paid to the department by the depository institution in accordance with RCW 18.85.310(7) after deduction of reasonable bank service charges and fees, which shall not include check printing fees or fees for bookkeeping systems. The department shall remit the funds to the state treasurer.

- (b) The agent shall disclose in writing to the party depositing more than five thousand dollars that the party has an option between (i) and (ii) below;
- (i) All trust funds not required to be deposited in the account specified in (a) of this subsection shall be deposited in a separate interest—bearing trust account for the particular party or party's matter on which the interest will be paid to the party(ies); or
- (ii) In the pooled interest-bearing account specified in (a) of this subsection if the parties to the transaction agree in writing.
- (c)(i) For accounts established as specified in (a) of this subsection, the broker will maintain an additional ledger card with the heading identified as "Housing trust account interest." As the monthly bank statements are received, indicating interest credited, the broker will post the amount to the pooled interest ledger card. When the bank statement indicates that the interest was paid to the state or bank fees were charged, the broker will debit the ledger card accordingly.
- (ii) For accounts established as specified in (b)(i) of this subsection, the interest earned or bank fees charged will be posted to the individual ledger card.
- (d) When the bank charges/fees exceed the interest earned, causing the balance to be less than trust account liability, the broker shall within one banking day after receipt of such notice, deposit funds from the brokers business account or other non-trust account to bring the trust account into balance with outstanding liability. The broker may be reimbursed by the party depositing the funds for these charges for accounts established as specified in (b)(i) of this subsection, if the reimbursement is authorized in writing by the party depositing the funds. For accounts established under (a) of this subsection, the broker will absorb the excess bank charges/fees as a business expense.
- (2) A separate check shall be drawn on the real estate trust bank account, payable to the broker as licensed, for each commission earned, after the final closing of the real estate or business opportunity transaction. Each commission check shall be identified to the transaction to which it applies.
- (3) No disbursements from the real estate trust bank account shall be made in advance of closing of a real estate or business opportunity transaction or before the happening of a condition set forth in the earnest money agreement, to any person or for any reason, without a written release from both the purchaser and seller; except that

- (i) If the agreement terminates according to its own terms prior to closing, disbursement of funds shall be made as provided by the agreement without a written release; and
- (ii) Funds may be disbursed to the escrow agent designated in writing by the purchaser and seller to close the transaction, reasonably prior to the date of closing in order to permit checks to clear.
- (4) When a transaction provides for the earnest money deposit/note or other instrument to be held by a party other than the broker, the broker shall deliver the deposit to the party designated to hold the funds, unless the parties to the transaction instruct otherwise in writing. The delivery shall be made within one banking day after all parties to the transaction have signed the agreement. A dated receipt will be obtained and placed in the transaction file.

AMENDATORY SECTION (Amending WSR 90-09-014, filed 4/6/90, effective 5/7/90)

WAC 308-124E-014 ADMINISTRATION OF FUNDS HELD IN TRUST—PROPERTY MANAGEMENT. Any real estate broker who receives funds or moneys from any principal or any party to property management agreement or contract/mortgage collection agreement shall hold the funds or moneys in trust for the purposes of the agreement, and shall not utilize such funds or moneys for the benefit of the broker or any person not entitled to such benefit. These procedures are applicable to property management and contract/mortgage collection agreements, and are in addition to the general trust account procedures in WAC 308-124E-012.

- (1) Bank accounts shall be designated as trust accounts in the firm or DBA name of the real estate broker as licensed. Trust bank accounts for property management transactions are exempt from the interest-bearing requirement of RCW 18.85.310. However, interest-bearing accounts for property management transactions may be established as described in this section.
- (a) Interest-bearing trust bank accounts or dividendearning investment accounts containing only funds held on behalf of an individual owner of income property managed by the broker may be established when directed by written property management agreement or directive signed by the owner: PROVIDED, That all interest or earnings shall accrue to the owner;
- (b) Interest-bearing trust bank accounts containing only damage or security deposits received from tenants of residential income properties managed by the broker for an individual owner may be established by the broker when directed by written management agreement, and the interest on such trust bank accounts may be paid to the owner, if the broker is by written agreement designated a "representative of the landlord" under the provisions of RCW 59.18.270, Residential Landlord-Tenant Act;
- (c) The broker is not required to establish individual interest-bearing accounts for each owner when all owners assign the interest to the broker;
- (d) A common account, usually referred to as a "clearing account" may be established if desired. No

- funds which belong to the broker or firm or are related to transactions on property owned by the broker or firm shall be maintained in this account.
- (2) Any property management accounting system is to be an accounting of cash received and disbursed by the managing broker only. Any other method of accounting offered to owners for their rental properties, unit and/or complexes are to be supplementary to the brokers accounting of all cash received and disbursed through his/her trust account(s). All owners' summary statements must include this accounting.
- (3) The preauthorization of disbursements or deductions by the financial institution for recurring expenses such as mortgage payments on behalf of the owner is not permitted if the account contains tenant security deposits or funds belonging to more than one client.
- (4) A single check may be drawn on the real estate trust bank account, payable to the broker as licensed, in payment of all property management fees and commissions, if such check is supported by a schedule of commissions identified to each individual client. Property management commissions shall be withdrawn at least once monthly.
- (5) No disbursements from the real estate trust bank account shall be made of funds received as damage or security deposit on a lease or rental contract for property managed by the broker to the owner or any other person without the written agreement of the tenant, until the end of the tenancy when the funds are to be disbursed to the person or persons entitled to the funds as provided by the terms of the rental or lease agreement.
- (6) When the management agreement between the owner(s) and the broker is terminated, the owner(s) funds shall be disbursed according to the agreement. Funds held as damage or security deposits shall be disbursed to the owner(s) or successor property manager, and the tenants so notified by the disbursing broker consistent with the provisions of RCW 59.18.270, Residential Landlord-Tenant Act.

AMENDATORY SECTION (Amending WSR 91-07-029, filed 3/14/91, effective 4/14/91)

WAC 308-124H-025 APPLICATION FOR COURSE APPROVAL. Courses shall meet the following requirements:

- (1) Provide practical information related to the practice of real estate, and deal with substantive real estate subject matter in any of the following real estate topic areas: Fundamentals, principles/practices/essentials, law, legal aspects, brokerage management, business management, taxation, appraisal, evaluating real estate and business opportunities, property management and leasing, construction and land development, ethics and standards of practice, escrow closing/settlement practices, current trends and issues, finance, hazardous waste and other environmental issues, or:
- (2) Provide practical information related to assisting licensees in improving their business skills and business management in order to enable them to better serve and protect the consumer in any of the following topic areas: Advertising, agent supervision and broker responsibility, cross cultural communication, theory and practices of

relocation, and accounting for real estate offices. Have a minimum of three hours of classroom work for the student. A classroom hour is a period of fifty minutes of actual classroom or workshop instruction, exclusive of examination time;

- (3) Be under the supervision of an approved instructor approved to teach the course in the classroom at all sessions and offered by an approved school provided that, if the instructional methods include the use of prerecorded audio and/or visual instructional materials, presentation shall be under the supervision of a monitor at all times and an approved instructor who shall, at a minimum, be available to respond to specific questions from students;
- (4) Courses of thirty clock hours or more which are submitted as substantive real estate subject matter courses shall include a comprehensive examination(s) and answer key(s) of no fewer than three questions per clock hour with a minimum of ((ten)) ninety questions, and a requirement of passing course grade of at least seventy percent; essay question examination keys shall identify the material to be tested and the points assigned for each question;
- (5) Include textbook or instructional materials approved by the director, which shall be kept accurate and current. Course materials shall be updated no later than thirty days after the effective date of a change in statute or rules;
- (6) Include in its title the phrase "real estate fundamentals," "real estate brokerage management," or "real estate law" if submitted for approval for clock hours in real estate fundamentals pursuant to WAC 308-124H-035, real estate brokerage management pursuant to WAC 308-124H-036, or real estate law pursuant to WAC 308-124H-037. No other courses shall use these phrases in their titles;
- (7) Not have a title which misleads the public as to the subject matter of the course;
- (8) Be offered by a tax-supported, public vocational-technical institution, community college or any other institution of higher learning that may certify clock hours as indicated in RCW 18.85.010(9) or by a private entity approved by the director to operate as a school;
- (9) Any change in course content or material other than updating for statute or rule changes, shall be submitted to the department no later than twenty days prior to the date of using the changed course content material, for approval by the director;
- (10) Changes in course instructors may be made only if the substitute instructors are currently approved to teach the course pursuant to chapter 308-124H WAC;
- (11) A course completed in another jurisdiction may be approved for clock hour credit if:
- (a) The course was offered by a tax-supported, public vocational-technical institution, community college, or any other institution of higher learning, or by a national institution with uniform scope and quality of representation, or was approved to satisfy an education requirement for real estate licensing or renewal and offered by an entity approved to offer the course by the real estate licensing agency in that jurisdiction; and
- (b) The course satisfies the requirements of subsections (1) through (5) of this section, and includes a

comprehensive examination and requirement of a passing course grade of at least seventy percent; and/or

(c) If the director determines that the course substantially satisfies the requirements of the real estate fundamentals course required under RCW 18.85.095 or satisfies the requirements of the law and brokerage management courses required under RCW 18.85.090.

AMENDATORY SECTION (Amending WSR 90-10-010, filed 4/20/90, effective 8/1/90)

WAC 308-124H-270 COURSE DESCRIPTION. Each approved school shall have available for distribution to prospective and enrolled students a course description containing the following information:

- (1) Name of approved school;
- (2) Date(s) and location of the course;
- (3) The course title;
- (4) The educational objectives of the course;
- (5) The type of instruction (e.g., classroom, lecture, audio visual, computer assisted) in the course and the length of time required for completion;
- (6) The number of clock hours approved for the course, or, a statement that an application for approval is pending;
 - (7) Name(s) of instructors when available;
- (8) Equipment and supplies which the student must provide;
- (9) Fees for the course;
- (10) The specific education requirements under chapter 18.85 RCW or chapter 308-124H WAC which will be met upon completion of the course students shall be informed, that for substantive courses of thirty clock hours or more, a comprehensive examination is available and is mandatory to satisfy the requirements of RCW 18.85.090 and 18.85.095;
 - (11) Cancellation policy;
 - (12) Tuition refund policy.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 308-124H-010 APPROVAL OF REAL ESTATE COURSES TO SATISFY CLOCK HOUR REQUIREMENTS.

WSR 91-23-007 PERMANENT RULES DEPARTMENT OF LICENSING

[Filed November 7, 1991, 4:45 p.m.]

Date of Adoption: November 7, 1991.

Purpose: To facilitate directives from the federal appraisal subcommittee regarding qualifications and scope of practice for appraiser certification.

Citation of Existing Rules Affected by this Order: New section WAC 308-125-035 State residential classification, this section identifies two levels of education that can be submitted to obtain state certification for residential appraising and WAC 308-125-045 Examination prerequisite state-certified residential/75 classification, this section identifies the education hours required for federal residential transactions of noncomplex one to four residential units with a transaction value of less than one million and complex one to four residential units with a transaction value of less than \$250,000; and amending WAC 308-125-040 Examination prerequisite state-certified residential/105 classification, this section identifies the education hours required for federal residential transactions without regard to transaction value or complexity.

Statutory Authority for Adoption: RCW 18.140.030. Pursuant to notice filed as WSR 91-20-137 on October 1, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 7, 1991

Mary Riveland

Director

NEW SECTION

WAC 308-125-035 STATE-CERTIFIED RESI-DENTIAL CLASSIFICATION. (1) There shall be two certificates for state-certified residential real estate appraiser:

- (a) State-certified residential real estate appraiser/ 105 classification which applies to appraisals of all types of residential property of one to four units without regard to transaction value or complexity.
- (b) State—certified residential real estate appraiser/75 classification which applies to appraisal of noncomplex one to four residential units having a transaction value less than one million dollars and complex one to four residential units having a transaction value less than two hundred fifty thousand dollars.
- (2) Those who hold a "state-certified residential real estate appraiser" certificate on or after the effective date of this rule shall hold the equivalent of a state-certified residential real estate appraiser/75 certificate. This is consistent with the standards created by the appraiser qualifications board and is equivalent to the federal "state-licensed" designation.
- (3) The two certificates for state-certified residential real estate appraiser are created to satisfy changes made by the appraiser qualifications board which has three classifications:
 - (a) Certified general real property appraiser;
 - (b) Certified residential real property appraiser; and
 - (c) Licensed real property appraiser.

AMENDATORY SECTION (Amending WSR 91-04-074, filed 2/5/91, effective 3/8/91)

WAC 308-125-040 EXAMINATION PREREQUISITE STATE-CERTIFIED RESIDENTIAL/105 CLASSIFICATION. The state-certified residential real estate appraiser/105 classification applies to appraisals of all types of residential property of one to four ((residential)) units without regard to transaction value or complexity.

(1) As a prerequisite to taking the examination for certification as a state-certified residential real estate

appraiser/105, an applicant shall present evidence satisfactory to the director that he/she has successfully completed not less than ((seventy-five)) one hundred five classroom hours of courses in subjects related to real estate appraisal approved by the director. Each applicant must have successfully completed not less than thirty classroom hours of study relating to the basic principles of real estate appraising and not less than fifteen classroom hours of studies specifically relating to Uniform Standards of Professional Appraisal Practice.

- (2) An original certification as a state-certified residential real estate appraiser/105 shall not be issued to any person who does not possess two years of experience as a full time real estate appraiser in Washington or in another state having comparable certification requirements within ((the)) five years immediately preceding the filing of the application for examination and certification. An applicant may accumulate the required experience over the preceding five years; however((, no more than fifteen hundred hours may be credited in any twelve-month period)) a minimum of two calendar years is required.
- (3) The content for courses required prerequisite to taking the examination for certification as a state-certified residential real estate appraiser ((should)) must include coverage of ((real estate appraisal related topics, such as)) all the topics listed below with particular emphasis on the appraisal of one to four unit residential properties:
 - (a) Influences on real estate value.
 - (b) Legal considerations in appraisal.
 - (c) Types of value.
 - (d) Economic principles.
 - (e) Real estate markets and analysis.
 - (f) Valuation process.
 - (g) Property description.
 - (h) Highest and best use analysis.
 - (i) Appraisal statistical concepts.
 - (j) Sales comparison approach.
 - (k) Site value.
 - (1) Cost approach.
 - (m) Income approach.
 - -Gross rent multiplier analysis.
 - -Estimation of income and expenses.
 - -Operating expense ratios.
 - Direct capitalization.
 - (n) Valuation of partial interests.
 - (o) Appraisal standards and ethics.
 - (p) Narrative report writing.

Preexamination review seminars or examination preparation seminars will not be approved for clock hour credit

NEW SECTION

WAC 308-125-045 EXAMINATION PREREQ-UISITE STATE-CERTIFIED RESIDENTIAL/75 CLASSIFICATION. The state-certified residential real estate appraiser/75 classification applies to appraisal of noncomplex one to four residential units having a transaction value less than one million dollars and complex one to four residential units having a transaction value less than two hundred fifty thousand dollars.

- (1) As a prerequisite to taking the examination for certification as a state-certified residential real estate appraiser/75, an applicant shall present evidence satisfactory to the director that he/she has successfully completed not less than seventy-five classroom hours of courses in subjects related to real estate appraisal approved by the director. Each applicant must have successfully completed not less than thirty classroom hours of study relating to the basic principles of real estate appraising and not less than fifteen classroom hours of studies specifically relating to Uniform Standards of Professional Appraisal Practice.
- (2) An original certification as a state-certified residential real estate appraiser/75 shall not be issued to any person who does not possess two years of experience as a full-time real estate appraiser in Washington or in another state having comparable certification requirements within five years immediately preceding the filing of the application for examination and certification. An applicant may accumulate the required experience over the preceding five years; however a minimum of two calendar years is required.
- (3) The content for courses required prerequisite to taking the examination for certification as a state-certified residential real estate appraiser/75 must include coverage of all the topics listed below with particular emphasis on the appraisal of one to four unit residential properties:
 - (a) Influences on real estate value.
 - (b) Legal considerations in appraisal.
 - (c) Types of value.
 - (d) Economic principles.
 - (e) Real estate markets and analysis.
 - (f) Valuation process.
 - (g) Property description.
 - (h) Highest and best use analysis.
 - (i) Appraisal statistical concepts.
 - (j) Sales comparison approach.
 - (k) Site value.
 - (l) Cost approach.
 - (m) Income approach.
 - -Gross rent multiplier analysis.
 - -Estimation of income and expenses.
 - -Operating expense ratios.
 - (n) Valuation of partial interests.
 - (o) Appraisal standards and ethics.

Preexamination review seminars or examination preparation seminars will not be approved for clock hour credit.

WSR 91-23-008

WSR 91-23-013 RULES OF COURT STATE SUPREME COURT

[November 7, 1991]

IN THE MATTER OF THE ADOPTION NO. 25700-A-485 OF NEW CrR 3.2A AND ORDER RENUMBERING OF CrR 3.2B

The Superior Court Judges' Association having recommended the adoption of New CrR 3.2A and the renumbering of CrR 3.2B and the Court having approved the proposed amendments for publication;

Now, therefore, it is hereby

ORDERED:

- (a) That pursuant to the provisions of GR 9(f) the proposed amendments as attached hereto are to be published for comment in the January 8, 1992, Proposed Rules of Court.
- (b) The purpose statement as required by GR 9(d), is published solely for the information of the Bench, Bar and other interested parties.
- (c) Comments are to be submitted to the Clerk of the Supreme Court, Temple of Justice, Olympia, Washington 98504, no later than April 30, 1992.

DATED at Olympia, Washington this 7th day of November, 1991.

Fred H. Dore

CHIEF JUSTICE

CrR 3.2A Suggested Rule Change GR 9(d) Cover Sheet

- (1) <u>Background</u>. The amendment to CrR 3.2A is necessary due to the recent United States Supreme Court decision in *Riverside v. McLaughlin* requiring determinations of probable cause for warrantless arrests to be made within forty-eight (48) hours.
- (2) <u>Purpose</u>. The purpose of this suggested rule change is to outline the procedure for probable cause determination proceedings to fulfill the requirements of <u>Riverside v. McLaughlin</u> and to rename current rule <u>CrR 3.2A</u>.

The Superior Court Judges Association recommends the suggested rule change to provide a procedure for probable cause determination proceedings. This rule is necessary following the recent United States Supreme Court decision in Riverside v. McLaughlin requiring a probable cause determination no later than 48 hours for a person arrested without a warrant. The proposed amendment would renumber current CrR 3.2A to CrR 3.2B and suggests new language for CrR 3.2A, relating to procedures in probable cause determinations.

- (3) Washington State Bar Association Action. No information available.
- (4) <u>Supporting Material</u>. Suggested rule changes to current rule CrR 3.2A are attached.
- (5) Spokesperson. Judge John M. Darrah, Chair, Criminal Law and Rules Committee, Superior Court Judges Association.
 - (6) Hearing. None recommended.

Suggested Rule Change CrR 3.2A and CrR 3.2B

CrR 3.2A Procedure Following Arrest Without Warrant

(a) A person arrested without a warrant shall have a judicial determination of probable cause no later than 48 hours following the person's arrest.

(b) The court shall determine probable cause on the sworn testimony of a peace officer or prosecuting attorney. The sworn testimony may be by written affidavit or electronically recorded, and in either case the testimony shall be preserved.

CrR 3.2A B Preliminary Appearance [No change in text of rule]

Reviser's note: The brackets and enclosed material above occurred in the copy filed by the State Supreme Court and appear in the Register pursuant to the requirements of RCW 34.08.040.

WSR 91-23-014 RULES OF COURT STATE SUPREME COURT

[November 7, 1991]

IN THE MATTER OF THE ADOPTION NO. 25700–A–486 OF THE AMENDMENT TO RPC 7.4 ORDER

The Washington State Bar Association having recommended the adoption of the amendment to RPC 7.4 and the Court having approved the proposed amendment for publication;

Now, therefore, it is hereby

ORDERED:

- (a) That pursuant to the provisions of GR 9(f) the proposed amendment as attached hereto is to be published for comment in the January 8, 1992, Proposed Rules of Court.
- (b) The purpose statement as required by GR 9(d), is published solely for the information of the Bench, Bar and other interested parties.
- (c) Comments are to be submitted to the Clerk of the Supreme Court, Temple of Justice, Olympia, Washington 98504, no later than April 30, 1992.

DATED at Olympia, Washington this 7th day of November, 1991.

Fred H. Dore

CHIEF JUSTICE

GR 9 COVER SHEET

Proposed Amendment
Rules of Professional Conduct (RPC)
RPC 7.4

COMMUNICATION OF FIELDS OF PRACTICE

(1) <u>Background</u>: Attached is a recommendation from the Washington State Bar Association that RPC 7.4 be amended to authorize a lawyer to use the term "certified", "specialist", "expert", or any other term to describe his or her qualifications as a lawyer when recognized as such by a group, organization or association, provided that (1) the reference is truthful and verifiable and not misleading; (2) it identifies the certifying group, association or organization; and (3) the reference states that the Supreme Court of Washington does not recognize certification of specialists and that such certification is not a requirement to practice law in Washington.

The Board of Governors referred review of RPC 7.4 to the Rules of Professional Conduct Committee in light

of the decision in <u>Peel v. Attorney Registration and Disciplinary Committee of Illinois</u>, U.S., 110 S.Ct. 2281, 110 L.Ed.2d 83 (1990) which raised questions regarding the continuing validity of the current prohibition against stating or implying that a lawyer is a specialist.

(2) Purpose: The purpose of the proposed amendment to RPC 7.4 is to permit a lawyer to state that he or she has been certified or recognized by an organization, association or group as "certified", "specialist", "expert", or other similar term. The use of the term must be truthful, verifiable, and not misleading. If such a term is used, the certifying body must be identified. Use of such a term must be accompanied by the information that the Supreme Court of the State of Washington does not recognize certification of specialties and that such certification is not a requirement to practice law in Washington.

This proposed amendment is intended to bring Washington's rules into compliance with the decision in Peel v. Attorney Registration and Disciplinary Committee of Illinois, 110 S.Ct. 2281, 110 L.Ed.2d 83 (1990). That case concerned use of letterhead by a lawyer which read "Gary E. Peel, Certified Civil Trial Specialist — By the National Board of Trial Advocacy". The United States Supreme Court held that a state "may not completely ban statements that are not actually or inherently misleading, such as certification as a specialist by a bona fide organization such as NBTA". 110 S.Ct. at 2292. The Court added:

To the extent that potentially misleading statements of private certification or specialization could confuse consumers, a State might consider screening certifying organizations or requiring a disclaimer about the certifying organization or the standards of a specialty.

110 S.Ct. at 2292.

(3) Washington State Bar Association Action: This proposed amendment was recommended to the Board of Governors by the Rules of Professional Conduct Committee. The Committee had considered four different alternatives which it referred to the Board with the recommendation that this proposed amendment be selected from the alternatives. Those alternatives were: (1) that the Washington State Bar Association establish a committee to screen certifying organizations, as suggested in Peel; (2) the proposed amendment, also based upon language in Peel; (3) that the Washington State Bar Association establish a Specialization Board to certify specialists; and (4) that the rules be amended to provide that a lawyer may communicate the fact that a lawyer does or does not practice in particular fields of law, without restriction so long as it otherwise complied with the provisions of the Rules of Professional Conduct.

The Committee recommended the second alternative, to permit statements of specialities, with disclaimers. The other alternatives were rejected because (1) the establishment of a screening committee would be cumbersome and would require additional Bar staff; (2) the bar

membership has rejected the establishment of a Specialization Board within the last few years; and (3) the last alternative provided too little regulation or control.

The Board of Governors approved this proposed rule change by a vote of 6 - 1 in May, 1991.

- (4) Supporting Material: Attached is a copy of the proposed rule amendment and relevant portions of the memorandum to the Board of Governors with its supporting materials consisting of the RPC 7 Subcommittee Report and a copy of Peel v. Attorney Registration and Disciplinary Committee of Illinois, (majority opinion
- (5) Spokespersons: Ellen Conedera Dial, Chairperson, Rules of Professional Conduct Committee, 1201 Third Avenue, 40th Floor, Seattle, Washington 98101; and Robert D. Welden, General Counsel, Washington State Bar Association, 500 Westin Building, 2001 Sixth Avenue, Seattle, Washington 98121.
 - (6) Hearing: A hearing is not recommended.

PROPOSED AMENDMENT Rules of Professional Conduct (RPC) **RPC 7.4**

COMMUNICATION OF FIELDS OF PRACTICE

A lawyer may communicate the fact that the lawyer does or does not practice in particular fields of law. A lawyer shall not state or imply that the lawyer is a specialist except as follows):

- (a) A lawyer admitted to engage in patent practice before the United States Patent and Trademark Office may use the designation "patent attorney" or a substantially similar designation.
- (b) Upon issuance of an identifying certificate, award, or recognition by a group, organization, or association, a lawyer may use the terms "certified", "specialist", "expert", or any other similar term to describe his or her qualifications as a lawyer or his or her qualifications in any subspecialty of the law. If the terms are used to identify any certificate, award, or recognition by any group, organization, or association, the reference must meet the following requirements: (1) the reference must be truthful and verifiable and may not be misleading in violation of Rule 7.1; (2) the reference must identify the certifying group, organization, or association; and (3) the reference must state that the Supreme Court of Washington does not recognize certification of specialties in the practice of law and that the certificate, award, or recognition is not a requirement to practice law in the State of Washington.

WSR 91-23-015 **RULES OF COURT** STATE SUPREME COURT

[November 7, 1991]

IN THE MATTER OF THE ADOPTION NO. 25700-A-487 OF THE AMENDMENT TO SAR 19 ORDER

The Court having considered the proposed amendment to SAR 19 and having determined that the

amendment will aid in the prompt and orderly administration of justice and having further determined that an · emergency exists which necessitates an early adoption;

Now, therefore, it is hereby

ORDERED:

- (a) That the amendment as attached hereto is adopted.
- (b) That pursuant to the emergency provisions of GR 9(i), the amendment will be published expeditiously in the Washington Reports and will become effective upon publication.

DATED at Olympia, Washington this 7th day of November, 1991.

GR 9 COVER SHEET

Proposed Amendment
Admission to Practice Rules
Rule 9
LEGAL INTERNS

- (1) <u>Background</u>. Attached is a recommendation from the Washington State Bar Association that APR 9(a) be amended to provide for payment of a fee to apply for a limited license to practice law as a legal intern.
- (2) <u>Purpose</u>. The purpose of the recommended amendment to APR 9(a) is to offset the costs of the Washington State Bar Association in its capacity of processing Rule 9 applications. APR 9 (b)(2) provides:

Upon receipt of the application it shall be examined and evaluated by the Board of Governors which shall endorse thereon its approval or disapproval and forward the same to the Supreme Court.

The Bar Association processes between 700 and 800 Rule 9 applications per year. At present there are 1979 enrolled Rule 9 Legal Interns. One bar staff member spends approximately 50% of her working time processing Rule 9 applications. In addition to the initial processing of the applications, it is very common for an intern to change supervisors one or more times during the tenure of the Rule 9 license. The cost of this program is paid entirely from the annual membership fees required to be paid by all lawyers in Washington. This proposed rule change would offset some of that cost by placing responsibility for payment of an application fee on the beneficiaries of the Rule 9 program.

- (3) Washington State Bar Association Action. This proposed amendment was reviewed by the Board of Governors who unanimously approved it at their July, 1991 meeting.
- (4) <u>Supporting Material</u>. Attached is a copy of the proposed rule, along with a copy of the memorandum submitted to the Board of Governors at their July, 1991 meeting.
- (5) Spokesperson: Robert D. Welden, General Counsel, Washington State Bar Association, 500 Westin Building, 2001 Sixth Avenue, Seattle, Washington 98121.
 - (6) Hearing: A hearing is not recommended.

PROPOSED AMENDMENT ADMISSION TO PRACTICE RULES RULE 9

- (a) Admission to Limited Practice. Qualified law students, enrolled law clerks, and graduates of approved law schools may be admitted to the status of legal intern and be granted a limited license to engage in the practice of law only as provided in this rule. To qualify, an applicant must:
- (1) Be a student duly enrolled and in good academic standing at an approved law school with legal studies completed amounting to not less than two-thirds of a prescribed 3-year course of study or five-eighths of a prescribed 4-year course of study, and have the written approval of the applicant's law school dean or a person designated by such dean; or
- (2) Be an enrolled law clerk in compliance with the provisions of rule 6 with not less than three-fourths of the prescribed 4-year course of study completed, and have the written approval of the tutor; or
- (3) Make the application before the expiration of 9 months following graduation from an approved law school, and submit satisfactory evidence thereof to the Bar Association; and
- (4) Pay such fees as may be set by the Board of Governors with the approval of the Supreme Court; and
- (5) Certify in writing under oath that the applicant has read, is familiar with, and will abide by, the Rules of Professional Conduct and this rule.

WSR 91-23-017 RULES OF COURT STATE SUPREME COURT

[November 7, 1991]

IN THE MATTER OF THE ADOPTION NO. 25700-A-489 OF THE AMENDMENTS TO CrR
3.2 (p), (q) and (r) ORDER

The District and Municipal Court Judges' Association having recommended the proposed amendments to CrR 3.2 (p), (q) and (r) and the Court having determined that the amendments will aid in the prompt and orderly administration of justice and further determined that an emergency exists which necessitates an early adoption;

Now, therefore, it is hereby

ORDERED:

(a) That the amendments as attached hereto are adopted.

(b) That pursuant to the emergency provisions of GR 9(i), the amendments will be published expeditiously in the Washington Reports and will become effective January 1, 1992.

WSR 91-23-018 RULES OF COURT STATE SUPREME COURT

[November 7, 1991]

IN THE MATTER OF THE ADOPTION NO. 25700–A–490 OF THE AMENDMENT TO CrR 3.3, ORDER CRLJ 3.3

The Court having considered the proposed amendments to CrR 3.3 and CrRLJ 3.3 and having determined that the amendments will aid in the prompt and orderly administration of justice and further determined that an emergency exists which necessitates an early adoption;

Now, therefore, it is hereby

ORDERED:

- (a) That the amendments as attached hereto are adopted.
- (b) That pursuant to the emergency provisions of GR 9(i), the amendments will be published expeditiously in the Washington Reports and will become effective upon publication.

DATED at Olympia, Washington this 7th day of November, 1991.

	Dore, C/J.
Robert F. Utter	Durham, J.
Robert F. Brachtenbach	Smith, J.
James M. Dolliver	Guy, J.
James A. Andersen	Johnson, J.

CrR 3.3 (d)(4)

(4) Retrial Trial After Appeal or Stay. If a cause is remanded for trial after an appellate court accepts review or stays proceedings, the defendant shall be brought to trial not later than 60 days after by the clerk of the superior court of the mandate or other written order, if after such appearance the defendant is detained in jail, or not later than 90 days after such appearance if the defendant is thereafter released whether or not subject to conditions of release.

CrRLJ 3.3 (d)(4)

(4) Trial After Appeal or Stay. If a cause is remanded for trial after an appellate court accepts review or stays proceedings, the defendant shall be brought to trial not later than 60 days after receipt by the clerk of the court of the mandate or other written order, if after such appearance the defendant is detained in jail, or not later than 90 days after such appearance if the defendant is thereafter released whether or not subject to conditions of release.

WSR 91-23-019 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 91-136—Filed November 8, 1991, 3:06 p.m., effective November 18, 1991, 6:00 p.m.]

Date of Adoption: November 8, 1991.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Amending WAC 220-36-023.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable numbers of late coho are available in Grays Harbor.

Effective Date of Rule: 6:00 p.m., November 18, 1991.

November 8, 1991 Joseph R. Blum Director

NEW SECTION

WAC 220-36-02300L GRAYS HARBOR SALM-ON — FALL FISHERY. Notwithstanding the provisions of WAC 220-36-023, it is unlawful to fish for salmon in Grays Harbor for commercial purposes or to possess salmon taken from those waters for commercial purposes, except that:

FISHING PERIOD

(1) Gill net gear may be used to fish for salmon in SMCRA 2B from:

6:00 p.m. November 18 to 6:00 a.m. November 19, 1991;

6:00 p.m. November 19 to 6:00 a.m. November 20, 1991; and

6:00 p.m. November 20 to 6:00 a.m. November 21, 1991.

(2) Gill net gear may be used to fish for salmon in SMCRA 2C and 2D from:

6:00 p.m. November 18 to 6:00 p.m. November 21, 1991.

GEAR

(2) Gill net gear shall be used as provided in WAC 220-36-015.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

WSR 91-23-020 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 91-137—Filed November 8, 1991, 3:10 p.m., effective November 10, 1991, 12:01 a.m.]

Date of Adoption: November 8, 1991. Purpose: Commercial fishing regulations. Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-720.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The openings in Areas 7B, 8, 8A, 12, and 12B provide opportunity to harvest the nontreaty shares of chum salmon originating from the Nooksack-Samish, Skagit, Stillaguamish-Snohomish and Hood Canal regions. The Area 8 in-season restriction provides recreational/commercial fleet separation. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

Effective Date of Rule: 12:01 a.m., November 10, 1991.

November 8, 1991 Joseph R. Blum Director

NEW SECTION

WAC 220-47-721 PUGET SOUND ALL-CITIZEN COMMERCIAL SALMON FISHERY. Notwithstanding the provisions of Chapter 220-47 WAC, effective 12:01 AM Sunday November 10, 1991, until further notice, it is unlawful to take, fish for, or possess salmon or Atlantic salmon for commercial purposes taken from the following Puget Sound Salmon Management and Catch Reporting Areas except in accordance with the following open periods and mesh and area restrictions:

*Area 7B - Gillnets using 6-inch minimum mesh, and purse seines, may fish continuously from 5:00 AM Tuesday November 12 until 4:00 PM Friday November 15.

*Area 8 – Purse seines using the 5-inch strip may fish from 5:00 AM to 8:00 PM Tuesday November 12. Gillnets using 6-inch minimum mesh may fish from 3:00 PM Tuesday November 12 until 9:00 AM Wednesday November 13. *Areas 12 and 12B - Purse seines using the 5-inch strip may fish from 5:00 AM to 8:00 PM daily, Tuesday, Wednesday and Thursday November 12, 13 and 14. Gillnets using 6-inch minimum mesh may fish from 3:00 PM to 9:00 AM nightly, Tuesday, Wednesday and Thursday nights November 12, 13 and 14.

*Areas 4B, 5, 6, 6A, 6B, 6C, 6D, 7, 7A, 7C, 7D, 7E, 8D, 9, 9A, 10, 10A, 10C, 10D, 10E, 10F, 10G, 11, 11A, 12A, 12C, 12D, 13, 13A, 13C, 13D, 13E, 13F, 13G,

13H, 13I, 13J, and 13K, all freshwater areas, and exclusion zones provided for in WAC 220-47-307 except as modified herein - Closed.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

REPEALER

The following section of the Washington Administrative Code is repealed effective 12:01 AM Sunday November 10, 1991:

WAC 220-47-720 PUGET SOUND ALL-CITI-ZEN COMMERCIAL SALMON FISHERY (91–129)

WSR 91-23-021 PERMANENT RULES DEPARTMENT OF LICENSING

[Filed November 8, 1991, 3:54 p.m.]

Date of Adoption: November 7, 1991.

Purpose: To set fees collected by the Department of Licensing for landscape architect examination or reexamination (landscape architect registration examination).

Citation of Existing Rules Affected by this Order: Amending WAC 308-13-150.

Statutory Authority for Adoption: RCW 43.24.086 and 18.96.080.

Pursuant to notice filed as WSR 91-20-139 on October 1, 1991.

Changes Other than Editing from Proposed to Adopted Version: This rule has added and changed the name of the examinations and revised the fee schedule. This would implement the fee structure to support the landscape architect registration program.

Effective Date of Rule: Thirty-one days after filing.

November 7, 1991 Marsha Tadano Long Assistant Director, PLS

AMENDATORY SECTION (Amending WSR 90-15-039, filed 7/13/90, effective 8/13/90)

WSR 91-23-022 **EMERGENCY RULES** DEPARTMENT OF FISHERIES

[Order 91-138—Filed November 11, 1991, 2:28 p.m.]

Date of Adoption: November 11, 1991.

Purpose: Personal use rule.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-56-36000Y.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Test results indicate a high level of Domoic Acid in the muscle tissue of razor clams in Area 1. The Department of Health has closed Area 1 to razor clam harvest to protect the health of the harvesting public. The Department of Fisheries sees a potential of massive wastage as people learn of the potential health hazard associated with eating razor clams and discard those in their possession.

Effective Date of Rule: Immediately.

November 11, 1991 Joseph R. Blum Director

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 220-56-36000Y RAZOR CLAMS—AR-EAS AND SEASONS (91-107)

WSR 91-23-023 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 24-Filed November 12, 1991, 10:50 a.m.]

Date of Adoption: November 8, 1991.

Purpose: WAC 392-140-400 through 392-140-423 needs to be repealed since the trial period for the training program has passed, and the purposes for these pilot projects have been met.

Citation of Existing Rules Affected by this Order: Repealing WAC 392-140-400 through 392-140-423.

Statutory Authority for Adoption: RCW 28A.03.030(3).

Pursuant to notice filed as WSR 91-19-094 on September 18, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 12, 1991 Judith A. Billings Superintendent of Public Instruction

WSR 91-23-024 PERMANENT RULES OFFICE OF THE SECRETARY OF STATE

[Filed November 12, 1991, 12:40 p.m.]

Date of Adoption: November 12, 1991.

Purpose: Administrative regulations implementing chapter 42.17 RCW. Recodifies, under chapter 434-690 WAC, rules of access to public records in the custody of the Division of Archives and allows fees for copies and related services to be set in accord with current costs.

Statutory Authority for Adoption: RCW 42.17.250. Pursuant to notice filed as WSR 91-20-147 on October 2, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 12, 1991

Sidney F. McAlpin

State Archivist

Chapter 434–690 WAC ARCHIVES—ACCESS TO PUBLIC RECORDS

NEW SECTION

WAC 434-690-010 PURPOSE. The purpose of this chapter shall be to ensure compliance by the office of the secretary of state, division of archives and records management with the provisions of chapter 1, Laws of 1973 (Initiative 276), Disclosure—Campaign finances—Lobbying—Records; and in particular with sections 25—32 of that act, dealing with public records.

NEW SECTION

WAC 434-690-020 DESCRIPTION OF CENTRAL AND FIELD ORGANIZATION OF THE DIVISION OF ARCHIVES AND RECORDS MANAGEMENT. Division of archives and records management. The division is an administrative service and regulatory agency. The administrative office of the division and its staff are located at the Archives and Records Center Building, Olympia, Washington.

NEW SECTION

WAC 434-690-030 OPERATIONS AND PRO-CEDURES. The division of archives and records management is the primary archival and records management agency of Washington state government. The division is organized as depicted in Appendix A. Through its several sections, operating units, and regional offices it carries on the functions cited in chapter 434-620 WAC.

NEW SECTION

WAC 434-690-040 PUBLIC RECORDS AVAIL-ABLE. All public records of the division as defined in WAC 434-15-610 are deemed to be available for public inspection and copying pursuant to these rules, except as otherwise provided by RCW 42.17.310 and WAC 434-690-100.

NEW SECTION

WAC 434-690-050 PUBLIC RECORDS OFFICER. (1) The divisional records shall be in the charge of the public records officer designated by the secretary of state. The person so designated shall be located in the administrative office of the secretary of state. The public records officer shall be responsible for the following: The implementation of the division's rules and regulations regarding release of public records, coordinating the staff of the division in this regard, and generally insuring compliance by the staff with the public records disclosure requirements of chapter 42.17 RCW.

- (2) The archival records in the custody of the division shall be in the charge of the state archivist. The state archivist shall be located in the state archives and records center building. The state archivist shall be responsible for the following: The implementation of the division's regulations regarding the release of archival records, coordinating the staff of the division in this regard and generally insuring compliance by the staff with the public records disclosure requirements of chapter 42.17 RCW.
- (3) The scheduled records in the custody of the division shall be in the charge of the public records officer designated by the agency of record origin. The public records officer of the agency of records origin shall be responsible for implementation of the agency's rules and regulations regarding the release of public records and coordinating with the staff of the state archives in this regard insofar as records of his agency in the custody of the state archivist are concerned.

NEW SECTION

WAC 434-690-060 OFFICE HOURS. Divisional records, archives and scheduled records shall be available for inspection and copying during the customary office hours of the division. For the purposes of this chapter, the customary office hours shall be from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays.

NEW SECTION

WAC 434-690-070 REQUESTS FOR PUBLIC RECORDS—ARCHIVES—SCHEDULED RECORDS. In accordance with requirements of chapter 42.17 RCW that agencies prevent unreasonable invasions of privacy, protect public records from damage or disorganization and prevent excessive interference with essential functions of the agency, public records may be inspected or copied or copies of such records may be obtained, by members of the public, upon compliance with the following procedures:

(1) Divisional records. A request shall be made in writing upon the form prescribed in WAC 434-690-150 which shall be available at the division's administrative office or at the secretary of state's administrative office. The form shall be presented to the secretary of state's public records officer at his/her office, or if he/she is not available, to any member of the division's staff at the administrative office of the division, during customary

office hours. The request shall include the following information:

- (a) The name of the person requesting the record;
- (b) The time of day and calendar date on which the request was made;
 - (c) The nature of the request;
- (d) If the matter requested is referenced within the current index maintained by the records officer, a reference to the requested record as it is described in such current index;
- (e) If the requested matter is not identifiable by reference to the division's current index, an appropriate description of the record requested.
- (2) Archives. A request shall be made in writing upon a form prescribed by the division which shall be available at the state archives and records center. The form shall be presented to the state archivist, or to a member of the division's staff, designated by the state archivist, at the state archives building, during customary office hours. The requests shall include specific subject and date and/or state archives record group, sub—group, series and date information to facilitate record retrieval.
- (3) Scheduled records. Requests for scheduled records in the custody but not under the jurisdiction of the state archives, must be made through the office of record origin in accord with the rules and regulations regarding the release of public records by that agency as published in the Washington Administrative Code in compliance with chapter 42.17 RCW. An approved request form or letter of authorization from an appropriate agency of records origin must then be presented to the state archivist, or a member of the division's staff, thereby granting access, unless the division has other access authority granted by agency of record. The request or letter of authorization shall include the same or nearly the same identifying information as that supplied for public records of the division.
- (4) In all cases in which a member of the public is making a request, it shall be the obligation of the public records officer or staff member to whom the request is made, to assist the member of the public in appropriately identifying the public record requested.

NEW SECTION

WAC 434-690-080 FEES. (1) No fee shall be charged for the inspection of public records.

- (2) No fees shall be charged for records search and retrieval services.
- (3) The division may impose a reasonable charge for providing copies of public records, regardless of media, and for the use by any person of division equipment to copy public records. Charges shall not exceed the amount necessary to reimburse the division for its actual costs incident to such copying.
- (4) The division may charge a fee for research services prorated on salary benefit and overhead costs with a half-hour minimum.
- (5) The division shall charge a fee of five dollars per certificate for issuance of a certificate or certified copies.

NEW SECTION

WAC 434-690-090 EXEMPTIONS. (1) The division reserves the right to determine that a public record or archive record requested in accordance with the procedures outlined in WAC 434-690-070 is exempt under the provisions of RCW 42.17.310.

- (2) In addition, pursuant to RCW 42.17.310, the division reserves the right to delete identifying details when it makes available or publishes any public record, in any cases when there is reason to believe that disclosure of such details would be an invasion of personal privacy protected by chapter 42.17 RCW. The public records officer or state archivist will fully justify such deletion in writing.
- (3) All denials of requests for public records must be accompanied by a written statement specifying the reason for the denial, including a statement of the specific exemption authorizing the withholding of the record and a brief explanation of how the exemption applies to the record withheld.

NEW SECTION

WAC 434-690-100 REVIEW OF DENIALS OF PUBLIC RECORDS REQUESTS. (1) Any person who objects to the denial of a request for a public record may petition for prompt review of such decision by tendering a written request for review. The written request shall specifically refer to the written statement by the public records officer or other staff member which constituted or accompanied the denial.

- (2) Immediately after receiving a written request for review of a decision denying a public record, the public records officer or other staff member denying the request shall refer it to the secretary of state. The secretary of state shall immediately consider the matter and either affirm or reverse such denial. In any case, the request shall be returned with a final decision, within two business days following the original denial.
- (3) Administrative remedies shall not be considered exhausted until the secretary of state has returned the petition with a decision or until the close of the second business day following denial of inspection, whichever occurs first.

NEW SECTION

WAC 434-690-110 PROTECTION OF PUBLIC RECORDS. Records will be made available to the requestor subject to the following restrictions:

- (1) The records may not be removed from the area designated.
- (2) The quantity of records may be limited in consonance with the requested use.
- (3) All possible care will be taken by the requestor to prevent damage to the records.
 - (4) Records may not be marked or altered in any way.
- (5) Use of liquids and fountain pens; also eating, drinking, and smoking while utilizing the records is prohibited.
- (6) Records shall not be defaced in any way including writing on, folding or folding anew if in folded form,

tracing or fastening with clips or other fasteners except those that may already exist in the file.

- (7) Records may not be cut or mutilated in any way.
- (8) Records must be kept in the order in which received.
- (9) Records will be returned to the state archivist or his designee by the requestor when no longer required and no later than the end of the customary office hours as set forth in WAC 434-690-060.

NEW SECTION

WAC 434-690-120 RECORDS INDEX. (1) Index. The division has available to all persons a current index which provides identifying information as to the following records issued, adopted, or promulgated since its inception:

"(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication

of cases;

"(b) Those statements of policy and interpretations of policy, statute and the constitution which have been adopted by the agency;

"(c) Administrative staff manuals and instructions to

staff that affect a member of the public;

"(d) Planning policies and goals, and interim and final

planning decisions;

- "(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others;
- "(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or it is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party;
- "(g) Public records accessioned into the archive proper of the state of Washington; and
- "(h) Scheduled records in the custody of the state archives."
- (2) Availability. The current index promulgated by the division shall be available to all persons under the same rules and on the same conditions as are applied to public records available for inspection.

NEW SECTION

WAC 434-690-130 COMMUNICATION WITH DIVISION—ADDRESS. All communications with the division including but not limited to the submission of materials pertaining to its operations and/or the administration or enforcement of chapter 42.17 RCW and these rules; requests for copies of the division's decisions and other matters, shall be addressed as follows: Office of the Secretary of State, c/o Public Records Officer, Legislative Building, Olympia, Washington 98504-0000.

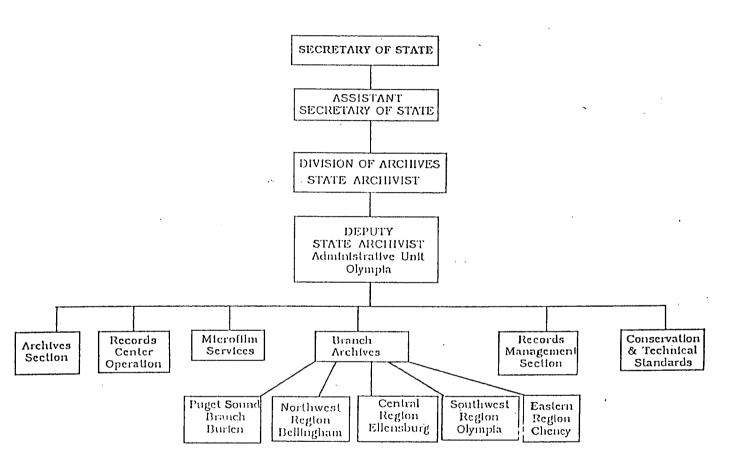

NEW SECTION

WAC 434-690-140 ADOPTION OF FORM. The division hereby adopts for use by all persons requesting inspection and/or copying or copies of its records, the form attached hereto as Appendix B entitled "Request for public record."

WSR 91-23-025 PROPOSED RULES DEPARTMENT OF HEALTH [Filed November 12, 1991, 2:49 p.m.]

Original Notice.

Title of Rule: WAC 246-815-031 Dental hygiene expanded functions education requirements for licensure implementation.

Purpose: To amend implementation date for requiring the didactic and clinical competency in the expanded functions area of education for dental hygiene licensure.

Statutory Authority for Adoption: RCW 18.29.130(6).

Statute Being Implemented: RCW 18.29.021 (1)(a).

Summary: Amends implementation date for requiring the didactic and clinical competency in the expanded functions area of education for dental hygiene licensure.

Reasons Supporting Proposal: Provides more time to establish approved expanded functions education programs which are essential to implement the education requirement.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Carol Lewis, 1300 S.E. Quince Street, Olympia, WA, (206) 586-1867.

Name of Proponent: Department of Health, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rule will amend implementation date for requiring the didactic and clinical competency in the expanded functions area of education requirement for dental hygiene licensure applicants. This amendment will provide more time for the essential education programs to be established and approved. This will then provide the avenue for acquiring this education.

Proposal Changes the Following Existing Rules: This proposal will amend implementation date in WAC 246-815-032 from February 1, 1992, to February 1, 1993.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Department of Health, 1300 Quince Street S.E., 2nd Floor Conference Room (Licensing), Olympia, WA 98504, on December 24, 1991, at 9:45 a.m.

Submit Written Comments to: Leslie Baldwin, Rules Coordinator, 1300 S.E. Quince Street, Mailstop EY-16, Olympia, WA 98504, by December 20, 1991.

Date of Intended Adoption: December 26, 1991.

November 5, 1991 Kristine M. Gebbie Secretary

AMENDATORY SECTION (Amending Order 172, filed 5/16/91, effective 6/16/91)

WAC 246-815-031 DENTAL HYGIENE EXPANDED FUNCTIONS EDUCATION REQUIREMENT FOR LICENSURE IMPLEMENTATION. The dental hygiene education requirement for licensure regarding the didactic and clinical competency of the expanded functions referenced in WAC 246-815-030 (1)(a)-(d), (2) and (3) shall become effective February 1, ((1992)) 1993.

WSR 91-23-026 PERMANENT RULES DEPARTMENT OF HEALTH

[Order 211—Filed November 12, 1991, 2:53 p.m.]

Date of Adoption: October 11, 1991.

Purpose: To bring birth, death, and fetal death certificates into compliance with the minimum data-set required by the National Center for Health Statistics.

Citation of Existing Rules Affected by this Order: Amending WAC 246-491-149.

Statutory Authority for Adoption: RCW 43.70.150. Pursuant to notice filed as WSR 91-18-077 on September 4, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 5, 1991

Kristine M. Gebbie
Secretary

AMENDATORY SECTION (Amending Order 121, filed 12/27/90, effective 1/31/91)

WAC 246-491-149 ADOPTION OF UNITED STATES STANDARD CERTIFICATES AND RE-PORT-MODIFICATIONS PURSUANT TO RCW ((43.20A.620)) 43.70.150. The department adopts and approves for use in the state of Washington, effective January 1, ((1989)) 1992, the 1988 revisions of the United States standard forms for live birth, death, fetal death, marriage, and dissolution. These forms are developed by the United States Department of Health and Human Services, National Center for Health Statistics. Add "inside of city limits for bride and groom."

Delete "age last birthday" for the groom under item 2.

Delete "age last birthday" for the bride under item 9.

Delete "license to marry" section.

Delete "expiration date of license" under item 17.

Delete "title of issuing official" under item 20.

Delete "confidential information" under items 27 through 30b.

U.S. STANDARD CERTIFICATE OF DIVORCE, DISSOLUTION OF MARRIAGE, OR ANNULMENT.

Change title to "certificate of dissolution, declaration of invalidity of marriage or legal separation."

Add check boxes for "type of decree."

Add "inside city limits" for both parties.

Delete "date couple last resided in same household" under item 11.

Change "number of children under eighteen in this household as of this date" to "number of children born alive of this marriage" under item 12.

Delete check boxes for "petitioner" under item 13. Delete section "number of children under eighteen whose physical custody was awarded to" under item 18.

Delete "title of court" under item 20.

Delete "title of certifying official" under item 22.

Delete "date signed" under item 23.

Delete "confidential information" under items 24 through 27b.

WSR 91-23-027 PERMANENT RULES **LOTTERY COMMISSION**

[Filed November 12, 1991, 4:10 p.m.]

Date of Adoption: November 8, 1991.

Purpose: To repeal rules for Instant Ticket Game No. 70 ("Tic Tac Toe Money Match").

Citation of Existing Rules Affected by this Order: Repealing WAC 315-11-700, 315-11-701, and 315-

Statutory Authority for Adoption: RCW 67.70.040.

Pursuant to notice filed as WSR 91-20-155 on October 2, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 8, 1991

Evelyn Y. Sun

Director

REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 315-11-700 DEFINITIONS FOR INSTANT GAME NUMBER 70 ("TIC-TAC-TOE MONEY MATCH").

WAC 315-11-701 CRITERIA FOR INSTANT GAME NUMBER 70.

WAC 315-11-702 TICKET VALIDATION RE-QUIREMENTS FOR INSTANT GAME NUMBER 70.

WSR 91-23-028 PERMANENT RULES LOTTERY COMMISSION

[Filed November 12, 1991, 4:12 p.m.]

Date of Adoption: November 8, 1991.

Purpose: To establish the game play rules and criteria for determining winners of Instant Game No. 70 ("Winning Spirit") at WAC 315-11-703, 315-11-704, and 315-11-705.

Statutory Authority for Adoption: RCW 67.70.040. Pursuant to notice filed as WSR 91-20-156 on October 2, 1991.

Effective Date of Rule: Thirty-one days after filing.
November 8, 1991

Evelyn Y. Sun Director

NEW SECTION

WAC 315-11-703 DEFINITIONS FOR INSTANT GAME NUMBER 70 ("WINNING SPIRIT"). (1) Play symbols: The following are the "play symbols": "\$1.00"; "\$2.00"; "\$4.00"; "\$8.00"; "\$18.00"; "\$40.00"; "\$80.00"; and "\$5,000." One of these play symbols appears in each of the six play spots under the latex covering on the front of the ticket.

(2) Play symbol captions: The small printed characters appearing below each play symbol which verify and correspond with that play symbol. The caption is a spelling out, in full or abbreviated form of the play symbol. One and only one of these captions appears under each play symbol. For Instant Game Number 70, the captions which correspond with and verify the play symbols are:

CAPTION
ONE DOL
TWO DOL
FOR DOL
EGT DOL
EIGHTEN
\$FORTY\$
\$EIGHTY
FIVTHOU

(3) Validation number: The unique nine-digit number on the front of the ticket. The number is covered by latex covering.

- (4) Pack-ticket number: The eleven-digit number of the form 07000001-000 printed on the front of the ticket. The first three digits are the game identifier. The first eight digits of the pack-ticket number for Instant Game Number 70 constitute the "pack number" which starts at 07000001; the last three digits constitute the "ticket number" which starts at 000 and continues through 399 within each pack of tickets.
- (5) Retailer verification codes: Codes consisting of small letters found under the removable latex covering on the front of the ticket which the lottery retailer uses to verify instant winners of \$25 or less. For Instant Game Number 70, the retailer verification codes are three-letter codes, with each letter appearing in a varying three of six locations among the play symbols on the front of the ticket. The retailer verification codes are:

VERIFICATION CODE	PRIZE
ONE	\$1.00
TWO	\$2.00
FOR	\$4.00
EGT	\$8.00
EGN	\$18.00

(6) Pack: A set of four hundred fanfolded instant game tickets separated by perforations and packaged in plastic shrinkwrapping.

NEW SECTION

WAC 315-11-704 CRITERIA FOR INSTANT GAME NUMBER 70. (1) The price of each instant game ticket shall be \$1.00.

- (2) Determination of prize winning tickets: An instant prize winner is determined in the following manner:
- (a) The bearer of a ticket having the following play symbols in any three of the six spots beneath the removable covering on the front of the ticket shall win the following prize:

Three	\$1.00	play symbols	_	Win	\$1.00
Three	\$2.00	play symbols	_	Win	\$2.00
Three	\$4.00	play symbols	_	Win	\$4.00
Three	\$8.00	play symbols	_	Win	\$8.00
Three	\$18.00	play symbols	_	Win	\$18.00
Three	\$40.00	play symbols	-	Win	\$40.00
Three	\$80.00	play symbols	_	Win	\$80.00
Three	\$5,000	play symbols	-	Win	\$5,000.00

- (b) In any event, only the highest instant prize amount meeting the standards of (a) of this subsection will be paid on a given ticket.
- (3) No portion of the display printing nor any extraneous matter whatever shall be usable or playable as a part of the instant game.
- (4) The determination of prize winners shall be subject to the general ticket validation requirements of the lottery as set forth in WAC 315-10-070, to the particular ticket validation requirements for Instant Game Number 70 set forth in WAC 315-11-705, to the confidential validation requirements established by the director, and to the requirements stated on the back of each ticket.

- (5) Notwithstanding any other provisions of these rules, the director may:
- (a) Vary the length of Instant Game Number 70; and/or
- (b) Vary the number of tickets sold in Instant Game Number 70 in a manner that will maintain the estimated average odds of purchasing a winning ticket.

NEW SECTION

WAC 315-11-705 TICKET VALIDATION RE-QUIREMENTS FOR INSTANT GAME NUMBER 70. (1) A valid instant game ticket for Instant Game Number 70 shall meet all of the following validation requirements as well as all other requirements in these rules and regulations.

- (a) Exactly one play symbol must appear in each of the six play spots under the removable latex covering on the front of the ticket.
- (b) Each of the six play symbols must have a caption below it, and each must agree with its caption.
- (c) The display printing and the printed numbers, letters, and symbols on the ticket must be regular in every respect and correspond precisely with the artwork on file with the director. The numbers, letters, and symbols shall be printed as follows:

Play Symbols
Captions
Pack-Ticket Number
Validation Number
Retail Verification Code

Play Symbol Font Caption Font Validation Font Validation Font Validation Font

- (d) Each of the play symbols and its caption, the validation number, pack-ticket number and retailer verification code must be printed in black ink.
- (e) Each of the play symbols must be exactly one of those described in WAC 315-11-703(1) and each of the captions must be exactly one of those described in WAC 315-11-703(2).
- (2) Any ticket not passing all the validation requirements in WAC 315-10-070 and subsection (1) of this section is invalid and ineligible for any prize.

WSR 91-23-029 NOTICE OF PUBLIC MEETINGS BELLINGHAM TECHNICAL COLLEGE

President

Chapter 106-20 WAC ORGANIZATION

NEW SECTION

WAC 106-20-100 ORGANIZATION—OPER-ATION—INFORMATION. (1) Organization. Central Washington University is established in Title 28B RCW as a public institution of higher education. The institution is governed by a seven-member board of trustees, appointed by the governor. The board employs a president, who acts as the chief executive officer of the institution. The president establishes the structure of the administration.

(2) Operation. The administration office is located at the following address:

Business Office Central Washington University Ellensburg, WA 98926 The office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays. Educational operations are also located at the following addresses:

Lynnwood CWU Center 20000 68th Avenue West Lynnwood, WA 98036

South Seattle CWU Center 6000 16th Avenue SW Seattle, WA 98106

Steilacoom CWU Center 9401 Farwest Drive SW Tacoma, WA 98498

Yakima CWU Center P.O. Box 1647 16th Avenue and Nob Hill Blvd Yakima, WA 98907

(3) Information. Additional and detailed information concerning the educational offerings may be obtained from the catalog, copies of which are available at the following address:

Admissions Office Central Washington University Ellensburg, WA 98926

Chapter 106-50 WAC RULES COORDINATOR

NEW SECTION

WAC 106-50-100 ADDRESS OF RULES CO-ORDINATOR. The rules coordinator for this institution shall have an office in the following location:

> President's Office Central Washington University Ellensburg, WA 98926

The office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays.

Chapter 106-122 WAC
LOSS OF ELIGIBILITY—STUDENT ATHLETIC
PARTICIPATION

NEW SECTION

WAC 106-122-100 IMMEDIATE SUSPEN-SION. Student athletes found to have violated chapter 69.41 RCW (Legend drugs—Prescription drugs) shall, upon conviction, be immediately suspended from participation in school-sponsored athletic events by the director of athletics. The period of loss of eligibility to participate will be determined by the director of athletics at the conclusion of a brief adjudicative hearing, to be commenced within twenty days of the suspension.

NEW SECTION

WAC 106-276-230 DOCUMENT INDEX. An index of all documents required to be indexed by RCW 42.17.260 shall be maintained at the office of business services and contracts, second floor, Mitchell Hall. The

index shall be accessible to the public by request to the public records officer at the above office during normal working hours.

WSR 91-23-032 PERMANENT RULES OFFICE OF INSURANCE COMMISSIONER

[Order R 91-7—Filed November 13, 1991, 8:51 a.m., effective January 1, 1992]

Date of Adoption: October 31, 1991.

Purpose: The purpose of these rules is to clearly describe the limited circumstances under which a general agent may accept applications from a nonappointed agent and to define "nonstandard and specialty markets"; to make it an unfair practice for an insurer to cancel or nonrenew any insurance policy because its contract or arrangement with a general agent or nonappointed agent is terminated; and to clearly state the specific relationship between the surplus line broker and the insurance agent when a surplus line broker accepts surplus line business from an insurance agent.

Statutory Authority for Adoption: RCW 48.02.060, 48.05.310, and 48.30.010.

Other Authority: RCW 48.15.080.

Pursuant to notice filed as WSR 91-19-051 on September 12, 1991.

Changes Other than Editing from Proposed to Adopted Version: Proposed WAC 284-12-090 was changed in the following manner: Subsection (1), clarification, a statement was added at the end of this subsection to clarify the fact that this rule does not change the right of brokers to submit applications to general agents; subsection (2), clarification, a clarification of the intent that the rule will not affect life and disability general agents was added; subsection (5), change, the phrase, ". . . and its general agent" was deleted, to emphasize that full responsibility for the acts of the nonappointed agent falls on the insurer, which probably does not change the result under the common law; and subsection (8), in combination with changes to subsection (7), adds a revised subsection (8) as an alternative method by which the relationship between the insurer, general agent, and the nonappointed agent is established and identified to the Insurance Commissioner and to consumers. It is necessary that the commissioner be able to reasonably determine for whom and whether a licensed agent was acting properly at the time a particular act occurred. At the public hearing on October 23, 1991, general agents and agents testified that it is in the interest of the insured to have contact with the nonappointed agent after the procurement of insurance. As a result of that testimony, the commissioner formulated a way to enter a limited appointment between the nonappointed agent and the general agent in the commissioner's records at slight expense. This designation will continue until canceled by the general agent, the agent or the insurer, thereby further decreasing the administrative effort and cost.

Proposed WAC 284-12-111 was changed in the following manner: It was renumbered WAC 284-12-095. In addition, the word "authorized" was inserted before "insurer," this change merely clarifies what was the original intent of the rule.

Proposed WAC 284-15-080 was changed in the following manner: This section was modified to clarify that the nonappointed agent does not become the general representative of the surplus line broker and does not become the agent of the insured to receive money or legal notices on behalf of the insured.

Effective Date of Rule: January 1, 1992.

October 31, 1991
Dick Marquardt
Insurance Commissioner
By Robert E. Johnson
Deputy Commissioner

NEW SECTION

WAC 284-12-090 WHEN GENERAL AGENT MAY ACCEPT APPLICATIONS FROM NONAP-POINTED AGENTS. (1) If so empowered, in writing, by an authorized insurer, its general agent licensed pursuant to RCW 48.05.310 may accept applications for insurance from licensed agents who are not appointed by such insurer but who are licensed for the kind of insurance involved, where the risk involved is placed in a nonstandard or specialty market of such insurer. Nothing in this section restricts the right of brokers to submit applications to general agents.

- (2) A nonstandard or specialty market is one for other than life or disability insurance which provides coverage for risks which are not ordinarily insured by a majority of insurers authorized to write such risks and which are of such type that an agent licensed for the kind of insurance involved will have such infrequent demands to obtain the coverage that appointment of the agent to represent the insurer is not justified.
- (3) Before accepting an application from a nonappointed agent, the general agent shall furnish the nonappointed agent with written instructions setting forth the agent's authority, emphasizing the limited nature thereof, and specifically stating that the agent has no authority to bind an insurance risk on behalf of the insurer for which the general agent is acting. The instructions shall set forth the procedures to be followed by the agent, and identify the nonstandard or specialty business as to which the agent may take applications, the application forms which are to be used, and the material which may be used to write the business, which may include underwriting criteria and rates. The instructions shall be signed by the general agent and the nonappointed agent shall sign the instructions to acknowledge their receipt and acceptance. Both the general agent and nonappointed agent shall retain copies of such instructions and make copies available to the commissioner upon request.
- (4)(a) Unless otherwise instructed by the general agent, in writing, the nonappointed agent shall submit only an applicant's check, draft, or money order endorsed or payable to the insurer or its general agent, in

payment of premium, and shall forward it with the application to the general agent. If the general agent permits the nonappointed agent to receive cash or other payment of premium from the applicant, it shall be deposited in a separate premium account of the nonappointed agent, and be maintained and disbursed, in the same manner as with other premiums received by the agent.

- (b) The nonappointed agent shall promptly provide a receipt to the applicant for any payment received which shall be dated, identify the agent and the agent's address, identify the person by or for whom payment is made, state the amount received, identify the applicable insurer by its full legal name, identify the coverage for which application is made, include or be accompanied with a disclaimer of binding authority, and briefly explain that an application for insurance is being made by the agent to the general agent (who shall be identified) to assist the applicant or prospective insured to obtain insurance coverage. The receipt need not be an independent document. The information required in the receipt may be incorporated in an application and serve in lieu of a separate receipt, if a copy of such application is given to the applicant or prospective insured when payment is received by the nonappointed agent.
- (5) By permitting its general agent to accept business from a nonappointed agent pursuant to RCW 48.05.310 and this section, the nonappointed agent becomes the representative of the insurer to the extent that the services of the nonappointed agent are utilized in the transaction of insurance for which application is made or is to be made to the insurer. In accord therewith, it is the intent of this subsection that:
- (a) The insurer will be deemed to have received any premiums paid by the applicant or insured to the nonappointed agent.
- (b) Return premiums or claim payments delivered by the insurer or general agent to the nonappointed agent shall not be deemed to have been paid to the insured or claimant until such payments are received by the insured or claimant.
- (6) Such business as is permitted by this section shall not be bound by the nonappointed agent. The application shall have printed thereon or have attached thereto a prominent notice advising the applicant that the agent has no authority to bind coverage and shall include a statement informing the applicant as to when and how the coverage applied for will be bound. Applicants shall sign or initial such notice to indicate that it has been brought to their attention, and shall be given a copy of such application with such notice. The name, address, and telephone number of the general agent shall be set forth in the application.
- (7) Except as provided in subsection (8) of this section, a nonappointed agent's activities with respect to the insurance obtained under this section shall be limited to its procurement through the submission of the application as herein provided. When coverage is bound, the insured shall be notified by the insurer or its general agent of the person or entity with whom the insured should deal relative to future transactions, such as requesting

policy changes, paying premiums, renewing the policy, or reporting claims.

- (8) If the insurer elects to utilize the services of the nonappointed agent relative to transactions pertaining to the policy which occur after its procurement, including receipt of premiums from the insured, its general agent may file notice with the commissioner that the nonappointed agent is granted a limited appointment permitting such agent to act on behalf of the insurer with respect to insurance placed through the general agent pursuant to RCW 48.05.310(3) and this section.
- (a) Such notice shall identify the insurer, the general agent, and the agent, including the agent's "PIC code" license identification number used by the commissioner, and specifically state that such agent is authorized to act for the insurer with respect to nonstandard or specialty insurance placed through the general agent pursuant to RCW 48.05.310 and this section.
- (b) Such limited appointment or authorization shall continue in force, dependent upon the agent continuing to have an agent's license for the kind of insurance involved, until the commissioner receives written notice from the insurer, the general agent or the nonappointed agent that it is terminated.
- (c) Under current statutes, the cost for filing the notice with respect to each nonappointed agent will be a one-time fee of five dollars. Upon receipt of the filing, the commissioner will enter the information into the licensing records pertaining to the agent and the general agent. It is anticipated that a list of the nonappointed agents having limited authorization to represent an insurer will be sent to the appropriate general agent on an annual basis to assist in maintaining an accurate and current list.
- (d) It is the responsibility of the insurer and its general agent to keep insureds informed in a timely manner with respect to the persons authorized to act on behalf of the insurer. A nonappointed agent, with or without the limited authority permitted by this section, shall not be considered a broker or representative of the insured. By using such agent, the insurer accepts, as a general rule, that the agent's acts are those of the insurer and that the knowledge such agent obtains is imputed to the insurer. A notice relative to the insurance given to such agent is not notice to the insured.
- (9) Records of each transaction resulting from the operation of this section shall be maintained by the non-appointed agent and by the general agent, and shall specifically include all of the following:
- (a) Identification of the insured or prospective insured, insurer, general agent, and nonappointed agent, whether or not insurance is actually procured, and including, in the case of the nonappointed agent's records, identity of any applicant or prospective insured who pays premium to such agent in expectation of obtaining insurance from an insurer which has not appointed the agent, whether or not an application is submitted.
- (b) A brief description of the subject of the insurance, the policy number, date coverage commences, and the amount of premium paid or to be paid.
- (c) Copies of the documents utilized by the licensee in each transaction.

- (10) For purposes of this section an "insurance transaction" or the "transaction of insurance" or "transacting insurance," or similar forms of those words includes any:
 - (a) Solicitation.
 - (b) Negotiations preliminary to execution.
 - (c) Execution of an insurance contract.
- (d) Transaction of matters subsequent to execution of the contract and arising out of it.
 - (e) Insuring.
- (11) A failure to comply with this section shall be an unfair or deceptive act or practice and an unfair method of competition in the conduct of the business of insurance, pursuant to RCW 48.30.010, and a violation of a regulation pursuant to RCW 48.05.140 and 48.17.530.

NEW SECTION

WAC 284-12-095 UNFAIR PRACTICE WITH RESPECT TO USE OF GENERAL AGENT DEFINED. It is an unfair or deceptive practice and an unfair method of competition pursuant to RCW 48.30.010 for an authorized insurer to cancel or refuse to renew any insurance policy because its contract or arrangement with a general agent or a nonappointed agent through whom such policy was written has been terminated.

NEW SECTION

WAC 284-15-080 RELATIONSHIP BETWEEN SURPLUS LINE BROKER AND INSURANCE AGENT. When a surplus line broker accepts surplus line business from an insurance agent, as permitted by RCW 48.15.080, such agent does not thereby become the representative of the insured with respect to such business. In accord therewith:

- (1) Return premiums or claim payments delivered by the surplus line broker to the insurance agent shall not be deemed to have been paid to the insured or claimant until such payments are received by the insured or claimant.
- (2) Delivery of notices involving the insurance, such as cancellation or renewal notices, shall not be deemed to have been made until received by the insured. Notice to the agent is not notice to the insured. However, the agent may act on behalf of the broker in giving proper notices to the insured.

WSR 91-23-033 PROPOSED RULES WASHINGTON STATE PATROL

[Order 91-004-Filed November 13, 1991, 9:34 a.m.]

Continuance of WSR 91-19-012.

Title of Rule: Employment conviction records, audit, refundable fee, WAC 446-20-020, 446-20-280, 446-20-285, 446-20-290, 446-20-310, and 446-20-530.

Purpose: Editorial change.

Statutory Authority for Adoption: RCW 10.97.090. Summary: The chapter laws are being replaced with RCW.

Reasons Supporting Proposal: House cleaning.

Name of Agency Personnel Responsible for Drafting: R. Sandberg, Washington State Patrol, Olympia, 753-4453; Implementation and Enforcement: R. Phillips, Washington State Patrol, Olympia, 753-6827.

Name of Proponent: Washington State Patrol, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This is an editorial change which will replace chapter laws with RCW.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: General Administration Building, Room G-130, Olympia, Washington 98504, on November 22, 1991, at 8:30 a.m.

Date of Intended Adoption: December 2, 1991.

November 12, 1991 George B. Tellevik Chief

WSR 91-23-034 RULES COORDINATOR GREEN RIVER COMMUNITY COLLEGE

[Filed November 13, 1991, 10:40 a.m.]

In accordance with RCW 34.05.010, the designated rules coordinator for Green River Community College, District No. 10, for 1992 is as follows: Clark Townsend, Green River Community College, 12401 S.E. 320th Street, Auburn, WA 98002, phone (206) 833-9111 ext. 428.

Clark Townsend Assistant to the President

WSR 91-23-035 PROPOSED RULES DEPARTMENT OF REVENUE

[Filed November 13, 1991, 12:45 p.m.]

Original Notice.

Title of Rule: Amending WAC 458-20-228 Returns, remittances, penalties, extensions, inventory tax credit applications, stay of collection.

Purpose: To implement chapter 142, Laws of 1991. The rule is being amended to discuss new penalties and changes in penalties and interest.

Statutory Authority for Adoption: RCW 82.32.300. Statute Being Implemented: Chapters 82.04 and 82.32 RCW.

Summary: Chapter 142, Laws of 1991 provides for increases in various penalties. There is also a new "negligence" penalty for failure to follow specific written tax reporting instructions. The interest charged taxpayers is being changed from a fixed rate to a variable rate.

Name of Agency Personnel Responsible for Drafting and Implementation: Les Jaster, 711 Capitol Way, #400,

Olympia, (206) 586-7150; and Enforcement: Ed Faker, 711 Capitol Way, #400, Olympia, (206) 753-5579.

Name of Proponent: Department of Revenue, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule explains the various penalties and interest which apply when taxes are not paid timely or the correct amount of tax is not paid.

Proposal Changes the Following Existing Rules: Chapter 142, Laws of 1991 changed the interest rate to be paid on refunds. This rule effects WAC 458-20-229.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

The Department of Revenue has reviewed administrative provisions contained in this rule in order to lessen the economic impact on small businesses. A small business economic impact statement is not required for the following reason(s): Negligible impact, for those taxpayers that pay their taxes according to statutes there is no impact. The administrative impact on all other taxpayers is not identifiable.

Hearing Location: Evergreen Plaza Building, 2nd Floor Conference Room, 711 Capitol Way South, Olympia, WA, on December 30, 1991, at 10:00 a.m.

Submit Written Comments to: Les Jaster, Rules Coordinator, Department of Revenue, Mailstop AX-02, P.O. Box 47460, Olympia, WA 98504-7460, FAX No. (206) 586-7603, by December 30, 1991.

Date of Intended Adoption: January 6, 1992.

November 13, 1991 Edward L. Faker Assistant Director

AMENDATORY SECTION (Amending Order 85-1, filed 1/29/85)

WAC 458-20-228 RETURNS, REMITTANCES, PENALTIES, EXTENSIONS, ((INVENTORY TAX CREDIT APPLICATIONS)) INTEREST, STAY OF COLLECTION. (1) INTRODUCTION. Taxpayers have a responsibility to become informed about applicable tax laws and to correctly and timely report their tax liability. The taxes imposed under chapter ((82.20 RCW (Tax on conveyances) and under chapter)) 82.24 RCW (Tax on cigarettes) are collected through sales of revenue stamps.

As to taxes imposed under chapter 82.04 RCW (Business and occupation tax), chapter 82.08 RCW (Retail sales tax), chapter 82.12 RCW (Use tax), chapter 82.14 RCW (Local sales and use taxes) chapter 82.16 RCW (Public utility tax), chapter 82.27 RCW (Tax on enhanced food fish), chapter 82.29A RCW (Leasehold excise tax), chapter 84.33 RCW (Timber and forest lands), and chapter 82.26 RCW (Tobacco products tax), returns and remittances are to be filed with the department of revenue by the taxpayer. ((Returns are filed monthly, quarterly or annually. Reporting periods are assigned by the department of revenue on the basis of the amount of tax liability.)) Returns shall be made upon forms ((prepared)) provided or approved and accepted by the department((, which forms are forwarded by mail to all registered taxpayers approximately ten days prior to the due date of the tax)). Forms provided by the department are mailed to all registered taxpayers prior to the due date of the tax. The tax reporting frequency is assigned by the department of revenue. See WAC 458-20-22801

(2) METHOD OF PAYMENT. Payment of the taxes may be made by cash, check, money order, or in certain cases by electronic fund transfers.

(a) Payment by cash must be made at an office of the department of

((Remittances in)) (b) Payment of tax may be made by uncertified bank check, but if any such check ((or remittance, other than legal

tender;)) is not honored by the bank on which drawn, the taxpayer shall remain liable for the payment of the tax and ((for all legal penalties thereon)) may be subject to penalties. The department may refuse to accept any check which, in its opinion, would not be honored by the bank on which such check is drawn. The remittance covered by any check which is so refused will be deemed not to have been made and the taxpayer will remain liable for the tax due and for the applicable penalties.

(c) The law requires that certain taxpayers pay their taxes through electronic fund transfers. The department of revenue will inform taxpayers who are required to pay their taxes in this manner. See WAC 458-20-22802.

(3) DUE DATES. For monthly reporting taxpayers, the tax returns are due ((as shown in the following schedule:)) on the 25th of the following month. For quarterly and annually reporting taxpayers, the tax returns are due on the last day of the next month after the period covered by the return. For example, tax returns covering the first quarter of the year are due on April 30.

(a) If the date for filing the tax return falls upon a Saturday, Sunday, or legal holiday, the filing shall be considered timely if performed on the next business day. See RCW 1.12.070 and 1.16.050.

(b) The postmark date as shown by the post office cancellation mark stamped on the envelope will be considered as conclusive evidence by the department in determining if a tax return was timely mailed by the taxpayer. It is the responsibility of the taxpayer to mail the tax return sufficiently in advance of the due date to assure that the postmark date is timely.

((gusiness activity during: TAX RETURN IS DUE:
October 1981 through March 1982 25th of the following:

October 1981 through March 1982 25th of the following month
April 1982 through March 1983 20th of the following month
April 1983 through March 1985 15th of the following month
April 1985 and thereafter 25th of the following month))

(4) PENALTIES. Various penalties may apply as a result of the failure to correctly or accurately compute the proper tax liability or to timely pay the tax. Separate penalties may apply and be cumulative for late payment, failure to follow specific written instructions, or evasion.

(a) If the tax return is not filed by the due date ((shown above)), a 5% penalty will apply; a 10% penalty will apply if the return is not filed within 30 days of the due date; and a 20% penalty will apply if the return is still delinquent 60 days from the due date. The minimum penalty for late payment is five dollars.

((As to taxpayers reporting quarterly or annually, the tax return is due on or before the last day of the month following the period covered by the tax return. If payment of any tax due is not received by the department by the last day of the month in which the tax becomes due, there shall be assessed a penalty of five percent of the amount of the tax, and if the tax is not received within thirty days of the last day of the month in which the due date falls, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days of the last day of the month in which the due date falls, there shall be assessed a total penalty of twenty percent of the amount of the tax.))

(i) The department may refuse to accept any return which is not accompanied by a remittance of the tax shown to be due thereon, and if not accepted, the taxpayer shall be deemed to have failed or refused to file a return, and shall be subject to the ((foregoing)) above penalties. If the tax return is accepted without payment and payment is not made by the due date, the late penalties will apply until the tax is paid.

((Under the law, none of the penalties referred to above may be less than two dollars.))

(ii) The aggregate of penalties for failure to file a return, late payment of any tax, increase or penalty, or issuance of a warrant may not exceed ((twenty-five)) thirty-five percent of the tax due, or ((seven)) twenty dollars, whichever is greater.

(iii) The department ((shall)) will apply the payment of the taxpayer first against ((penalties and)) interest, next against penalties, and then upon the tax, without regard to any direction of the taxpayer. In applying a partial payment to a tax assessment, the payment will be applied against the oldest tax liability first. For purposes of RCW 82-32.145, it will be assumed that any payments applied to the tax liability will be first applied against any retail sales tax liability. For example, an audit assessment is issued covering the years 1992 and 1993. The tax assessment includes interest and penalties of five hundred dollars, retail sales tax of four hundred dollars for the year 1992, six hundred dollars retail sales tax for the year 1993, two thousand dollars

of other taxes for the year 1992, and seven thousand dollars of other taxes for the year 1993. The order of application of any payments will be first against the five hundred dollars interest and penalties, second against the four hundred dollars retail sales tax in 1992, third against the two thousand dollars of other taxes in 1992, fourth against the six hundred dollars retail sales tax of 1993, and finally against the seven thousand dollars of other taxes in 1993.

(b) An additional penalty of ten percent of the tax due will be added to any taxes assessed by the department if payment of the taxes assessed is not received by the department by the due date specified in the notice, or any extension thereof. The minimum for this penalty is

five dollars.

(c) The department may issue a tax warrant if any fee, tax, increase, or penalty or any portion thereof is not paid within fifteen days after it becomes due. If a warrant is issued, a penalty will be added of five percent of the amount of the tax, but not less than ten dollars.

(d) Negligence penalty. If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting of tax liabilities, the department will add a penalty of ten percent of the additional tax found due because of the failure

to follow the instructions.

(i) The taxpayer will be considered as having disregarded specific written instruction when the department of revenue has informed the taxpayer in writing of its tax obligations and specifically advised the taxpayer that failure to act in accordance with those instructions may result in this penalty being imposed. The specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement. The penalty may be applied only against the taxpayer to whom the specific written instructions were given. However, the taxpayer will not be considered as having disregarded the instructions if the taxpayer has appealed the subject matter of the instructions and the department has not issued its final instructions or decision.

(ii) The penalty will not be applied if the taxpayer has made a good

faith effort to comply with specific written instructions.

(e) Evasion penalty. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax due, a penalty of fifty percent of the additional tax found to be due shall be added.

(i) To the extent that the evasion involved only specific taxes, the evasion penalty will be added only to those taxes. The evasion penalty will not be applied to those taxes which were inadvertently under paid. For example, if it is found that the taxpayer intentionally understated the purchase price of equipment in reporting use tax and also inadvertently failed to collect or remit the sales tax at the correct rate on retail sales of merchandise, the evasion penalty will be added only to the use tax deficiency.

(ii) At times it may be necessary for the department to issue its assessment to protect the state's interest prior to completion of its investigation or evaluation of all of the facts and circumstances surrounding the tax deficiency. The department at its option may issue the tax assessment without including the evasion penalty or the penalty for failure to follow written instructions and may revise the assessment to assert the penalty at a later date if it is the department's opinion that these penalties are due. In order to give the taxpayer some certainty and finality of its tax liability, these penalties will be assessed within six months of the time that the tax was assessed to which the penalties relate.

(iii) The department may impose either the evasion penalty or the penalty for disregarding specific written instruction, as appropriate in its opinion, but may not impose both penalties on the same tax which

is found to be due.

(f) The department will add the late payment penalties described in (a) of this subsection to assessments of those taxpayers which had not voluntarily registered prior to being contacted by the department of revenue. However, a person will be considered to have voluntarily registered with the department of revenue if the person contacted any other agency of the state and was issued a uniform business identifier number prior to being contacted by the department of revenue.

(g) The department may assert an additional ten percent penalty against a buyer who has failed to pay the seller the retail sales tax on taxable purchases if the department proceeds directly against the buy-

er for the payment of the tax. Refer to RCW 82.08.050

(5) Interest. The department of revenue is generally required by law to add interest to assessments for tax deficiencies and overpayments. Interest also applies to penalties. Refer to WAC 458-20-229 for a discussion of refunds and WAC 458-20-230 for a discussion of the statute of limitations.

(a) For tax liabilities arising before January 1, 1992, interest will be added at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment

(b) For tax liabilities arising after December 31, 1991, until the date of payment, interest will be added with the rate of interest being variable. The rate of interest will be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate will be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States Secretary of the Treasury. The interest rate will be adjusted on the first day of January of each year.

(c) The following are examples of how the interest provisions apply.

(i) Assume a tax assessment is paid on December 31, 1994, and the assessment indicated tax deficiencies in each of the years of 1991 1992, 1993, and 1994. The interest for 1991 will be calculated at a fixed rate of nine percent per year until the assessment is paid in full. The interest for tax deficiencies in 1992 and 1993 will be calculated at the variable rate discussed in (b) of this subsection. The interest rate for each year is calculated separately. For discussion purposes only, assume the compounded interest rate calculates to be eleven percent for the year 1992 and twelve percent for 1993. Since the tax deficiency for 1992 was not paid for a period of two years from the close of 1992 interest will be charged for two years on the 1992 deficiency. The interest amount is computed by multiplying the tax deficiency by twen-ty-three percent. The deficiency for 1993 will bear interest at twelve percent and will be computed on the tax deficiency since the deficiency remained unpaid for only one year.

(ii) If the assessment is not paid by the original due date, extension interest will be added based on the rate in effect at the time the extension is granted or the assessment is revised with the exception that extension interest will be computed at nine percent for all tax deficiencies

which occurred prior to 1992.

(iii) If the assessment contains tax deficiencies in some years and overpayments in other years with the net difference being a tax deficiency, the interest rate for tax deficiencies will also be applied to the overpayments. Refer to WAC 458-20-229 for interest on refunds.

- (6) WAIVER OR CANCELLATION OF PENALTIES. The department will waive or cancel the penalties imposed under RCW 82.32.090 and interest imposed under RCW 82.32.050 upon finding that the failure of a taxpayer to pay any tax by the due date was due to circumstances beyond the control of the taxpayer. The department has no authority to cancel penalties or interest for any other reason. Penalties will not be cancelled merely because of ignorance or a lack of knowledge by the taxpayer of the tax liability.
- (a) A request for a waiver or cancellation of penalties must be in letter form and should contain all pertinent facts and be accompanied by such proof as may be available. Petition for cancellation of penalties must be made within the period for filing under RCW 82.32.160 (within thirty days after the issuance of the original notice of the amount owed or within the period covered by any extension of the due date granted by the department). In all such cases the burden of proving the facts is upon the taxpayer

(b) The following situations will ((constitute)) be the only circumstances under which a cancellation of penalties will be considered by the department:

((+:)) (i) The return was filed on time but inadvertently mailed to another agency.

((2.)) (ii) The delinquency was due to erroneous written information given the taxpayer by a department officer or employee. A penalty generally will not be waived when it is claimed that erroneous oral information was given by a department employee. The reason for not cancelling the penalty in cases of oral information is because of the uncertainty of the facts presented, the instructions or information imparted by the department employee, or that the taxpayer fully understood the information received. Reliance by the taxpayer on incorrect advice received from the taxpayer's legal or accounting representative is not a basis for cancellation of the penalty.

((3.)) (iii) The delinquency was caused by death or serious illness of the taxpayer or his immediate family, or illness or death of his accountant or in the accountant's immediate family, prior to the filing date.

((4:)) (iv) The delinquency was caused by unavoidable absence of the taxpayer, prior to the filing date.

((5.)) (v) The delinquency was caused by the destruction by fire or other casualty of the taxpayer's place of business or business records.

- ((6.)) (vi) The taxpayer, prior to the time for filing the return, made timely application to the Olympia or district office, in writing, for proper forms and these were not furnished in sufficient time to permit the completed return to be paid before its delinquent date.
- ((7-)) (vii) The delinquency penalty will be waived or cancelled on a one time only basis if the delinquent tax return was received under the following circumstances:
- ((a.)) (A) The return was received by the department with full payment of tax due within 30 days after the due date; i.e., within the five percent penalty period prescribed by RCW 82.32.090, and
- ((b. The taxpayer has never been delinquent filing a tax return prior to this occurrence, unless the penalty was excused under one of the preceding six circumstances, and
- en)) (B) The delinquency was the result of an unforeseen and unintentional circumstance, not immediately known to the taxpayer, which circumstances will include the error or misconduct of the taxpayer's employee or accountant, confusion caused by communications with the department, failure to receive return forms timely, natural disasters such as a flood or earthquake, and delays or losses related to the postal
- ((d. The delinquency will be waived under this circumstance on a

A request for a waiver or cancellation of penalties must be in letter form and should contain all pertinent facts and be accompanied by such proof as may be available. Petition for cancellation of penalties must be made within the period for filing under RCW 82:32:160 (within 20 days after the issuance of the original notice of the amount thereof or within the period covered by any extension of the due date thereof granted by the department). In all such cases the burden of proving the facts is upon the taxpayer.))

(7) WAIVER OR CANCELLATION OF INTEREST. The following situations will constitute circumstances under which a waiver or cancellation of interest upon assessments pursuant to RCW 82.32.050 will be considered by the department:

((+)) (a) The failure to pay the tax prior to issuance of the assessment was the direct result of written instructions given the taxpayer by the department.

((2.)) (b) Extension of the due date for payment of an assessment was not at the request of the taxpayer and was for the sole convenience of the department.

((STAY OF COLLECTION))

(8) STAY OF COLLECTION. RCW 82.32.200 provides, "When any assessment or additional assessment (of taxes) has been made, the taxpayer may obtain a stay of collection, under such circumstances and for such periods as the department may by general regulation provide, of the whole or any part thereof, by filing with the department a bond in an amount, not exceeding twice the amount on which stay is desired, and with sureties as the department deems necessary, conditioned for the payment of the amount of the assessments, collection of which is stayed by the bond, together with the interest thereon at the rate of one percent of the amount of such assessment for each thirty days or portion thereof from the due date until paid."

(Note: RCW 82.32.190 authorizes issuance of an order by the department holding in abeyance tax collection during pendency of litigation. Such tax might be that due on excise tax returns or tax due for unaudited periods for which no assessment has been issued. If, however, an assessment has been issued and is unpaid, RCW 82.32.200, not RCW 82.32.190, is the operative statute for stay of collection with respect to such an assessment.)

(a) The department will give consideration to a request that it grant a stay of collection if:

((+)) (i) Written request for the stay is made prior to the due date for payment of the tax assessment, and

((2-)) (ii) Payment of any unprotested portion of the assessment and other taxes due is timely made, and

((3.)) (iii) The requested stay is accompanied by an offer of a cash bond, or the offer of a security bond, the conditions of which are guaranteed by a specified authorized surety insurer; in either case the amount of the bond will ordinarily be set in an amount equal to the assessment or portion thereof for which stay is requested together with interest thereon at the rate of one percent per month, but in appropriate cases the department may require a bond in an increased amount not to exceed twice the amount for which stay is requested.

(b) The department will grant a stay of collection only when it is satisfied and determines that it is in the best interests of the state to do so. Factors which it will consider in making this determination include: The existence of 1. a constitutional issue to be litigated by the taxpayer the resolution of which is uncertain; 2. a matter of first impression for which the department has little precedent in administrative practice; and 3. an issue affecting other similarly situated taxpayers for whom the department would be willing to stay collection of the tax.

(c) Claims of financial hardship or threat of litigation are not grounds which would justify the granting of a stay of collection. However, the department will consider a claim of significant financial hardship as grounds for staying collection procedures, but this will be done only if a partial payment agreement is executed and kept in accordance with the department's procedures and with such security as the department deems necessary.

(d) If the department grants a stay of collection, the stay will be for a period of no longer than two calendar years from the date of acceptance of the taxpayer request therefor or thirty days following a decision not appealed from by a tribunal or court of competent jurisdiction upholding the validity of the tax assessed, whichever date occurs first. The department may extend the period of a stay originally granted, but only for good cause shown.

((EXTENSIONS))

(9) EXTENSIONS. The department, for good cause, may extend the due date for filing any return. Any permanent extension, and any temporary extension in excess of thirty days, must be conditional upon deposit by the taxpayer with the department of an amount equal to the estimated tax liability for the reporting period or periods for which the extension is granted. This deposit is credited to the taxpayer's account and may be applied to the taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where a temporary extension of more than thirty days has been granted.

The amount of the deposit is subject to departmental approval. The amount will be reviewed from time to time, and a change may be required at any time that the department concludes that such amount does not approximate the tax liability for the reporting period or periods for which the extension was granted.

((INVENTORY TAX CREDIT

A credit against business and occupation tax for property tax on business inventories paid before delinquency (i.e., paid on or before the time specified in RCW 84.56.020) is authorized by RCW 82.04.442. However, the credit may be allowed notwithstanding that the property the department of revenue that the delinquency was due to extenuating circumstances. Extenuating circumstances are those which are beyond the control of the taxpayer, namely.

1. The payment was mailed timely, but was inadvertently addressed incorrectly.

2. The delinquency was caused by death or serious illness of the taxpayer or his immediate family, or death or serious illness of his accountant or his immediate family.

3. The delinquency was caused by unavoidable absence of the

4. The delinquency was caused by the destruction by fire or other casualty of the taxpayer's place of business or business records.))

WSR 91-23-036 PROPOSED RULES DEPARTMENT OF REVENUE

[Filed November 13, 1991, 12:48 p.m.]

Original Notice.

Title of Rule: Amending WAC 458-20-199 Accounting methods.

Purpose: To eliminate the "Method three" reporting method which requires an annual accounts receivable adjustment and to more clearly indicate that persons who maintain records on an accrual basis must report taxes on the accrual basis.

Statutory Authority for Adoption: RCW 82.32.300. Statute Being Implemented: Chapters 82.04 and 82.08 RCW.

Summary: The rule previously provided that persons maintaining records on a cash basis, but having some accounts receivable, were required to be make an accounts receivable adjustment. This requirement is being removed to be consistent with RCW 82.08.100.

Name of Agency Personnel Responsible for Drafting and Implementation: Les Jaster, 711 Capitol Way, #400, Olympia, (206) 586-7150; and Enforcement: Ed Faker, 711 Capitol Way, #400, Olympia, (206) 753-5579.

Name of Proponent: Department of Revenue, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule implements RCW 82.08.090 and 82.08.100. The rule explains the conditions under which a taxpayer may report on a cash receipts basis and distinguishes cash receipts reporting from accrual reporting.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

The Department of Revenue has reviewed administrative provisions contained in this rule in order to lessen the economic impact on small businesses. A small business economic impact statement is not required for the following reason(s): No economic impact, this rule has no identifiable administrative costs to businesses.

Hearing Location: Evergreen Plaza Building, 2nd Floor Conference Room, 711 Capitol Way South, Olympia, WA, on December 30, 1991, at 10:00 a.m.

Submit Written Comments to: Les Jaster, Rules Coordinator, Department of Revenue, Mailstop AX-02, P.O. Box 47460, Olympia, WA 98504-7460, FAX No. (206) 586-7603, by December 30, 1991.

Date of Intended Adoption: January 6, 1992.

November 13, 1991 Edward L. Faker Assistant Director

AMENDATORY SECTION (Amending Order ET 83-15, filed 3/15/83)

WAC 458-20-199 ACCOUNTING METHODS. (1) In computing tax liability under the business and occupation tax and the retail sales tax, one of the following accounting methods should be used. ((The amount reported under the retailing classification under the gross amount must be the same under the business and occupation tax and the retail sales tax:

Persons making taxable and nontaxable sales of tangible personal property must segregate such sales for the purpose of computing tax liability.)) This is true for all businesses, whether their activity involves the sale of tangible personal property or the rendering of services. (See WAC 458-20-197 for an explanation of when tax liability arises under the accrual method versus the cash receipts method.)

(2) METHOD ONE, CASH BASIS. ((Only persons engaged in a strictly eash business will be permitted to make returns on a cash receipts basis. Certain small businesses which occasionally make a sale without receiving eash and which do not keep any file, record or general ledger account of such sales may be considered as doing a cash business, providing the volume of such sales never exceeds 5% of the gross volume of business. Under this method it is not necessary to make any adjustment at the end of the year with respect to accounts receivable.)) A taxpayer may file excise tax returns in each reporting period with figures based upon cash receipts only if the taxpayer's regular books of account are kept on a strictly cash receipts basis. A taxpayer whose books of account recognize income at the time a sale is made or a service is rendered, regardless of when payment is received, is keeping its records on an accrual basis and must report and pay tax on the accrual

basis. For those businesses who maintain formal accounting records, the department of revenue will generally look to the revenue accounts of the general ledger of the business to determine when the income is recognized. However, all records of the business will be considered by the department in determining whether the records are being kept on an accrual basis, particularly for those businesses which do not maintain formal records such as a general ledger.

(3) METHOD TWO, ACCRUAL BASIS. ((Persons operating their business on the accrual basis)) A taxpayer who does not keep books of account on a strictly cash receipts basis must file returns with figures based on the accrual method. These taxpayers must report ((under the business and occupation tax and the retail sales tax for each tax reporting period)) the gross proceeds from all cash sales made ((during such period)) in the tax reporting period in which the sales are made, together with the total amount of charge sales during such period. The law does not require a taxpayer to use a particular accounting system. However, the taxpayer must report based on the system of accounting used by the business, regardless of the taxpayer's reasons for selecting a particular accounting system. For example, if a taxpayer reports to the federal government on a cash basis, but maintains accounting records on an accrual basis, the taxpayer is still obligated to report the excise taxes to the state on the accrual basis.

(a) Taxpayers who make installment sales or leases of tangible personal property must use the accrual method when they compute their tax liability. (See RCW 82.08.090, WAC 458-20-198 and 458-20-211.)

(b) In the case of rentals or leases, the income is considered to have accrued to the seller in the tax reporting period in which the seller is entitled to receive the rental or lease payment.

((METHOD THREE, CASH RECEIPTS, ACCOUNTS RECEIVABLE ADJUST-MENT. Persons doing a charge business who do not record such charges as sales at the time the sale is made may report for tax purposes under method three:

Persons may report and pay the tax on the amount received as cash sales plus all cash received on accounts during each period. If this method is adopted, an adjustment shall be made at the end of the cahendar year to add to cash received the amount of accounts receivable at the end of the year (not previously reported) to be reported along with eash receipts. A statement should accompany the return indicating the amount of accounts receivable so added. A deduction may be taken on subsequent returns filed in periods when cash is received upon accounts receivable so reported. Such receipts should be included in column 2 (gross amount) and then listed as a deduction in column 3 of the excise tax return and explained on the reverse of the return as "eash received upon accounts receivable reported as of December 31, 19..."

Persons engaged in service business activities who are not liable for the collection of the retail sales tax are not required to adjust accounts receivable at the end of the tax year.

Where bad debts are charged off during any taxable year the amount thereof must be added to the accounts receivable outstanding at the end of the year before making adjustments provided for in method three.))

WSR 91-23-037 PERMANENT RULES DEPARTMENT OF REVENUE

[Filed November 13, 1991, 12:52 p.m.]

Date of Adoption: November 13, 1991.

Purpose: To explain the conditions or circumstances under which delivery and transportation charges are not part of the gross proceeds of sales.

Citation of Existing Rules Affected by this Order: Amending WAC 458-20-110.

Statutory Authority for Adoption: RCW 82.32.300. Pursuant to notice filed as WSR 91-11-004 on May 2, 1991.

Changes Other than Editing from Proposed to Adopted Version: In subsection (1) there was added a cross reference to Rule 193. In subsection (2)(a) there was

added a definition of "purchasers agent" and deleted definition of constructive possession. Changed indexing of subsection (2)(b) to subsection (2)(c) and provided a definition of "received" or "receipt" consistent with Rule 193.

Effective Date of Rule: Thirty-one days after filing.

November 12, 1991

Edward L. Faker

Edward L. Faker Assistant Director

AMENDATORY SECTION (Amending Order ET 70–3, filed 5/29/70, effective 7/1/70)

WAC 458-20-110 FREIGHT AND DELIVERY CHARGES. (1) INTRODUCTION. This rule explains that freight and delivery costs charged to the buyer are generally part of the selling price. Chapter 82.04 RCW in defining "gross proceeds of sales" and "gross income of the business" states that delivery costs may not be deducted from the measure of the B & O tax. Sellers who are making deliveries from an out-of-state location to customers in Washington should refer to WAC 458-20-193 to determine if they have sufficient nexus to require the payment of the B & O tax or collection of retail sales or use tax on the "gross proceeds of sales."

(2) Amounts received by a seller from a purchaser for freight and delivery costs incurred by the seller prior to completion of sale constitute recovery of costs of doing business and must be included in the selling price or gross proceeds of sales reported by the seller regardless of whether charges for such costs are billed separately ((and regardless of)) or whether the seller is also the carrier. The sale is complete when the purchaser or the purchaser's agent has received the goods.

(a) "Purchasers agent" means a person authorized to receive goods for the purchaser with the power to inspect and accept or reject them.

(b) "Received" or "receipt" means the purchaser or its agent first either taking physical possession of the goods or having dominion and control over them.

(c) It is presumed that the person who is shown as the consignor (or other designation of the person from whom the goods are sent) on the bill of lading has control over the goods while the goods are in the hands of the carrier. It also will be presumed that the sale is not complete at the time of delivery to the carrier if the seller has personal liability to pay or has paid the carrier.

(3) Freight and delivery costs incurred by a lessor, regardless of whether billed separately to a lessee or not, are costs of doing business to the lessor in every case and must be included in the selling price or gross proceeds of sales reported by the lessor.

(("Reimbursements" received by a seller for the actual amount of freight and delivery costs advanced for a purchaser after completion of sale are deductible from the selling price or gross proceeds of sales. (See WAC 458-20-111.)

Where the seller is the carrier and separate delivery charges, in addition to the selling price, are made to a purchaser after completion of sale, such charges may be deducted by the seller from the selling price. In such case the delivery charges are taxable to the seller under

the appropriate classification of the public utility tax: (See WAC 458-20-180.)

Note:)) (4) Delivery costs incurred after the buyer has taken receipt of the goods are not part of the selling price when the seller is not liable to pay or has not paid the carrier. It must be clearly shown that the buyer alone is responsible to pay the carrier for the delivery costs to be excluded from the taxable value of the selling price. See WAC 458-20-112 for the deduction of out-of-state freight and delivery charges from "value of products." Also see WAC 458-20-111 for a further discussion of "advances and reimbursements."

- ((Revised June 1, 1970.)) (5) Examples. The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax status of each situation must be determined after a review of all of the facts and circumstances.
- (a) XYZ Corporation in Seattle orders a repair part for its machine from ABC Distributors located in Spokane. XYZ Corporation requests that the part be shipped by next day air and agrees to pay the additional shipping costs. The seller bills the buyer the exact amount of shipping costs. ABC Distributors is subject to the business and occupation tax and also is required to collect and report the retail sales tax on the amounts billed as shipping charges. The seller was liable to pay the air carrier and the buyer had not taken receipt at the time the part was given to the carrier.
- (b) Jane Doe orders a life vest from Marine Sales in Seattle and she requests that the vest be shipped by United States mail to her home in Bellingham. The seller places the correct postage on the package using a postage meter and charges the buyer the exact amount of postage. The reimbursement of the postage is taxable to the seller. The seller had liability for payment of the postage to the postal service and was required to effect delivery to the buyer.
- (c) L&M Machinery of Spokane ordered a large piece of equipment from ACE Equipment in Renton. L&M specified that the equipment was to be shipped by prepaid freight and free on board (FOB) the seller's dock. L&M requested that the seller use M&T Trucking as the carrier. The transportation charge billed to the buyer is taxable to the seller. The FOB point or other shipping terms are not controlling. The seller was required to deliver the equipment to the buyer. Delivery was not completed until the equipment arrived in Spokane.
- (d) ABC Construction in Seattle ordered replacement parts for a saw from XYZ Parts, Inc., an unregistered business located in Chicago. ABC Construction requested that the parts be shipped freight collect from Chicago and that ABC be shown as the shipper/consignor and also as the consignee on the bill of lading. The seller had no liability to pay the carrier. ABC Construction is subject to use tax on the purchase price of the parts. ABC Construction may exclude the cost of the transportation from the value on which use tax is due.
- (e) Jones Computer Supply, a distributor located in Seattle, sells computer products primarily by mail order. It is the practice of Jones Computer Supply to make a

three-dollar handling charge for each order. No separate charge is made for the transportation. The handling charge is part of the measure of the selling price of the product and fully subject to the wholesaling or retailing and retail sales tax.

WSR 91-23-038 PERMANENT RULES DEPARTMENT OF REVENUE

[Filed November 13, 1991, 12:56 p.m., effective January 1, 1992]

Date of Adoption: November 13, 1991.

Purpose: To explain how finance charges, carrying charges, interest and penalties are taxed.

Citation of Existing Rules Affected by this Order: Amending WAC 458-20-109.

Statutory Authority for Adoption: RCW 82.32.300. Pursuant to notice filed as WSR 91-11-005 on May 2, 1991.

Changes Other than Editing from Proposed to Adopted Version: The example in subsection (4)(b) was deleted. Example subsection (4)(c) was indexed to be subsections (4)(b) and (d) became subsection (4)(c). Four additional examples were added as subsections (4)(d), (e), (f), and (g). These examples deal with interest income from the sales of real estate and are not considered substantive changes.

Effective Date of Rule: January 1, 1992.

November 12, 1991 Edward L. Faker Assistant Director

AMENDATORY SECTION (Amending Order ET 70-3, filed 5/29/70, effective 7/1/70)

WAC 458-20-109 FINANCE CHARGES, CARRYING CHARGES, INTEREST, PENALTIES. (1) INTRODUCTION. This section explains the B & O and public utility taxation of finance charges, carrying charges, interest and/or penalties received by taxpayers in the regular course of business. This section also explains when these amounts are not part of the selling price for retail sales tax purposes.

- (2) BUSINESS AND OCCUPATION TAX. Persons who receive finance charges, carrying charges, service charges, penalties and interest are taxable ((with respect thereto)) under the service and other business activities classification on the receipt of amounts from these sources.
- (a) Amounts received from these sources include but are not limited to:
- (i) Interest received by persons engaged in public utility activities; and
- (ii) Interest received by persons regularly engaged in the business of selling real estate.
- (b) Persons engaged in financial business activities should refer to WAC 458-20-146.
- (c) Amounts categorized as "interest" in a lease payment are generally taxable in the retailing classification as part of the total lease payment and part of the selling price for retail sales tax purposes. See WAC 458-20-211.

- (d) Interest or finance charges received from an installment sale are taxable under the service classification.
- (3) RETAIL SALES TAX. Retail sales tax applies as follows.
- (a) Finance charges, carrying charges, service charges, penalties and/or interest from ((credit extended on sales of tangible personal property under conditional sale contracts or other contracts providing for deferred payments of the purchase price)) installment sales are not considered a part of the selling price of such property and are not subject to the retail sales tax, ((if (1))) when:
- (i) The amount of such finance charges, carrying charges, service charges, penalty, or interest is in addition to the usual or established cash selling price($(\frac{1}{7})$); and ($(\frac{(2)}{7})$)
- (ii) The amount is segregated on the taxpayers' accounts((5)); and (((3)))
- (iii) The amount is billed separately to customers. ((Amounts added to the base price, or agreed selling price on account of failure of the buyer to make any payment at the time specified in the agreement between the parties—amounts generally designated as "penalties"—are not a part of the selling price and are not subject to the retail sales tax.

As to contracts providing for the renting or leasing of tangible personal property,))

- (b) Amounts designated as finance charges, carrying charges, service charges or interest in a lease of tangible personal property must be included in the measure of retail sales tax regardless of the fact that such charges may be billed separately to customers. However, a penalty or interest charge for failure of the customer to make a timely lease payment is taxable under the service and other business activities classification and not subject to retail sales tax.
- (4) EXAMPLES. The following examples identify a number of facts and then state a conclusion as to whether the situation results in taxable interest or finance charges. These examples should be used only as a general guide. The tax status of each situation must be determined after a review of all of the facts and circumstances.
- (a) ABC Electric Company, who sells electricity to consumers, receives \$9,000.00 in late charges in the month of November. These fees are taxable under the service and other classification of the business and occupation tax. The public utility tax would not apply to this income.
- (b) XYZ Furniture Company sells furniture and allows its customers to pay for the furniture over a twelvemonth period. The seller charges interest at twelve percent per annum for allowing the customer to defer immediate payment. The interest charged the customer is a separate activity from the sale of the furniture and is taxable under the service and other business activities classification.
- (c) Jane Doe is leasing a car from ABC Leasing, Inc. The lease contract provides that if the customer is more than fifteen days late in making the lease payment, a five percent penalty will be charged. Jane Doe was more

- than fifteen days late in making her March payment and was required to pay the five percent penalty. The penalty amount received by ABC Leasing is a separate activity from the lease of the vehicle and is taxable under the service and other activity business and occupation tax. Retail sales tax does not apply to this amount.
- (d) John Doe sold his personal residence on contract. He receives monthly interest and principal payments. The interest is received in exchange for the seller's deferring receipt of immediate payment. The sale of the residence was not related to any other business activities and John Doe has sold no other real estate. The interest is not taxable under the B & O tax since the transaction was a casual and isolated sale.
- (e) Judy Smith is engaged in business as a real estate broker and regularly sells real estate for others. Judy Smith sold her personal residence on contract. She receives monthly interest and principal payments. She receives no other interest from real estate contracts. The sale of her own residence can be distinguished from the sale of real estate for others. Since this was a single sale of her own residence, it is a casual and isolated sale and the interest is not subject to B & O tax.
- (f) James Smith sold on contract seventeen of twentythree apartment complexes which he owned during a four-year period. He receives payment of principal and interest every month from these sales. The only other income he receives is from the rental of apartment units to nontransients. The income which James Smith receives as interest from the sale of the real estate is subject to the service and other B & O tax. The rental of the apartment units is not taxable for the B & O tax. The courts have held that the selling and financing of sales of capital assets by means of real estate contracts does not constitute an investment within the meaning of RCW 82.04.4281. James Smith is engaged in a taxable business activity. A deduction is provided to sellers who are engaged in banking, loan, security, or other financial businesses if the sale is primarily secured by a first mortgage or trust deed on nontransient residential property. However, James Smith is not engaged in these types of business, nor was the loan secured in this manner. Persons in a financial business should refer to WAC 458-20-146.
- (g) David Roe acquired four pieces of real property over a period of several years. This property has been held for residential rental to nontransients. David Roe sold all of the real estate in 1991 and is receiving payments of principal and interest pursuant to sales con-The determination of whether the interest received is subject to the business and occupation tax depends on all facts and circumstances and cannot be made based on the limited facts set forth in this example. Additional facts and circumstances would include, but not be limited to, the extent to which David Roe has purchased and sold real property in the past, the number of other sales contracts held by David Roe aside from the ones mentioned here, whether the property may have been acquired by inheritance, and the type of business in which David Roe regularly engages.

((Revised June 1, 1970.))

WSR 91-23-039 NOTICE OF PUBLIC MEETINGS BATES TECHNICAL COLLEGE

[Memorandum—November 8, 1991]

The board of trustees for Bates Technical College District No. 28 will be holding regular meetings the fourth Wednesday of each month at 3:00 p.m. except for the month of August and December at the following location: Bates Technical College, Board Room, 1101 South Yakima Avenue, Tacoma, WA 98405.

WSR 91-23-040 WITHDRAWAL OF PROPOSED RULES DEPARTMENT OF HEALTH (By the Code Reviser's Office)

[Filed November 13, 1991, 3:30 p.m.]

WAC 246-310-131, proposed by the Department of Health in WSR 91-10-102, appearing in issue 91-10 of the State Register, which was distributed on May 15, 1991, is withdrawn by the code reviser's office under RCW 34.05.335(3), since the proposal was not adopted within the one hundred eighty day period allowed by the statute.

Kerry S. Radcliff, Editor Washington State Register

WSR 91-23-041 WITHDRAWAL OF PROPOSED RULES PERSONNEL BOARD (By the Code Reviser's Office)

[Filed November 13, 1991, 3:32 p.m.]

WAC 356-06-110, proposed by the Personnel Board in WSR 91-10-062, appearing in issue 91-10 of the State Register, which was distributed on May 15, 1991, is withdrawn by the code reviser's office under RCW 34.05.335(3), since the proposal was not adopted within the one hundred eighty day period allowed by the statute.

Kerry S. Radcliff, Editor Washington State Register

WSR 91-23-042 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 21—Filed November 14, 1991, 10:56 a.m.]

Date of Adoption: November 8, 1991.

Purpose: To provide districts authority to transfer proceeds from the transportation vehicle fund to the debt service fund for payment of proceeds under RCW 28A.160.130.

Statutory Authority for Adoption: HB 1224. Other Authority: Chapter 28A.530 RCW.

Pursuant to notice filed as WSR 91-19-075 on September 17, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 14, 1991 Judith A. Billings Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 21, filed 1/2/90, effective 2/2/90)

WAC 392-142-260 ALLOWABLE USES OF TRANSPORTATION VEHICLE FUND. School districts shall use moneys in the transportation vehicle fund for the following purposes:

- (1) The purchase of approved transportation vehicles;
- (2) Performing major repairs receiving prior approval by the superintendent of public instruction.
- (3) The transfer of moneys from the transportation vehicle fund to the debt service fund exclusively for the payment of debt and interest incurred by the transportation vehicle fund shall not be considered to be a transfer of moneys from the transportation vehicle fund to any other fund within the meaning of RCW 28A.160.130.

WSR 91-23-043 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 26-Filed November 14, 1991, 11:00 a.m.]

Date of Adoption: November 8, 1991.

Purpose: To provide authority to school districts to deposit contract indebtedness without a vote of the qualified district electors, into the capital projects fund, transportation vehicle fund, and general fund.

Statutory Authority for Adoption: HB 1224. Other Authority: Chapter 28A.530 RCW

Pursuant to notice filed as WSR 91-19-076 on September 17, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 14, 1991 Judith A. Billings Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 18, filed 7/19/90, effective 8/19/90)

WAC 392-123-180 BOND PROCEEDS. Money derived from the sale of bonds, including interest earnings thereof, shall be deposited in the capital projects fund, the transportation vehicle fund, the general fund, or the debt service fund, as applicable, and may only be used for the ((following)) purposes as enumerated in RCW 28A.530.010.

- (((1) Funding outstanding indebtedness or bonds theretofore issued; or
- (2) Purchase of sites for all buildings, playgrounds, physical education and athletic facilities and structures

authorized by law or necessary or proper to carry out the functions of a school district; or

- (3) Erecting all buildings authorized by law, including but not limited to those listed immediately above or necessary or proper to carry out the functions of a school district, and providing necessary furniture, apparatus, or equipment; or
- (4) Improving the energy efficiency of school district buildings and/or installing systems and components to utilize renewable and/or inexhaustible energy resources; or
- (5) Major and minor structural changes and structural additions to buildings, structures, facilities and sites necessary or proper to carrying out the functions of the school district.))

Accrued interest paid for bonds sold shall be deposited in the debt service fund.

WSR 91-23-044 ATTORNEY GENERAL OPINION Cite as: AGO 1991 No. 32 [November 8, 1991]

COMMISSION ON JUDICIAL CONDUCT—APPOINTMENT—APPOINTMENT OF ALTERNATE MEMBERS TO COMMISSION ON JUDICIAL CONDUCT

RCW 2.64.030 provides that the appointing authority may appoint alternate members to the Commission on Judicial Conduct to serve during a member's temporary disability, disqualification or inability to serve. This statute provides for the appointment of one alternate for each Commission member, which alternate is paired with that member. The appointing authority cannot appoint a pool of alternate members who could serve in some rotation fashion.

WSR 91-23-046 PREPROPOSAL COMMENTS BUILDING CODE COUNCIL

[Filed November 14, 1991, 1:25 p.m.]

Subject of Possible Rule Making: Washington State Nonresidential Energy Code, adoption and amendment of the proposed Nonresidential Energy Code.

Persons may comment on this subject in writing to: Gene J. Colin, Chair, Washington State Building Code Council, 906 Columbia Street S.W., P.O. Box 48300, Olympia, WA 98504-8300, November 8, through January 30, 1992.

Other Information or Comments by Agency at this Time, if any: Provide comments concerning potential statewide amendments to the Nonresidential Energy Code and any other matter relevant to the adoption of the Nonresidential Energy Code.

Formal rulemaking will commence in June 1992 with public hearings in August and September 1992. Adoption will occur by November 30, 1992.

Contact Linda Ramsey, Washington State Building Code Council, 906 Columbia Street S.W., P.O. Box 48300, Olympia, WA 98504–8300, (206) 586–3423.

November 8, 1991 Gene J. Colin Chair

WSR 91-23-047 PERMANENT RULES DEPARTMENT OF HEALTH (Occupational Therapy Practice Board)

[Order 213B—Filed November 14, 1991, 2:48 p.m.]

Date of Adoption: October 10, 1991.

Purpose: To update the board approved educational programs for occupational therapists and occupational therapy assistants; and to clarify the expiration date for limited permits.

Citation of Existing Rules Affected by this Order: Amending WAC 246-847-040, 246-847-050, and 246-847-060.

Statutory Authority for Adoption: RCW 18.59.130. Pursuant to notice filed as WSR 91-18-080 on September 4, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 6, 1991

Terry Uridil

Chair

AMENDATORY SECTION (Amending Order 171B, filed 5/16/91, effective 6/16/91)

WAC 246-847-040 RECOGNIZED EDUCATIONAL PROGRAMS—OCCUPATIONAL THERAPISTS. The board recognizes and approves courses of instruction conducted by schools that have obtained accreditation of the program in occupational therapy from the Committee on Allied Health Education and Accreditation of the American Medical Association in collaboration with the American Occupational Therapy Association as recognized in the ((1990-1991)) current Listing of Educational Programs in Occupational Therapy published by the American Occupational Therapy Association, Inc.

AMENDATORY SECTION (Amending Order 171B, filed 5/16/91, effective 6/16/91)

WAC 246-847-050 RECOGNIZED EDUCATIONAL PROGRAMS—OCCUPATIONAL THERAPY ASSISTANTS. The board recognizes and approves courses of instruction conducted by schools that have obtained approval of the occupational therapy assistant associate degree programs and occupational therapy assistant certificate programs from the American Occupational Therapy Association as recognized in the ((1990-1991)) current Listing of Educational Programs in Occupational Therapy published by the American Occupational Therapy Association, Inc.

AMENDATORY SECTION (Amending Order 112B, filed 2/12/91, effective 3/15/91)

WAC 246-847-060 LICENSE RENEWAL REGISTRATION DATE AND FEE. (1) Individuals making application for initial license, provided they meet the requirements for licensure in the state of Washington, will be issued a license to expire on their next birth anniversary date.

(2) Licenses shall be renewed upon a biennial basis on or before the licensee's birth anniversary date. Licenses not renewed on or before the licensee's biennial birth anniversary date shall expire immediately after the licensee's birth anniversary date and any practice engaged in with an expired license shall be deemed unlicensed practice.

(3) ((Limited permits shall expire in accordance with RCW 18.59.040(7).

(4))) On a one-time basis, effective February 1, 1989, all persons applying for license renewal shall submit, in addition to the other requirements, evidence to show compliance with the education requirements of WAC ((308-171-320)) 246-847-190.

Those persons who must renew during 1989 shall submit evidence of compliance with the education requirements of WAC ((308-171-320)) 246-847-190 with their renewal application. Persons who are unable to verify compliance by their 1989 renewal date may, upon written application, be granted an extension to December 31, 1989. Those persons who must renew during 1990 shall submit evidence of compliance with WAC ((308-171-320)) 246-847-190 on or before December 31, 1989.

NEW SECTION

WAC 246-847-115 LIMITED PERMITS. An applicant who successfully passes the examination for licensure and who has a valid limited permit through the department of health at the time the examination results are made public shall be deemed to be validly licensed under the limited permit for the next thirty calendar days.

WSR 91-23-048 RULES COORDINATOR LOTTERY COMMISSION

[Filed November 14, 1991, 4:15 p.m.]

At its regularly scheduled meeting held on November 8, 1991, the Lottery Commission appointed Jeffrey Burkhardt, Contracts Specialist 3, to the position of rules coordinator for the Washington State Lottery, effective January 1, 1992. This appointment is made pursuant to RCW 34.05.310.

WSR 91-23-049 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Filed November 14, 1991, 4:22 p.m.]

Date of Adoption: November 14, 1991.

Purpose: Delay the setting of commercial crab gear by one day.

Citation of Existing Rules Affected by this Order: Amending WAC 220-52-046.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the

public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This regulation is needed to coordinate the crab gear setting date with both the states of Oregon and California, and is necessary to ensure an orderly fishery.

Effective Date of Rule: Immediately.

November 14, 1991 Gene DiDonato for Joseph R. Blum Director

NEW SECTION

WAC 220-52-04600U CRAB FISHERY — SEA-SONS AND AREAS. Not withstanding the provisions of WAC 220-52-046, in coastal, Pacific Ocean, Grays Harbor, Willapa Harbor and Columbia River waters, it is unlawful to set crab gear prior to 8:00 a.m. November 28, 1991.

WSR 91-23-050 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 91-140—Filed November 15, 1991, 1:27 p.m., effective November 17, 1991, 12:01 a.m.]

Date of Adoption: November 15, 1991. Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-721.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The openings in Areas 7B, 8, and 8A provide opportunity to harvest the nontreaty shares of chum salmon originating from the Nooksack-Samish, Skagit and Stillaguamish-Snohomish regions. The Area 8 in-season restriction provides recreational/commercial fleet separation. All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

Effective Date of Rule: 12:01 a.m., November 17, 1991.

November 15, 1991 Gene DiDonato for Joseph R. Blum Director

NEW SECTION

WAC 220-47-722 PUGET SOUND ALL-CITIZEN COMMERCIAL SALMON FISHERY. Notwithstanding the provisions of Chapter 220-47 WAC, effective 12:01 AM Sunday November 17, 1991, until

further notice, it is unlawful to take, fish for, or possess salmon or Atlantic salmon for commercial purposes taken from the following Puget Sound Salmon Management and Catch Reporting Areas except in accordance with the following open periods and mesh and area restrictions:

*Area 7B - Gillnets using 6-inch minimum mesh, and purse seines, may fish continuously from 5:00 AM Monday November 18 until 4:00 PM Friday November 22.

*Area 8 - Gillnets using 6-inch minimum mesh may fish from 3:00 PM to 9:00 AM nightly, Monday and Tuesday November 18 and 19. Purse seines using the 5-inch strip may fish from 5:00 AM to 8:00 PM daily, Tuesday and Wednesday November 19 and 20. In addition to the exclusion zones described in WAC-220-47-307, the following area 8 in-season restriction applies: closed south of a line projected true west from Onamac Point on Camano Island to the landfall on the eastern shore of Whidbey Island.

*Area 8A - Gillnets using 6-inch minimum mesh may fish from 3:00 PM to 9:00 AM nightly, Monday, Tuesday and Wednesday nights November 18, 19 and 20. Purse seines using the 5-inch strip may fish from 5:00 AM to 8:00 PM daily, Tuesday, Wednesday and Thursday November 19, 20 and 21.

*Areas 4B, 5, 6, 6A, 6B, 6C, 6D, 7, 7A, 7C, 7D, 7E, 8D, 9, 9A, 10, 10A, 10C, 10D, 10E, 10F, 10G, 11, 11A, 12, 12A, 12B, 12C, 12D, 13, 13A, 13C, 13D, 13E, 13F, 13G, 13H, 13I, 13J, and 13K, all freshwater areas, and exclusion zones provided for in WAC 220-47-307 except as modified herein – Closed.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

REPEALER

The following section of the Washington Administrative Code is repealed effective 12:01 AM Sunday November 17, 1991:

WAC 220-47-721 PUGET SOUND ALL-CITI-ZEN COMMERCIAL SALMON FISHERY (91-137)

WSR 91-23-051 PERMANENT RULES DEPARTMENT OF AGRICULTURE

[Filed November 15, 1991, 1:39 p.m.]

Date of Adoption: November 12, 1991.

Purpose: Establish procedural rules for the adjudicative process under chapter 34.05 RCW.

Statutory Authority for Adoption: Chapter 34.05 RCW.

Pursuant to notice filed as WSR 91-20-177 on October 2, 1991.

Changes Other than Editing from Proposed to Adopted Version: WAC 16-08-021 (1)(b), in this sentence, the words "or emergency" were struck, and a second sentence was added to deal with emergency adjudicative proceedings separately from brief adjudicative proceedings, that with the change, is what the first sentence

deals with; WAC 16-08-151(1), the RCW citation of 34.05.482 was changed to 34.05.479 to correct a typographical error; WAC 16-08-151(2), in the last sentence, the words "his/her/its views" were struck and the word defense was added. Without intending to in the prior language, the previous proposal appeared to improperly shift the burden of proof to the affected party. The new language will clarify that burden of proof; WAC 16-08-151(3), the words "an initial" were struck and the words a final were added to clarify what type of an order is to be issued after an emergency adjudicative proceeding. In addition, this necessitated striking the remaining portion of this section as it now holds no relevance. It clarifies also who will issue the order; WAC 16-08-151(4), the word "suspicion" was struck and the word suspension added to correct a typographical error; and WAC 16-08-171, second paragraph, a comma was added after the word "personally" to clarify the procedure therein.

Effective Date of Rule: Thirty-one days after filing.

November 15, 1991 Michael V. Schwisow Deputy Director

NEW SECTION

WAC 16-08-002 DEFINITIONS. The definitions set forth in this section shall apply throughout this chapter unless the context otherwise requires:

- (1) "Department" means the department of agriculture of the state of Washington.
- (2) "Director" means the director of the department of agriculture.
- (3) "Reviewing officer" means the deputy director of the department of agriculture, who the director hereby designates to exercise all decision making powers to review initial orders, and prepare and enter final orders for the director of agriculture pursuant to RCW 34.05.464(2), or the director of agriculture. The reviewing officer shall mean the director in those cases where the deputy director has acted as the presiding officer.

NEW SECTION

WAC 16-08-011 ADOPTION OF MODEL RULES OF PROCEDURE. The model rules of procedure, chapter 10-08 WAC, adopted by the chief administrative law judge pursuant to RCW 34.05.250, as now or hereafter amended, are hereby adopted for use by the department. In the case of a conflict between the model rules of procedure and procedural rules adopted in this chapter, the procedural rules adopted by the department shall take precedence.

NEW SECTION

WAC 16-08-021 PRESIDING OFFICER. (1) The director will designate the presiding officer for an adjudicative proceeding:

(a) In matters involving an adjudicative proceeding, the director may designate as presiding officer an administrative law judge assigned by the office of administrative hearings under the authority of chapter 34.12 RCW, or the deputy director;

- (b) In matters involving a brief adjudicative proceeding the director may designate an assistant director as presiding officer. In matters involving emergency adjudicative proceedings the director may designate an assistant director, the deputy director, or the deputy director's assistant as presiding officer.
- (2) A person who has served as an investigator, prosecutor, or advocate in any stage of an adjudicative proceeding or someone who is subject to the authority or direction of such a person, may not serve as a presiding officer in the same proceeding.
 - (3) The presiding officer shall have the authority to:
 - (a) Determine the order of presentation of evidence;
 - (b) Administer oaths and affirmations;
 - (c) Issue subpoenas;
- (d) Rule on procedural matters, objections, and motions;
- (e) Rule on offers of proof and receive relevant evidence;
- (f) Interrogate witnesses called by the parties in an impartial manner to develop any facts deemed necessary to fairly and adequately decide the matter;
- (g) Call additional witnesses and request additional exhibits deemed necessary to complete the record and receive such evidence subject to full opportunity for cross-examination and rebuttal by all parties;
- (h) Take any appropriate action necessary to maintain order during the hearing;
- (i) Permit or require oral argument or briefs and determine the time limits for submission thereof;
- (j) Take any other action necessary and authorized by any applicable statute or rule;
- (k) Waive any requirement of these rules unless a party shows that it would be prejudiced by such a waiver.

NEW SECTION

WAC 16-08-031 APPLICATION FOR ADJUDI-CATIVE PROCEEDING. An application for an adjudicative proceeding shall be made on a form provided by the department. Written application for an adjudicative proceeding shall be received at the address designated on the application form within twenty days of notice of the proposed department action giving rise to the application unless provided for otherwise by statute or rule.

NEW SECTION

WAC 16-08-041 SETTLEMENT. Before or after a hearing, parties to a proceeding may enter into discussions leading to a voluntary settlement of the subject matter of the proceeding. These conferences shall be informal and without prejudice to the rights of the parties, and no statement, admission, or offer of settlement made at an informal conference shall be admissible in evidence in any adjudicative proceeding.

NEW SECTION

WAC 16-08-051 DISCOVERY—AUTHORITY OF PRESIDING OFFICER. (1) Discovery in adjudicative proceedings other than as enumerated in WAC 16-08-061 through 16-08-121 may be permitted at the

discretion of the presiding officer. In permitting such discovery, the presiding officer shall make reference to the civil rules of procedure.

(2) The presiding officer shall have the power to control the frequency and nature of discovery permitted, including discovery as enumerated in WAC 16-08-061 through 16-08-121, and to order discovery conferences to discuss discovery issues.

NEW SECTION

WAC 16-08-061 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS—RIGHT TO TAKE. Except as may be otherwise provided, any party may take the testimony of any person, including a party, by deposition upon oral examination or written interrogatories for use as evidence in the proceeding.

NEW SECTION

WAC 16-08-071 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS—SCOPE. Unless otherwise ordered, the deponent may be examined regarding any matter not privileged, which is relevant to the subject matter involved in the proceeding.

NEW SECTION

WAC 16-08-081 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS—OFFICER BEFORE WHOM TAKEN. Within the United States or within a territory or insular possession subject to the dominion of the United States depositions shall be taken before an officer authorized to administer oaths by the laws of the state of Washington or of the place where the examination is held; within a foreign country, depositions shall be taken before a secretary of an embassy or legation, consul general, vice consul or consular agent of the United States, or a person designated by the director of agriculture or agreed upon by the parties by stipulation in writing filed with the department of agriculture. Except by stipulation, no deposition shall be taken before a person who is a party or the privy of a party, or a privy of any counsel of a party, or who is financially interested in the proceeding.

NEW SECTION

WAC 16-08-091 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS-NOTICE. A party desiring to take the deposition of any person upon oral examination shall give reasonable notice of not less than five days in writing to the department of agriculture and all parties. The notice shall state the time and place for taking the deposition, the name and address of each person to be examined, if known, and if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. On motion of a party upon whom the notice is served, the presiding officer may for cause shown, enlarge or shorten the time. If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used as other depositions.

NEW SECTION

WAC 16-08-101 DEPOSITIONS AND INTER-ROGATORIES IN ADJUDICATIVE PROCEED-INGS—PROTECTION OF PARTIES AND DEPON-ENTS. After notice is served for taking a deposition, upon its own motion or upon motion reasonably made by any party or by the person to be examined and upon notice and for good cause shown, the director or his/her designated presiding officer may make an order that the deposition shall not be taken, or that it may be taken only at some designated place other than that stated in the notice, or that it may be taken only on written interrogatories, or that certain matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed, the deposition shall be opened only by order of the director, or that business secrets or secret processes, developments, or research need not be disclosed, or that the parties shall simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the director, or the director may make any other order which justice requires to protect the party or witness from annoyance, embarrassment, or oppression. At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the director or his/her designated presiding officer may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as above provided. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the agency. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order.

NEW SECTION

WAC 16-08-111 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS—USE AND EFFECT. Subject to rulings by the presiding officer upon objections, a deposition taken and filed as provided in this rule will not become a part of the record in the proceeding until received in evidence by the presiding officer upon his own motion or the motion of any party. Except by agreement of the parties or ruling of the presiding officer, a deposition will be received only in its entirety. A party does not make a party, or the privy of a party, or any hostile witness his/her witness by taking his/her deposition. Any party may rebut any relevant evidence contained in a deposition whether introduced by him/her or any other party.

NEW SECTION

WAC 16-08-121 DEPOSITIONS IN ADJUDI-CATIVE PROCEEDINGS—FEES OF OFFICERS AND DEPONENTS. Deponents whose depositions are taken and the officers taking the same shall be entitled to the same fees as are paid for like services in the superior courts of the state of Washington under RCW 5.56.010, which fees shall be tendered and paid by the party at whose instance the depositions are taken.

NEW SECTION

WAC 16-08-131 ADJUDICATIVE PROCEED-INGS—PETITION FOR REVIEW AND REPLIES. (1) Any party to an adjudicative proceeding may file a petition for review of an initial order.

- (2) The petition for review shall be filed with the director within twenty days of the date of service of the initial order unless a different place and time limit for filing the petition are specified in the initial order in its statement describing available procedures for administrative relief. Copies of the petition shall be served upon all other parties or their representatives at the time the petition is filed and evidence of such service shall be filed with the petition for review.
- (3) The petition for review shall specify the portions of the initial order to which exception is taken and shall refer to the evidence of record relied upon to support the petition.
- (4) Any party may file a reply to a petition for review. The reply shall be filed with the office where the petition for review was filed within twenty days of the date of service of the petition and copies of the reply shall be served upon all other parties or their representatives at the time the reply is filed, and may cross-petition for review. If the reply contains a cross-petition, it shall specify portions of the initial order to which exception is taken by the replying party, and shall refer to the evidence of record relied upon to support the reply.
- (5) Any party may reply to a cross-petition by filing and serving it as set forth in subsection (4) of this section.

NEW SECTION

WAC 16-08-141 BRIEF ADJUDICATIVE PRO-CEEDINGS. (1) Pursuant to RCW 34.05.482, the department will use brief adjudicative proceedings where not violative of law and where protection of the public interest does not require the department to give notice and an opportunity to participate to persons other than the parties. Those circumstances may include:

- (a) Actions taken by the agency based on the failure:
- (i) To maintain, supply, or display records; and/or
- (ii) To display evidence of a license; and/or
- (iii) To display or post information required by law; and/or
- (iv) To possess required insurance, bonding or other security.
- (b) Actions taken with respect to late application renewal fees.
- (c) Actions taken with respect to certificate of compliance agreements under WAC 16-461-010.
- (d) Actions taken with respect to sale permits pursuant to RCW 15.13.270.
- (e) Actions taken to revoke certification of plant material as foundation or breeder planting stock pursuant to RCW 15.14.110.

- (f) Penalty actions taken with respect to cattle breed name use.
- (g) Penalty actions taken against milk producers pursuant to RCW 15.36.115.
- (h) Dairy degrade actions taken pursuant to RCW 15.36.595.
- (i) Actions taken with respect to licenses for sale of milk for animal food pursuant to RCW 15.37.030 et seq.
- (j) Actions taken with respect to registration of commercial feed pursuant to RCW 15.53.9036;
- (k) Actions taken with respect to pesticide registration under RCW 15.58.110.
- (1) Actions taken with respect to organic certification pursuant to RCW 15.86.060 and/or 15.86.070.
- (m) Actions taken with respect to mushroom buyer or dealer licenses pursuant to RCW 15.90.020.
- (n) Actions taken with respect to animal health certificates pursuant to RCW 16.36.050.
- (o) Actions taken with respect to destruction or treatment of quarantined animals pursuant to RCW 16.36.090.
- (p) Actions taken with respect to licenses for garbage feeding to swine pursuant to RCW 16.36.108.
- (q) Actions taken with respect to licenses related to custom farm slaughter pursuant to chapter 16.49 RCW.
- (r) Actions taken with respect to licenses related to custom meat facilities pursuant to chapter 16.49 RCW.
- (s) Actions taken with respect to approval of livestock pens within feedlots pursuant to RCW 16.58.080.
- (t) Actions taken with respect to certified feed lot licenses pursuant to RCW 16.58.130.
- (u) Actions taken with respect to seizure and destruction of incorrect weights and measures pursuant to RCW 19.24.250.
- (v) Actions taken with respect to licenses of grain dealers or warehousemen pursuant to RCW 22.09.471.
- (2) A party to a brief adjudicative hearing has twenty days to file an application or request from the date of service of the department's notice of intent to take action. The application or request for a brief adjudicative hearing shall be filed at the address listed on the form provided by the department. The party filing the application or request for a brief adjudicative proceeding shall submit a written explanation of their view of the matter along with the application or request. Other parties may file a written response within ten days after service of the application for a brief adjudicative proceeding. Copies of the response shall be served on all parties. Oral statements may be submitted and considered as follows:
- (a) If a party to a brief adjudicative proceeding desires an opportunity to make an oral statement, it should be requested in the application or request.
- (b) A request to make an oral statement may be granted if the presiding officer believes such a statement would benefit him or her in reaching a decision. The presiding officer shall notify the parties within a reasonable time of the decision to grant or deny the request to hear oral comments, and if the request is granted, shall notify the parties of the time and place for hearing comments.

- (3) If the party is present at the time any unfavorable action is taken, the presiding officer shall make a brief statement of the reasons for the decision. The decision on an application shall be expressed in a written order which shall be served upon all parties within ten days after entry.
- (4) The presiding officer's written decision is an initial order. If no review is taken of the initial order, it shall be the final order.
- (5) The reviewing officer shall conduct a review of an initial order resulting from a brief adjudicative proceeding upon the written or oral request of a party if the director receives the request within twenty—one days from the service of the initial order. If no request is filed in a timely manner, the reviewing officer may review, on his or her own motion, an order resulting from a brief adjudicative proceeding and adopt, modify, or reject the initial order; but the reviewing officer shall not take any action on review less favorable to any party without giving that party notice and opportunity to explain his or her view of the matter.
- (6) A request for review of an initial order shall contain an explanation of the party's view of the matter and a statement of reasons why the initial order is incorrect. The request for review shall be filed with the director and copies shall be served on all parties, and evidence of such service filed. Responses to a request for review of an initial order shall be filed with the director and served on all parties within ten days after service of the request for review.
- (7) The order on review shall be in writing, shall include a brief statement of the reasons for the decision, and shall be entered within twenty days after the date of the initial order or of the request for review, whichever is later. The order shall include a description of any further available administrative review or, if none is available, a notice that judicial review may be available.
- (8) The record in a brief adjudicative proceeding shall consist of any documents regarding the matter that were considered or prepared by the presiding officer for the brief adjudicative proceeding and/or by the reviewing officer for any review.

NEW SECTION

WAC 16-08-151 EMERGENCY ADJUDICA-TIVE PROCEEDINGS. (1) Pursuant to RCW 34.05-.479, the department shall use emergency adjudicative proceedings for the suspension or cancellation of authority in situations involving an immediate danger to the public health, safety, or welfare requiring immediate action by the department. Such situations shall include:

- (a) Failure to possess required insurance, bonding or other security.
- (b) Health, safety, or welfare violations when the violation involves an immediate danger to the public health, safety, or welfare, including, but not limited to, decisions by the department to condemn horticultural plants under chapter 15.13 RCW; or to condemn infested or infected articles under chapter 15.08 RCW; or to issue stop sale, use, or removal order under chapter 15.49 RCW; or to

- quarantine apiaries under chapter 15.60 RCW; or to condemn or impound infested, infected, or regulated articles pursuant to chapter 17.24 RCW; or to close food processing facilities under chapter 69.07 RCW; or under rules or regulations of the director adopted pursuant to such laws.
- (2) The summary order shall include a brief statement of findings of fact, conclusions of law, and justification for the determination of an immediate danger to the public health, safety, or welfare. The order shall be effective when entered. Service of the order shall be made pursuant to WAC 10-08-110. The order shall also establish a date affording the affected party the opportunity to present any defense concerning why the summary order is incorrect.
- (3) A decision made upon the emergency adjudicative proceeding shall be expressed in a written order which shall be served on all parties within five days after its entry. This written order is a final order.
- (4) The summary order shall be effective pending disposition on the merits of the denial, suspension or revocation of authority.

NEW SECTION

WAC 16-08-161 CONVERSION OF PROCEED-INGS. (1) Upon application by any person or upon his or her own motion, the presiding officer or other official responsible for the original proceeding shall consider whether the conversion of a proceeding pursuant to RCW 34.05.070 should be made.

(2) Commencement of the new proceeding shall be determined to be the time of commencement of the original proceeding, provided that all statutory and regulatory requirements for the new proceeding shall be met.

NEW SECTION

WAC 16-08-171 DOCUMENTS—FILING. Any documents filed with the director under provisions of the Administrative Procedure Act, chapter 34.05 RCW, Model rules of procedure, chapter 10-08 WAC, and this chapter, shall be filed with the Deputy Director's Office, 406 General Administration Bldg., AX-41, Olympia, WA 98504.

Unless otherwise required by law, filing of a document with the director shall be made personally, by first class mail, by certified or registered mail, by commercial parcel delivery company, or by electronic telefacsimile transmission and same—day mailing of original showing same—day postmark. Filing shall occur within the period of time specified for filing by statute, rule, or order.

REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 16-08-001 PROMULGATION. WAC 16-08-010 APPEARANCE AND PRAC-TICE BEFORE DEPARTMENT OF AGRICUL-TURE—WHO MAY APPEAR. WAC 16-08-020 APPEARANCE AND PRACTICE BEFORE DEPARTMENT OF AGRICULTURE—APPEARANCE IN CERTAIN PROCEEDINGS MAY BE LIMITED TO ATTORNEYS.

WSR 91-23-052 PERMANENT RULES FOREST PRACTICES BOARD

[Filed November 15, 1991, 3:08 p.m.]

Date of Adoption: October 9, 1991.

Purpose: Revisions to the definition of Class I and Class II forest practices, provisions for conversion of forest land to other uses and provisions for lands likely to convert to urban development.

Citation of Existing Rules Affected by this Order: Amending WAC 222-16-010, 222-16-050, 222-20-010, 222-20-040, 222-20-050, 222-34-050, 222-46-020, 222-46-030, 222-46-040, and 222-50-030.

Statutory Authority for Adoption: RCW 76.09.040, 76.09.050, and 34.05.350.

Pursuant to notice filed as WSR 91-13-072 on June 18, 1991.

Changes Other than Editing from Proposed to Adopted Version: WAC 222-16-010(10), added "voluntary" before second occurrence of "plan" to clarify the voluntary nature of a conversion option harvest plan. No change in intent; WAC 222-20-040 (3) and (4), rewritten to provide clarity, no change in substance, drafting errors corrected; WAC 222-20-050(2), added the classes of forest practices affected in order to clarify intent, changed "they" to "landowner" in order to clarify intent, provided for approval by the local government entity in order to clarity intent, and provided that conversion option harvest plans would be attached to notifications as well as applications, correcting an oversight; WAC 222-46-020, 222-46-030 and 222-46-040, in each of these three sections, "by a local government entity" was deleted after "imposed" because local government entities are not authorized to impose conditions; and WAC 222-50-030, added subsection (7) to recommend that interagency agreements include provisions specifying procedures for processing applications and notifications. Not a change to the intent of the rule.

Effective Date of Rule: Thirty-one days after filing.

November 13, 1991

Brian Boyle

Commissioner of
Public Lands

AMENDATORY SECTION (Amending Order 551, Resolution No. 88-1, filed 9/21/88, effective 11/1/88)

WAC 222-16-010 GENERAL DEFINITIONS.* Unless otherwise required by context, as used in these regulations:

- (((1))) "Act" means the Forest Practices Act, chapter 76.09 RCW.
- (((2))) "Affected Indian tribe" means any federally recognized Indian tribe that requests in writing from the department information on forest practices applications and notification filed on specified areas.
- (((3))) "Appeals board" means the forest practices appeals board established in the act.
- (((4))) "Board" means the forest practices board established by the act.
- (((5))) "Borrow pit" shall mean an excavation site outside the limits of construction to provide material necessary to that construction, such as fill material for the embankments.
- (((6))) "Chemicals" means substances applied to forest lands or timber to accomplish specific purposes and includes pesticides, insecticides, rodenticides, plant-growth regulators, fungicides, fertilizers, desiccants, fire retardants when used in controlled burning, repellents, oil, dust-control agents (other than water), salt and other materials that may present hazards to the environment.
- (((7))) "Commercial tree species" means any species which is capable of producing a merchantable stand of timber on the particular site, or which is being grown as part of a Christmas tree or ornamental tree-growing operation.
 - (((8))) "Completion of harvest" means the latest of:
- (((a))) Completion of removal of timber from the portions of forest lands harvested in the smallest logical unit that will not be disturbed by continued logging or an approved slash disposal plan for adjacent areas; or
- (((tb))) Scheduled completion of any slash disposal operations where the department and the applicant agree within 6 months of completion of yarding that slash disposal is necessary or desirable to facilitate reforestation and agree to a time schedule for such slash disposal; or
- (((c))) Scheduled completion of any site preparation or rehabilitation of adjoining lands approved at the time of approval of the application or receipt of a notification: PROVIDED, That delay of reforestation under this ((subsection (c))) paragraph is permitted only to the extent reforestation would prevent or unreasonably hinder such site preparation or rehabilitation of adjoining lands.
- (((9))) "Contamination" means the introducing into the atmosphere, soil, or water, sufficient quantities of substances as may be injurious to public health, safety or welfare, or to domestic, commercial, industrial, agriculture or recreational uses, or to livestock, wildlife, fish or other aquatic life.

(((10))) "Conversion option harvest plan" means a voluntary plan developed by the landowner and approved by the local government entity indicating the limits of harvest areas, road locations, and open space.

"Conversion to a use other than commercial timber operation" shall mean a bona fide conversion to an active use which is incompatible with timber growing.

- (((11))) "Critical wildlife habitat" means the habitat of any threatened or endangered species, as such habitat is established by the board in the forest practices board manual, or other situations as identified by the board, after consultation with the department of wildlife, where specific management practices are needed to prevent critical wildlife habitat destruction.
- (((12))) "Cultural resources" means archaeological and historic sites and artifacts and traditional religious, ceremonial and social uses and activities of affected Indian tribes.
- (((13))) "Debris" means woody vegetative residue less than 3 cubic feet in size resulting from forest practice activities which would reasonably be expected to cause significant damage to a public resource.
- (((14))) "Department" means the department of natural resources.
- (((15))) "End hauling" means the removal and transportation of excavated material, pit or quarry overburden, or landing or road cut material from the excavation site to a deposit site not adjacent to the point of removal.
- (((16))) "Erodible soils" means those soils exposed or displaced by a forest practice operation, that would be readily moved by water.
- (((17))) "Fertilizers" means any substance or any combination or mixture of substances used principally as a source of plant food or soil amendment.
- (((18))) "Flood level 50 year." For purposes of field interpretation of these regulations, the 50-year flood level shall be considered to refer to a vertical elevation measured from the ordinary high-water mark which is 1.25 times the vertical distance between the average stream bed and the ordinary high-water mark, and in horizontal extent shall not exceed 2 times the channel width measured on either side from the ordinary highwater mark, unless a different area is specified by the department based on identifiable topographic or vegetative features or based on an engineering computation of flood magnitude that has a 2 percent chance of occurring in any given year. The 50-year flood level shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or under license from the federal government, the state, or a political subdivision of the state.
- (((19))) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing.
- (((20))) "Forest land owner" shall mean any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner: PROVIDED, That any lessee or other person in possession of forest land without legal or equitable title to such

land shall be excluded from the definition of "forest land owner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

- (((21))) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:
 - (((a))) Road and trail construction;
 - (((b))) Harvesting, final and intermediate;
 - (((c))) Precommercial thinning;
 - (((d))) Reforestation;
 - (((c))) Fertilization;
- ((f)) Prevention and suppression of diseases and insects;
 - $((\frac{g}{g}))$ Salvage of trees; and
 - (((h))) Brush control.

"Forest practice" shall not include: Preparatory work such as tree marking, surveying and road flagging; or removal or harvest of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber or public resources.

(((22))) "Herbicide" means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate any tree, bush, weed or algae and other aquatic weeds.

(((23))) "Historic site" includes:

- (((a))) Sites, areas and structures or other evidence of human activities illustrative of the origins, evolution and development of the nation, state or locality; or
- (((b))) Places associated with a personality important in history; or
- (((c))) Places where significant historical events are known to have occurred even though no physical evidence of the event remains.
- (((24))) "Insecticide" means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate any insect, other arthropods or mollusk pests.
- (((25))) "Interdisciplinary team" (ID Team) means a group of varying size comprised of individuals having specialized expertise, assembled by the department to respond to technical questions associated with a proposed forest practice activity.
- (((26))) "Limits of construction" means the area occupied by the completed roadway or landing, including the cut bank, fill slope, and the area cleared for the purpose of constructing the roadway or landing.
- (((27))) "Load bearing portion" means that part of the road, landing, etc., which is supportive soil, earth, rock or other material directly below the working surface and only the associated earth structure necessary for support.

"Local government entity" means the governments of counties and the governments of cities and towns as defined in chapter 35.01 RCW.

- (((28))) "Merchantable stand of timber" means a stand of trees that will yield logs and/or fiber:
- (((a))) Suitable in size and quality for the production of lumber, plywood, pulp or other forest products.

- (((b))) Of sufficient value at least to cover all the costs of harvest and transportation to available markets.
- (((29))) "Notice to comply" means a notice issued by the department pursuant to RCW 76.09.090 of the act and may require initiation and/or completion of action necessary to prevent, correct and/or compensate for material damage to public resources which resulted from forest practices.
- (((30))) "Operator" shall mean any person engaging in forest practices except an employee with wages as his sole compensation.
- (((31))) "Ordinary high-water mark" means the mark on the shores of all waters, which will be found by examining the beds and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation: PROVIDED, That in any area where the ordinary high-water mark cannot be found, the ordinary high-water mark adjoining saltwater shall be the line of mean high tide and the ordinary high-water mark adjoining freshwater shall be the line of mean high-water.
- (((32))) "Park" means any park included on the parks register maintained by the department pursuant to WAC 222-20-100(2). Developed park recreation area means any park area developed for high density outdoor recreation use.
- (((33))) "Partial cutting" means the removal of a portion of the merchantable volume in a stand of timber so as to leave an uneven-aged stand of well-distributed residual, healthy trees that will reasonably utilize the productivity of the soil. Partial cutting does not include seedtree or shelterwood or other types of regeneration cutting.
- (((34))) "Pesticide" means any insecticide, herbicide or rodenticide but does not include nontoxic repellents or other chemicals.
- (((35))) "Plantable area" is an area capable of supporting a commercial stand of timber excluding lands devoted to permanent roads, utility rights—of—way, that portion of riparian management zones where scarification is not permitted, and any other area devoted to a use incompatible with commercial timber growing.
- (((36))) "Power equipment" means all machinery operated with fuel burning or electrical motors, including heavy machinery, chain saws, portable generators, pumps, and powered backpack devices.
- (((37))) "Public resources" means water, fish, and wildlife and in addition shall mean capital improvements of the state or its political subdivisions.
- (((38))) "Rehabilitation" means the act of renewing, or making usable and reforesting forest land which was poorly stocked or previously nonstocked with commercial species.
- (((39))) "Relief culvert" means a structure to relieve surface runoff from roadside ditches to prevent excessive buildup in water volume and velocity.
- (((40))) "Riparian management zone" means a specified area alongside Type 1, 2 and 3 Waters where specific measures are taken to protect water quality and fish and wildlife habitat.

- (((41))) "Rodenticide" means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate rodents or any other vertebrate animal which the director of the state department of agriculture may declare by regulation to be a pest.
- (((42))) "Salvage" means the removal of snags, down logs, windthrow, or dead and dying material.
- (((43))) "Scarification" means loosening the topsoil and/or disrupting the forest floor in preparation for regeneration.
- (((44))) "Side casting" means the act of moving excavated material to the side and depositing such material within the limits of construction or dumping over the side and outside the limits of construction.
- (((45))) "Shorelines of the state" shall have the same meaning as in RCW 90.58.030 (Shoreline Management Act).
- (((46))) "Skid trail" means a route used by tracked or wheeled skidders to move logs to a landing or road.
- (((47))) "Slash" means pieces of woody material containing more than 3 cubic feet resulting from forest practice activities.
- (((48))) "Spoil" means excess material removed as overburden or generated during road or landing construction which is not used within limits of construction.
- (((49))) "Stop work order" means the "stop work order" defined in RCW 76.09.080 of the act and may be issued by the department to stop violations of the forest practices chapter or to prevent damage and/or to correct and/or compensate for damages to public resources resulting from forest practices.
- (((50))) "Threatened or endangered species" applies to all species of wildlife listed as "threatened" or "endangered" by the United States Fish and Wildlife Service, except any species which the Washington department of wildlife determines does not require special protection under the Forest Practices Act because conservation of the species is reasonably assured through a recovery and enhancement program or existence of an adequate population on lands where commercial forestry and land development are prohibited, or through other means. For this purpose, "wildlife" means all members of the animal kingdom except insects and benthic organisms.
- (((51))) "Timber" shall mean forest trees, standing or down, of a commercial species, including Christmas trees.
- (((52))) "Water bar" means a diversion ditch and/or hump in a trail or road for the purpose of carrying surface water runoff into the vegetation duff, ditch, or other dispersion area so that it does not gain the volume and velocity which causes soil movement and erosion.
- (((53))) "Weed" is any plant which tends to overgrow or choke out more desirable vegetation.
- (((54))) "Windthrow" means a natural process by which trees are uprooted or sustain severe trunk damage by the wind.
- AMENDATORY SECTION (Amending Order 551, Resolution No. 88-1, filed 9/21/88, effective 11/1/88)
- WAC 222-16-050 CLASSES OF FOREST PRACTICES. There are 4 classes of forest practices

created by the act. These classes are listed below in the order most convenient for the applicant's use in determining into which class his operations fall. All forest practices (including those in Classes I and II) must be conducted in accordance with the forest practices regulations.

- (1) "Class IV special." Application to conduct forest practices involving the following circumstances requires an environmental checklist in compliance with the State Environmental Policy Act (SEPA), and SEPA guidelines, as they have been determined to have potential for a substantial impact on the environment. It may be determined that additional information or a detailed environmental statement is required before these forest practices may be conducted.
- *(a) Aerial application of pesticides to an "area of water supply interest" as determined according to WAC 222-38-020 (5)(i).
- (b) Harvesting, road construction, site preparation or aerial application of pesticides:
- (i) On lands known to contain a breeding pair or the nest or breeding grounds of any threatened or endangered species; or
- (ii) Within the critical habitat designated for such species by the United States Fish and Wildlife Service.
- (c) Widespread use of DDT or a similar persistent insecticide.
- (d) Harvesting, road construction, aerial application of pesticides and site preparation on all lands within the boundaries of any national park, state park, or any park of a local governmental entity, except harvest of less than 5 MBF within any developed park recreation area and park managed salvage of merchantable forest products.
- *(e) Construction of roads, landings, rock quarries, gravel pits, borrow pits, and spoil disposal areas on slide prone areas as defined in WAC 222-24-020(6) when such slide prone areas occur on an uninterrupted slope above a Type 1, 2, 3 or 4 Water where there is potential for a substantial debris flow or mass failure to cause significant impact to public resources.
- (2) "Class IV general." Applications involving the following circumstances are "Class IV - general" forest practices unless they are listed in "Class IV - special." Upon receipt of an application, the department will determine the lead agency for purposes of compliance with the State Environmental Policy Act pursuant to WAC 197-11-938(4) 197-11-924 and and 43.21C.037(2). Such applications are subject to a 30day period for approval unless the lead agency determines a detailed statement under RCW 43.21C.030 (2)(c) is required. Upon receipt, if the department determines the application is for a proposal that will require a license from a county/city acting under the powers enumerated in RCW 76.09.240, the department shall notify the applicable county/city under WAC 197-11-924 that the department has determined according to WAC 197-11-938(4) that the county/city is the lead agency for purposes of compliance with State Environmental Policy Act.

- (a) Forest practices (other than those in Class I) on lands platted after January 1, 1960, or on lands being converted to another use.
- (b) Forest practices which would otherwise be Class III, but which are taking place on lands which are not to be reforested because of likelihood of future conversion to urban development. (See WAC 222-16-060 and 222-34-050.)
- (3) "Class I." Those operations that have been determined to have no direct potential for damaging a public resource are Class I forest practices. When the conditions listed in "Class IV Special" are not present, these operations may be commenced without notification or application.
- (a) Culture and harvest of Christmas trees and seedlings.
- (b) Road maintenance except: (i) Replacement of bridges and culverts across Type 1, 2, 3 or flowing Type 4 Waters; or (ii) movement of material that has a direct potential for entering Type 1, 2, 3 or flowing Type 4 Waters.
- (c) Construction of landings less than 1 acre in size, if not within a shoreline area of a Type 1 Water, the riparian management zone of a Type 2 or 3 Water, or the ordinary high—water mark of a Type 4 Water.
- (d) Construction of less than 600 feet of road on a sideslope of 40 percent or less if the limits of construction are not within the shoreline area of a Type 1 Water, the riparian management zone of a Type 2 or Type 3 Water, or the ordinary high-water mark of a Type 4 Water
- (e) Installation or removal of a portable water crossing structure where such installation does not take place within the shoreline area of a Type 1 Water and does not involve disturbance of the beds or banks of any waters.
- (f) Initial installation and replacement of relief culverts and other drainage control facilities not requiring a hydraulic permit.
 - (g) Rocking an existing road.
- (h) Loading and hauling timber from landings or decks.
 - (i) Precommercial thinning and pruning.
 - (i) Tree planting and seeding.
- (k) <u>Cutting and/or removal</u> of less than 5,000 board feet of timber (including live, dead and down material) for personal use (i.e., firewood, fence posts, etc.) in any 12-month period.
 - (1) Emergency fire control and suppression.
- (m) Slash burning pursuant to a burning permit (RCW 76.04.205).
- (n) Other slash control and site preparation not involving either off-road use of tractors on slopes exceeding 40 percent or off-road use of tractors within the shorelines of a Type 1 Water, the riparian management zone of any Type 2 or 3 Water, or the ordinary highwater mark of a Type 4 Water.
- (o) Ground application of chemicals. (See WAC 222-38-020.)
- (p) Aerial application of chemicals (except insecticides) when applied to not more than 40 contiguous

acres if the application is part of a combined or cooperative project with another landowner and where the application does not take place within 100 feet of lands used for farming, or within 200 feet of a residence, unless such farmland or residence is owned by the forest landowner. Provisions of chapter 222–38 WAC shall apply.

- (q) Forestry research studies and evaluation tests by an established research organization.
- (r) Any of the following if none of the operation or limits of construction takes place within the shoreline area of a Type 1 Water or the riparian management zone of a Type 2 or 3 Water, or within the ordinary high water mark of a Type 4 Water or flowing Type 5 Water, and the operation does not involve off-road use of tractor or wheeled skidding systems on a sideslope of greater than 40 percent:
- (i) Any forest practices within the boundaries of existing golf courses.
- (ii) Any forest practices within the boundaries of existing cemeteries which are approved by the cemetery board.
- (iii) Any forest practices involving a single landowner where contiguous ownership is less than two acres in size.
- (4) "Class II." Certain forest practices have been determined to have a less than ordinary potential to damage a public resource and may be conducted as Class II forest practices: PROVIDED, That no forest practice enumerated below may be conducted as a Class II forest practice if the operation requires a hydraulic project approval (RCW 75.20.100) or is within a "shorelines of the state," or involves a bond in lieu of landowners signature (other than renewals). Such forest practices require an application. No forest practice enumerated below may be conducted as a "Class II" forest practice if it takes place on lands platted after January 1, 1960, or on lands being converted to another use. Such forest practices require a Class IV application. Class II forest practices are the following:
 - (a) Renewal of a prior Class II notification.
- (b) Renewal of a previously approved Class III or IV forest practice application where:
- (i) No modification of the uncompleted operation is proposed;
- (ii) No notices to comply, stop work orders or other enforcement actions are outstanding with respect to the prior application; and
- (iii) No change in the nature and extent of the forest practice is required under rules effective at the time of renewal.
- (c) Any of the following if none of the operation or limits of construction takes place within the riparian management zone of a Type 2 or 3 Water, or within the ordinary highwater mark of a Type 4 Water:
 - (i) Construction of advance fire trails.
- (ii) Opening a new pit of, or extending an existing pit by, less than 1 acre.
- (((iii) The following operations except those involving)) (d) Any of the following if none of the operation or limits of construction takes place within the riparian management zone of a Type 2 or 3 Water, or within the

- ordinary high water mark of a Type 4 Water; and if none of the operations involve off-road use of tractor or wheeled skidding systems on a sideslope of greater than 40 percent:
 - (((A))) Salvage of logging residue.
- (((B) Salvage of dead, down or dying timber if less than 40 percent of the total timber volume is removed in any 12-month period.
- (C)) (e) Any of the following if none of the operation or limits of construction takes place within the riparian management zone of a Type 2 or 3 Water, or within the ordinary high water mark of a Type 4 Water and if none of the operations involve off-road use of tractor or wheeled skidding systems on a sideslope of greater than 40 percent, and if none of the operations are located on lands with a likelihood of future conversion (see WAC 222-16-060):
- (i) West of the Cascade summit, partial cutting of 40 percent or less of the live timber volume.
- (((D))) (ii) East of the Cascade summit, partial cutting of 5,000 board feet per acre or less.
- (((E))) (iii) Salvage of dead, down, or dying timber if less than 40 percent of the total timber volume is removed in any 12-month period.
 - (iv) Any harvest on less than 40 acres.
- rovided that the department shall be ((renotified)) notified at least 2 business days before commencement of the construction.
- (5) "Class III" forest practices not listed under Classes IV, I or II above are "Class III" forest practices. Among Class III forest practices are the following:
- (a) Those requiring hydraulic project approval (RCW 75.20.100).
- (b) Those within the shorelines of the state other than those in a Class I forest practice.
- (c) Aerial application of insecticides, except where classified as a Class IV forest practice.
- (d) Aerial application of chemicals (except insecticides), except where classified as Class I or IV forest practices.
- (e) Harvest or salvage of timber except where classed as Class I, II or IV forest practices.
- (f) All road construction and reconstruction except as listed in Classes I, II and IV forest practices.
- (g) Opening of new pits or extensions of existing pits over 1 acre.
 - (h) Road maintenance involving:
- (i) Replacement of bridges or culverts across Type 1, 2, 3, or flowing Type 4 Waters; or
- (ii) Movement of material that has a direct potential for entering Type 1, 2, 3 or flowing Type 4 Waters.
- (i) Operations involving an applicant's bond in lieu of a landowner's signature.
- (j) Site preparation or slash abatement not listed in Classes I or IV forest practices.
- (k) Harvesting, road construction, site preparation or aerial application of pesticides on lands which contain cultural, historic or archaeological resources which, at the time the application or notification is filed, are:
- (i) On or are eligible for listing on the National Register of Historic Places; or

- (ii) Have been identified to the department as being of interest to an affected Indian tribe.
- (1) Harvesting exceeding 19 acres in a designated difficult regeneration area.
- (m) Utilization of an alternate plan. See WAC 222-12-040.

NEW SECTION

WAC 222-16-060 LANDS WITH A LIKELI-HOOD OF FUTURE CONVERSION. (1) Prior to identification of any forest lands as having a likelihood of future conversion to urban development within a tenyear period, the department shall consider all available information, including but not limited to:

- (a) Whether the land is assessed under the provisions of chapter 84.28, 84.33, or 84.34 RCW;
- (b) Whether the land is excluded from any local improvement district;
- (c) Whether the classification of the land in the local comprehensive plan or the local zoning ordinance permits or encourages long-term timber production;
- (d) Whether the land lies outside the current or proposed boundary of a city or the urban growth boundary of a city or outside a water or sewer district;
- (e) Whether the land has received previous development permit approval;
- (f) The presence or absence of a written forest management plan for the land.

Any identification must be consistent with any local or regional land use plans or ordinances.

- (2) A local government entity with jurisdiction or an affected Indian tribe may submit to the department a proposal for identification of forest lands that have the likelihood of future conversion to urban development within a ten-year period.
- (3) The department may develop a public participation process when identifying forest lands with a likelihood of future conversion to urban development within a ten-year period.
- (4) Forest lands that have been identified by the department prior to the effective date of this section as having a likelihood of future conversion to urban development within a ten-year period shall be reviewed under subsection (1) of this section to determine if the identification should be withdrawn or modified.
- (5) A landowner that submits an application or notification in an area that has been identified as having a likelihood of future conversion to urban development within a ten-year period may request the department to reconsider the identification of the affected parcel. The department shall remove the identification if the landowner complies with (a) of this subsection and at least one from (b) or (c) of this subsection:
- (a) The landowner submits a statement of intent not to convert to a use other than commercial timber operation for a period of ten years after completion of the forest practice. The statement shall be on a form prepared by the department and shall indicate the landowner is aware of the provisions of RCW 76.09.060 (3)(b); and

- (b) The land is enrolled under the provisions of chapter 84.28, 84.33, or 84.34 RCW; or
- (c) A written forest management plan for the land covering the next ten years has been reviewed and accepted by the department.

AMENDATORY SECTION (Amending Order 535, filed 11/16/87, effective 1/1/88)

WAC 222-20-010 APPLICATIONS AND NOTI-FICATIONS—POLICY. (1) No Class II, III or IV forest practices shall be commenced or continued unless the department has received a notification for Class II forest practices, or approved an application for Class III or IV forest practices pursuant to the act. Where the time limit for the department to act on the application has expired, and none of the conditions in WAC 222-20-020(1) exist, the operation may commence. (NOTE: OTHER LAWS AND REGULATIONS AND/OR PERMIT REQUIREMENTS MAY APPLY. SEE CHAPTER 222-50 WAC.)

- (2) The department shall prescribe the form and contents of the notification and application, which shall specify what information is needed for a notification, and the information required for the department to approve or disapprove the application.
- (3) Applications and notifications for operations not converting to another use shall be signed by the land-owner, the timber owner and the operator, or the operator and accompanied by a consent form signed by the timber owner and the landowner. A consent form may be another document if it is signed by the landowner(s) and it contains a statement acknowledging that he is familiar with the Forest Practices Act, including the provisions dealing with conversion to another use (RCW 76.09.060(3)). Where the application is not signed by the landowner, the department shall, provided all the other requirements contained in chapter 222-20 WAC are met, approve the application without the signature of the landowner if:
- (a) The operator or timber owner provides legal evidence of timber rights, ownership, or other legal rights;
- (b) The timber owner or operator posts a bond, in an amount determined by and a form acceptable to the department, securing compliance with the requirements of the forest practices regulations; and
- (c) The operator or timber owner provides evidence of reasonably advance notification to the landowner of the proposed forest practice and that the landowner has been requested to sign the application, a copy of which has been made available to the landowner: PROVIDED, That in lieu of such evidence the applicant may submit a sworn statement indicating inability to locate the landowner after a reasonable good faith attempt to locate and notify the landowner of the proposed forest practice.
- (4) Where an application for a conversion is not signed by the landowner or accompanied by a consent form, as outlined in subsection (3) of this section, the department shall not approve the application. Applications and notifications for the development or maintenance of utility rights of way shall not be considered to be conversions.

- (5) Transfer of the approved application or notification to a new landowner, timber owner or operator requires written notice by the original landowner or applicant to the department and should include the original application or notification number. This written notice shall be in a form acceptable to the department and shall contain an affirmation signed by the new landowner, timber owner, or operator, as applicable, that he agrees to be bound by all conditions on the approved application or notification. In the case of a transfer of an application previously approved without the landowner's signature the new timber owner or operator must submit a bond securing compliance with the requirements of the forest practices regulations as determined necessary by the department. If an application or notification indicates that the landowner or timber owner is also the operator, or an operator signed the application, no notice need be given regarding any change in subcontractors or similar independent contractors working under the supervision of the operator of record.
- (6) Applications and notifications must be delivered to the department at the appropriate region office. Delivery should be in person or by registered or certified mail.
- (7) Applications and notifications shall be considered received on the date and time shown on any registered or certified mail receipt, or the written receipt given at the time of personal delivery, or at the time of receipt by general mail delivery. Applications or notifications that are not complete, or are inaccurate will not be considered officially received until the applicant furnishes the necessary information to complete the application. An environmental checklist (WAC 197-11-315) is necessary information for all Class IV applications. A local government entity clearing and/or grading permit is necessary information for all Class IV applications on lands that will be converted to a use other than commercial timber production or on lands which have been platted after January 1, 1960, if the local government entity has jurisdiction and has an ordinance requiring such permit. If a notification or application is delivered in person to the department by the operator or ((his)) the operator's authorized agent, the department shall immediately provide a dated receipt. In all other cases, the department shall immediately mail a dated receipt to the applicant.

AMENDATORY SECTION (Amending Order 535, filed 11/16/87, effective 1/1/88)

WAC 222-20-040 APPROVAL CONDITIONS. (1) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department 2 business days before the commencement of actual operations.

(2) All approvals are subject to any conditions stipulated on the approved application and to any subsequent additional requirements set forth in a stop work order or a notice to comply.

(3) Local government entity conditions.

(a) RCW 76.09.240(1) allows a local government entity to exercise limited land use planning or zoning authority on certain types of forest practices. This subsection is designed to ensure that local government entities exercise this authority consistent with chapter 76.09 RCW and the rules in Title 222 WAC. The system provided for in this subsection is optional.

(b) This subsection only applies to Class IV general applications on lands that will be converted to a use other than commercial timber production or to Class IV general applications on lands which have been platted

after January 1, 1960.

(c) The department shall transmit the applications to the appropriate local government entity within two business days from the date the department receives the application.

(d) The department shall condition the application consistent with the request of the local government enti-

(i) The local government entity has adopted a clearing and/or grading ordinance that addresses the items listed in (e) of this subsection and requires a permit;

- (ii) The local government entity has issued a permit under the ordinance in (i) that contains the requested
- conditions; and (iii) The local government entity has entered into an interagency agreement with the department consistent with WAC 222-50-030 addressing enforcement of forest practices.
- (e) The local government entity conditions may only cover:
- (i) The location and character of open space and/or vegetative buffers;

(ii) The location and design of roads;

- (iii) The retention of trees for bank stabilization, erosion prevention, and/or storm water management; or
- (iv) The protection of critical areas designated pursuant to chapter 36.70A RCW.
- (f) Local government entity conditions shall be filed with the department within twenty-nine days of the filing of the application with the department or within fourteen business days of the transmittal of the application to the local government entity or one day before the department acts on the application, whichever is later.
- (g) The department shall incorporate local government entity conditions consistent with this subsection as conditions of the forest practices approval.
- (h) Any exercise of local government entity authority consistent with this subsection shall be considered consistent with the forest practices rules in this chapter.

(4) Lead agency mitigation measures.

(a) This subsection is designed to specify procedures for a mitigated DNS process that are consistent with chapters 76.09 and 43.21C RCW and the rules in Title 222 WAC and chapter 197-11 WAC.

(b) This subsection applies to all Class IV applications in which the department is not the lead agency under

SEPA. (See WAC 197-11-758.)

(c) The department shall transmit the application to the lead agency within two business days from the date the department receives the application.

- (d) The lead agency may specify mitigation measures pursuant to WAC 197-11-350.
- (e) The lead agency threshold determination and any mitigation measures must be filed with the department within the later of (i) twenty-nine days of the receipt of the application by the department, (ii) fourteen business days of the transmittal of the application to the lead agency if the lead agency is a local government entity; or (iii) one day before the department acts on the application.

(f) Unless the applicant clarifies or changes the application to include mitigation measures specified by the lead agency, the department must deny the application or require an EIS. (See WAC 197-11-738.)

(g) If the department does not receive a threshold determination from the lead agency by the time it must act on the application, the department shall deny the application.

AMENDATORY SECTION (Amending Order 263, filed 6/16/76)

WAC 222-20-050 CONVERSION TO NON-FOREST USE. (1) If an application to harvest signed by the landowner indicates that within 3 years after completion, the forest land will be ((used for an)) converted to a specified active use which is incompatible with timber growing, the reforestation requirements of these regulations shall not apply and the information relating to reforestation on the application form need not be supplied. However, if such ((other)) specified active use is not initiated within 3 years after such harvest is completed, the reforestation requirements (See chapter 222-34 WAC) shall apply and such reforestation shall be completed within 1 additional year.

(2) For Class II, III, and IV special forest practices, if a landowner wishes to maintain the option for conversion to a use other than commercial timber operation the landowner may request the appropriate local government entity to approve a conversion option harvest plan. This plan, if approved by the local government entity and followed by the landowner, shall release the landowner from the six-year moratorium on future development, but does not create any other rights. The conversion option harvest plan shall be attached to the application or notification as a condition. Violation of the conversion option harvest plan will result in the reinstatement of the local government entity's right to the six-year moratorium. Reforestation requirements will not be waived in the conversion option harvest plan. Reforestation regulations shall apply at the completion of the harvest operation as required in chapter 222-34 WAC. Nothing herein shall preclude the local government entity from charging a fee to approve such a plan. (See RCW 76.09.060 (3)(b)(i).)

(3) If the application does not state that any land covered by the application will be or is intended to be converted to a specified active use incompatible with commercial timber operations and except as provided in subsection (2) of this section, the local government entity may, for six years after the date of the application, refuse to accept, process, or approve any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of

the land subject to the application. (See RCW 76.09.060 (3)(b)(i).)

AMENDATORY SECTION (Amending Order 551, Resolution No. 88-1, filed 9/21/88, effective 11/1/88)

WAC 222-34-050 URBAN AND OTHER LANDS EXEMPTED FROM THE REFORESTATION REQUIREMENTS. (1) Those lands which an applicant has declared are to be converted to a nonforest use and are in fact converted within 3 years of completion of harvest.

- (2) Those lands the department determines should be exempted in whole or in part where the forest land has the likelihood of future conversion ((to urban development and where:
- (a) They have the likelihood of development within a 10 year period, and
 - (b) The development is for urban use, and
- (c) The development contemplated would be consistent with any local or regional land use plans or ordinances, and
- (d) Said lands have not been classified or designated reforestation lands under chapter 84.28 RCW, forest land under chapter 84.33 RCW or timber lands under chapter 84.34 RCW (Open space law))) as defined in WAC 222-16-060. The applicant is encouraged to propose an alternate plan for reforestation on these lands.
- (3) Utility rights of way. Reforestation is not required for initial clearing or reclearing of utility rights of way in actual use for utility purposes or scheduled for construction of utility facilities within 10 years from the date of completion of harvest, provided that if the scheduled facility is not completed, the area shall be reforested within 1 year.
- (4) Public lands. Reforestation is not required on the following lands, unless required by regulation of the agency owning or acquiring the lands:
- (a) Lands owned in fee by a public agency which has budgeted for construction within 10 years a specific project inconsistent with commercial timber production.
- (b) Lands being acquired by public agency for construction within 10 years of a project inconsistent with timber production, if at the time of completion of harvest the public agency has entered into a binding contract for the purchase of the lands or initiated legal proceedings for the condemnation of the lands.

AMENDATORY SECTION (Amending Order 263, filed 6/16/76)

WAC 222-46-020 INFORMAL CONFER-ENCES. (1) Opportunity mandatory. The department shall afford the operator or his representative reasonable opportunities to discuss proposed enforcement actions at an informal conference prior to taking further enforcement action, unless the department determines that there may be imminent damages to the public resource. Informal conferences may be used at any stage in enforcement proceedings, except that the department may refuse to conduct informal conferences with respect to any matter then pending before the appeals board or a court.

- (2) Reports required. Department personnel in attendance at informal conferences shall keep written notes of the date and place of the conference, the persons in attendance, the subject matter discussed, and any decisions reached with respect to further enforcement action.
- (3) Records available. Copies of written notes shall be sent to each participant in the conference, be kept in the department files until ((†)) one year after final action on the application involved, and be open to public inspection.
- (4) Local government entity conditions. If the proposed enforcement actions involve conditions imposed pursuant to WAC 222-20-040(3), then the local government entity shall be involved in the informal conference.

AMENDATORY SECTION (Amending Order 263, filed 6/16/76)

WAC 222-46-030 NOTICE TO COMPLY. If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or landowner a notice which will clearly set forth:

- (1)(a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or
- (b) The relevant provisions of the Forest Practices Act or of the forest practices regulations relating thereto;
- (2) The right of the operator or landowner to a hearing before the department; and
- (3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or ((wilful)) willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.
- (4) Local government entity conditions. If the notice to comply involves a condition imposed pursuant to WAC 222-20-040(3), then the specific course of action ordered by the department shall include a requirement that the operator obtain approval of the local government entity of the action to be taken.

The department shall mail a copy thereof to the forest landowner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. The department shall also mail a copy to the local government entity if a condition imposed pursuant to WAC 222-20-040(3) is involved.

Such notice to comply shall become a final order of the department: PROVIDED, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within ((15)) fifteen days after the date of service of such notice to comply, the operator, forest landowner, or timber owner, shall

request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than ((20)) twenty days after receiving such request. The local government entity shall participate in the hearing if a condition imposed pursuant to WAC 222-20-040(3) is involved. Within ((10)) ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within ((30)) thirty days after the date of such final order, the operator, forest landowner, or timber owner appeals such final order to the appeals board. No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than ((+)) one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: PROVIDED, That this provision shall not relieve the forest landowner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than ((2)) two years after the date the damage involved occurs.

AMENDATORY SECTION (Amending Order 263, filed 6/16/76)

WAC 222-46-040 STOP WORK ORDERS. (1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

- (a) There is any violation of the provisions of the Forest Practices Act or these regulations or
- (b) There is a deviation from the approved applica-
- (c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.
 - (2) The stop work order shall set forth:
- (a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;
- (b) An order to stop all work connected with the violation, deviation, damage, or potential damage;
- (c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or ((wilful)) willful or negligent disregard for potential damage to a public resource; and those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence. If the stop work order involves a condition imposed pursuant to WAC 222-20-040(3), then the specific course of action ordered by the department shall include a requirement that the operator obtain approval of the local government entity of the action to be taken.

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest landowner at the addresses shown on the application. The department shall also mail a copy to the local government entity if a condition imposed pursuant to WAC 222-20-040(3) is involved.

The operator, timber owner, or forest landowner may commence an appeal to the appeals board within ((15)) <u>fifteen</u> days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than ((20)) <u>twenty</u> days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be a contested case within the meaning of chapter ((34.04)) 34.05 RCW.

The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

AMENDATORY SECTION (Amending Order 263, filed 6/16/76)

WAC 222-50-030 INTERAGENCY AGREE-MENTS. The board recommends that the department negotiate interagency agreements with other governmental agencies ((with respect to assumption by the department of responsibility to administer or help administer and to enforce or help enforce other laws and regulations as applied to forest practices on nonfederal lands)). The board further recommends that such agreements include, to the extent acceptable to the other agency, provisions specifying:

- (1) The law and regulations covered;
- (2) Any geographical or other limits on the ((department's)) authority and responsibility under the agreement;
- (3) Priorities and standards for resolution of any conflicts between such laws and regulations and the act and these regulations;
- (4) Procedures for administrative appeals of actions taken ((by the department under the agreement));
- (5) Provisions for continuing cooperation between the department and the other agency or agencies regarding interpretation of the laws and regulations involved; ((and))
- (6) Procedures for termination of the interagency agreement; and
- (7) Procedures for processing applications and notifications.

The department is directed to provide copies of all such agreements to the board ((and the advisory committee for comment)), and to make known to the public that such interagency agreements exist.

WSR 91-23-053 PROPOSED RULES DEPARTMENT OF NATURAL RESOURCES

[Order 595—Filed November 15, 1991, 3:26 p.m.]

Original Notice.

Title of Rule: WAC 332-22-020, 332-22-160, 332-22-170, 332-22-180, 332-22-190, 332-22-200, 332-22-210, 332-22-220, 332-22-230, and 332-22-240.

Purpose: To provide guidelines and procedures for using state—owned land for the development of geothermal resources. To establish a rule pertaining to performance security for the state program.

Statutory Authority for Adoption: RCW 79.01.242. Statute Being Implemented: Chapter 79.12 RCW as amended by ESB 1277.

Summary: These rules establish guidelines and procedures for leasing state—owned land for the development of geothermal resources, as required by ESB 1277. Rules are promulgated under the leasing authority granted in RCW 79.01.242, and include one provision for performance security which is applicable to all leases of state—owned land.

Reasons Supporting Proposal: The reason for promulgating rules for geothermal resources leasing is to increase potential revenue to the geothermal account.

Name of Agency Personnel Responsible for Drafting and Implementation: Bonnie Bunning and Nancy Joseph, 7211 Cleanwater Lane, Tumwater, WA, (206) 586-6382.

Name of Proponent: Washington State Department of Natural Resources, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The rules herein establish the lease terms and condition specific to leasing for geothermal resource development. Minimum rental and royalty rates, unit plans and required reports are also addressed. A section pertaining to performance security is applicable to all leases of state—owned land. The purpose is to promote such leasing of state—owned lands and potentially increase revenue to the geothermal account.

Proposal Changes the Following Existing Rules: WAC 332-22-020 Definitions will contain three new definitions for "commercially feasible geothermal resources," "geothermal resources," and "geothermal resource by-products."

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

The Department of Natural Resources has determined that the rule is not subject to the Regulatory Fairness Act because the rule is for the purpose of leasing state lands and has no broader policy purpose.

Hearing Location: Olympia, Washington, on January 8, 1992, at 7:00 p.m.

Submit Written Comments to: Ms. Bonnie Bunning, Department of Natural Resources, Olympia, Washington 98504-7014, by January 15, 1992.

Date of Intended Adoption: February 4, 1992.

November 12, 1991 Brian J. Boyle Chairman Board of

Natural Resources

RULES FOR GEOTHERMAL RESOURCES LEASING.

Reviser's note: The typographical error in the above material occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION (Amending Order 350 [Resolution No. 464], filed 1/20/81 [9/10/84])

WAC 332-22-020 DEFINITIONS. Insofar as these rules apply, these definitions will be utilized.

- (1) "Commissioner" means the commissioner of public lands.
- (2) "Department" means the department of natural resources as defined in RCW 43.30.030.
- (3) "Board" means the board of natural resources as defined in RCW 43.30.040.
- (4) "Fair market rental value" means the total rental that a property would command on the open market as determined by either comparable rental rates being paid for comparable uses or by the current fair market value of the property times the applicable capitalization rate.
- (5) "Fair market value for improvements" is as defined in RCW 79.01.136.
- (6) "Highest and best use" means the legal use that will produce the highest return to the trust over an extended period of time, including interim use.
- (7) "Interim use" means any use of the land for which a rent can be charged before the planned use is attained.
- (8) "State lands" means lands owned by the state or managed by the department excluding marine and aquatic lands.
- (9) "Person" means a person at least 18 years of age, a partnership,
- a corporation or a government agency.
 (10) "Bonus bid" means the dollar amount offered, to be paid one time only, over and above the periodic rent or the share of the crop.
- (11) "Geothermal resources" means only that natural heat energy of the earth from which it is technologically practical to produce electricity commercially and the medium by which such heat energy is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas and other hydrocarbon substances, as defined in RCW 79.76.030.

 (12) "Commercially feasible geothermal resources" means that
- amount of geothermal steam, hot water, steam, by-products thereof, steam condensates, minerals and chemicals and/or electrical energy which is
- (a) Derived, generated or manufactured from the premises or from a unit plan which includes the lease premises, sufficient for commercial sales, or
- (b) Which would warrant construction for processing or sale of such product or products.
 - (13) "By-products" means
- (a) Any mineral or minerals (exclusive of oil and hydrocarbon gas) which are found in solution or in association with geothermal steam and which have a value of less than seventy-five percent of the value of the geothermal steam or are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves, and
 - (b) commercially demineralized water

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

NEW SECTION

WAC 332-22-160 PERFORMANCE SECURITY. The department may, at its option, require the lessee to file a cash bond, savings account assignment, approved corporate surety bond or other form of security satisfactory to the department in an amount sufficient to guarantee performance of the terms and conditions of the lease or contract. Such security, if required, shall be submitted prior to issuance of the lease. The department may reduce or increase the amount of the security as a result of operational changes requiring different levels of performance. The department may allow a lessee to file a single security device acceptable to the state, in an amount set by the department covering all of the lessee's state leases.

NEW SECTION

WAC 332-22-170 GEOTHERMAL RESOURCES LEASE-AREA. Leases to explore for and develop geothermal resources shall not exceed 640 acres or one entire government-surveyed section. Leases will be issued at the sole discretion of the department and only on land where the state controls the surface rights and the agency managing that land authorizes this use.

NEW SECTION

WAC 332-22-180 GEOTHERMAL RESOURCES LEASE-TERM. Geothermal resources leases shall be for a term of up to 55 years, subject every five years to approval by the department of the current plan of development. Failure to validate substantial compliance with the plan of development, as determined by the department, shall result in termination of the lease.

NEW SECTION

WAC 332-22-190 GEOTHERMAL RESOURCES LEASE-PLAN OF DEVELOPMENT. An applicant for a geothermal resources lease shall submit a plan of development to the department for approval with the lease application and 120 days before the anniversary date of the lease every five years thereafter. The plan of development shall describe all activities, improvements, or other actions that contribute to the evaluation or development of the property and include scheduled dates for completion. Documentation detailing implementation of and results from the operations described in the plan of development shall be delivered to the department for approval 120 days before the anniversary date of the lease every five years thereafter.

NEW SECTION

WAC 332-22-200 GEOTHERMAL RESOURCES LEASE—ANNUAL RENTAL. The annual rental for years one through five of a geothermal resources lease shall be not less than \$1.25 per acre or \$250, whichever is greater. The annual rental for years six through ten shall be not less than \$2.50 per acre or \$500, whichever is greater. The department may require that more than one year's annual rental be paid in advance prior to issuing the lease.

NEW SECTION

WAC 332-22-210 GEOTHERMAL RESOURCES LEASE-MINIMUM ANNUAL ROYALTY. In geothermal resources leases, a minimum royalty of not less than ten dollars per acre per year shall replace the annual rental and shall be credited against production royalties. The lessee shall pay minimum royalties at the beginning of lease year eleven, or at the beginning of the lease year in which production starts, whichever occurs first, and annually at the beginning of the lease year for the remainder of the term. When the production royalty is greater than the minimum royalty paid during any lease year, the lessee shall pay, in addition to the minimum royalty, the difference between the minimum royalty and the production royalties. Minimum royalties paid during the term of the lease are nonrefundable and nontransferable.

NEW SECTION

WAC 332-22-220 GEOTHERMAL RESOURCES LEASE—PRODUCTION ROYALTY. Production royalty payments on geothermal resources leases shall be payable to the department for geothermal resources produced from the lease premises. Royalty rates shall be not less than ten percent of the gross proceeds received from the sale of such geothermal resources which are derived, generated or manufactured from the premises sufficient for commercial sales, and ten percent of the fair field market value thereof in those cases where products are utilized, but not directly sold. Production royalty rates shall be no less than ten percent of the gross proceeds for all by-products derived from the leasehold estate. The department reserves the right to reassess the royalty rate at year 35 of the lease and increase the rate to fair market value.

The schedule of royalty payments and method of calculating fair market value at either the well or point of shipment shall be detailed in the lease plan of development.

Lessee shall have the right to commingle, for the purpose of utilizing, selling or processing the products produced from the leasehold estate with products produced from other land, provided that the lessee shall efficiently meter or gauge the production from the leasehold estate in a manner approved by the state, in order to compute royalty payable on the products or by-products produced from the leasehold estate. The lessee shall furnish a sworn statement showing production for accounting periods required by the department and pay any royal-

NEW SECTION

WAC 332-22-230 GEOTHERMAL RESOURCES LEASE—UNIT PLANS. (1) The holder(s) of any geothermal resources lease may apply to the department to consolidate their leaseholding for geothermal access rights with other entities, including lands not owned by the state, to collectively adopt and operate as a unit under a unit plan. Such consolidation will not serve to extend the term of the lease and all participants must agree to continue payment of royalties provided in the lease through the life of the unit and any extensions of the plan.

(2) The commissioner or the commissioner's delegate may alter the terms and conditions of the lease(s) so involved with the consent of the leaseholder(s) when it is in the best interest of the state to do so. Authorization by the department to include state leases in a unit may be conditioned on, but not limited to the following:

(a) Access to reports and documents it deems necessary, at the sole discretion of the department, to determine if consolidation of the proposed unit plan is in the best interest of the state.

(b) Leaseholds which are only partially included in the unit shall be segregated into separate leases as to the lands committed and not committed as of the effective date of the unitization. The annual rental or minimum royalty shall be paid on the leased acreage in the unit independently from other segregated lease areas.

(c) Any apportionment of production or royalties among the separate tracts of land comprising the unit shall include an accounting system and the right of the department to audit such system to protect the interests of the state.

(d) Operations and production under a single unit plan shall be considered the operations and production of all leases included under the plan.

(e) None of the rights of the state as landholder shall be limited or subordinated.

NEW SECTION

WAC 332-22-240 GEOTHERMAL RESOURCES LEASE—RECORDS. A geothermal resources lessee shall furnish to the lessor copies of all reports required by the Geothermal Resources Act (Chapter 79.76 RCW).

WSR 91-23-054 EMERGENCY RULES DEPARTMENT OF NATURAL RESOURCES

[Order 594—Filed November 15, 1991, 3:29 p.m.]

Date of Adoption: November 6, 1991.

Purpose: To provide, by December 1, 1991, guidelines and procedures for leasing state—owned land for the development of geothermal resources, as required by EHB 1277.

Citation of Existing Rules Affected by this Order: Amending WAC 332-22-020.

Statutory Authority for Adoption: Chapter 79.12 RCW as amended by ESB 1277, RCW 79.01.242.

Pursuant to RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Chapter 79.12 RCW as amended by ESB 1277 (effective July 28, 1991) requires that "In an effort to increase potential revenue to the geothermal account, the Department of Natural Resources shall, by December 1, 1991, adopt rules providing guidelines and procedures for leasing state—owned land for the development of geothermal resources."

Effective Date of Rule: Immediately.

AMENDATORY SECTION (Amending Order 350 [Resolution No. 464], filed 1/20/81 [9/10/84])

WAC 332-22-020 DEFINITIONS. Insofar as these rules apply, these definitions will be utilized.

- (1) "Commissioner" means the commissioner of public lands.
- (2) "Department" means the department of natural resources as defined in RCW 43.30.030.
- (3) "Board" means the board of natural resources as defined in RCW 43.30.040.
- (4) "Fair market rental value" means the total rental that a property would command on the open market as determined by either comparable rental rates being paid for comparable uses or by the current fair market value of the property times the applicable capitalization rate.

- (5) "Fair market value for improvements" is as defined in RCW 79.01.136.
- (6) "Highest and best use" means the legal use that will produce the highest return to the trust over an extended period of time, including interim use.
- (7) "Interim use" means any use of the land for which a rent can be charged before the planned use is attained.
- (8) "State lands" means lands owned by the state or managed by the department excluding marine and aquatic lands.
- (9) "Person" means a person at least 18 years of age, a partnership, a corporation or a government agency.
- (10) "Bonus bid" means the dollar amount offered, to be paid one time only, over and above the periodic rent or the share of the crop.
- (11) "Geothermal resources" means only that natural heat energy of the earth from which it is technologically practical to produce electricity commercially and the medium by which such heat energy is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas and other hydrocarbon substances, as defined in RCW 79.76.030.
- (12) "Commercially feasible geothermal resources" means that amount of geothermal steam, hot water, steam, by-products thereof, steam condensates, minerals and chemicals and/or electrical energy which is
- (a) Derived, generated or manufactured from the premises or from a unit plan which includes the lease premises, sufficient for commercial sales, or
- (b) Which would warrant construction of facilities for processing or sale of such product or products.

(13) "By-products" means

(a) Any mineral or minerals (exclusive of oil and hydrocarbon gas) which are found in solution or in association with geothermal steam and which have a value of less than seventy-five percent of the value of the geothermal steam or are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves, and

(b) commercially demineralized water

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

NEW SECTION

WAC 332-22-160 PERFORMANCE SECURITY. The department may, at its option, require the lessee to file a cash bond, savings account assignment, approved corporate surety bond or other form of security satisfactory to the department in an amount sufficient to guarantee performance of the terms and conditions of the lease or contract. Such security, if required, shall be submitted prior to issuance of the lease. The department may reduce or increase the amount of the security as a result of operational changes requiring different levels of performance. The department may allow a lessee to file

a single security device acceptable to the state, in an amount set by the department covering all of the lessee's state leases.

NEW SECTION

WAC 332-22-170 GEOTHERMAL RESOURC-ES LEASE—AREA. Leases to explore for and develop geothermal resources shall not exceed 640 acres or one entire government-surveyed section. Leases will be issued at the sole discretion of the department and only on land where the state controls the surface rights and the agency managing that land authorizes this use.

NEW SECTION

WAC 332-22-180 GEOTHERMAL RESOURC-ES LEASE—TERM. Geothermal resources leases shall be for a term of up to 55 years, subject every five years to approval by the department of the current plan of development. Failure to validate substantial compliance with the plan of development, as determined by the department, shall result in termination of the lease.

NEW SECTION

WAC 332-22-190 GEOTHERMAL RESOURC-ES LEASE—PLAN OF DEVELOPMENT. An applicant for a geothermal resources lease shall submit a plan of development to the department for approval with the lease application and 120 days before the anniversary date of the lease every five years thereafter. The plan of development shall describe all activities, improvements, or other actions that contribute to the evaluation or development of the property and include scheduled dates for completion. Documentation detailing implementation of and results from the operations described in the plan of development shall be delivered to the department for approval 120 days before the anniversary date of the lease every five years thereafter.

NEW SECTION

WAC 332-22-200 GEOTHERMAL RESOURC-ES LEASE—ANNUAL RENTAL. The annual rental for years one through five of a geothermal resources lease shall be not less than \$1.25 per acre or \$250, whichever is greater. The annual rental for years six through ten shall be not less than \$2.50 per acre or \$500, whichever is greater. The department may require that more than one year's annual rental be paid in advance prior to issuing the lease.

NEW SECTION

WAC 332-22-210 GEOTHERMAL RESOURC-ES LEASE—MINIMUM ANNUAL ROYALTY. In geothermal resources leases, a minimum royalty of not less than ten dollars per acre per year shall replace the annual rental and shall be credited against production royalties. The lessee shall pay minimum royalties at the beginning of lease year eleven, or at the beginning of the lease year in which production starts, whichever occurs first, and annually at the beginning of the lease year for the remainder of the term. When the production royalty is greater than the minimum royalty paid during any lease year, the lessee shall pay, in addition to the minimum royalty, the difference between the minimum royalty and the production royalties. Minimum royalties paid during the term of the lease are nonrefundable and nontransferable.

NEW SECTION

WAC 332-22-220 GEOTHERMAL RESOURC-ES LEASE—PRODUCTION ROYALTY. Production royalty payments on geothermal resources leases shall be payable to the department for geothermal resources produced from the lease premises. Royalty rates shall be not less than ten percent of the gross proceeds received from the sale of such geothermal resources which are derived, generated or manufactured from the premises sufficient for commercial sales, and ten percent of the fair field market value thereof in those cases where products are utilized, but not directly sold. Production royalty rates shall be no less than ten percent of the gross proceeds for all by-products derived from the leasehold estate. The department reserves the right to reassess the royalty rate at year 35 of the lease and increase the rate to fair market value.

The schedule of royalty payments and method of calculating fair market value at either the well or point of shipment shall be detailed in the lease plan of development.

Lessee shall have the right to commingle, for the purpose of utilizing, selling or processing the products produced from the leasehold estate with products produced from other land, provided that the lessee shall efficiently meter or gauge the production from the leasehold estate in a manner approved by the state, in order to compute royalty payable on the products or by-products produced from the leasehold estate. The lessee shall furnish a sworn statement showing production for accounting periods required by the department and pay any royalties due.

NEW SECTION

WAC 332-22-230 GEOTHERMAL RESOURC-ES LEASE—UNIT PLANS. (1) The holder(s) of any geothermal resources lease may apply to the department to consolidate their leaseholding for geothermal access rights with other entities, including lands not owned by the state, to collectively adopt and operate as a unit under a unit plan. Such consolidation will not serve to extend the term of the lease and all participants must agree to continue payment of royalties provided in the lease through the life of the unit and any extensions of the plan.

(2) The commissioner or the commissioner's delegate may alter the terms and conditions of the lease(s) so involved with the consent of the leaseholder(s) when it is in the best interest of the state to do so. Authorization by the department to include state leases in a unit may be conditioned on, but not limited to the following:

- (a) Access to reports and documents it deems necessary, at the sole discretion of the department, to determine if consolidation of the proposed unit plan is in the best interest of the state.
- (b) Leaseholds which are only partially included in the unit shall be segregated into separate leases as to the lands committed and not committed as of the effective date of the unitization. The annual rental or minimum royalty shall be paid on the leased acreage in the unit independently from other segregated lease areas.
- (c) Any apportionment of production or royalties among the separate tracts of land comprising the unit shall include an accounting system and the right of the department to audit such system to protect the interests of the state.
- (d) Operations and production under a single unit plan shall be considered the operations and production of all leases included under the plan.
- (e) None of the rights of the state as landholder shall be limited or subordinated.

NEW SECTION

WAC 332-22-240 GEOTHERMAL RESOURC-ES LEASE—RECORDS. A geothermal resources lessee shall furnish to the lessor copies of all reports required by the Geothermal Resources Act (Chapter 79.76 RCW).

WSR 91-23-055 PROPOSED RULES DEPARTMENT OF NATURAL RESOURCES

[Order 596—Filed November 15, 1991, 3:33 p.m.]

Original Notice.

Title of Rule: Lease procedure—Amendment, WAC 332-22-050; Lease procedure—Notice, WAC 332-22-070; Existing lease negotiation, WAC 332-22-100; and Leases for commercial, industrial or residential uses by negotiation, WAC 332-22-105.

Purpose: Clarification of lease procedure.

Statutory Authority for Adoption: Chapter 79.01 RCW, Public Lands Act.

Summary: This revision is needed to clarify the difference between a negotiated and an amended lease. It would also bring the revised WACs more in line with the intent of the statute, RCW 79.01.242.

Reasons Supporting Proposal: Adoption of the revision would allow the department to better manage the trust lands resulting in better stewardship and increased revenue to the trust.

Name of Agency Personnel Responsible for Drafting: Roy Henderson, 7211 Cleanwater Lane, Tumwater, WA, 586-6382; Implementation and Enforcement: Bruce Mackey, 7211 Cleanwater Lane, Tumwater, WA, 586-6382.

Name of Proponent: Department of Natural Resources, Division of Lands and Minerals, Olympia, Washington 98504-7014, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This revision is prompted due to unclear and redundant language used in the WACs addressed in this CR-102. Revision of these WACs gives the Department of Natural Resources the balance required to manage and operate leases as originally intended in RCW 79.01.242.

Proposal Changes the Following Existing Rules: WAC 332-22-070 would be repealed because the same lease procedure and notification process is provided for in the revised WACs and RCW 79.01.242.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Olympia, Washington, on January 8, 1992, at 7:00 p.m.

Submit Written Comments to: Roy Henderson, Department of Natural Resources, Olympia, Washington 98504-7014, by January 15, 1992.

Date of Intended Adoption: February 4, 1992.

November 14, 1991
Brian Boyle
Chairman
Board of
Natural Resources

AMENDATORY SECTION (Resolution No. 464, filed 9/10/84)

WAC 332-22-050 LEASE PROCEDURE—AMENDMENT. Existing leases may be amended ((through negotiation)) between the lessee and the department but the term of any such amendment shall not exceed the specified maximum lease period as set forth in RCW 79.01.096 or 79.12.570. Such amendments shall be in writing and signed by both parties.

AMENDATORY SECTION (Resolution No. 464, filed 9/10/84)

WAC 332-22-100 EXISTING LEASE NEGOTIATION. (1) Leases which will be used for the same or similar purposes may be offered for negotiation. Amended leases which do not exceed the maximum term authorized by RCW 79.01.096 or 79.12.570 are not subject to the notice, publication, or bid requirements of this rule.

- (2) A notice of intention to negotiate a lease must be published once in two newspapers of general circulation in the locality of the land, one of which shall be in the county where the land is located, within ninety days of the date of commencement of negotiations. Such notice shall give the legal description, the date of expiration, the intended land use, the office to which application can be made, the final date to file a written request to lease, and such other information as deemed necessary.
- (3) The existing lessee will be mailed the criteria for leasing on the same date as mailing to the newspaper the notice of intention to negotiate.
- (4) A written request to lease from a new applicant must be received in the designated office on the specified date to be considered. It must describe the proposed terms and conditions and the contemplated use of the land and contain a certified check or money order payable to the department of natural resources for the amount of any bonus bid plus a \$100.00 deposit. The envelope must be marked "Sealed bid for lease #____; expiration date ____ and give the applicant's name."
- (5) The department shall review all written requests to lease before negotiation with the existing lessee is commenced. If negotiation is satisfactorily completed, award of the lease will be made to the existing lessee. If negotiation with the existing lessee is not successful, the highest qualified offer will be treated as a minimum bid at public auction and all lower offers will be returned. The lease will then be offered at public auction. If there are no bidders at the auction, the lease will be awarded to the applicant who has made the highest qualified offer.
- (6) Negotiated leases may not exceed the maximum term authorized by RCW 79.01.096 or 79.12.570 and must have a term commencing within one hundred twenty days of date of starting negotiations.

AMENDATORY SECTION (Amending Order 442, Resolution No. 482, filed 5/8/85)

WAC 332-22-105 ((INITIAL)) LEASES FOR COMMERCIAL, INDUSTRIAL, OR RESIDENTIAL USES BY NEGOTIATION. (1) The department may negotiate ((initial)) leases to authorize commercial, industrial, or residential uses on specific parcels of land zoned for such uses provided:

(a) ((Not more than one application is received by the department to lease the property.

(b) The department determines that a rent of at least fair market rental can be obtained through negotiation.

- (c) The department publishes a notice of intent to lease which contains the legal description and zoning of the property, the office to which application to lease can be made, and the final date to submit a written request to lease. The notice shall be published not more than thirty days nor less than twenty days immediately preceding commencement of negotiation in two newspapers of general circulation in the locality of the state land, one of which shall be in the county where the land is located.
- (d) The department shall report to the board of natural resources on each initial lease entered into by negotiation. The report shall include the fair market value of the property, rental and lease terms:)) State lands shall not be leased for less than fair market value.

(b) Notice of intent to lease shall be provided in a manner consistent with commercial practices.

(c) At the option of the department these leases may be placed for bid at public auction.

(d) The department shall evaluate competitive bids or proposals by comparing their material elements against commercially reasonable standards to determine which proposal meets the best long term interests of the trust.

(2) The department may negotiate ((initial)) leases at fair market rental to authorize placement and maintenance of communication equipment in or on electronic site buildings and on electronic site towers.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 332-22-070 LEASE PROCEDURE—NOTICE.

WSR 91-23-056 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 91-141—Filed November 15, 1991, 3:39 p.m., effective November 18, 1991, 6:00 a.m.]

Date of Adoption: November 15, 1991. Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-36-02300L.

Statutory Authority for Adoption: RCW 75.08.080.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable numbers of late coho are available in Grays Harbor.

Effective Date of Rule: 6:00 a.m., November 18, 1991.

November 15, 1991 Gene DiDonato for Joseph R. Blum Director

NEW SECTION

WAC 220-36-02300M GRAYS HARBOR SALMON — FALL FISHERY. Notwithstanding the provisions of WAC 220-36-023, it is unlawful to fish for salmon in Grays Harbor for commercial purposes or to possess salmon taken from those waters for commercial purposes, except that:

FISHING PERIOD

Gill net gear may be used to fish for salmon in SMCRA 2B from:

6:00 p.m. November 18 to 6:00 a.m. November 19, 1991:

6:00 p.m. November 19 to 6:00 a.m. November 20, 1991

6:00 p.m. November 20 to 6:00 a.m. November 21, 1991; and

6:00 p.m. November 21 to 6:00 a.m. November 22, 1991.

(2) Gill net gear may be used to fish for salmon in SMCRA 2C and 2D from:

6:00 a.m. November 18 to 6:00 p.m. November 22, 1991.

GEAR

(2) Gill net gear shall be used as provided in WAC 220-36-015.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

REPEALER

The following section of the Washington Admnistrative Code is repealed:

WAC 220-36-02300L GRAYS HARBOR SALM-ON-FALL FISHERY. (91-136)

Reviser's note: The spelling error in the above repealer occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

WSR 91-23-057 NOTICE OF PUBLIC MEETINGS SEATTLE COMMUNITY COLLEGES

[Memorandum-October 30, 1991]

The board of trustees of the Seattle Community College District has canceled their regular meeting, scheduled for December 3, 1991, and scheduled a special meeting to be held on Tuesday, December 17, 1991, at 6:00 p.m. The meeting will be held in the Siegal Education and Service Center, 1500 Harvard, Seattle, WA 98122.

WSR 91-23-058 NOTICE OF PUBLIC MEETINGS SEATTLE COMMUNITY COLLEGES

[Memorandum-November 12, 1991]

The board of trustees of the Seattle Community College District will meet from 9:00 a.m. to 5:00 p.m. on Wednesday, November 20, and from 8:00 a.m. to 5:30

p.m. on Thursday, November 21, 1991, for the purpose of interviewing semi-finalists for the chancellor position at the Seattle Community Colleges. The meetings will be held at the Warwick Hotel, 4th and Lenora, Seattle, Washington 98121.

WSR 91-23-059 NOTICE OF PUBLIC MEETINGS HARDWOODS COMMISSION

[Memorandum-November 13, 1991]

There will be a meeting of the Washington State Hardwoods Commission on December 5, 1991, at 9 a.m. until completed at the BAC Building, 919 Lakeridge Way, Olympia, WA.

WSR 91-23-060 MARITIME COMMISSION

[Filed November 15, 1991, 4:35 p.m.]

Please be advised that the Office of Marine Safety has approved the Washington State Maritime Commission's amendments to WAC 318-04-020 and 318-04-030 which were filed with that office and published in WSR 91-19-073. [With] the Office of Marine Safety's approval, the effective date of these amendments is November 5, 1991.

Richard W. Buchanan Rules Coordinator

WSR 91-23-061 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed November 18, 1991, 1:09 p.m.]

Original Notice.

Title of Rule: Vessel registration and certificates of title, chapter 308-93 WAC; WAC 308-93-050 Vessels exempted from registration, excise tax and titling; 308-93-070 Application for title/registration; and 308-93-290 Transfer of ownership, how perfected.

Purpose: To amend WAC 308-93-050 Vessels exempt from registration; 308-93-070 Application for title/registration; and 308-93-290 Transfer of ownership.

Statutory Authority for Adoption: RCW 88.02.100 and sections 30 and 31, chapter 339, Laws of 1991.

Statute Being Implemented: Sections 30 and 31, chapter 339, Laws of 1991.

Summary: Amendments to rules are necessary for the implementation of legislation amendments to RCW 88-.02.030 and [88.02].070.

Reasons Supporting Proposal: WAC 308-93-050 and 308-93-070 are necessary to implement SHB 1704, sections 30 and 31.

Name of Agency Personnel Responsible for Drafting: Jack L. Lince, Highways-Licenses Building, 234-2379

scan; Implementation: Debra McCurley, Highways-Licenses Building, 234-2252 scan; and Enforcement: Nancy Kelly, Highways-Licenses Building, 234-6920 scan.

Name of Proponent: Department of Licensing, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: See below.

Proposal Changes the Following Existing Rules: WAC 308-93-050, redefines the exemptions from registration of a vessel issued a valid number under federal law or by an approved issuing authority in the state of principal operation; WAC 308-93-070, adds clarifying language for determining a vessel purchase price; and WAC 308-93-290, changing the notice of sale of a vessel from 15 days to 5 days, repeals unnecessary language.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Second Floor Conference Room, Highways-Licenses Building, 1125 12th Avenue, Olympia, WA 98504, on January 7, 1992, at 9:00 a.m.

Submit Written Comments to: Nancy Kelly, Administrator, Title/Registration Services, P.O. Box 2957, Olympia, WA 98507-2957, by January 6, 1992.

Date of Intended Adoption: January 8, 1992.

November 14, 1991 David Hankins Assistant Attorney General

AMENDATORY SECTION (Amending WSR 90-08-018, filed 3/28/90, effective 4/28/90)

WAC 308-93-050 VESSELS EXEMPTED FROM REGISTRATION, EXCISE TAX AND TITLING. The following vessels are exempt from registration, titling, and the assessment of excise tax:

(1) Military or public vessels of the United States, except recreational-type public vessels;

(2) Vessels owned by a state or subdivision thereof, used principally for governmental purposes and clearly identifiable as such;

(3) Vessels either:

(a) Registered or numbered under the laws of a country other than the United States; or

(b) Having a valid United States customs service cruising license issued pursuant to 19 C.F.R. Sec. 4.94;

(4) Vessels ((owned by a resident of another state if the vessel is registered in accordance with the laws of the state in which the owner resides, but only to the extent that a similar exemption or privilege is granted under the laws of that state for vessels registered in this state: PROVIDED, That any vessel which is validly registered in another state and which is physically located in this state for a period of more than sixty days is subject to registration under this chapter)) that have been issued a valid number under federal law or by an approved issuing authority of the state of principal operation. However, a vessel that is validly registered in another state but that is removed to this state for principal use is subject to registration under this chapter. The issuing authority for this state shall recognize the validity of the numbers previously issued for a period of sixty days after arrival in this state;

(5) Vessels owned by a resident of another state if the vessel is located upon the waters of this state exclusively for repairs or reconstruction, or any testing related to the repair or reconstruction conducted in this state if an employee of the repair facility is on board the vessel during any testing; provided, that if any vessel owned by a resident of another state is located upon the waters of this state exclusively for repairs, reconstruction, or testing for a period longer than sixty days, that the nonresident shall file an affidavit with the department of revenue verifying the vessel is located upon the waters of this state for repair, reconstruction, or testing and shall continue to file such affidavit

every sixty days thereafter while the vessel is located upon the waters of this state exclusively for repairs, reconstruction, or testing;

- (6) All vessels under sixteen feet in overall length which have no propulsion machinery of any type or which are not used on waters subject to the jurisdiction of the United States or on the high seas beyond the territorial seas for vessels owned in the United States and are powered by propulsion machinery of ten or less horsepower;
- (7) Vessels equipped with propulsion machinery of less than ten horsepower that:
- (a) Are owned by the owner of a vessel for which a valid vessel number has been issued;
- (b) Display the number of that numbered vessel followed by the suffix "1" in the manner prescribed by the department; and
- (c) Are used as a tender for direct transportation between that vessel and the shore and for no other purpose;
- (8) Vessels with no propulsion machinery of any type for which the primary mode of propulsion is human power;
- (9) Vessels which are temporarily in this state undergoing repair or alteration:
- (10) Vessels primarily engaged in commerce which have or are required to have a valid marine document as a vessel of the United States, including but not limited to:
 - (a) Commercial fishing vessels;
 - (b) Barges;
 - (c) Charter vessels, including, bare boat and time share charters.
- (11) Vessels primarily engaged in commerce which are owned by a resident of a country other than the United States;
 - (12) A vessel not using the waters of this state;
- (13) Commercial vessels which display decals issued annually by the department of revenue.

AMENDATORY SECTION (Amending Order TL-RG-19, filed 11/19/85)

WAC 308-93-070 APPLICATION FOR TITLE/REGISTRA-TION. (1) An application for certificate of title or registration of a vessel shall be completed and shall include:

- (a) The names, addresses and ZIP codes of all owners of the vessel being registered including a lessor if applicable.
 - (b) Make, model year and length of vessel.
 - (c) Type of power (gasoline, diesel, propane, etc.).
 - (d) Primary use.
- (e) Primary method of propulsion (inboard, outboard, inboard/outboard, jet, sail, etc.).
 - (f) Type of vessel (open, cabin, house, or other).
 - (g) Primary vessel construction (fiberglass, wood, aluminum, etc.).
 - (h) County of moorage.
 - (i) Coast guard number, if any.
- (j) Purchase ((cost)) price and purchase year of vessel or declared value and year of declaration. Purchase price includes the price purchaser paid for the vessel, vessel motor, or engine, and all other equipment and accessories, but does not include a boat trailer, purchased in a single transaction.
 - (k) Hull identification number.
- (1) The number previously issued by an issuing authority for the vessel, if any.
- (m) That the application is for a new number, renewal or transfer of ownership.
 - (n) State in which vessel is or will be principally used.
 - (o) Federal document number, if applicable.
- (2) Name and address of the legal owner or a statement of fact by the registered owner that the vessel is free of all liens other than those shown on the application.
- (3) In the event a vessel is homemade, the owner must complete and sign a declaration of value form. The signature of the registered owner of a homemade vessel must be notarized by a notary public.
- (4) The names of all owners will appear on the application for registration and title. The application must be signed by all owners. This signature must be notarized or certified by an authorized registration agent.
- (5) The application for certificate of title or registration shall be accompanied by the following where applicable:
 - (a) A copy of the bill of sale or sales agreement.
 - (b) Vessel data form.
 - (c) Declaration of value form.
 - (d) All proper fees and excise tax.
 - (e) Previous ownership document properly released.
 - (f) Excise exemption affidavit.

- (g) Proof of sales tax paid.
- (h) Proof of personal property tax paid.
- (i) Manufacturer's statement of origin or original factory invoice.
- (j) Copy of carpenter certificate.
- (k) Copy of any filing pursuant to Article 62A.9 RCW, Uniform commercial code-secured transactions.
 - (1) Release of interest form.
 - (m) Verification of ownership.
- (n) Copy of certificate of ownership of vessel issued by United States Coast Guard.
- (o) Additional documentation for issuance of class "A" title as described in WAC 308-93-074.
- (6) An application made by a manufacturer or dealer for a number that is to be temporarily affixed to a vessel for demonstration or test purposes may omit subsection (1)(b), (c), (e), (f), (g), and (k) of this section.
- (7) An application made by a person who intends to lease or rent the vessel without propulsion machinery may omit subsection (1)(c) and (e) of this section.

AMENDATORY SECTION (Amending Order TL-RG-2, filed 6/21/84)

WAC 308-93-290 TRANSFER OF OWNERSHIP, HOW PERFECTED. A transfer of ownership in a vessel is perfected by compliance with the requirements of this section.

(1) If an owner transfers an interest in a vessel other than by the creation of a security interest, ((he)) the transferor shall, at the time of the delivery of the vessel, execute an assignment to the transferee and cause the certificate and assignment to be transmitted to the transferee, and shall within ((fifteen)) five days, excluding Saturdays, Sundays, and state and federal holidays, notify the department in writing on the appropriate form of the sale or transfer of all or any part of the ownership of a vessel.

(2) The transferee ((of ownership)) shall, within fifteen days after accepting delivery ((to him)) of the vessel, ((execute the application)) apply for a new certificate of title ((in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department)).

- (3) Upon request of the owner or transferee, a secured party in possession of the certificate of title shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party under the security agreement.
- (4) If a security interest is reserved or created at the time of the transfer, the certificate of title shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provision of WAC 308-93-230.
- (5) Upon receipt of an application for ((the reissue of)) a certificate of title and ((transfer of)) registration, accompanied by the endorsed certificate of title and such other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of title and registration have been complied with, issue a new certificate((s)) of title and registration in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the general fund)).

WSR 91-23-062 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed November 18, 1991, 1:11 p.m.]

Original Notice.

Title of Rule: WAC 308-96A-100 Licensing according to use instead of vehicle type; 308-96A-306 Definitions—Disabled person special parking privileges; 308-96A-310 Application—Disabled person parking privileges; 308-96A-315 Temporary ((permits)) placards;

308-96A-320 Cardiovascular disease or cardiac condition; 308-96A-325 Loss of disabled person parking ((card, decal)) placard, plate; 308-96A-330 Application, eligibility—Public transportation authority, nursing homes, senior citizen centers, and private nonprofit agencies—Disabled person parking ((permits)) placards; 308-96A-335 Special parking privilege ((permits)) placards for public transportation authorities, nursing homes, senior citizen centers, and private nonprofit agencies—Transfer, limitations; and 308-96A-340 Disabled person parking privileges—Validation term.

Purpose: Amending WAC 308-96A-100 Licensing according to use instead of vehicle type; WAC 308-96A-306, 308-96A-310, 308-96A-315, 308-96A-320, 308-96A-325, 308-96A-330, 308-96A-335; and adding WAC 308-96A-340 all concerning disabled person parking privileges.

Statutory Authority for Adoption: RCW 46.01.110 and 46.16.276.

Statute Being Implemented: Chapter 46.16 RCW, RCW 46.16.381 and 46.16.390.

Summary: WAC 308-96A-100 Clarifies that certain class of vehicles may not be licensed as trucks. WAC 308-96A-306 through 308-96A-340 are necessary to implement SHB 1704, sections 21 and 22, chapter 339, Laws of 1991.

Reasons Supporting Proposal: WAC 308-96A-306 through 308-96A-340 are necessary to implement SHB 1704, sections 21 and 22.

Name of Agency Personnel Responsible for Drafting: Jack L. Lince, Highways-Licenses Building, 234-2379 scan; Implementation: Debra McCurley, Highways-Licenses Building, 234-2252 scan; and Enforcement: Nancy Kelly, Highways-Licenses Building, 234-6920 scan.

Name of Proponent: Department of Licensing, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 308-96A-340 provides that a disabled person parking placard and license plate shall be valid for five years and may be issued for continuing five year periods upon request.

Proposal Changes the Following Existing Rules: WAC 308-96A-100 provides that certain class of vehicles may only be licensed for the normal use of that type of vehicle. WAC 308-96A-306 through 308-96A-335 are amended to reflect the revised provisions of RCW 46.16.381 as amended by SHB 1704, section 21, chapter 399, Laws of 1991. Adds adult family homes to the list of qualifying organizations that may be issued placards. Change "permit" terminology to "placard." Deletes reference to decals which have been discontinued.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Second Floor Conference Room, Highways-Licenses Building, 1125 12th Avenue, Olympia, WA 98504, on January 7, 1992, at 9:00 a.m.

Submit Written Comments to: Nancy Kelly, Administrator, Title/Registration Services, P.O. Box 2957, Olympia, WA 98507-2957, by January 6, 1992.

Date of Intended Adoption: January 8, 1992.

November 7, 1991
David M. Hankins
Assistant Attorney General

AMENDATORY SECTION (Amending Order TL/RG-34, filed 5/28/87)

WAC 308-96A-100 LICENSING ACCORDING TO USE IN-STEAD OF VEHICLE TYPE. ((Where a)) Certain types of vehicles ((is to be)) used for a purpose other than the normal use for that type of vehicle((, the vehicle)) may be licensed according to that use:

- (1) Passenger cars used to transport commodities, merchandise, produce, freight or animals for commercial purposes may be licensed as commercial use trucks.
- (2) Trucks used as passenger cars may be licensed as passenger cars if the following conditions are met:
- (a) Seats have been permanently installed in or in place of the bed of the truck,
- (b) The vehicle has been inspected and approved for this change of class by an authorized member of the Washington state patrol.
- (3) Vehicles which are not readily identified as either passenger cars or trucks, such as Jeeps, Blazers and Broncos, may be licensed either as passenger or truck vehicles depending on their use.
- (4) Vehicles such as farm tractors, motorcycles, and mopeds may only be licensed for the normal use for that type of vehicle and may not be licensed as commercial use trucks.

AMENDATORY SECTION (Amending Order TL/RG-34, filed 5/28/87)

WAC 308-96A-306 DEFINITIONS—DISABLED PERSON SPECIAL PARKING PRIVILEGES. For the purposes of determining eligibility for special parking ((permits)) placards, the following definitions apply:

- (1) "Public transportation authorities" are those entities operating motor vehicles or other devices capable of being moved on a public highway. The vehicles shall be owned or operated by Washington state, or a town, city, county, municipality, or metropolitan or municipal corporation within the state, or United States government agencies or Indian nations and must be used for the purpose of carrying passengers and their baggage or freight incident to business or programs conducted by those authorities: PROVIDED, That those authorities may contract with private carriers to perform services entitling the carriers to the special parking privileges.
- (2) "Private carriers" are those entities contracting with public transportation authorities to perform their services.
- (3) "Nursing homes" are those entities licensed as nursing homes with the department of social and health services. For purposes of this chapter, nursing homes include adult family homes licensed by the department of social and health services as provided in chapter 70.128 RCW.
- (4) "Senior citizen centers" are bona fide senior citizen centers recognized by the bureau of aging and adult services or a specific county government.
- (5) "Private nonprofit agencies" are those entities on file with the secretary of state's office as a nonprofit organization.

AMENDATORY SECTION (Amending Order TL/RG 39, filed 12/7/87)

WAC 308-96A-310 APPLICATION—DISABLED PERSON PARKING PRIVILEGES. Application must be made on forms provided by the department and signed by the disabled person. If the applicant is physically unable to sign, the application may be signed by a family member, stating his or her relationship to the applicant. If signed by mark (X), signatures of two witnesses are required.

A statement from a physician is required to certify the applicant's disability((, except loss of both hands or lower limbs may be visually verified by the licensing agent)). If the disability is temporary, the physician must indicate the expected length of disability.

((Special license plates may be issued for a vehicle registered to the applicant. If the vehicle is not registered to the applicant, a special decal may be issued: Provided, That a statement is submitted to verify (a) the relationship of the registered owner to the applicant and (b) that the vehicle is used as the primary source of transportation for the applicant.))

AMENDATORY SECTION (Amending Order TL-RG 6, filed 8/15/84)

WAC 308-96A-315 TEMPORARY ((PERMITS)) PLACARDS. A temporary ((permit)) placard valid for no more than two weeks may be issued upon visual verification of a ((temporary)) qualifying disability ((for a maximum of two weeks and)). The placard may not be extended without a physician's certificate of disability. ((An)) Out-of-state visitors may be issued ((a)) temporary ((permit provided he or she submits proof that)) placards by providing evidence they have ((been determined eligible for)) valid disabled person parking privileges in ((another)) their home state.

$\frac{AMENDATORY}{8/15/84}$ SECTION (Amending Order TL-RG 6, filed

WAC 308-96A-320 CARDIOVASCULAR DISEASE OR CARDIAC CONDITION. Functional limitations of cardiovascular disease or cardiac condition as classified under standards accepted by the American Heart Association are defined as:

- (1) Class III. Patients with cardiac disease or condition resulting in marked limitation of physical activity. They are comfortable at rest. Less than ordinary physical activity causes fatigue, palpitation, dyspnea, or anginal pain.
- (2) Class IV. Patients with cardiac disease or condition resulting in inability to carry on any physical activity without discomfort. Symptoms of cardiac insufficiency or of the anginal syndrome may be present even at rest. If any physical activity is undertaken, discomfort is increased.

AMENDATORY SECTION (Amending Order TL/RG 39, filed 12/7/87)

WAC 308-96A-325 LOSS OF DISABLED PERSON PARK-ING ((CARD, DECAL)) PLACARD, PLATE. Replacement of a disabled person ((special)) parking ((privilege special card, decal)) placard or license plate will be issued upon receipt of a signed request from the applicant stating that the ((permit, decal)) placard or license plate has been lost, stolen, destroyed or mutilated. If the applicant is physically unable to sign, the statement may be signed by a family member or legal guardian.

AMENDATORY SECTION (Amending Order TL/RG-34, filed 5/28/87)

WAC 308-96A-330 APPLICATION, ELIGIBILITY—PUBLIC TRANSPORTATION AUTHORITIES, NURSING HOMES, SENIOR CITIZEN CENTERS, AND PRIVATE NONPROFIT AGENCIES—DISABLED PERSON PARKING ((PERMITS)) PLACARDS. Application for public transportation authority, nursing homes, senior citizen, and private nonprofit agencies for disabled person special parking ((privilege permits for disabled persons must)) placards shall be made on forms provided by the department and signed by an appropriate official of the organization((, certifying)). The applicant shall certify that the organization ((meets)) satisfies the eligibility requirements for special disabled person parking ((privilege permits for disabled persons, defined under)) placards provided in RCW 46.16.381 and chapter 308-96A WAC.

$\frac{AMENDATORY\ SECTION}{5/28/87)}\ (Amending\ Order\ TL/RG-34,\ filed$

WAC 308-96A-335 SPECIAL PARKING PRIVILEGE ((PER-MITS)) PLACARDS FOR PUBLIC TRANSPORTATION AU-THORITIES, NURSING HOMES, SENIOR CITIZEN CEN-TERS, AND PRIVATE NONPROFIT AGENCIES—TRANSFER, LIMITATIONS. One special disabled person parking ((privilege permits)) placard may be issued to public transportation authorities, nursing homes, senior citizen centers, and private nonprofit agencies ((are limited to one)) for each vehicle ((used)) the organization uses to transport eligible disabled persons. ((Permits issued to public transportation authorities, nursing homes, senior citizen centers, and private nonprofit agencies are not transferable to another vehicle.)) When ((the assigned vehicle)) a placard is no longer being used by the organization to transport qualified disabled persons, the responsible official of the organization must notify the department and surrender the ((permit: In lieu of the permit,)) placard. A written statement verifying the ((permit)) placard has been destroyed may be accepted.

((The special parking permits for the transportation of the disabled will be issued for a specified period of time as follows:

- (1) Nursing homes will have permits issued to correspond with the duration of the license to operate which was issued to the nursing home by the department of social and health services, state of Washington:
- (2) Senior citizen centers will be issued permits for a three-year period beginning with the date the permit was issued by the department of licensing.
- (3) Private nonprofit agencies will be issued permits for a three-year period beginning with the date the permit was issued by the department of licensing.
- (4) Public transportation authorities will be issued permits for a three-year period beginning with the date the permit was issued by the department of licensing.
- (5) Private carriers who contract with public transportation authorities will be issued permits to correspond with the duration of such contract but for a period of time not to exceed three years.

A new application must be submitted before a new permit may be issued, to certify eligibility of the organization.))

NEW SECTION

WAC 308-96A-340 DISABLED PERSON PARKING PRIVI-LEGES—VALIDATION TERM. (1) A permanent disabled person special parking placard shall be issued for a term not to exceed five years from the month and year in which the placard is issued. The placard may be renewed by providing written notice to the department. The notice must be signed by the applicant and state that the applicant continues to have disability conditions listed in RCW 46.16.381 (1)(a) through (g). Upon receipt of the written notice and approval by the department, the department shall issue a new placard valid for an additional five-year term.

(2) A temporary disabled person special parking placard shall be issued for the term of the applicant's temporary disability, but shall not exceed six months from the date the placard is issued. Upon expiration of such placard, an additional temporary placard may be issued upon verification by a licensed physician that the applicant continues to have a qualifying temporary disability.

(3) A special disabled person parking license plate may be issued for the same term as the permanent disabled person parking placard issued for the applicant. The license fees and taxes for the vehicle displaying a disabled person parking license plate must be paid when due.

(4) A permanent or temporary disabled person parking placard is invalid after the date indicated on the placard. A special disabled person parking license plate is invalid when the vehicle license fees and taxes are past due or when the permanent disabled person parking placard issued in conjunction with the license plate is invalid.

(5) Temporary and permanent disabled person parking permits, decals, and special license plates issued prior to July 28, 1991, shall be valid through January 31, 1993. Temporary and permanent disabled person parking permits, decals, and special license plates issued prior to July 28, 1991, shall be invalid after January 31, 1993. Any person that has a valid disabled person parking permit, decal, or special license plate issued prior to July 28, 1991, may submit a written notice requesting a disabled person parking placard as provided in subsection (1) of this section for renewal of a permanent placard. A special disabled person parking license plate may be retained when a permanent disabled person parking placard is obtained.

WSR 91-23-063 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed November 18, 1991, 1:13 p.m.]

Original Notice.

Title of Rule: Certificates of title—Motor vehicles, etc., chapter 308-56A WAC; WAC 308-56A-140 Department temporary; and 308-56A-470 Issuance of certificates—Contents.

Purpose: Amending WAC 308-56A-140 Department temporary; and adding WAC 308-56A-470 Issuance of certificates—Contents.

Statutory Authority for Adoption: RCW 46.01.110. Statute Being Implemented: RCW 46.12.151 and 46.12.050

Summary: WAC 308-56A-140, increases the period a vehicle may be operated on a temporary license permit when an owner does not have proper documentation to transfer title; and WAC 308-56A-470, establishes title branding criteria.

Reasons Supporting Proposal: WAC 308-56A-140, current 30 day time frame is not sufficient to clear title problems; and WAC 308-56A-470, provide notice to new owners of prior vehicle usage.

Name of Agency Personnel Responsible for Drafting: Jack L. Lince, Highways-Licenses Building, 234-2379 scan; Implementation: Eric Andersen, Highways-Licenses Building, 321-6076 scan; and Enforcement: Nancy Kelly, Highways-Licenses Building, 234-6920 scan

Name of Proponent: Department of Licensing, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 308-56A-470 is a new rule to establish criteria for including a description of previous title conditions and/or operational uses of the vehicle. Title brands issued by foreign states will be carried forward and reflected on Washington title and registration documents.

Proposal Changes the Following Existing Rules: WAC 308-56A-140 is amended to increase a department temporary permit authorization period from 30 to 60 days. Provides that the license fees must be paid prior to issuance of the permit.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Second Floor Conference Room, Highways-Licenses Building, 1125 12th Avenue, Olympia, WA 98504, on January 7, 1992, at 9:00 a.m.

Submit Written Comments to: Nancy Kelly, Administrator, Title/Registration Services, P.O. Box 2957, Olympia, WA 98507-2957, by January 7, 1992.

Date of Intended Adoption: January 8, 1992.

November 7, 1991 David M. Hankins Assistant Attorney General

AMENDATORY SECTION (Amending Order MV 208, filed 7/31/74)

WAC 308-56A-140 DEPARTMENTAL TEMPORARY. If the proper documentation is not immediately available, the department may, at its option, issue a temporary permit. This permit will be valid for ((30)) sixty days ((or until proper documentation is received, whichever comes first)). The temporary permit ((will only be)) is available at ((the department's Olympia office or at a county auditor's)) any vehicle license office. The application must be completed in accordance with the instructions issued by the department. All title and licensing fees except any fees for license plates must be paid, including the temporary permit fee.

Fees for license plates will be paid at the time the license plates are issued. When license fees are being paid monthly in accordance with

RCW 46.16.135, the license fees paid must be for at least the entire

term of the temporary permit being issued.

The hard copy of the temporary permit must be displayed according to instructions on the permit and the signed registration must be carried in the vehicle or the towing vehicle ((at all times the vehicle is in operation. If the vehicle is designed with a rear window, the permit will be attached to the inside of the rear window in the lower left corner with the large numbers visible to one standing or following at the rear of the vehicle. The means of attachment will not obscure the information recorded on the permit. The temporary permit and the missing documentation must be surrendered before the vehicle will be registered)).

NEW SECTION

WAC 308-56A-470 ISSUANCE OF CERTIFICATES-CON-TENTS. Both the certificate of ownership and the certificate of license registration shall contain upon the face thereof, in addition to all other vehicle and owner identification, a description of any facts pertaining to previous license or operations of the vehicle. Facts pertaining to the vehicle may include but are not limited to:

(1) The vehicle having been rebuilt;

(2) Special certificates issued by previous states;

(3) Previous use of the vehicle such as: A taxicab or for hire vehicle with six seats or less; or

(4) The vehicle being previously owned and operated by a government agency.

WSR 91-23-064 PERMANENT RULES **OFFICE OF** INSURANCE COMMISSIONER

[Order R 91-9-Filed November 18, 1991, 1:25 p.m.]

Date of Adoption: November 13, 1991.

Purpose: The purpose of this regulation is to protect policyowners from transfers of their insurance policies and contracts, without their affirmative consent. It also prevents them from losing guaranty fund protection.

Statutory Authority for Adoption: RCW 48.02.060

(3)(a), 48.01.030, and 48.30.010.

Pursuant to notice filed as WSR 91-19-092 on September 18, 1991; and WSR 91-22-062 on November 1, 1991.

Changes Other than Editing from Proposed to Adopted Version: Only editing changes were made from the proposed version of chapter 284-95 WAC to its adopted version. Editing changes were made to clarify the regulation by eliminating redundant or possibly misleading terminology, and to make the regulation more concise. For example, the term "ceding company" in the proposed version was replaced throughout by "transferring company." Similarly, "Assumption" was deleted from the name of the chapter. It now reads "The Washington Regulation on Transfer of Insurance Contracts." This is in accordance with the original intention of this chapter to avoid the use of misleading terminology arising from the term "assumption reinsurance." Also, to make the chapter more concise, the definition of "policyowner" was clarified in WAC 284-95-030(5), allowing the use of that term alone throughout the chapter, replacing "policy or contract owner." WAC 284-95-050(5) was edited to provide more information as to the content and use of the certificate of assumption to prevent misunderstandings from arising. Several editing changes were made to WAC 284-95-020. Several subparagraphs were renumbered for the purposes of clarification and simplification. Proposed WAC 284-95-040(4) was edited to eliminate a possible ambiguity as to which state official is to be given advance notice of a proposed transfer, and became WAC 284-95-040(3). The above list of editorial changes is not complete. It is given for illustrative purposes only.

Effective Date of Rule: Thirty-one days after filing.

November 13, 1991 Dick Marquardt Insurance Commissioner By David H. Rodgers Chief Deputy Insurance Commissioner

Chapter 284-95 WAC TRANSFER OF INSURANCE CONTRACTS

NEW SECTION

WAC 284-95-010 TITLE. This regulation, WAC 284-95-010 through 284-95-060, inclusive, shall be known and may be cited as "the Washington regulation on transfer of insurance contracts."

NEW SECTION

WAC 284-95-020 PURPOSE AND SCOPE. (1) This regulation establishes procedures to be followed with respect to the transfer of insurance contracts from a transferring company to an assuming company, establishes notice and disclosure requirements to protect the rights of policyowners, and defines unfair or deceptive acts and practices and unfair methods of competition in the conduct of the business of insurance, pursuant to RCW 48.30.010.

- (2) This regulation applies to any transfer of insurance contracts from a transferring company to an assuming company where:
- (a) The policyowner, as defined in WAC 284-95-030(5), is a resident of this state at the time of the proposed transfer; or
- (b) The holder of a certificate of group insurance is a resident of this state at the time of the proposed transfer and meets the criteria set forth in WAC 284-95-030(5).
- (3) This regulation shall not apply in the following situations:
 - (a) Mergers or consolidations;
- (b) A transferring company subject to an order of rehabilitation, conservation, liquidation, or similar applicable order issued in this or any other jurisdiction;
- (c) Withdrawal from the state by a transferring company, pursuant to RCW 48.05.290;
- (d) The absorption of a subsidiary insurance company by a parent company, where the parent company absorbs the entire subsidiary insurance company through a merger. However, this regulation shall apply where the parent company acquires only the insurance contracts of the subsidiary insurance company.
- (4) Unless the transferring company complies fully with the requirements of this regulation, it shall be deemed to remain liable for its obligations to the policyowners under its insurance contracts.

NEW SECTION

WAC 284-95-030 DEFINITIONS, APPLICATIONS, AND PROCEDURES. (1) "A transfer of insurance contracts" means a transaction in which a transferring company, as defined in subsection (3) of this section, transfers one or more insurance contracts, together with all or substantially all of the liabilities and obligations under any such insurance contracts, to an assuming company, as defined in subsection (4) of this section, so that the rights of policyowners under the contracts are directly affected. This includes a transfer of the type deceptively known as "assumption reinsurance." This regulation is not intended to apply to a case of true reinsurance, where an insurer obtains additional security for the original undertaking.

- (2) "Consent to transfer," in the context of this regulation, means the active and affirmative consent of each policyowner, as defined in subsection (5) of this section. This consent must be in writing, signed by the policyowner. It will not be presumed. It must be made after sufficient notice and disclosure concerning the proposed transfer, and concerning both the transferring company and the assuming company, as more fully set forth in WAC 284-95-040 and 284-95-050. Where a group insurance contract is concerned, the consent required is that of the group policyowner. Where the holder of a certificate of group insurance meets the criteria set forth in subsection (5) of this section, then the certificate holder is the policyowner, for the purpose of obtaining consent.
- (3) "Transferring company" means the insurance company, fraternal benefit society, health care service contractor, or health maintenance organization which proposes to transfer one or more insurance contracts, together with all or substantially all of the liabilities arising under any such insurance contract, to an assuming company.
- (4) "Assuming company" means the insurance company, fraternal benefit society, health care service contractor, or health maintenance organization which proposes to acquire one or more insurance contracts, together with all or substantially all of the liabilities arising under any such insurance contracts or contracts, from a transferring company.
- (5) "Policyowner" means any individual or entity which has the right to either agree or not agree to alter the terms of an insurance contract and includes any person issued a certificate under a group insurance contract if such contract vests in that person rights that the owner of the group contract may not terminate.
- (6) "An insurance contract," for purposes of this regulation, includes a life or disability insurance policy, an annuity contract, and a contract issued by a health care service contractor or health maintenance organization.

NEW SECTION

WAC 284-95-040 NOTICE REQUIREMENTS. (1) The transferring company shall provide to each policyowner at least thirty days advance written notice of its intent to transfer the insurance contract to an assuming company. The written notice shall be deposited in the

United States mail, postage prepaid, addressed to the last known address for the policyowner.

- (2) The transferring company shall keep records of all notices which are returned as undeliverable and also of all responses which are signed and returned by the policyowner, regardless of whether those responses are consents or refusals to consent.
- (3) The transferring company shall provide advance notice of the proposed transfer to the commissioner, which shall include a complete set of the forms and materials to be sent to policyowners. The notice shall be sent at least thirty days before it is sent to the policyowner.

NEW SECTION

WAC 284-95-050 REQUIREMENT OF FULL DISCLOSURE. (1) At a minimum, the notice sent to the policyowner shall state the following in language easily understood by a policyowner:

- (a) The date upon which the transfer of liabilities arising under the insurance contract is to take place.
- (b) The name and address of the proposed assuming company.
- (c) The fact that the policyowner has a legal right to either consent to the proposed transfer, or to refuse to consent to it.
- (d) The fact that if the policyowner wishes to accept the proposed transfer, that person must affirmatively do so by signing and returning the enclosed consent form.
- (e) The fact that unless the policyowner signs and returns the enclosed consent form, the proposed transfer will not take place as to the insurance contract in his or her case, and that as a result the liabilities arising under that insurance contract will remain with the transferring company.
- (f) Depending upon the intent of the transferring company, the policyowner should be told whether the transferring company will or may utilize the services of the proposed assuming company or another entity for administratively servicing the insurance contract, if consent to the transfer is not given, even though the obligations and liabilities under the insurance contract will remain with the transferring company. Examples of such servicing should be illustrated.
 - (g) The reason or reasons for the proposed transfer.
- (h) Enough information about both the transferring company and the assuming company for the policyowner to make an informed choice about whether to consent to the proposed transfer or not. Necessary information will vary from one situation to another. However, it shall include, although it is not limited to, the following: The assets and liabilities of each company, and the business experience of each, particularly with respect to the kind of insurance involved in the proposed transfer.
- (i) Whether the assuming company holds a valid certificate of authority or registration for the kind of insurance involved in the proposed transfer, issued by the state of which the policyowner is a resident.
- (j) Whether the proposed transfer would have any effect upon availability and extent of protection afforded by any state guaranty fund, in the event of insolvency of the proposed assuming company.

- (2) The notice and disclosure shall be accompanied by a form by which the policyowner may consent to or reject the proposed transfer. The form shall be worded in language easily understood by the policyowner, and be accompanied by a postage prepaid return envelope, by which it may be returned. All the forms shall be subject to the type size requirements of RCW 48.20.012(2).
- (3) After processing, the transferring company shall return to consenting policyowners a copy of the consent to transfer for attachment to the insurance contract. The transferring company shall retain the policyowner's written consent with its records pertaining to each insurance contract.
- (4) The notice and disclosure documents must also advise the policyowner that the transferring company will not unfairly discriminate against those policyowners who do not consent to the transfer.
- (5) A certificate of assumption shall be provided to each consenting policyowner. The certificate shall include, at a minimum, the statement that the assuming company assumes all contractual obligations under the insurance contract. It shall include the name of the assuming company and its address to which communications relating to the insurance contract should be sent. The certificate of assumption shall become a part of the transferred contract. The form of certificate of assumption shall be filed with the insurance commissioner pursuant to RCW 48.18.100.

NEW SECTION

WAC 284-95-060 PROHIBITED POLICY PRO-VISIONS. No insurance contract, or other contractual document pertaining to any such insurance contract, shall contain any waiver or disclaimer of any of the rights recognized or protected by this regulation.

NEW SECTION

WAC 284-95-070 TRANSFERS TO UNAUTHORIZED INSURERS. Where a Washington resident owns an insurance contract issued by a company authorized to do business in Washington, that company may not transfer such insurance contract to a company which is not authorized to do business in Washington. Acting as the assuming company in a transfer of insurance involving a Washington risk constitutes the transaction of insurance for which a Washington certificate of authority, license, or registration is required.

NEW SECTION

WAC 284-95-080 UNFAIR OR DECEPTIVE ACTS OR PRACTICES. It is an unfair or deceptive act or practice, pursuant to RCW 48.30.010, for any transferring company to:

- (1) Be a party to a transfer of insurance contracts which is in violation of the provisions of this regulation; or
- (2) Represent to policyowners, either verbally or in writing, that the commissioner has approved a transfer of insurance contracts. It shall be a false representation in advertising, in the sense of RCW 48.44.110, for a

health care service contractor to represent to policyowners, either verbally or in writing, that the commissioner has approved any transfer of insurance contracts. It shall be a false or misleading practice in advertising, in the sense of RCW 48.46.400, and a deceptive, misleading, or unfair practice in advertising, in the sense of RCW 48.46.130 (1)(e), for a health maintenance organization to represent to policyowners, either verbally or in writing, that the commissioner has approved any transfer of insurance contracts; or

(3) Unfairly discriminate against policyowners who do not consent to the proposed transfer of insurance contracts.

WSR 91-23-065 PROPOSED RULES DEPARTMENT OF NATURAL RESOURCES

[Filed November 18, 1991, 2:39 p.m.]

Original Notice.

Title of Rule: Chapter 332-130 WAC, Minimum standards for land boundary surveys and geodetic control surveys and guidelines for the preparation of land descriptions.

Purpose: To amend WAC 332-130-010 and 332-130-020; and create WAC 332-130-025.

Statutory Authority for Adoption: RCW 58.24.040(1) and 58.09.050.

Statute Being Implemented: RCW 58.24.040(1) and 58.09.050.

Summary: The purpose of these rules is to amend Order 561, filed on May 11, 1989, which rules set minimum performance levels for land boundary surveys and geodetic control surveys and provided guidelines for the preparation of land descriptions.

Reasons Supporting Proposal: See Explanation of Rule below.

Name of Agency Personnel Responsible for Drafting: Donnell Fitch, 1102 South Quince, EV-11, Olympia, 586-6034; Implementation: Mike Kinnaman, 1102 South Quince, EV-11, Olympia, 586-6047; and Enforcement: Department of Licensing, Board of Registration for Engineers and Land Surveyors.

Name of Proponent: Survey Advisory Board, private. Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: These rules amend Order 561, filed May 11, 1989, to incorporate the land corner record form in the minimum standards. Chapter 58.09 RCW requires Department of Natural Resources to design this form.

Proposal Changes the Following Existing Rules: WAC 332-130-010, cites authority; WAC 332-130-020, modifies definition of land corner record; and WAC 332-130-025, prescribes form and requires its use.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

The department has considered whether these rules changes are subject to the Regulatory Fairness Act and

has determined they are not because the changes have minor economic impact.

Hearing Location: Engineering Conference Room, 1102 South Quince, EV-11, Olympia, WA, 98504 on December 30, 1991, at 9:00 a.m.

Submit Written Comments to: Mike Kinnaman, Survey Manager, Department of Natural Resources, 1102 South Quince, EV-11, Olympia, WA 98504, by December 30, 1991.

Date of Intended Adoption: December 31, 1991.

November 14, 1991 James A. Stearns Supervisor

AMENDATORY SECTION (Amending Order 561, filed 5/11/89)

WAC 332-130-010 AUTHORITY. The department of natural resources, in accordance with RCW 58.24.040, 58.09.050, and 58.17-.160, prescribes the following regulations setting minimum standards for land boundary surveys and geodetic control surveys and providing guidelines for the preparation of land descriptions.

AMENDATORY SECTION (Amending Order 581, filed 9/9/91, effective 10/10/91)

WAC 332-130-020 DEFINITIONS. The following definitions shall apply to this chapter:

(1) Geodetic control surveys: Surveys for the specific purpose of establishing control points for extending the National Geodetic Survey horizontal and vertical control nets, establishing plane coordinate values on boundary monuments within the requirements of the Washington coordinate system, and determining the vertical elevations of boundary monuments.

(2) GLO and BLM: The General Land Office and its successor, the

Bureau of Land Management.

- (3) Land boundary surveys: All surveys, whether made by individuals, entities or public bodies of whatever nature, for the specific purpose of establishing, reestablishing, laying out, subdividing, defining, locating and/or monumenting the boundary of any easement, right of way, lot, tract, or parcel of real property or which reestablishes or restores General Land Office or Bureau of Land Management survey corners.
- (4) Land corner record: The record of corner information form as prescribed by the department of natural resources ((pursuant to chapter 58.09 RCW)) in WAC 332-130-025.
- (5) Land description: A description of real property or of rights associated with real property.
- (6) Land surveyor: Any person authorized to practice the profession of land surveying under the provisions of chapter 18.43 RCW.
- (7) NAD83 (1991): North American Datum of 1983, adjusted in 1991.
- (8) Parcel: A part or portion of real property including but not limited to GLO segregations, easements, rights of way, aliquot parts of sections or tracts.
- (9) Survey Recording Act: The law as established and designated in chapter 58.09 RCW.
- (10) Washington coordinate system: The system of plane coordinates as established and designated by chapter 58.20 RCW.

NEW SECTION

WAC 332-130-025 CORNER RESTORATION—RECORDING FORM. The record of corner information required to be filed with the county auditor by the Survey Recording Act shall be filed on a form substantially like the following:

LAND CORNER RECORD

WASHINGTON PLANE COORDINATES:

ORDER:

(THIS FORM PRESCRIBED BY THE PUBLIC LAND SURVEY OFFICE, DEPARTMENT OF NATURAL RESOURCES. PURSUANT TO RCW 58.09. ALPHA-NUMERIC INDEX DIAGRAM ON THE BACK.) CORNER INDEXING INFORMATION: _ CORNER CODE (See instructions on back of LCR) (Willamette Meridian) ADDITIONAL IDENTIFIER: (e.g., BLM designation for the corner, street intersection, plat name, block, lot, etc.) COUNTY: AUDITOR'S USE LAND SURVEYOR INFORMATION: (or Public Officer as per RCW 58.09.090) This corner record correctly represents work performed by me or under my direction in conformance with the Survey Recording Act. COMPANY NAME: ADDRESS: SEAL/SIGNATURE/DATE

CORNER INFORMATION: Use the space below to provide the following information regarding the corner:

(1) Pertinent Corner History, (2) Evidence Found at the Corner, and (3) Corner Perpetuation Information. Please title and number the parts of your discussion accordingly. If additional space is needed use the back. (For (3), diagram the references. Also, provide the cross-reference to a map of record, if applicable, the surveyor's field book no./page no., and the date of work.) (See the back of this form for the requirements of the Survey Recording Act.)

N:

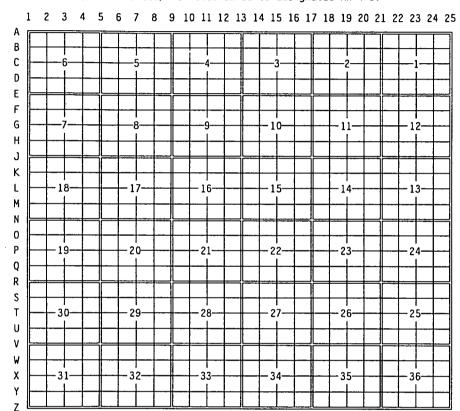

ZONE:

E:

DATUM (Date of adjustment):

MARK THE CORNER LOCATION ON THE DIAGRAM BELOW AND FILL IN THE CORNER CODE BLANK ON THE OTHER SIDE:

- (1) For corners located at the intersection of two lines (Section corners, quarter corners and sixteenth corners):
 - (a) The corner code is the alpha-numeric coordinate from the diagram below that corresponds to the appropriate intersection of lines.
- (2) For corners that are not located at the intersection of two lines (Meander corners, DLC's, HES's, reservation boundaries, mining claims, etc.):
 - (a) For corners that are on one line only the corner code is the line designation and the related line segment; i.e., a corner on line 5 between "B" and "C" is designated BC-5.
 - (b) For corners that are between lines the corner code is both line segments; i.e., a corner in the SE1/4 of the SE1/4 of section 18 is designated MN-4-5.

RCW 58.09.060 (2) requires the following information on this form: an accurate description and location, in reference to the corner position, of all monuments and accessories (a) found at the corner and (b) placed or replaced at the corner; (c) basis of bearings used to describe or locate such monuments or accessories; and (d) corollary information that may be helpful to relocate or identify the corner position.

SPACE FOR ADDITIONAL COMMENT:

WSR 91-23-066 PERMANENT RULES OLYMPIC AIR POLLUTION CONTROL AUTHORITY

[Filed November 18, 1991, 2:41 p.m.]

Date of Adoption: October 9, 1991.

Purpose: Change OAPCA Regulation 1 to be in agreement with state regulation, chapter 173-491 WAC by removal of gasoline storage tank registration exemption.

Pursuant to notice filed as WSR 91-18-002 on August 22, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 4, 1991
James A. Wilson
Air Quality
Control Specialist

AMENDATORY SECTION

SECTION 5.03 GENERAL REQUIREMENTS FOR REGISTRATION

- (a) Registration of an installation shall be made by the owner or lessee of the source, or his agent, within thirty (30) days of receipt of forms provided by the Authority. The owner of the source shall be responsible for registration and the accuracy of the information submitted.
- (b) A separate registration shall be required for each source of contaminant: PROVIDED, that an owner has the option to register a process with a detailed inventory of contaminant sources and emissions related to said process: PROVIDED FURTHER, that an owner need not make a separate registration for identical units of equipment or control apparatus installed, altered or operated in an identical manner on the same premise.
- (c) Each registration shall be signed by the owner or lessee or the agent for such owner or lessee.

EXHIBIT A

EXCLUSIONS ADOPTED BY THE BOARD AND ATTACHED AS ADDENDUM

- (1) Air conditioning or ventilating systems not designed to remove containment generated by or released from equipment.
- (2) Atmosphere generators used in connection with metal heat treating processes.
- (3) Blast cleaning equipment which uses a suspension of abrasive in liquid water.
 - (4) Foundry sand mold forming equipment, unheated.
 - (5) Fuel burning equipment which:
- (i) is used solely for a private dwelling serving four families or less; or
- (ii) has a BTU input of not more than 400,000 BTU per hour.
 - (6) Fumigation vaults.
 - (7) Insecticide spray equipment, non-commercial
- (8) Internal combustion engines, including gas turbine and jet engines.
- (9) Laboratory equipment used exclusively for chemical or physical analysis.

- (10) Laundry driers, extractors or tumblers used exclusively for the removal of water from fabric.
- (11) Routing, turning, carving, cutting and drilling equipment used for metal, wood, plastics, rubber, leather or ceramics.
- (12) Surface coating by use of aqueous solution or suspension.
- (13) Steam cleaning equipment used exclusively for that purpose.
 - (14) Storage tanks, reservoirs or containers:
- (i) Of a capacity of 6,000 gallons or less used for organic solvents, diluents or thinners.
- (ii) Of a capacity of 40,000 gallons or less used for liquid fuels including ((gasoline)) lubricating oil, tallow, vegetable oil or wax emulsions.
- (15) Vacuum cleaning systems used exclusively for office or residential housekeeping.
- (16) Vacuum producing devices used in laboratory operations and vacuum producing devices which do not remove or convey air contaminants from or to another source.
 - (17) Vents used exclusively for:
 - (i) Sanitary or storm drainage systems; or
 - (ii) Safety valves; or
 - (iii) Storage tanks.
- (18) Washing or drying equipment used for products fabricated from metal or glass, if no volatile organic material is used in the process.
- (19) Water cooling towers and cooling ponds except for barometric condensers.
 - (20) Welding, brazing or soldering equipment.
 - (21) Asphalt laying equipment.

WSR 91-23-067 PERMANENT RULES OLYMPIC AIR POLLUTION CONTROL AUTHORITY

[Filed November 18, 1991, 2:42 p.m.]

Date of Adoption: October 9, 1991.

Purpose: Bring OAPCA Regulation 1 into agreement with state regulation, WAC 173-400-040.

Pursuant to notice filed as WSR 91-18-061 on September 3, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 4, 1991 James A. Wilson Air Quality Control Specialist

AMENDATORY SECTION

SECTION 1.07 DEFINITIONS

When used in regulations of the Olympic Air Pollution Control Authority, the following definitions shall apply:

ACTUAL EMISSIONS (as of a particular date) means the average rate, in weight per unit time, with air pollution controls applied, at which the affected emission unit emitted the pollutant during the two-year period which

precedes the particular date, and which is representative of normal operation. An adjustment may be made to the average annual emission rate to account for unusual circumstances during the two-year period. The authority may allow or require the use of an alternative time period upon a determination that the alternative time period is more representative of normal operation than is the immediately preceding two years. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period. The authority may presume that source specific allowable emissions, which incorporate limits on hours of operation or production rate are equivalent to the actual emissions of the unit.

AGRICULTURAL OPERATION means the growing of crops, the raising of fowl or animals as gainful occupation.

AIR CONTAMINANT means dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof.

AIR POLLUTION means the presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, property, or which unreasonably interferes with enjoyment of life and property.

ALTERATION means any addition to or enlargement or replacement; or any major modification or change of the design, capacity, process or arrangement; or any increase in the connected loading of equipment or control facility which will significantly increase or adversely affect the kind or amount of air contaminant emitted.

AMBIENT AIR means that portion of the atmosphere external to building to which the general public has

AUTHORITY means the Olympic Air Pollution Control Authority.

BOARD means the Board of Directors of the Olympic Air Pollution Control Authority.

COMBUSTIBLE REFUSE means any burnable waste material containing carbon in a free or combined state other than liquid or gases.

CONTROL APPARATUS means any device which prevents or controls the emission of any air contaminant.

CONTROL OFFICER means the Air Pollution Control Officer of the Olympic Air Pollution Control Authority.

DAYLIGHT HOURS means the hours between official sunrise and official sunset.

EMISSION means a release into the outdoor atmosphere of air contaminants.

EMISSION POINT means the location (place in horizontal plane and vertical elevation) at which an emission enters the atmosphere.

EMISSION UNIT means any part of a stationary source and/or a facility that emits or has the potential to emit any regulated pollutant.

EQUIPMENT means any stationary or portable device, or any part thereof capable of causing the emission of any air contaminant into the atmosphere.

FACILITY is defined as all emission units in the same industrial grouping located on contiguous or adjacent properties and under common ownership of control.

FIRE CHIEF means a County Fire Marshal, City Fire Chief, Chief of each County Fire Protection District or his authorized representative, or authorized forestry officials from the Washington State Department of Natural Resources.

FUEL BURNING EQUIPMENT means any equipment, device or contrivance used for the burning of any fuel, and all appurtenances thereto, including ducts, breechings, control equipment, fuel feeding equipment, ash removal equipment, combustion controls, stacks, chimneys, etc., used for indirect heating in which the material being heated is not contacted by and adds no substances to the products of combustion.

GARBAGE means refuse, animal or vegetable matter as from a kitchen, restaurant or store.

HOG-FUEL means wood slabs, edging, trimmings, etc., which have been put through a "hog" to reduce them to a uniform small size, and also includes shavings from planing mills, sawdust from saw-kerfs, bits of bark, chips and other small recovered products from the manufacture of wood products or any combination thereof.

IDENTICAL UNITS means units installed and operated in a similar manner on the same premises provided the materials handled, processed, or burned are substantially the same in composition and quantity and their design, mode of operation, connected devices and types and quantities of discharge are substantially the same.

INCINERATOR means a furnace for the destruction of waste.

MULTIPLE—CHAMBER INCINERATOR means any article, machine, contrivance, structure or part of a structure, used to dispose of combustible refuse by burning, consisting of three or more refractory—lines combustion furnaces in series, physically separated by refractory walls, interconnected by gas passage ports or ducts and employing adequate design parameters necessary for maximum combustion of a material to be burned.

NEW SOURCE means a source constructed, installed or established after the effective date of this regulation.

OPACITY means the degree to which an emission reduces the transmission of light and obscures the view of an object in the background.

OPEN BURNING, Continuous Type means an openburning disposal process which is being repeated under permit at the same location.

OPEN FIRE means a fire where any material is burned in the open or in a receptacle other than a furnace, incinerator or kiln.

OWNER means and includes the person who owns, leases, supervises or operates the equipment or control apparatus.

PARTICULATE MATTER means any liquid, other than water, or any solid which is so finely divided as to be capable of becoming windblown or being suspended in air or other gas or vapor.

PERMIT means a written warrant or license granted by the Board, Control Officer, or duly authorized Representative or Agent. PERSON means and includes any individual, firm, public or private corporation, association, partnership, political subdivision, municipality or governmental agency.

POTENTIAL CONTROLLED EMISSIONS means the emissions from a facility determined as if the facility was operated at maximum capacity, 8,760 hours per year with control equipment operating. Operating control equipment can be considered only if the affect such controls have on emissions is federally enforceable.

POTENTIAL UNCONTROLLED EMISSIONS means the emissions from a facility determined as if the facility was operated at maximum capacity, 8,760 hours per year with control equipment NOT operating.

PROCESS means any equipment, device apparatus, chemical, natural element, procedure, effort, or any combination thereof which performs a service, function, use, or method, leading to an end of a particular performance, or manufacturing production.

REFUSE means waste as defined in Section 1.07 of this Regulation.

REFUSE BURNING EQUIPMENT means equipment designed to burn refuse, rubbish or waste material.

REGULATION means any regulation, or any subsequently adopted additions or amendments thereto, of the Olympic Air Pollution Control Authority.

REPRESENTATIVE or AGENT means any person authorized by the Control Officer of the Authority to represent him in an official and specific manner.

((RINGELMANN SMOKE CHART means the Ringelmann Smoke Chart with instruction for use, as published by the United States Bureau of Mines. (Information Circular 8333)))

RUBBISH means waste as defined in Section 1.07 of the Regulation.

SALVAGE OPERATION means any operation conducted in whole or in part for the salvaging or reclaiming of any product.

SOURCE means a process, operation, or method which emits or may emit any contaminants to the ambient air.

SOURCE CATEGORY means all sources of the same type or classification.

STACK means duct, chimney, flue, or conduit arranged for the emission into the outdoor atmosphere of air contaminants.

STANDARD AMBIENT CONDITIONS means gas temperature at 60 degrees Fahrenheit and gas pressure at 29.92 inches of mercury.

STANDARD CUBIC FOOT OF GAS means that amount of the gas which would occupy a cube having dimensions of one foot on each side, if the gas were free of water vapor and at a pressure of 14.7 P.S.I.A. and a temperature of 60 degrees Fahrenheit.

STATE ACT means the Washington Clean Air Act, Chapter 70.94 RCW, as amended.

STATIONARY SOURCE means any building, structure, facility, or installation which emits or may emit any air pollutant subject to regulation under the Federal Clean Air Act or the State Clean Air Act or OAPCA REGULATION 1.

WASTE means unproductive, worthless, useless or rejected material.

WASTE-WOOD BURNER means equipment or facility used solely for the combustion-disposal of waste wood without heat recovery. Such burners shall include, but not be limited to, a wigwam burner, a silo-type burner, or an air-curtain burner.

WIGWAM OF TEPEE BURNER - see Waste-wood Burner.

AMENDATORY SECTION

SECTION 9.01 OPEN FIRES

- (a) No person shall cause or allow any open fire within the jurisdiction of the Authority except as follows:
- (1) Fires for recreational purposes, cooking of food, Indian campfires, or the sending of smoke signals for a religious ritual.
- (2) Fires set for the disposal of waste upon premises of private dwellings housing four families or less, subject however, to the following restrictions:
- (i) There shall be one (1) fire only and it shall not exceed four (4) feet in diameter.
- (ii) The material may be burned only if it is of a location, nature and condition to burn without emitting smoke ((darker in shade than No. 3 on the Ringelmann chart)) greater than 60% opacity or offensive odors or creating a nuisance.
- (iii) There shall be compliance with all laws and regulations of other governmental agencies regarding such fires
 - (3) Fires from flares, torches and waste gas burners.
- (4) Any fire allowed under this section is subject to the following:
- (i) No salvage operation by opening burning will be conducted.
 - (ii) No garbage will be burned.
 - (iii) No dead animals will be disposed of by burning.
- (iv) No material containing asphalt, petroleum products, paints, rubber products, plastic or any substance which normally emits dense smoke or obnoxious odors will be burned.
- (b) Open burning other than the above exceptions may be conducted only by permit from the Control Officer or his duly designated agent. Such permits shall be issued when the Control Officer, or his duly designated agent, is satisfied that:
- (1) No practical alternate method is available for the disposal of the material to be burned. Due consideration shall be given to economic factors and the location at which the material is to be burned.
- (2) No salvage operation by open burning will be conducted.
 - (3) No garbage will burned.
 - (4) No dead animals will be disposed of by burning.
- (5) No material containing asphalt, petroleum products, paints, rubber products, plastic or any substance which normally emits dense smoke or obnoxious odors will be burned.
- (c) Any permit issued may be limited by the imposition of conditions to prevent air pollution as defined in Article 1 of this Regulation. If it becomes apparent at any time to the Control Officer that limitations need to be imposed, the Control Officer, or his duly designated agent, shall notify the permittee; and any limitations so

imposed shall be treated as conditions under which the permit is issued.

- (d) Fires started in violation of this Regulation shall be extinguished by the persons responsible for the same upon notice of the Control Officer or his duly designated agent. When the Control Officer has knowledge of adverse conditions for the dispersement of the by-products of combustion, an air pollution alert may be declared voiding all permits for open fires.
- (e) It shall be prima facie evidence that the person who owns or controls property on which open fire, prohibited by this Regulation, occurs has caused or allowed said open fire.
- (f) Firemen Training: The Control Officer, or his duly authorized agent may allow, by permit, an open fire necessary for firemen training (other than forest fire training) by a legally authorized fire control agency and may authorize the burning of petroleum products by such permit.
 - (g) No person shall cause or allow any open fire:
- (1) Containing garbage, dead animals, petroleum products, paints, rubber products, plastics, or any substance which normally emits dense smoke or obnoxious odors, except as provided for in Section 9.01(f).
- (2) During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715 State Episode Avoidance Plan.
- (3) In any area which has been designated by the Board or Control Officer as an area exceeding or threatening to exceed State or Federal ambient air quality standards or, after July 1, 1976, State ambient air quality goals for suspended particulate described in Chapter 18-40 WAC, which is by this reference incorporated herein.

AMENDATORY SECTION

SECTION 9.03 VISUAL EMISSIONS

- (a) In equipment or facilities, including boilers using hogged fuel, regardless of their date of installation, no person shall cause or allow the emission to the outdoor atmosphere, for more than three (3) minutes in any one hour, of a gas stream containing air contaminants which are ((darker in shade than that designated as No. 1 (20% density) on the Ringelmann Smoke Chart, as published by the United States Bureau of Mines, or such opacity as to obscure an observer's view to a degree greater than smoke shade No. 1, described above.)) greater than 20% opacity.
 - (b) Repealed February 14, 1979.
- (c) No person shall cause or allow the discharge or emission of particulate matter which becomes deposited upon the real or personal property of others. This restriction shall not apply if discharge or emissions are in compliance with Section 9.05 of this regulation; provided, however, that causing or allowing the discharge or emission of particulate matter upon the real or personal property of others shall be prima facie evidence that section 9.05 is not being complied with and the burden of proof shall be upon the source to establish compliance.

- (d) Observations shall be made by trained observers or by instrumentation.
- (e) The only exceptions to Section 9.03 of this Regulation are as follows:
- (1) When the gas stream is an emission from a boiler using hog fuel, and an emission occurs which is due to unplanned and unintentional combustion conditions, the emission may be greater than 40% opacity ((darker than that designated as No. 2 (40% density) but not as dark as that designated as No. 3 (60% density) on the Ringelmann Smoke Chart)) but, must be less than 60% opacity; for a period of not more than six (6) minutes in any one hour: PROVIDED, that the operator shall take immediate action to correct the situation.
- (2) For purposes of necessary soot blowing, the emission may be darker than the above limits for a period of not more than fifteen (15) minutes or three (3) minutes per boiler, whichever is less, in any eight (8) hour period.
- (3) Where the presence of uncombined water is the only reason for the failure of an emission to meet the limitations of this section, those limits shall not apply. The burden of proof in this case shall be upon the person seeking to operate within the provisions of this section.
- (4) The limits of this section shall not apply during the time for compliance with this Regulation fixed by the Control Officer or the Board.

AMENDATORY SECTION

SECTION 12.01 VISIBLE EMISSIONS IN AND FROM EQUIPMENT SOLD OR REGISTERED BEFORE JANUARY 1, 1971

No person shall cause or allow emission to the atmosphere from a motor vehicle first sold or registered as a new motor vehicle before January 1, 1971, at elevations of less than 3,000 feet for a period of more than 10 seconds, of air contaminants which is ((as dark as or darker in shade than that designated as No. 2 (40% density) on the Ringelmann Smoke Chart, as published by the U.S. Bureau of Mines, or of such opacity as to obscure an observer's view to a degree greater than smoke shade No. 2 as described above.)) greater than 40% opacity.

AMENDATORY SECTION

SECTION 12.03 VISIBLE EMISSIONS IN AND FROM EQUIPMENT SOLD OR REGISTERED AFTER JANUARY 1, 1971

No person shall cause or allow emission to the atmosphere from a motor vehicle first sold or registered as a new motor vehicle on or after January 1, 1971, at elevations of less than 3,000 feet for a period of more than 10 seconds, of air contaminants which is ((as dark as or darker in shade than that designated as No. 1 (20% density) on the Ringelmann Smoke Chart, as published by the U.S. Bureau of Mines, or of such opacity as to obscure an observer's view to a degree greater than smoke shade No. 1 as described above.)) greater than 20% opacity.

WSR 91-23-068 PERMANENT RULES OLYMPIC AIR POLLUTION CONTROL AUTHORITY

[Filed November 18, 1991, 2:43 p.m.]

Date of Adoption: October 9, 1991.

Purpose: Ensure proper operation and maintenance of process and/or control equipment for registered air pollution sources.

Pursuant to notice filed as WSR 91-18-060 on September 3, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 4, 1991

James Wilson

Air Quality

Control Specialist

NEW SECTION

SECTION 9.16 CONTROL EQUIPMENT – MAIN-TENANCE AND REPAIR

All registered air contaminant sources are required to keep any process and/or air pollution control equipment in good operating condition and repair.

WSR 91-23-069 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 22—Filed November 19, 1991, 10:39 a.m., effective November 19, 1991]

Date of Adoption: November 8, 1991.

Purpose: To amend chapter 392-143 WAC to not allow school districts to acquire school buses manufactured prior to April 1, 1977, and to more clearly state what markings are allowed on school buses.

Citation of Existing Rules Affected by this Order: Amending WAC 392-143-030; and new sections WAC 392-143-031, 392-143-032, and 392-143-080.

Statutory Authority for Adoption: RCW 46.61.380. Pursuant to notice filed as WSR 91-19-078 on September 17, 1991.

Other Findings Required by Other Provisions of Law as Precondition to Adoption or Effectiveness of Rule: The immediate adoption of this rule is important for the safety of children riding school buses. Any delay in the effective date could result in a school district acquiring an unsafe pre-'77 school bus which does not meet federal specifications for the purpose of transporting students.

Effective Date of Rule: Immediate.

November 19, 1991 Judith A. Billings Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 84-39, filed 10/2/84)

WAC 392–143–030 ((INITIAL INSPECTION OF)) SCHOOL BUSES—PERMIT AND LICENSE.

All school buses, as a condition for use to transport students, shall have a school bus operation permit issued in accordance with WAC ((392-142-065)) 392-143-032. If the school bus is approved in compliance with WAC $((\frac{392-142-060}{}))$ 392-143-031 and the school district has met requirements of WAC 392-143-032, the superintendent shall send three copies of the school bus operation permit to the appropriate school district. The original shall be retained by the school district; one copy shall be placed in the permit holder in the school bus; and one copy shall be presented to the county auditor, along with the operator's application for an exempt state license for the bus if applicable. County auditors shall not issue an exempt license for the bus unless a school bus operation permit accompanies the application for a license. ((All inspections of new school buses shall be made prior to the delivery to the purchaser.))

NEW SECTION

WAC 392-143-031 SCHOOL BUS INSPECTION—SCHOOL BUS OPERATION PERMIT. All school buses must be inspected and approved by a Washington state patrol inspection officer prior to initial issue or reissue of a school bus operation permit. This inspection must be recorded by the inspecting officer on SPI Form 1029, Initial School Bus Inspection, for new buses, used buses not previously inspected by the Washington state patrol, and buses which have been repowered or which have undergone rehabilitation or modification repair, or recorded by the inspecting officer on SPI Form 1028, Routine School Bus Inspection, for used buses previously inspected by the Washington state patrol.

NEW SECTION

WAC 392-143-032 SCHOOL BUS OPERATION PERMIT. The superintendent of public instruction shall issue school bus operation permits as follows:

- (1) A school bus operation permit shall be issued on receipt of the following properly executed documents for each new school bus or used school bus not previously licensed in Washington state:
- (a) Original SPI Form 1020, School Bus Acquisition/ Disposition Report;
 - (b) Copy of the sellers invoice or bill of sale;
- (c) Copy of complete set of the successful vendor's bid specifications;
- (d) Copy of each warrant issued in full payment of the bus or each warrant issued in part payment of the bus, if any, and, copy of the conditional sales contract, lease purchase agreement, or other evidence of contractural liability;
 - (e) Original weight slip for the vehicle; and
- (f) Original SPI Form 1029, Initial School Bus Inspection.
- (2) A school bus operation permit shall be reissued on receipt of the following properly executed documents for school buses previously licensed in Washington state: PROVIDED, That no school bus operation permit shall

be reissued to any school bus which does not meet Federal Motor Vehicle Safety Standards adopted April 1, 1977:

- (a) Original SPI Form 1020, School Bus Acquisition/ Disposition Report, from the school district acquiring the school bus;
- (b) Original SPI Form 1020, School Bus Acquisition/ Disposition Report, from the school district disposing of the school bus, with existing school bus operating permit attached:
- (c) Copy of SPI Form 1028, Routine School Bus Inspection, properly authenticated as the inspection report from the most recent annual one hundred percent fleet inspection, which inspection was made within twelve months prior to the date of acquisition;
 - (d) Seller invoice or bill of sale; and
- (e) Copy of warrant issued in payment of the purchase of the bus.

NEW SECTION

WAC 392-143-080 SIGNS AND MARKINGS FOR SCHOOL BUSES—EXTERIOR—INTERIOR. Signs and markings on the exterior of any school bus shall be limited to the requirements of RCW 46.61.380, the Washington state minimum specifications manual for school buses addressing "identification" and "color," the minimum requirements of "Highway Safety Program Standard No. 17," and any applicable Federal Motor Vehicle Safety Standard (FMVSS). In addition, the district name may be placed on the front and/or back of the bus below the window line in letters no larger than three inches in height and equipment identification numbers may be placed on the front and/or rear of school bus and/or on or near one or more of the four corners of the bus.

Signs and markings on the interior of any bus shall be limited to necessary and/or required manufacturers' equipment and/or component identification and instruction, the requirements of the Washington state minimum specification manual for school buses addressing "emergency equipment cabinet" and "permit holder" and FMVSS 217 addressing "emergency exit identification." In addition, WAC rules and/or district policy addressing student conduct and safety related issues may be displayed in the driver's compartment in an area which will not obstruct the driver's view. Also a sign for route identification may be displayed in the first right-side passenger window. The sign shall be no larger than seventy-five square inches in total area, and numbers, letters or characters shall be mounted on transparent material.

WSR 91-23-070 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 23-Filed November 19, 1991, 10:42 a.m.]

Date of Adoption: November 8, 1991.

Purpose: To amend WAC 392-145-020 to more clearly state the requirements for securing a school bus when a driver leaves the driver's seat and keeping emergency exits on school buses clear.

Citation of Existing Rules Affected by this Order: Amending WAC 392-145-020.

Statutory Authority for Adoption: RCW 46.61.380. Pursuant to notice filed as WSR 91-19-079 on September 17, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991 Judith A. Billings Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 84-40, filed 10/2/84)

WAC 392-145-020 RULES FOR SCHOOL BUS DRIVERS. (1) Every school bus driver shall be provided a copy of and shall be thoroughly familiar with all state and local rules and regulations pertaining to the operation of the school bus in his/her charge.

- (2) No school bus driver shall allow a passenger or other unauthorized person to operate the school bus at any time. No person except the driver shall be allowed to sit in the driver's seat.
- (3) No school bus driver shall leave the driver's seat without first setting the brakes, shutting off the ((motor)) engine, placing the bus in gear, and removing the ignition key from the ((tock)) switch. The keys shall be kept in the driver's or other authorized school official's possession.
- (4) School bus drivers shall have the primary responsibility for the safety of passengers while they are boarding the bus, while they are on the bus, and while they are disembarking the bus and crossing the roadway. If passengers must cross the road, the driver shall take reasonable action to assure that they cross safely. The driver shall take reasonable action to assure that passengers boarding or disembarking from the bus are within his/her view at all times and that they pass in front of the bus and never behind the bus.
- (5) No school bus driver except in accordance with emergency procedures adopted by the district shall leave the immediate vicinity of his/her bus while there are passengers aboard. In the event of a bus breakdown, assistance shall be sought in accordance with local district policy.
- (6) School bus drivers shall pick up only the students and persons designated by an authorized school district administrator.
- (7) A student may be permitted to leave the bus at other than his or her regular stop if permission is first obtained pursuant to district policy.
- (8) School bus drivers, prior to commencement of any trip, shall assure that the windshield and rear window of the bus are clean.
- (9) Prior to commencement of and during any trip, with students aboard, every school bus driver shall ensure there are no articles in the following areas that could impede normal movement, visibility, or emergency egress:

- (a) The service entrance step well;
- (b) The entire main aisle from front to rear;
- (c) Aisles or passage ways to any emergency door;
- (d) The entire shelf area between the rearmost passenger seats and the rear emergency window.
- (10) Tools and other miscellaneous articles shall be carried in appropriate compartments. They shall not be carried loose upon the floor or dashboard area of the bus.
- (((10))) (11) School bus drivers shall be certain that all brakes, lights, stop signs, warning signal lamps, and other safety devices are working properly before starting on any trip and shall assure that the bus is equipped with a first aid kit and a fire extinguisher.

WSR 91-23-071 PERMANENT RULES SUPERINTENDENT OF PUBLIC INSTRUCTION

[Order 25—Filed November 19, 1991, 10:45 a.m.]

Date of Adoption: November 8, 1991.

Purpose: To update the categories for school bus replacement as required in RCW 28A.41.540 and correct references to other WACs. Also replaces language incorrectly deleted in a previous revision to this chapter.

Citation of Existing Rules Affected by this Order: Repealing WAC 392-142-215 and 392-142-220; and amending WAC 392-142-155, 392-142-165, and 392-142-260.

Statutory Authority for Adoption: RCW 28A.41.170 and [28A.41.]540.

Pursuant to notice filed as WSR 91-19-077 on September 17, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991 Judith A. Billings Superintendent of Public Instruction

AMENDATORY SECTION (Amending Order 21, filed 1/2/90, effective 2/2/90)

WAC 392-142-155 DEFINITION—SCHOOL BUS CATEGORIES FOR THOSE BUSES PURCHASED AFTER SEPTEMBER 1, 1982. As used in this chapter, "school bus categories for those buses purchased after September 1, 1982," means the following:

	Student	Fuel	Transmission	Useful
	Capacity	Туре	Туре	Life
(1)	10 to 22	Gas	Manual	8
(2)	10 to 22	Gas	Automatic	8
(3)	10 to 22	Diesel	Manual	8
(4)	10 to 22	Diesel	Automatic	8
(5)	23 to 34	Gas	Manual	8
(6)	23 to 34	Gas	Automatic	8
(7)	23 to 34	Diesel	Manual	8
(8)	23 to 34	Diesel	Automatic	8
(9)	35 to 48	Gas	Manual	10

	Student	Fuel	Transmission	Useful
	Capacity	Type	Туре	Life
(10)	35 to 48	Gas	Automatic	10
(11)	35 to 48	Diesel	Manual	15
(12)	35 to 48	Diesel	Automatic	15
(13)	((48)) 49 to 60	Gas	Manual	10
(14)	((48)) 49 to 60	Gas	Automatic	10
(15)	$((48)) \overline{49}$ to 60	Diesel	Manual	15
(16)	((48)) 49 to 60	Diesel	Automatic	15
(17)	61 to $(\overline{72})$ 84	Gas	Manual	10
(18)	61 to $((\frac{72}{2}))$ 84	Gas	Automatic	10
(19)	61 to $((\frac{72}{}))$ 84	Diesel	Manual	15
(20)	61 to $((72))$ 84	Diesel	Automatic	15
(21)	Heavy 78 to 84	Diesel	Manual	20
(22)	Heavy 78 to 84	Diesel	Automatic	20
(23)	85 to 90	Diesel	Manual	20
(24)	85 to 90	Diesel	Automatic	20

AMENDATORY SECTION (Amending Order 21, filed 1/2/90, effective 2/2/90)

WAC 392-142-165 DEFINITION—STATE-DETERMINED PURCHASE PRICE. As used in this chapter, "state-determined purchase price" means the arithmetic average of the actual bid prices for the preceding twelve months improved by the inflation rate, documented in vendor bid proposals for that portion of the actual bid price associated with meeting state-supported specifications for a school bus category for those buses purchased after September 1, 1982. Included in the actual bid prices for the purposes of this calculation are:

- (1) Sales taxes;
- (2) Freight to the school district;
- (3) Cost associated with full payment within thirty days of delivery.

Not included in the actual <u>base</u> bid prices are any costs associated with district specified requirements in excess of ((those)) state <u>supported</u> specifications ((provided in WAC 392-143-015)).

AMENDATORY SECTION (Amending Order 21, filed 1/2/90, effective 2/2/90)

WAC 392-142-260 ALLOWABLE USES OF TRANSPORTATION VEHICLE FUND. School districts shall use moneys in the transportation vehicle fund for the following purposes:

- (1) The purchase of approved transportation vehicles;
- (2) Performing major repairs receiving prior approval by the superintendent of public instruction. Repairs costing less than twenty-five percent of the current state determined purchase price for that type and category of vehicle shall not be considered a major repair.

REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 392–142–215 SCHOOL BUS INSPECTION.

WAC 392–142–220 SCHOOL BUS OPERATION PERMIT.

WSR 91-23-072 NOTICE OF PUBLIC MEETINGS **EDMONDS COMMUNITY COLLEGE**

[Memorandum—November 19, 1991]

Thursday, November 21, 1991, 4:30 p.m. Center for Continuing Education 196th Street Campus Center, Room 121 3:30 - 6:45

The facilities for this meeting are free of mobility barriers and interpreters for deaf individuals and brailled or taped information for blind individuals will be provided upon request when adequate notice is given.

WSR 91-23-073 NOTICE OF PUBLIC MEETINGS SKAGIT VALLEY COLLEGE

[Memorandum—November 14, 1991]

SPECIAL MEETING **BOARD OF TRUSTEES COMMUNITY COLLEGE DISTRICT NO. 4**

There will be a special meeting of the board of trustees on Monday, November 18, 1991, beginning at 9:00 a.m. in the Library of the Majestic Hotel, 419 Commercial Avenue, Anacortes, WA 98221, for the specific purpose of a planning retreat. No action will be taken at this meeting.

WSR 91-23-074 **EMERGENCY RULES DEPARTMENT OF** GENERAL ADMINISTRATION

(Division of Banking)

[Filed November 19, 1991, 2:03 p.m., effective January 1, 1992]

Date of Adoption: November 19, 1991.

Purpose: To implement a new act passed by the 1991 legislature.

Statutory Authority for Adoption: Section 24, chapter 355, Laws of 1991.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be

contrary to the public interest.

Reasons for this Finding: A hearing was held on the proposed rules on November 8, 1991. However, the CR-102, Notice of Proposed Rule Making, stated the date of intended adoption as January 1, 1992, therefore the permanent rule cannot be filed before that date. The law goes into effect January 1, 1992, and the rules need to be in effect by that date, hence the need for the emergency rule.

Effective Date of Rule: January 1, 1992.

November 19, 1991 John L. Blev Supervisor of Banking

Chapter 50-30 WAC CHECK CASHERS AND SELLERS—REGULA-TION OF

NEW SECTION

WAC 50-30-010 APPLICATION INVESTIGA-TION AND SUPERVISION FEE. (1) An applicant at the time of filing an application for a license under this act shall pay to the supervisor a reasonable sum determined by the supervisor as a deposit for investigating the application. The deposit fee is not refundable if an application is denied or withdrawn. The investigation fee shall be applied to the actual cost of investigation of the application and if not sufficient to cover said cost, the applicant will be assessed and responsible for additional cost incurred.

(2) The supervisor at least every eighteen months shall conduct an examination of the business and examine the books, accounts, records, and files used therein, of any licensee, of any agent, and of any person who the supervisor has reason to believe is engaging in the business of cashing or selling checks. The licensee so examined shall pay to the supervisor the actual cost of examining and supervising each licensed place of business at the examination hourly rate prescribed. The supervisor may accept an audit report prepared by an independent certified public accountant or an examination prepared by another state in lieu of, in whole or in part, an examination performed by the supervisor.

NEW SECTION

WAC 50-30-020 SCHEDULE OF FEES FOR CHECK CASHERS AND SELLERS. (1) The supervisor shall collect the following fees:

- (a) Hourly charges for services plus actual expenses for review of application and investigation for:
 - (i) New license application.
 - (ii) Additional locations.
 - (iii) Change of control.
 - (iv) Relocation of office.
 - (v) Voluntary or involuntary liquidation of licensee.
 - (vi) Other.
- (b) The hourly fee for services shall be ninety dollars per employee hour expended. The supervisor may require a lump sum payment in advance to cover the anticipated cost of review and investigation of the activities described in (a) of this subsection. In no event shall the lump sum payment required under this section exceed actual amounts derived in (a) of this subsection.
- (2) The hourly fee for periodic examinations described in WAC 50-30-010(2) shall be ninety dollars per hour.

NEW SECTION

WAC 50-30-030 FIDELITY BOND FOR AP-PLICANTS ENGAGING IN THE BUSINESS OF SELLING CHECKS, DRAFTS, MONEY ORDERS,

OR OTHER COMMERCIAL PAPER SERVING THE SAME PURPOSE. (1) A licensee engaged in the business of selling checks, drafts, money orders, or other commercial paper serving the same purpose shall obtain at the beginning of each calendar year and file with the supervisor a fidelity bond issued by a bonding company or insurance company authorized to do business in this state. The fidelity coverage or blanket fidelity coverage on each officer, employee, or agent having access to funds collected by or for the licensee shall not be less than the amount established in the following table:

Highest Monthly Liability*	Required Bond	Plus Percentage of Excess Over
Up to \$50,000	Highest Monthly	Highest Monthly
•	Liability	Liability
\$50,001 to \$100,000	\$50,000	.5 above \$50,000
\$100,000 plus	\$75,000	.25 above \$100,000
The maximum fidelity	coverage required shape	all be three million dollars

- The monthly liability is the total sum of checks for a given month. The "Highest Monthly Liability" shall be determined by the highest monthly liability of checks from the preceding calendar year multiplied by seventy-five percent.
- (2) In lieu of such fidelity bond, the applicant may deposit with such banks, savings banks, savings and loan associations, or trust companies in this state as such applicant may designate and the supervisor may approve, bonds, notes, debentures, or other obligations of the United States or any agency or instrumentality thereof or guaranteed by the United States or of the state of Washington or of a municipality, county, school district, or instrumentality of the state of Washington or guaranteed by the state to an aggregate amount, based on principal amount or market value, whichever is lower, of not less than the amount of the required fidelity bond or portion thereof. The securities shall be deposited as aforesaid and held to secure the same obligations as would the fidelity bond, but the depositor shall be entitled to receive all interest and dividends thereon, shall have the right, with the approval of the supervisor, to substitute other qualified securities for those deposited, and shall be required so to do on written order of the supervisor made for good cause shown.
- (3) In lieu of such fidelity bond, the applicant may deposit with the supervisor an irrevocable letter of credit drawn in favor of the supervisor for an amount equal to or greater than the required bond. The irrevocable letter of credit must be issued by a bank, savings bank, or savings and loan association in this state as such applicant may designate and the supervisor may approve.

NEW SECTION

WAC 50-30-040 ACCESS TO CRIMINAL HISTORY INFORMATION. (1) The supervisor may review any criminal history record information relating to an applicant that is maintained by any federal, state, or local law enforcement agency of:

- (a) An applicant for a license under this article, or
- (b) A principal of an applicant for a license under this article.

- (2) The supervisor may refuse to grant a license or may suspend or revoke a license if the applicant, licensee, or principal of the applicant or licensee, fails to provide a complete set of fingerprints and a recent photograph on request.
- (3) All criminal history record information received by the supervisor is confidential information and is for exclusive use of the supervisor and the division of banking. Except on court order or as provided by subsection (4) of this section, or otherwise restricted by law, the information may not be released or otherwise disclosed to any other person or agency.
- (4) The supervisor may not provide a person being investigated under this section with a copy of the person's criminal history record obtained pursuant to subsection (1) of this section. This subsection does not prevent the supervisor from disclosing to the person the dates and places of arrests, offenses, and dispositions contained in the criminal history records.

NEW SECTION

WAC 50-30-050 ISSUANCE OF LICENSE. If the supervisor determines all criteria of section 4, chapter 355, Laws of 1991 has been met and the appropriate fees paid, the supervisor shall issue a nontransferable license for the applicant to engage in the business of cashing and/or selling checks. The license shall remain in effect for a period of five years from the date of its issuance unless earlier surrendered, suspended, or revoked.

NEW SECTION

WAC 50-30-060 DISCLOSURE OF SIGNIFI-CANT DEVELOPMENTS. A licensee shall be required to notify the supervisor in writing within thirty days of the occurrence of any of the following significant developments:

- (1) Licensee filing for bankruptcy or reorganization.
- (2) Notification of the institution of license revocation procedures in any state against the licensee.
- (3) The filing of a criminal indictment any way related to check cashing and/or selling activities of licensee, key officer, director, or principal, including, but not limited to, the handling and/or reporting of moneys received and/or instruments sold.
- (4) A licensee, key officer, director, or principal being convicted of a crime.
- (5) A change of control. In the case of a corporation, control is defined as a change of ownership by a person or group acting in concert to acquire ten percent of the stock, or the ability of a person or group acting in concert to elect a majority of the directors or otherwise effect a change in policy of the corporation. The supervisor may require such information as deemed necessary to determine whether a new application is required. In the case of entities other than corporations, change in control shall mean any change in principals of the organization either active or passive. Change of control investigation fees shall be billed to the persons or group at the rate billed for applications.

NEW SECTION

WAC 50-30-070 ACCOUNTING AND FINAN-CIAL RECORDS TO BE MAINTAINED BY THE LICENSEE. Cashers of checks and/or sellers of checks, drafts, money orders, or other commercial paper serving the same purpose shall be required to maintain as a minimum the following books and records.

- (1) A daily record of checks cashed shall be maintained as a record of all check cashing transactions occurring each day. Such daily record shall be limited to the following provided a sufficient audit trail is available through records obtainable from the licensee's bank of account.
 - (a) Amount of the check cashed;
 - (b) Amount of fee charged for cashing the check,
- (c) Amount of cash deducted from the transaction for the sales of other services or products.
- (2) A daily cash reconcilement shall be maintained summarizing each day's activity and reconciling cash on hand at the opening of business to cash on hand at the close of business. Such reconcilement shall separately reflect cash received from the sale of checks, redemption of returned items, bank cash withdrawals, cash disbursed in cashing of checks, and bank cash deposits.
- (3) Records required under subsections (1) and (2) of this section may be maintained in combined form, hand or machine posted, or automated.
- (4) A general ledger containing records of all assets, liabilities, capital, income, and expenses shall be maintained. The general ledger shall be posted from the daily record of checks cashed or other record of original entry, at least monthly, and shall be maintained in such manner as to facilitate the preparation of an accurate trial balance of accounts in accordance with generally accepted accounting practices. A consolidated general ledger reflecting activity at two or more locations by the same licensee may be maintained provided books of original entry are separately maintained for each location.
- (5) All checks, drafts, and money orders drawn on a financial institution domiciled in the United States and cashed by a licensee shall be sent for deposit to the licensee's account at a depository financial institution located in Washington state or sent for collection not later than close of business on the third business day after the day on which the check was accepted for cash.
- (6) Every licensee shall maintain current personnel files for its employees.

NEW SECTION

WAC 50-30-080 LICENSEES ARE REQUIRED TO COMPLY WITH FEDERAL AND STATE LAWS INCLUDING BUT NOT LIMITED TO THE FOLLOWING. (1) Each licensee shall comply with section 103.29 of the Code of Federal Regulations and maintain detailed records to satisfy currency transaction reporting requirements of the United States Treasury Department.

(2) Each licensee must comply with chapter 63.29 RCW Uniform Unclaimed Property Act.

NEW SECTION

WAC 50-30-090 AUDIT REPORT BY LICENS-EE; FINANCIAL STATEMENTS. (1) Each licensee shall submit annually a financial statement on a form prescribed by the supervisor. Financial statements may be prepared by outside accountants or by the licensee's own accountants. Said statements are due one hundred five days after the calendar year end, or if the licensee has established a fiscal year, then one hundred five days after the fiscal year end.

- (2) A licensee engaged in the business of selling checks, drafts, money orders, or other commercial paper serving the same purpose, whose license has been surrendered or revoked shall submit to the supervisor, at its own expense, on or before one hundred five days after the effective date of such surrender or revocation, a closing audit report containing audited financial statements as of such effective date for the twelve months ending with such effective date or for such other period as the supervisor may specify. If the report, certificate, or opinion of the independent accountant is in any way qualified, the supervisor may require the licensee to take such action as appropriate to permit an independent accountant to remove such qualification from the report, certificate, or opinion. Such report shall include relevant information specified by the supervisor.
- (3) The reports and financial statements referred to in subsections (1) and (2) of this section shall include at least a balance sheet and a statement of income together with such other relevant information as the supervisor may require, and shall be prepared in accordance with general accepted accounting principles and the reports and financial statements referred to in subsection (2) of this section shall be accompanied by a report, certificate, or opinion of an independent certified public accountant or independent public accountant. The audits shall be conducted in accordance with generally accepted auditing standards.
- (4) For good cause and upon written request, the supervisor may extend the time for compliance with this section.
- (5) A licensee shall, when requested by the supervisor, for good cause, submit its unaudited financial statement, prepared in accordance with generally accepted accounting principles and consisting of at least a balance sheet and statement of income as of the date and for the period specified by the supervisor.
- (6) The supervisor may reject any financial statement, report, certificate, or opinion filed pursuant to this section by notifying the licensee or other person required to make such filing of its rejection and the cause thereof. Within thirty days after the receipt of such notice, the licensee or other person shall correct such deficiency. The supervisor shall retain a copy of all filings so rejected.

NEW SECTION

WAC 50-30-100 TRUST ACCOUNTS; LIMITATIONS AND PROHIBITIONS. (1) The licensee in the business of selling checks shall periodically at least monthly withdraw from the trust account an amount

equal to fees earned for the corresponding period from the sale of checks, drafts, money orders, or other commercial paper serving the same purpose. The remaining balance of the trust account must be sufficient to cover all checks, drafts, money orders, and other commercial paper serving the same purpose that remain outstanding and drawn against the trust account.

- (2) A licensee is prohibited from allowing the bank of account to charge back checks or drafts deposited to the trust account and subsequently dishonored against said trust account.
- (3) Withdrawals from the trust account by a licensee, whose license has been suspended, terminated, or not renewed, will not be allowed, without the supervisor's consent, until a closing audit report has been received according to WAC 50-30-090(2).

NEW SECTION

WAC 50-30-110 TRANSITIONAL RULE. Businesses engaged in check cashing or check selling as of December 1, 1991, may file application with the supervisor and immediately obtain an interim license upon acceptance of the application for review. Such license shall be good for sixty days unless extended by the supervisor. This section shall become void after July 1, 1992.

WSR 91-23-075 PROPOSED RULES DEPARTMENT OF HEALTH

[Filed November 19, 1991, 2:06 p.m.]

Original Notice.

Title of Rule: Certificate of need standards for open heart surgery and the nonemergent interventional cardiology services.

Purpose: Establish standards to be applied in analysis and decision-making on proposals for new open heart surgery services and nonemergent interventional cardiology services.

Statutory Authority for Adoption: RCW 70.38.135(3).

Statute Being Implemented: Chapter 70.38 RCW.

Summary: These standards set minimum requirements for applicants to be granted certificate of need approval for open heart surgery and nonemergent interventional cardiology.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Frank Chestnut, 1300 S.E. Quince Street, EY-29, 753-5854.

Name of Proponent: Department of Health, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The standards in these rules will be used in the review of certificate of need applications for open heart surgery set forth in WAC 246-310-132 to begin in August 1992.

Proposal Changes the Following Existing Rules: Existing review standards are being replaced with updated and expanded ones.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: General Administration Auditorium, 11th and Columbia, Olympia, Washington 98504, on January 6, 1992, at 1:00 p.m.

Submit Written Comments to: Leslie Baldwin, Rules Coordinator, 1300 Quince Street, Mailstop: EY-16 (7902), Olympia, WA 98504-7902, by January 3, 1992.

Date of Intended Adoption: January 13, 1992.

November 15, 1991 Kristine M. Gebbie Secretary

NEW SECTION

WAC 246-310-261 OPEN HEART SURGERY STANDARDS AND NEED FORECASTING METHOD. (1) Open heart surgery means a specialized surgical procedure (excluding organ transplantation) which utilizes a heart-lung bypass machine and is intended to correct congenital and acquired cardiac and coronary artery disease.

(2) Open heart surgery is a tertiary service as listed in WAC 246–310–020. To be granted a certificate of need, an open heart surgery program shall meet the standards in this section in addition to applicable review criteria in WAC 246–310–210, 246–310–220, 246–310–230, and 246–310–240.

(3) Standards.

(a) A minimum of two hundred open heart surgery procedures per year shall be performed at institutions with an open heart surgery program.

(b) Hospitals applying for a certificate of need shall demonstrate that they can meet one hundred ten percent of the minimum volume standard. To do so, the applicant hospital must provide written documentation, which is verifiable, of open heart surgeries performed on patients referred by active medical staff of the hospital. The volume of surgeries counted must be appropriate for the proposed program (i.e., pediatric and recognized complicated cases would be excluded).

(c) No new program shall be established which will reduce an exist-

ing program below the minimum volume standard.

(d) Open heart surgery programs shall have at least two certified cardiac surgeons, one of whom shall be available for emergency surgery twenty—four hours a day. The practice of these surgeons shall be concentrated in a single institution and arranged so that each surgeon performs a minimum of one hundred open heart surgery procedures per year at that institution.

(e) Institutions with open heart surgery programs shall have plans for facilitating emergency access to open heart surgery services at all times for the population they serve. These plans should, at minimum, include arrangements for addressing peak volume periods (such as joint agreements with other programs, the capacity to temporarily increase staffing, etc.), and the maintenance of or affiliation with emergency transportation services (including contingency plans for poor weather and known traffic congestion problems).

(f) In the event two or more hospitals are competing to meet the same forecasted net need, the department shall consider the following factors when determining which proposal best meets forecasted need:

(i) The most appropriate improvement in geographic access;

(ii) The most cost efficient service;

(iii) Minimizing impact on existing programs;

(iv) Providing the greatest breadth and depth of cardiovascular and support services; and

(v) Facilitating emergency access to care.

- (g) Hospitals granted a certificate of need have three years from the date the program is initiated to establish the program and meet these standards
 - (h) These standards should be reevaluated in at least three years.
- (4) Steps in the need forecasting method. The department will develop a forecast of need for open heart surgery every year using the following procedures.
- (a) Step 1. Based upon the most recent three years volumes reported for the hospitals within each planning area, compute the planning area's current capacity and the percent of out-of-state use of the

area's hospitals. In those planning areas where a new program is being established, the assumed volume of that institution will be the greater of either the minimum volume standard or the estimated volume described in the approved application and adjusted by the department in the course of review and approval.

- (b) Step 2. Patient origin adjust the three years of open heart surgery data, and compute each planning area's age-specific use rates and market shares.
- (c) Step 3. Multiply the planning area's age-specific use rates by the area's corresponding forecast year population. The sum of these figures equals the forecasted number of surgeries expected to be performed on the residents of each planning area.
- (d) Step 4. Apportion the forecasted surgeries among the planning areas in accordance with each area's market share of the four planning areas. This figure equals the forecasted number of state residents' surgeries expected to occur within the hospitals in each planning area. In those areas where a newly approved program is being established, an adjustment will be made to reflect anticipated market share shifts consistent with the approved application.
- (e) Step 5. Increase the number of surgeries expected to occur within the hospitals in each planning area in accordance with the percent of surgeries calculated as occurring in those hospitals on out-of-state residents. This figure equals the total forecasted number of surgeries expected to occur within the hospitals in each planning area.
- (f) Step 6. Calculate the net need for additional open heart surgery services by subtracting the current capacity from the total forecasted surgeries.
- (g) Step 7. If the net need is less than the minimum volume standard, no new programs shall be assumed to be needed in the planning area. However, hospitals may be granted certificate of need approval even if the forecasted need is less than the minimum volume standard, provided:
- (i) The applying hospital can meet all the other certificate of need criteria for an open heart surgery program (including documented evidence of capability of achieving the minimum volume standard); and
- (ii) There is documented evidence that at least ninety percent of the patients referred for open heart surgery by the medical staff of the applying hospital are referred to institutions more than seventy-five miles away.
- (5) For the purposes of the forecasting method in this section, the following terms have the following specific meanings:
- (a) Age-specific categories. The categories used in computing age-specific values will be fifteen to forty-four year olds, forty-five to six-ty-four year olds, sixty-five to seventy-four year olds, and seventy-five and older.
- (b) Current capacity. A planning area's current capacity for open heart surgeries equals the sum of the highest reported annual volume for each hospital within the planning area during the most recent available three years data.
- (c) Forecast year. Open heart surgery service needs shall be based on forecasts for the fourth year after the certificate of need open heart surgery concurrent review process. The 1992 reviews will be based on forecasts for 1996.
- (d) Market share. The market share of a planning area represents the percent of a planning area's total patient origin adjusted surgeries that were performed in hospitals located in that planning area. The most recent available three years data will be used to compute the age-specific market shares for each planning area.
- (e) Open heart surgeries. Open heart surgeries are defined as DRGs 104 through 108, inclusive. All pediatric surgeries (ages fourteen and under) are excluded.
- (f) Out-of-state use of planning area hospitals. The percent of out-of-state use of hospitals within a planning area will equal the percent of total surgeries occurring within the planning area's hospitals that were performed on patients from out-of-state (or on patients whose reported zip codes are invalid). The most recent available three years data will be used to compute out-of-state use of planning area hospitals.
- (g) Patient origin adjustment. A patient origin adjustment of open heart surgeries provides a count of surgeries performed on the residents of a planning area regardless of which planning area the surgeries were performed in. (Surgeries can be patient origin adjusted by using the patient's zip code reported in the CHARS data base.)
- (h) Planning areas. Four regional health service areas will be used as planning areas for forecasting open heart surgery service needs.

- (i) Health service area "one" includes the following counties: Clallam, Island, Jefferson, King, Kitsap, Pierce, San Juan, Snohomish, Skagit, and Whatcom.
- (ii) Health service area "two" includes the following counties: Cowlitz, Clark, Grays Harbor, Klickitat, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum.
- (iii) Health service area "three" includes the following counties: Benton, Chelan, Douglas, Franklin, Grant, Kittitas, Okanogan, and Yakima.
- (iv) Health service area "four" includes Adams, Asotin, Columbia, Ferry, Garfield, Lincoln, Pend Oreille, Stevens, Spokane, Walla Walla, and Whitman.
- (v) Use rate. The open heart surgery use rate equals the number of surgeries performed on the residents of a planning area divided by the population of that planning area. The most recent available three years data is used to compute an averaged annual age-specific use rate for the residents of each of the four planning areas.
- (6) The data source for open heart surgeries is the comprehensive hospital abstract reporting system (CHARS), office of hospital and patient data, department of health.
- (7) The data source for population estimates and forecasts is the office of financial management population trends reports.

NEW SECTION

WAC 246-310-262 NONEMERGENT INTERVENTIONAL CARDIOLOGY STANDARD. All nonemergent percutaneous transluminal coronary angioplasty (PTCA) procedures and all other nonemergent interventional cardiology procedures are tertiary services as defined in WAC 246-310-021 and shall be performed in institutions which have an established on-site open heart surgery program capable of performing emergency open heart surgery.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 246-310-250 OPEN HEART SURGERY.

WSR 91-23-076 PERMANENT RULES DEPARTMENT OF HEALTH

[Order 212-Filed November 19, 1991, 2:11 p.m.]

Date of Adoption: November 7, 1991.

Purpose: To regulate and maintain professional standards and ethics among the sex offender treatment providers.

Statutory Authority for Adoption: RCW 18.155.040. Pursuant to notice filed as WSR 91-19-036 on September 11, 1991.

Changes Other than Editing from Proposed to Adopted Version: WAC 246-930-010, additional definitions were added plus additional language to 7 and 8 to clarify the definition; and WAC 246-930-301, additional language to clarify requirements; and WAC 246-930-310 offering, to be replaced with, providing treatment. This will allow providers to check that offenders are not receiving treatment with another provider. The words when obtain being added to subdivisions (a) and (b) so the plethysmograph and polygraph are not mandatory for the provider to use. Subsection (7) added a disclaimer statement regarding use of polygraph and plethysmograph.

Effective Date of Rule: Thirty-one days after filing.

November 15, 1991 Kristine M. Gebbie Secretary AMENDATORY SECTION [(Amending Order 168, filed 5/16/91, effective 6/16/91)]

WAC 246-930-010 GENERAL DEFINITIONS. Whenever used in these rules, unless expressly otherwise stated, or unless the context or subject matter requires a different meaning, the following terms shall have the following meanings:

- (1) "Department" means the department of health, professional licensing services division.
- (2) "Secretary" means the secretary of the department of health, or designee.
 - (3) "Provider" means sex offender treatment provider.
- (4) "Affiliate" means affiliate sex offender treatment provider.
- (5) "Committee" means the sex offender treatment providers advisory committee.
- (6) "Credential" or its derivative means the process of licensing, registration, certification or the equivalent through which a person is legally recognized by a state agency as lawfully authorized to practice a health profession.
- (7) For purposes of determining eligibility for certification, "Evaluation" is defined as the direct provision of comprehensive evaluation and assessment services to persons who have been investigated by law enforcement or child protective services for commission of a sex offense, or who have been adjudicated or convicted of a sex offense. Such services must have resulted in preparation of a formal written report. To qualify, the individual must have had primary responsibility for interviewing the offender and must have completed the written report. Only face-to-face contact with a client may be counted for evaluation credit. Evaluation hours performed by affiliate providers under the supervision of fully certified providers count toward certification under this definition. Note that limited assessments for the purpose of institution classification, treatment monitoring, and reporting do not qualify for evaluation credit under this definition. Standards for evaluation by certified providers are set forth in WAC 246-930-320.
- (8) For purposes of determining eligibility for certification "Treatment" is defined as the direct provision of face-to-face individual, group, or family therapy with persons who have been investigated by law enforcement or child protective services for commission of a sex offense, or who have been adjudicated or convicted of a sex offense. The professional must have had formal responsibility for provision of primary treatment services, and such services must have had direct relevance to a client's offending behavior. Treatment hours performed by affiliate providers under the supervision of fully certified providers count toward certification under this definition. "Co-therapy hours" are defined as the actual number of hours the applicant spent facilitating a group session. Co-therapists may both claim credit for therapy hours as long as both persons have formal responsibility for the group sessions. Time spent in maintaining collateral contacts and written case/progress notes can not be counted under this definition.
- (9) A "fully certified sex offender treatment provider" is an applicant who has met the educational, experience

- and training requirements as specified for full certification, has satisfactorily passed the examination, and been issued a certification to evaluate and treat sex offenders pursuant to chapter 18.155 RCW.
- (10) An "affiliate sex offender treatment provider" is an applicant who has met the educational, experience and training requirements as specified for affiliate certification applicants, and has satisfactorily passed the examination. An affiliate sex offender treatment provider evaluates and treats sex offenders pursuant to chapter 18.155 RCW under the supervision of a fully certified sex offender treatment provider in accordance with the supervision requirements set forth in WAC 246-930.075.
- (11) "SSOSA" is special sex offender sentencing alternative.
- (12) "SSODA is special sex offender disposition alternative.
- (13) "Supervising Officer" means the designated representative of the agency having oversight responsibility for a client sentenced under SSOSA or SSODA, under the sentence or disposition order, eg. Community Correction Officer.
- (14) "Evaluation Treatment Plan" the plan set forth in the evaluation detailing how the treatment needs of the client might be met and the community protected during the course of treatment.
- (15) "Provider Client Contract" the document specifying the treatment rules and requirements the client has agreed to follow in order to maximize community safety.

Reviser's note: The bracketed material preceding the section above was supplied by the code reviser's office.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

Reviser's note: The typographical errors in the above section occurred in the copy filed by the agency and appear in the Register pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 246-930-301 PURPOSE - PROFESSION-AL STANDARDS AND ETHICS. (1) The following standards apply to sex offender treatment providers (SOTP) while evaluating or treating SSOSA or SSODA clients.

- (2) Sex Offender Treatment Providers (SOTP) must be otherwise credentialed health professionals, and are subject to the standards of practice of their primary field of practice. However, standards of practice vary from profession to profession, and sex offender evaluation and treatment represents significant differences in practice from general mental health interventions.
- (3) Given the uniqueness of this area of practice, the degree of control that a provider exercises over the lives of clients, and the community protection issues inherent in this work, standards of practice specific to this area of specialization are necessary.
- (4) The purpose of these rules is to establish standards of practice for sex offender treatment providers (SOTP). Failure to comply with these standards in providing evaluation of or treatment to clients sentenced under

SSOSA or SSODA may constitute unprofessional conduct pursuant to RCW 18.130.180(7).

NEW SECTION

WAC 246-930-310 STANDARDS FOR PRO-FESSIONAL CONDUCT AND CLIENT RELA-TIONSHIPS (1) General Considerations. Sex Offender Treatment Providers (SOTP/Provider) shall:

- (a) Protect the public and report to the Department of Health unethical, incompetent and dishonorable practices by other sex offender treatment providers.
- (b) Not discriminate against clients with regard to race, religion, gender or disability.
- (c) Treat clients with dignity and respect, regardless of the nature of their crimes or offenses.
 - (2) Competence in Practice. Providers shall:
- (a) Be fully aware of the standards of their area of credentialling as a health professional and adhere to those standards.
- (b) Be knowledgeable of statutes and scientific data relevant to this area of specialized practice.
- (c) Be familiar with the general statutory requirements for assessments, treatment plans and reports for the court for Sex Offender Special Sentencing Alternative (SSOSA) and Special Sex Offender Disposition Alternative (SSODA).
- (d) Perform professional duties with the highest level of integrity, maintaining confidentiality within the scope of statutory responsibilities.
 - (e) Be committed to community protection and safety.
- (f) Not make claims regarding the efficacy of treatment that exceed what can be reasonably expected.
- (g) Make appropriate referrals when they are not qualified or are otherwise unable to offer services to a client.
- (h) Exercise due prudence and care in making referral to other professionals.
 - (3) Confidentiality. Providers shall:
- (a) Insure that the client fully understands the scope and limits of confidentiality, and the relevance to the client's particular situation. The provider shall inform the client of the provider's method of reporting disclosures of the client and to whom disclosures are made, before evaluation and treatment commences, and update periodically, thereafter.
- (b) Inform clients of any circumstances which may trigger an exception to the agreed upon confidentiality.
- (c) Not require or seek waivers of privacy or confidentiality beyond the requirements of treatment, training, or community safety. Providers will evaluate the impact of authorizations for release of information upon their clients.
- (d) Understand and explain to their juvenile clients the rights of their parents and/or guardians to obtain information relating to the client.
 - (4) Conflict of Interest. Providers shall:
- (a) Refrain from using professional relationships to further their personal, religious, political, or economic interest other than accepting customary fees.
- (b) Avoid relationships with clients which may constitute a conflict of interest, impair professional judgment

- and risk exploitation. (For example, bartering, service for service, and/or treating individuals where a social, business, or personal relationship exists.)
 - (c) Refrain from sexual relationships with a client.
- (5) Fee-Setting and Client Interaction. Providers shall:
- (a) Prior to commencing service, fully inform the client of the scope of professional services to be provided and the fees associated with the services.
- (b) Review any changes in financial arrangements and requirements with the client pursuant to the rules initially specified.
 - (c) Neither offer nor accept payment for referral.
- (6) Termination or Alteration of Therapist/Client Relationship. Providers shall:
- (a) Not withdraw services to clients in a precipitous manner and shall take care to minimize possible adverse effects on the client and the community.
- (b) Notify clients promptly when termination or disruptions of services are anticipated, and provide for a transfer, referral r continuation of service consistent with client needs and preferences, when appropriate.
- (c) Refrain from knowingly providing treatment services to a client who is in treatment with another health care professional without initial consultation with the current provider.
- (7) The department neither requires nor prohibits the use of plethyusmographs or polygraphs. The choice of these and other treatment and evaluation techniques is at the discretion of the provider subject to the terms of the court order in a particular case. The following standards apply when such techniques are used.
- (a) Use of Plethysmography. PLETHYSMOGRAPHY: The use of physiological assessment measures, such as penile plethysmography, can yield valuable information regarding the sexual arousal patterns of sex offenders. This data can be useful in assessing therapy progress and in monitoring for community safety. When obtained physiological assessment data shall not be used as the sole basis for offender risk assessment and shall not be used to determine if an individual has committed a specific sexually deviant act. Providers who utilize this data shall be aware of the limitations of the plethysmography and shall recognize that plethysmography data is only meaningful within the context of a comprehensive evaluation and/or treatment process. Sex offender treatment providers shall insure that physiologic assessment data is interpreted only by sex offender treatment providers who possess the necessary training and experience. Sex offender treatment providers shall insure that particular care is taken when performing physiological assessment with juvenile offenders and other special populations, due to concerns about exposure to deviant materials. Given the intrusiveness of this procedure, care shall be given to the dignity of the client.
- (8) Use of Polygraph. POLYGRAPH: The use of the polygraph examination may enhance the treatment and monitoring process by encouraging disclosure of information relevant and necessary to understanding the extent of present risk and compliance with treatment and court requirements. When obtained the polygraph data achieved through periodic examinations is an important

asset in monitoring the sex offender client in the community. Other alternative sources of verification may also be utilized. Sex offender treatment providers shall be knowledgeable of the limitations of the polygraph and shall take into account its appropriateness with each individual client and special client populations. Examinations shall be given in accordance with the treatment plan and the needs shown in the evaluation. Sex offender treatment providers shall not base treatment plan decisions solely on the results of the polygraph examination.

NEW SECTION

WAC 246-930-320 STANDARDS FOR AS-SESSMENT AND EVALUATION REPORTS. (1) General Considerations in Evaluating SSOSA and SSODA Clients. Providers shall:

- (a) Be thoroughly familiar with assessment procedures. Be aware of the strengths and limitations of self-report and make reasonable efforts to verify information provided by the offender.
- (b) Be completely familiar with the client's legal status. Have a full understanding of the SSOSA and SSODA process and be knowledgeable of relevant criminal and legal considerations.
- (c) Be impartial; provide an objective and accurate base of data.
- (d) Avoid addressing or responding to referral questions which exceed the present level of knowledge in the field or the expertise of the evaluator.
- (e) Assure that their written reports are accurate, comprehensive and address all of the issues necessary for court disposition.
- (f) Assure that their written reports present all knowledge relevant to the matters at hand in a clear and organized manner.
- (g) Assure that their written reports include the referral sources, the conditions surrounding the referral and the referral questions addressed.
- (h) Assure that their written reports state the sources of information utilized in the evaluation.
 - (2) Scope of Assessment Data.
- (a) Comprehensive evaluations shall include a compilation of data from as many sources as reasonable and appropriate. When available the following data should be considered in forming opinions and making recommendations:
- (i) Collateral information (i.e. police reports, CPS information, criminal history and victim statements).
 - (ii) Psychological testing information.
 - (iii) Physiologic testing information.
 - (iv) Interviews with the offender.
- (v) Previous assessments conducted (i.e. medical, substance abuse, psychological, sexual deviancy).
 - (vi) Interviews with significant others.

- (b) The written report shall reflect the information considered including:
- (i) A description of the current offense(s) including, but not limited to, the evaluator's conclusion about the reasons for any discrepancies between the official and offender's versions of the offenses.
- (ii) A sexual history, sexual offense history and patterns of sexual arousal/preference/interest.
- (iii) Prior attempts to remediate and control offense behavior including prior treatment.
- (iv) Perceptions of significant others, when appropriate, including their ability and/or willingness to support treatment efforts.
- (v) Potentiators of offending behavior to include alcohol and drug abuse, stress, mood, sexual patterns, use of pornography, and social and environmental influences.
- (vi) A personal history to include medical, marital/relationships, employment, education and military.
 - (vii) A family history.
 - (viii) History of violence and/or criminal behavior.
- (ix) Mental health functioning to include coping abilities, adaptational styles, intellectual functioning and personality attributes.
- (x) The overall findings of psychological/physiologic/ medical assessment when such assessments have been conducted.
- (3) Conclusions and Recommendations. The conclusions and recommendations shall flow from the data presented in the body of the report and include:
- (a) The evaluator's conclusions regarding the appropriateness of community treatment.
- (b) A summary of the clinician's diagnostic impressions.
- (c) A specific assessment of risk factors, the extent of the offender's dangerousness in the community at large.
- (d) The client's amenability to outpatient treatment and conditions of treatment necessary to maintain a safe treatment environment.
- (4) Evaluation Treatment Plan. The plan shall be described with sufficient detail and clarity and include:
- (a) Anticipated length of treatment, frequency and type of contact with providers, supplemental or adjunctive treatment.
- (b) The specific issues to be addressed in treatment and a description of planned treatment interventions including involvement of significant others in treatment and ancillary treatment activities.
- (c) Recommendations for specific treatment prohibitions, requirements and restrictions on lifestyle that are necessary to the treatment process and community safety.
- (d) Proposed methods for monitoring and verifying compliance with the conditions and prohibitions of the treatment program.
- (e) If the evaluator will not be providing the ensuing treatment, a specific certified provider should be presented to the Court.

Reviser's note: The unnecessary underscoring in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 246-930-330 STANDARDS FOR TREAT-MENT. INTRODUCTION-SSOSA/SSODA OFFENDER TREAT-MENT: It is recognized that effective sexual deviancy treatment will involve a broad set of planned therapeutic experiences and interventions designed to reduce the risk of a client engaging in criminal sexual behavior. Such treatment shall be consistent with current professional literature and practices and shall maximize community safety.

- (1) GENERAL CONSIDERATIONS.
- (a) Clients shall generally be seen a minimum of once per week for at least 45 minutes by a certified or affiliate sex offender treatment provider.
- (b) Circumstances may make a reduction in duration or frequency of contacts appropriate and shall be determined on an individual case basis.
- (c) Any reduction in frequency or duration of therapy sessions or changes in treatment plans shall not unduly compromise treatment effectiveness or public safety and shall be reported to the Supervising Officer.
- (d) The treatment methods employed by the provider
- (i) Be supportable by the professional literature and practice,
- (ii) Reflect concern for the well being of clients, victims and the safety of potential victims,
- (iii) Take into account the legal/civil rights of clients, including the right to refuse therapy and return to court for review,
- (iv) Be individualized to meet the unique needs of each client.
- (2) PLANNING AND INTERVENTIONS. The treatment plan and the interventions used by the provider to achieve the goals of the plan shall:
 - (a) Be based on the needs detailed in the evaluation,
- (b) Include provisions for the protection for victims and potential victims,
- (c) Prioritize those therapy events most necessary to avoid sexual reoffense,
- (d) Take reasonable care to not cause victims to have unsafe, or unwanted contact with their offenders,
- (3) Provider Client Contract be presented to the client and to the Supervising Officer within 90 days of the start of treatment and include treatment expectations and all of the rules of treatment agreed to by the offender and the provider.
- (4) TREATMENT: METHODS. The methods used by the provider shall
- (a) Address clients' deviant sexual urges and recurrent deviant sexual fantasies as necessary to prevent sexual reoffense.
- (b) Attempt to educate clients and the individuals who are part of their support systems about the objective risk of reoffense,
- (c) Attempt to teach clients to utilize self control methods to avoid sexual reoffending where applicable,
- (d) Consider the effects of trauma and past victimization as factors in reoffense potential where applicable,

- (e) Address clients thought processes which facilitate sexual reoffense and other victimizing or assaultive behaviors,
- (f) Attempt to modify client thinking errors and cognitive distortions where possible,
- (g) Attempt to enhance clients appropriate adaptive/legal sexual functioning,
- (h) Attempt to insure that clients have accurate knowledge about the effect of sexual offending upon victims, their families, and the community,
- (i) Assist clients to develop a sensitivity to the effects of sexual abuse upon victims,
- (j) Address clients' personality traits and personality deficits which are related to increased reoffense potential,
- (k) Address clients' deficits in coping skills in present life circumstances where applicable,
- (1) Include and integrate a client's family into the therapy process when appropriate,
- (m) Attempt to maintain communication with clients' spouse and families where appropriate to assist in meeting treatment goals.
- (5) MONITORING OF TREATMENT AND SENTENCE RE-QUIREMENTS. The monitoring of the client's compliance with treatment and sentence requirements by the provider shall:
- (a) Recognize the reoffense potential of the sex offender client, the damage that may be caused by sexual reoffense or attempted reoffense, and the limits of self report by the sex offender client,
- (b) Employ multiple sources of input regarding the client's out of office behavior when possible and utilize methods which are objective in nature,
- (c) As a general principle, increase monitoring during those times of increased risk and notify the Supervising Officer
 - (i) When a client is in crisis,
- (ii) When visits with victims or potential victims are authorized,
 - (iii) When clients are in high risk environments,
- (d) Work in collaboration with the supervising officer in the independent verification of a client's
- (i) Compliance with sentence requirements and treatment directives;
 - (ii) Cessation of sexually deviant behaviors;
- (iii) Reduction in those behaviors most likely to be related to sexual reoffense;
- (iv) Reports of living, work and social environments to insure that these environments have sufficient protection against clients' reoffense potential.
- (6) CONTACTS WITH VICTIMS/VULNERABLE CHILDREN. When the sex offender client has any contact with the victims or children, the provider shall:
- (a) Consider victims' wishes about contact and ensure that all contact is safe and in accordance with any court directives,
- (b) Limit child molester decision making authority over vulnerable children,
- (c) Collaborate with other relevant professionals and solicit their input regarding contact with victims, rather than make isolated decisions,

- (d) Consult with parents, custodial parents, or guardians prior to authorizing any contact between offenders and children,
- (e) Recognize that supervision during contact with children is critical for those offenders who have had crimes against children, or have the potential to abuse children.
- (f) Include educational experiences for chaperones/supervisors of child molester clients,
- (g) Establish a plan/protocol for returning child molester clients to homes where children reside that insures child safety under this new situation when such a return home is appropriate.
- (7) DOCUMENTATION OF TREATMENT. Providers shall maintain client files in accordance with the professional standards of their individual disciplines and with Washington State law regarding health care records and shall:
- (a) Document the goals of treatment, the methods used and the observed progress of clients towards reaching the goals,
- (b) Insure that the client files accurately reflect treatment progress, sessions attended and treatment plan change information necessary for completion of the required SSOSA/SSODA reports,
- (c) Safeguard the confidentiality of client files in recognition of the sensitive nature of the contents,
- (8) COMPLETION OF COURT ORDERED TREATMENT. SOTP shall make treatment completion decisions that logically follow the evaluation, treatment plan, course of treatment sequence. In addition to fulfilling the SSOSA/SSODA requirements for the end of court ordered treatment hearing the treatment provider shall:
- (a) Assess actual changes in a client's reoffense potential prior to recommending treatment termination,
- (b) Attempt to repeat, where appropriate, those assessments which might show client change,
- (c) Document how the goals of the treatment plan have been met, what actual changes in the client's reoffense potential have been accomplished, what risk factors remain,
- (e) Seek input from others knowledgeable about a client's progress as part of the treatment completion/termination decision process,
- (f) Recommend any further treatment and monitoring necessary to the court, and to the client,
- (g) Report to the court if the client is no longer amenable to treatment at the end of the court ordered treatment term.

NEW SECTION

RCW 246-930-340 STANDARDS FOR COMMUNICATION WITH OTHER PROFESSIONALS. (1) Professional Relationships with Corrections/Probation Officers and Other Supervising Agencies.

- (a) The provider shall establish a cooperative and collaborative relationship with the supervising officer and/or responsible agency for purposes of the effective supervision and monitoring of an offender's behavior in the community.
- (b) All violations of the provider client contract shall be reported immediately to the supervising officer.

- (c) Quarterly progress reports documenting attendance, treatment activities and duration, changes in the treatment plan, and treatment progress shall be made in a timely manner to the supervising officer. Providers shall provide additional information regarding treatment progress when requested by the supervising officer.
- (d) Specific plans for any and all contact with the victim, potential victims and plans for family reunification (where appropriate) should be reviewed with the supervising officer.
- (e) The provider shall collaborate with the supervising officer when approving chaperones and knowledgeable supervisors for offender contact with children.
- (2) Communication with the Department of Social and Health Services. When appropriate, the provider shall seek an authorization for release of information from the client to communicate with the Department of Social and Health Services.
- (3) Communication with Others. Where appropriate and consistent with the offender's informed consent, Providers shall collaborate with the victim's therapist, Guardian Ad Litem, custodial parent, guardian, caseworker, or other involved professional in making decisions regarding family reunification or victim contact with the offender.
 - (4) Reporting of Additional Victims.
- (a) Providers are expected to comply with the mandatory reporting law, RCW 26.44.030.
- (b) All clients shall be notified of the limits of confidentiality imposed on therapists by the mandatory reporting law (RCW 26.44.030).

WSR 91-23-077 PERMANENT RULES DEPARTMENT OF HEALTH (Board of Nursing)

[Order 214B—Filed November 19, 1991, 2:19 p.m.]

Date of Adoption: October 25, 1991.

Purpose: To make housekeeping changes to update WAC and RCW references and improve readability.

Citation of Existing Rules Affected by this Order: Amending WAC 246-839-020, 246-839-030, 246-839-060, 246-839-080, 246-839-090, 246-839-100, 246-839-110, 246-839-120, 246-839-310, 246-839-320, 246-839-330, 246-839-340, 246-839-350, 246-839-360, 246-839-370, 246-839-410, 246-839-430, 246-839-440, 246-839-450, 246-839-525, 246-839-530, 246-839-535, 246-839-540, 246-839-545, 246-839-565, 246-839-700, 246-839-710, 246-839-730, 246-839-740, 246-839-760, 246-839-830, 246-839-840, 246-839-850, 246-839-890, 246-841-400, 246-841-410, 246-841-430, 246-841-440, 246-841-470, 246-841-490, 246-842-100, 246-842-130, 246-842-140, 246-842-170, and 246-842-190.

Statutory Authority for Adoption: WAC 246-839-020, 246-839-030, 246-839-060, 246-839-080, 246-839-090, 246-839-110, 246-839-120, 246-839-310, 246-839-320, 246-839-330, 246-839-340, 246-839-350, 246-839-360, 246-839-410, 246-839-430, 246-

839-440, 246-839-450, 246-839-525, 246-839-530, 246-839-535, 246-839-540, 246-839-545, 246-839-565, 246-839-830, 246-839-840, 246-839-850, and 246-839-890 is RCW 18.88.080; WAC 246-839-100 is RCW 18.88.080 and 70.24.270; WAC 246-839-370, 246-839-700, 246-839-710, 246-839-740, and 246-839-760 is RCW 18.88.080 and 18.130.050; WAC 246-839-730 is RCW 18.88.080, 18.130.050, and 18.130.070; WAC 246-841-400, 246-841-410, 246-841-430, 246-841-440, 246-841-470, and 246-841-490 is RCW 18.88.080; and WAC 246-842-130, 246-842-140, 246-842-170, and 246-842-190 is chapter 18.52A RCW.

Pursuant to notice filed as WSR 91-19-019 on September 9, 1991.

Effective Date of Rule: Thirty-one days after filing.
October 25, 1991

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-020 DOCUMENTS WHICH IN-DICATE AUTHORIZATION TO PRACTICE REG-ISTERED NURSING IN WASHINGTON. The following documents are the only documents that indicate legal authorization to practice as a registered nurse in Washington.

- (1) Active license. A license is issued upon completion of all requirements for licensure confers the right to use the title registered nurse and the use of its abbreviation, R.N. and to practice as a registered nurse in the state of Washington.
- (2) Inactive license. A license issued to a person previously holding an active license in this state who desires to retire temporarily from the practice of nursing in this state.
- (3) Interim permit. An interim permit may be issued to a graduate from an approved nursing school who has met all qualifications, has filed an application for examination and is eligible for admission to the licensing examination.
- (a) This permit expires when a license is issued, when the candidate receives first notice of failure, or within one year from the date of issuance, whichever is the earliest date. The permit is not renewable.
- (b) An applicant who does not write the examination on the date scheduled shall return the permit to the division of professional licensing.
- (c) The interim permit authorizes the holder to perform functions of registered nursing as described in chapter 18.88 RCW. It is in violation of the law regulating the practice of registered nursing to use the title "registered nurse." The title "interim permit nurse" or "graduate nurse" may be used.
- (4) Limited educational license. A limited educational license may be issued to a person who has been on non-practicing status for three years or more and who wishes to return to active status (see WAC ((308-120-185)) 246-839-120).
- (5) Advanced registered nurse practitioner (ARNP) recognition document. An ARNP recognition document

may be issued to any person who meets the requirements of the board as contained in WAC ((308-120-300)) 246-839-300. Only persons holding this recognition document shall have the right to use the title "advanced registered nurse practitioner" or the abbreviation "ARNP" or any title or abbreviation which may indicate that the person is entitled to practice at an advanced and specialized level as a nurse practitioner, a specialized nurse practitioner, a nurse midwife, or a nurse anesthetist. This document authorizes the ARNP to engage in the scope of practice allowed for his or her specialty area and is valid only with a current registered nurse license.

- (6) ARNP interim permit. An interim permit may be issued following satisfactory completion of an advanced formal education program, registration for the first certification examination of an approved program following completion of the education and filing of an application, fee and requested documentation. If the applicant passes the examination the department shall grant advanced registered nurse practitioner status. If the applicant fails the examination, the interim permit shall expire upon notification and is not renewable.
- (7) ARNP prescriptive authorization. A notation of prescriptive authorization may be placed on the ARNP recognition document issued to any person who meets the requirements of the board as contained in WAC ((308-120-410)) 246-839-410. This authorizes the ARNP to prescribe legend drugs within his or her scope of practice and is valid only with a current registered nurse license.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-030 QUALIFICATION/ELIGIBILITY TO WRITE THE LICENSING EXAMINATION. (1) Graduates from Washington state board approved schools of nursing holding a degree/diploma from such a school shall be eligible to write the examination provided all other requirements are met.

- (2) Graduates from a nursing school approved by a board of nursing in another U.S. jurisdiction shall be eligible to write the examination provided that:
- (a) The nursing school meets the minimum standards approved for state board school of nursing in Washington at the time of the applicant's graduation;
- (b) Graduate holds a degree/diploma from the approved school of nursing;
- (c) All other requirements of the statute and regulations shall be met.
- (3) An interim permit (((WAC 308-120-170(2)))) (WAC 246-839-020(3)) and a notice of eligibility for admission to the licensing examination may be issued to all new graduates from board approved schools of nursing after filing of a completed application, payment of the application fee, and official notification from the school certifying that the individual has successfully completed all requirements for the diploma/degree. The results of the licensing examination will not be released until the candidate's official transcript is on file with the board.

WAC 246-839-060 RELEASE OF RESULTS OF EXAMINATION. (1) Candidates shall be notified regarding the examination results by mail only.

- (2) Candidates who pass shall receive a license to practice as a registered nurse provided all other requirements are met.
- (3) Candidates who fail shall receive a letter of notification regarding their eligibility to rewrite the examination.
- (4) In addition to a listing of the names of graduates indicating whether each passed or failed the examination, each school of nursing in Washington shall receive a statistical report of the examination results of candidates from that school.
- (5) The candidate's examination results will be maintained in his/her application file in the division of professional licensing services, department of ((licensing)) health.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-080 APPLICANTS PREVIOUS-LY LICENSED IN A FOREIGN COUNTRY. (1) Applicants for licensure educated in a country outside the United States or its territories shall meet the following requirements for licensure:

- (a) Satisfactory completion of a basic nursing education program approved in the country of original licensure.
- (i) The nursing education program shall be equivalent to the minimum standards prevailing for state board approved schools of nursing in Washington at the time of graduation.
- (ii) Any deficiencies in the nursing program (theory and clinical practice in medical, psychiatric, obstetric, surgical and pediatric nursing) shall be satisfactorily completed in a state board approved school of nursing.
- (b) Satisfactory passage of the screening examination for foreign nurses. As of May 1, 1981, all applicants from countries outside the United States, and never before licensed in one of the United States jurisdictions shall have passed the commission on graduates of foreign nursing schools (CGFNS) qualifying examination.
- (c) Applicants licensed under the laws of a country outside the United States or its territories shall be required to take the current series of the National Council of State Boards of Nursing Registered Nurse Examination (NCLEX) as provided in WAC ((308-120-163)) 246-839-050: PROVIDED, That those persons meeting the requirements of WAC ((308-120-168)) 246-839-090(2) are exempt from this requirement.
- (d) All other requirements of the statute and regulation shall be met.
 - (2) Applicants for examination shall:
- (a) File with the board of nursing a completed notarized license application with the required fee prior to May 1 for the July examination and prior to December 1 for the February examination.

- (b) Request the school of nursing to submit an official transcript directly to the division of professional licensing.
- (c) Applicants shall also file an examination application, along with the required fee directly with the testing service.
- (d) ((Effective January 1, 1989,)) Persons applying for licensure shall submit, in addition to the other requirements, evidence to show compliance with the education requirements of WAC ((308-120-610)) 246-839-100.
- (e) Request the licensing agency in the country of original license to submit evidence of licensure.
- (f) Submit a notarized copy of the certificate issued by the CGFNS.
- (g) If the applicant's original documents (education and licensing) are on file in another state or with the CGFNS, the applicant may request that the state board or the CGFNS send notarized copies in lieu of the originals.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-090 LICENSURE BY INTER-STATE ENDORSEMENT. (1) A license to practice as a registered nurse in Washington may be issued without examination provided the applicant meets all of the following requirements:

- (a) The applicant has graduated and holds a degree/diploma from a state board approved school of nursing preparing candidates for licensure as a registered nurse provided such nursing program is equivalent to the minimum nursing educational standards prevailing for state board approved schools of nursing in Washington at the time of the applicant's graduation.
- (i) Applicants who were licensed prior to January 1, 1953, shall have scored at least 75% on the state board examination in the state of original licensure.
- (ii) Applicants licensed after January 1, 1953, but before June 1, 1982, shall have passed the state board test pool examination for registered nurse licensure with a minimum standard score of 350 in each test.
- (iii) Applicants licensed after July 1, 1982, shall have passed with a minimum standard score of 1600 for the total examination.
- (b) The applicant holds a valid current license to practice as a registered nurse in another state or territory.
- (c) The applicant complies with the education requirements of WAC ((308-120-610)) 246-839-100.
- (d) The application shall be completed and notarized, the fee must be filed with the application. The fee is not refundable. A notarized copy of a valid current license shall be filed with the application.
- (e) Verification of licensure by examination shall be obtained from the state or territory of original licensure. Any fee for verification required by the state or territory of original license shall be paid by the applicant.
- (2) Applicants from countries outside the United States who were granted a license in another United States jurisdiction or territory prior to December 31, 1971, and who were not required to pass the state board

test pool examination shall meet the following requirements:

- (a) The nursing education program shall meet the minimum approved standards prevailing for schools of nursing in Washington at the time of the applicant's graduation.
- (b) The applicant holds a valid current license to practice as a registered nurse in another United States jurisdiction or territory.
 - (c) The applicant shall submit to the board:
- (i) A complete notarized application. The nonrefundable fee must be filed with the application.
- (ii) Verification of original licensure obtained in the United States jurisdiction or territory.
- (iii) Notarized copies of educational preparation and licensure by examination submitted directly from the country of original licensure or from the state board or territory of original United States licensure.
- (iv) Verification of current nursing practice for three years prior to application for Washington licensure.
- (v) Evidence to show compliance with the education requirements of WAC ((308-120-610)) 246-839-100.
- (d) The applicant shall meet all requirements of chapter 18.88 RCW and regulations of the board.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-100 AIDS EDUCATION AND TRAINING. (1) Acceptable education and training. ((Effective January 1, 1989,)) The board will accept education and training that is consistent with the model curriculum available from the office on AIDS. Such education and training shall be a minimum of seven hours and shall include, but is not limited to, the following: Etiology and epidemiology; testing and counseling; infection control guidelines; clinical manifestations and treatment; legal and ethical issues to include confidentiality; and psychosocial issues to include special population considerations.

- (2) Implementation. Effective January 1, 1989, the requirement for licensure application, renewal, or reinstatement of any license on lapsed, inactive, or disciplinary status shall include completion of AIDS education and training. All persons affected by this section shall show evidence of completion of an education and training program, which meets the requirements of subsection (1) of this section.
 - (3) Documentation. The licensee shall:
- (a) Certify, on forms provided, that the minimum education and training has been completed after January 1, 1987, and before renewal date;
- (b) Keep records for two years documenting attendance and description of the learning; and
- (c) Be prepared to validate, through submission of these records, that education and training has taken place.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-110 RENEWAL OF LICENSES. (1) The license renewal date shall coincide with the licensee's birthdate.

- (a) Individuals making application for initial license and examination, provided they meet all such requirements, will be issued a license, to expire on their birth anniversary date.
- (b) Individuals making application for initial license with the state of Washington and under the reciprocity regulations, provided they meet all such requirements, will be issued a license, to expire on their next birth anniversary date.
- (2) Licensees may renew their licenses, at the current renewal fee rate.
- (3) The late payment penalty provision will be applied as follows:

Before the expiration date of the individual's license, the ((director)) secretary shall mail a notice for renewal of license to every person holding a current license. The licensee must return such notice along with current renewal fees prior to the expiration of said license. Failure of any licensee to receive such notice shall not relieve or exempt such licensee from the requirements of this section. Should the licensee fail to renew his or her license prior to the expiration date, then the individual is subject to the penalty fee. If the licensee fails to renew his or her license within one year from expiration thereof, such individual must apply for licensing under the statutory conditions then in force. If the licensee fails to renew the license within three years from the expiration date, the individual must also meet the requirements of WAC ((308-120-185)) 246-839-120.

(((4) Effective January 1, 1989, all persons making application for 1989 license renewal shall submit, in addition to the other requirements, evidence to show compliance with the education requirements of WAC 308-120-610. Persons whose 1989 license expires on or before March 31, 1989, may, upon written application, be granted an extension to April 15, 1989, to meet the AIDS education requirements.))

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-120 RETURN TO ACTIVE STATUS FROM INACTIVE OR LAPSED STATUS. ((After January 1, 1974,)) Persons on inactive status for three years or more and ((after August 1, 1988,)) persons on lapsed status for three years or more, who do not hold a current active license in any other United States jurisdiction and who wish to return to active status shall be issued a limited educational license to enroll in a board approved refresher course. Upon successful completion of the course, the individual's license shall be returned to active status.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-310 USE OF NOMENCLATURE. Any person who qualifies under WAC ((308-120-300))

246-839-300 and whose application for advanced registered nurse practitioner designation has been approved by the board shall be designated as an advanced registered nurse practitioner and shall have the right to use the title "advanced registered nurse practitioner" and the abbreviation following the nurse's name shall read "ARNP" and the title or abbreviation designated by the approved national certifying body. No other initials or abbreviations shall legally denote advanced nursing practice. No other person shall assume such title or use such abbreviation. No other person shall use any other title, words, letters, signs or figures to indicate that the person using same is recognized as an advanced registered nurse practitioner and:

- (1) Family nurse practitioner, FNP; or
- (2) Women's health care nurse practitioner; or
- (3) Pediatric nurse practitioner/associate, PNP/PNA; or
 - (4) Adult nurse practitioner, ANP; or
 - (5) Geriatric nurse practitioner, GNP; or
 - (6) Certified nurse midwife/nurse midwife, CNM; or
 - (7) Nurse anesthetist, CRNA; or
 - (8) School nurse practitioner, SNP.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-320 CERTIFICATION AND CERTIFICATION PROGRAM. (1) Certification is a voluntary form of credentialing, under sponsorship of a national certifying body that recognizes specialized and advanced nursing practice.

- (2) A certification program is used by a national certifying body to grant the certification credential. A certification program shall be based on:
- (a) A scope of practice statement as identified in WAC ((308-120-300)) 246-839-300 shall denote the dimension and boundary, the focus, and the standards of specialized and advanced nursing practice in the area of certification.
- (b) A formal program of study requirement in the area of certification which shall:
- (i) Be based on measurable objectives that relate directly to the scope of practice;
- (ii) Include theoretical and clinical content directed to the objectives; and
- (iii) Be equivalent to at least one academic year. A preceptorship which is part of the formal program shall be included as part of the academic year. Current practice in the area of certification will not be accepted as a substitute for the formal program of study.
- (c) An examination in the area of certification which shall:
- (i) Measure the theoretical and clinical content denoted in the scope of practice;
- (ii) Be developed in accordance with generally accepted standards of validity and reliability; and
- (iii) Be open only to registered nurses who have successfully completed the program of study referred to in (b) of this subsection.
- (3) A licensee credentialed by a national certifying body which meets the requirements of subsection (2)(a) and (c) of this section but not subsection (2)(b) of this

section may petition the board for individual recognition as an ARNP by submitting documentation that the licensee's advanced formal education program in the area of specialty meets the requirements of subsection (2)(b) of this section.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-330 BOARD APPROVAL OF CERTIFICATION PROGRAMS. (1) A licensee or certifying program may request that a certification program be considered for approval and shall submit documentation showing that the program meets the requirements of WAC ((308-120-315)) 246-839-320(2).

- (2) The board shall periodically review each certification program and may discontinue approval in the event that a certification program no longer meets the requirements of WAC ((308-120-315)) 246-839-320(2).
- (3) The board shall notify the certification program of pending review and may request that the program submit further information regarding its continued compliance with the provisions of WAC ((308-120-315)) 246-839-320(2).

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-340 APPLICATION REQUIRE-MENTS FOR ARNP. A registered nurse applicant for designation as an ARNP shall:

- (1) After January 1, 1995 show evidence of a master's degree in the nursing or health care field from an accredited college or university, except for those applicants who provide documentation as requested by the board that the applicant was:
- (a) Certified by a board approved national certification program prior to December 31, 1994; and
- (b) Recognized by another state board of nursing for advanced practice prior to December 31, 1994.
- (2) Meet the requirements of WAC ((308-120-300)) 246-839-300.
- (3) Submit a completed application on a form furnished by the board.
- (4) Submit evidence of certification by a certification program approved by the board.
- (5) Submit a nonrefundable fee as specified in WAC ((308-120-275)) 246-839-990.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-350 APPLICATION REQUIRE-MENTS FOR ARNP INTERIM PERMIT. A registered nurse who has completed advanced formal education and registered for a board approved national certification examination may be issued an interim permit to practice specialized and advanced nursing pending notification of the results of the first certification examination.

- (1) An applicant for ARNP interim permit shall:
- (a) Submit a completed application on a form provided by the board accompanied by a nonrefundable fee as specified in WAC ((308-120-275)) 246-839-990; and

- (b) Submit documentation of completion of advanced formal education in the area of specialty; and
- (c) Submit documentation of registration for the first certification examination administered by an approved certification program following completion of advanced formal education; and
- (d) Hold a current license to practice as a registered nurse in Washington.
- (2) The permit expires when advanced registered nurse practitioner status is granted. If the applicant fails the examination, the interim permit shall expire upon notification and is not renewable.
- (3) An applicant who does not write the examination on the date scheduled shall immediately return the permit to the department of ((licensing)) health.
- (4) The interim permit authorizes the holder to perform function of advanced and specialized nursing practice as described in this section.

WAC 246-839-360 RENEWAL OF ARNP DESIGNATION. ARNP designation shall be renewed every two years on the ARNP's birthday. The applicant shall:

- (1) Maintain a current registered nurse license in Washington.
- (2) Submit evidence of current certification by her/his certifying body.
- (3) Provide documentation of thirty contact hours (a contact hour is fifty minutes) of continuing education during the renewal period in the area of certification derived from any combination of the following approved by the board:
 - (a) Formal academic study;
 - (b) Continuing education offerings.
- (4) Attest, on forms provided by the board, to having a minimum of two hundred fifty hours of specialized and advanced nursing practice within the preceding biennium providing direct patient care services.
- (5) Submit a nonrefundable fee as specified. If the licensee fails to renew his or her ARNP designation prior to the expiration date, then the individual is subject to the late renewal fee specified in WAC ((308-120-275)) 246-839-990.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-370 TERMINATION OF ARNP DESIGNATION BY THE BOARD. ARNP designation may be terminated by the board when the ARNP has:

- (1) Practiced outside the scope of practice denoted for the area of certification, or
- (2) Been found in violation of any provision of RCW ((18.88.230)) 18.88.175 or 18.130.180.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-410 APPLICATION REQUIRE-MENTS FOR ARNP WITH PRESCRIPTIVE AU-THORITY. A registered nurse who applies for authorization to prescribe drugs shall:

- (1) Be currently designated as an advanced registered nurse practitioner in Washington.
- (2) Be designated by their national certifying body as a:
 - (a) Family nurse practitioner; or
 - (b) Women's health care nurse practitioner; or
 - (c) Pediatric nurse practitioner/associate; or
 - (d) Adult nurse practitioner; or
 - (e) Geriatric nurse practitioner; or
 - (f) Nurse midwife; or
 - (g) Nurse anesthetist; or
 - (h) School nurse practitioner; or
- (i) Clinical specialist in psychiatric and mental health nursing.
- (3) Provide evidence of completion of thirty contact hours of education in pharmacotherapeutics related to the applicant's scope of specialized and advanced practice and:
- (a) Include pharmacokinetic principles and their clinical application and the use of pharmacological agents in the prevention of illness, restoration, and maintenance of health.
- (b) Are obtained within a two-year time period immediately prior to the date of application for prescriptive authority.
 - (c) Are obtained from the following:
- (i) Study within the advanced formal educational program; and/or
 - (ii) Continuing education programs.

Exceptions shall be justified to and approved by the board of nursing.

(4) Submit a completed, notarized application on a form provided by the board accompanied by a nonrefundable fee as specified in WAC ((308-120-260)) 246-839-990.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-430 TERMINATION OF ARNP PRESCRIPTIVE AUTHORIZATION. Prescriptive authorization may be terminated by the board when the ARNP with prescriptive authority has:

- (1) Not maintained current designation as an ARNP in the area of certification; or
- (2) Prescribed outside the ARNP scope of practice or for other than therapeutic purposes; or
- (3) Violated provisions of RCW ((18.88.230)) 18.88.175;
- (4) Violated any state or federal law or regulations applicable to prescriptions.

WAC 246-839-440 PRESCRIPTIVE AUTHORIZATION PERIOD. (1) Prescriptive authorization shall be for a period of two years.

- (2) Initial authorization shall expire on the applicant's renewal date for ARNP designation.
- (3) Authorization shall be renewed after the applicant meets the requirements of WAC ((308-120-450)) 246-839-450.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-450 RENEWAL. ARNP with prescriptive authorization shall be renewed every two years. For renewal of ARNP with prescriptive authorization, the licensee shall:

(1) Meet the requirements of WAC ((308-120-345)) 246-839-360 (1), (2), and (3).

- (2) Provide documentation of fifteen additional contact hours of continuing education during the renewal period in pharmacotherapeutics related to licensee's scope of practice. This continuing education shall meet the requirements of WAC ((308-120-410)) 246-839-410 (3)(a).
- (3) Submit a completed and notarized renewal application with nonrefundable fee as specified in WAC ((308-120-275)) 246-839-990. If the licensee fails to renew his or her prescriptive authorization prior to the expiration date, then the individual is subject to the late renewal fee specified in WAC ((308-120-275)) 246-839-990.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-525 APPROVAL OF NURSING EDUCATION PROGRAMS. (1) Application for program development.

- (a) An educational institution wishing to establish a program in nursing shall:
- (i) Submit to the board at least eighteen months in advance of expected opening date a statement of intent to establish a nursing education program.
- (ii) Submit to the board, along with the statement of intent, a feasibility study to include at least the following information:
- (A) Nursing studies documenting the need for the program in this state.
 - (B) Purposes and classification of the program.
 - (C) Availability of qualified faculty.
 - (D) Budgeted faculty positions.
- (E) Availability of adequate clinical facilities for the program.
- (F) Availability of adequate academic facilities for the program.
- (G) Evidence of financial resources adequate for the planning, implementation, and continuation of the program.
 - (H) Anticipated student population.
- (I) Tentative time schedule for planning and initiating the program.

- (iii) Respond to the board's request(s) for additional information.
- (b) The board shall either grant or withhold approval for program development.
 - (2) Program development.
- (a) At least twelve months in advance of the anticipated admission of students, the organization shall appoint a qualified nurse administrator to develop a proposed nursing education program. The proposed program plan shall include:
 - (i) Purpose, philosophy, and objectives.
 - (ii) Organization and administration.
 - (iii) Budget.
 - (iv) Resources, facilities, and services.
- (v) Provisions for faculty, including qualifications, responsibilities, organization, and faculty/student ratio.
- (vi) Curriculum, including course descriptions and course outlines.
- (vii) Policies and procedures for student selection, admission, progression, withdrawal and graduation, and record system.
- (viii) Projected plans for the orderly expansion of the program.
- (b) The nurse administrator shall submit to the board a written report of the proposed program plan at least five weeks prior to a scheduled board meeting at which time the plan is to be reviewed. This review shall take place six months prior to the scheduled opening date of the program.
- (c) The nurse administrator of the program and other administrative officers of the organization shall attend the board meeting to present the formal application and clarify and amplify materials included in the written report of the proposed program plan.
- (d) The board shall either grant or withhold provisional approval of the proposed nursing program.
 - (3) Provisional approval.
- (a) The school shall submit course outlines to the board for review and approval at least three months prior to offering the course; and
- (b) The school shall submit progress reports as requested by the board;
- (c) Survey visits shall be scheduled as deemed necessary by the board during the period of provisional approval.
 - (4) Full approval.
- (a) Within six months following graduation of the first class, a self-evaluation report of compliance with the standards for nursing education shall as identified in WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575 be submitted and a survey visit shall be made for consideration of full approval of the program.
- (b) The board will review the self-evaluation report, survey reports and added materials for full approval of the nursing education program only at scheduled board meetings.
- (c) The self-evaluation report, added materials and survey reports shall be in the board office at least five weeks prior to the board meeting.
- (5) Satellite nursing education programs. An approved nursing education program wishing to initiate an

off-campus, extended or satellite nursing program must submit a plan to the board demonstrating that:

- (a) Faculty on-site meet all the requirements and qualifications of the parent nursing education program.
- (b) Adequate clinical facilities are available and meet the requirements of the parent program.
- (c) Academic facilities and resources are comparable to those of the parent program.
 - (6) Periodic evaluation of approved programs.
- (a) To ensure continuing compliance with the plan and standards of nursing education all nursing education programs will be surveyed and reevaluated for continued approval every eight years. More frequent visits may occur as deemed necessary by the board or at the request of the nursing education program.
- (i) The survey visit will be made by representative(s) of the board on dates mutually agreeable to the board and the nursing education program.
- (ii) Announcement of a survey visit will be sent to programs at least eighteen months in advance of the visit.
- (iii) Prior to the survey a program shall submit a self-evaluation report which provides evidence of compliance with the standards of nursing education as identified in WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575.
- (iv) The self-evaluation report prepared for the national nursing accreditation body may be substituted in lieu of the board's survey report for that year if a national accreditation survey is scheduled for that year. Where appropriate the survey will be made in conjunction with a national accreditation visit.
- (v) A draft of the survey visit report will be made available to the school for review and corrections in statistical data and for response to issues raised.
- (vi) Following the board's review and decision, written notification regarding approval of the program and the board comments and recommendations will be sent to the administrator of the nursing education program.
- (b) Any proposed major curriculum revision, such as changes affecting the philosophy and objectives, significant course content changes, or changes in the length of the program, shall be presented to the board for approval at least three months prior to implementation.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-530 DENIAL, CONDITIONAL APPROVAL OR WITHDRAWAL OF APPROVAL. (1) The board may deny approval to new programs when it determines that a nursing education program fails substantially to meet the standards for nursing education as contained in WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575. All such board actions shall be in accordance with the Washington Administrative Procedure Act and/or the administrative rules and regulations of the board.

(2) Conditional approval shall be granted a nursing education program that has failed to meet the minimum standards contained in the law and the rules and regulations of the board.

- (a) Conditions that must be met within a designated time period shall be specified in writing.
- (b) A conditionally approved program shall be reviewed at the end of the designated time period. Such review shall result in one of the following actions:
 - (i) Restoration of full approval;
- (ii) Continuation of conditional approval for a specified period of time; or
 - (iii) Withdrawal of approval.
- (3) The board may withdraw approval from existing programs when it determines that a nursing education program fails substantially to meet the standards for nursing education as contained in WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575. All such actions shall be effected in accordance with the Administrative Procedure Act and/or the administrative rules and regulations of the board.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-535 REINSTATEMENT OF APPROVAL. The board may consider reinstatement of withdrawn approval of a nursing education program upon submission of satisfactory evidence that the program meets the standards of nursing education, WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-540 APPEAL OF BOARD DECI-SIONS. A nursing education program deeming itself aggrieved by a decision of the board affecting its approval status shall have the right to appeal the board's decision in accordance with the provisions of chapter 18.88 RCW and the Administrative Procedure Act, chapter ((34.04)) 34.05 RCW.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-545 CLOSING OF AN AP-PROVED NURSING EDUCATION PROGRAM. (1) Voluntary closing. When a governing institution decides to close a program it shall notify the board in writing, stating the reason, plan, and date of intended closing. The governing institution may choose one of the following closing procedures:

- (a) The program shall continue until the last class enrolled is graduated.
- (i) The program shall continue to meet the standards for approval WAC ((308-120-550)) 246-839-550 through ((308-120-575)) 246-839-575 until all of the enrolled students have graduated.
- (ii) The date of closure is the date on the degree, diploma, or certificate of the last graduate.
- (iii) The board shall be notified by the governing institution of the closing date.
- (b) The program shall close after assisting in the transfer of students to other approved programs.
- (i) The program shall continue to meet the standard required for approval, WAC ((308-120-550 through

308-120-575)) 246-839-550 through 246-839-575 until all students are transferred.

- (ii) A list of the names of students who have been transferred to approved programs and the date on which the last student was transferred shall be submitted to the board by the governing institution.
- (iii) The date on which the last student was transferred shall be the closing date of the program.
 - (c) Custody of records.
- (i) If the program closes but the governing institution continues to function, it shall assume responsibility for the records of the students and graduates. The board shall be advised of the arrangements made to safeguard the records.
- (ii) If the governing institution ceases to exist, the academic records of each student and graduate shall be transferred to the board for safekeeping.
- (iii) The board shall be consulted about the disposition of all other records.
- (2) Closing as a result of withdrawal of approval. When the board withdraws approval of a nursing education program, the governing institution shall comply with the following procedures:
- (a) Students of the program shall be notified in writing of their status and options for transfer to an approved program.
- (b) The program shall close after assisting in the transfer of students to other approved programs. A time frame for the transfer process will be established by the board.
- (c) A list of the names of students who have transferred to approved programs and the date on which the last student was transferred shall be submitted to the board by the governing institution.
 - (d) Custody of records.
- (i) If the governing institution continues to function, it shall assume responsibility for the records of the students and the graduates. The board shall be advised of the arrangements made to safeguard the records.
- (ii) If the governing institution ceases to exist, the academic records of each student and graduate shall be transferred to the board for safekeeping.
- (iii) The board shall be consulted about the disposition of all other records.

AMENDATORY SECTION (Amending Order 152B, filed 3/20/91, effective 4/20/91)

WAC 246-839-565 STUDENTS IN APPROVED NURSING EDUCATION PROGRAMS. (1) The approved nursing education program shall:

- (a) Provide in writing policies and procedures for selection, admission, progression, graduation, withdrawal, and dismissal. These policies shall be consistent with the policies of the governing institution. Where necessary, policies specific to nursing students may be adopted if justified by the nature and purposes of the nursing program.
 - (b) Maintain a system of student records.
- (c) Provide a written statement of student rights and responsibilities.

- (d) Require that students who seek admission by transfer from another approved nursing education program, or readmission for completion of the program, shall meet the equivalent of the program's current standards.
- (2) The nursing education program shall provide the student with information on the legal definition and parameters of the nursing technician role, as in WAC ((308-120-100)) 246-839-010(10) and 246-839-840. Such information shall be provided prior to the time of completion of the first clinical course and shall clearly advise the student of their responsibilities, should they choose to be employed as a nursing technician.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-700 STANDARDS OF NURS-ING CONDUCT OR PRACTICE. The purpose of defining standards of nursing conduct or practice through WAC ((308-120-700)) 246-839-700 and ((308-120-100))710)) 246-839-710 is to identify responsibilities of the nurse in health care settings and as provided in the Nursing Practice Act chapter 18.88 RCW, and the Uniform Disciplinary Act, chapter 18.130 RCW. Each individual, upon entering the practice of nursing, assumes a measure of responsibility and public trust and the corresponding obligation to adhere to the standards of nursing practice. The nurse shall be responsible and accountable for the quality of nursing care given to clients. This responsibility cannot be avoided by accepting the orders or directions of another person. The standards of nursing conduct or practice include, but are not limited to the following:

- (1) Nursing process:
- (a) The nurse shall collect pertinent objective and subjective data regarding the health status of the client.
- (b) The nurse shall plan and implement nursing care which will assist the client to maintain or return to a state of health or will support a dignified death.
- (c) The nurse shall communicate significant changes in the client's status to appropriate members of the health care team. This communication shall take place in a time period consistent with the client's need for care.
- (d) The nurse shall document, on essential client records, the nursing care given and the client's response to that care.
- (2) Delegation and supervision: The nurse shall be accountable for the safety of clients receiving nursing service by:
- (a) Delegating selected nursing functions to others in accordance with their education, credentials, and demonstrated competence.
- (b) Supervising others to whom he/she has delegated nursing functions.
 - (3) Other responsibilities:
- (a) The nurse shall have knowledge and understanding of the laws and rules regulating nursing and shall function within the legal scope of nursing practice.

- (b) The nurse shall be responsible and accountable for practice based on and limited to the scope of her/his education, demonstrated competence, and nursing experience.
- (c) The nurse shall obtain instruction, supervision, and consultation as necessary before implementing new or unfamiliar techniques or practices.
- (d) The nurse shall be responsible for maintaining current knowledge in his/her field of practice.
- (e) The nurse shall conduct nursing practice without discrimination.
- (f) The nurse shall respect the client's right to privacy by protecting confidential information.
- (g) The nurse shall report unsafe nursing acts and practices, and illegal acts as defined in WAC ((308=120-730)) 246-839-730.

WAC 246-839-710 VIOLATIONS OF STAN-DARDS OF NURSING CONDUCT OR PRACTICE. The following will serve as a guideline for the nurse as to the acts, practices, or omissions that are inconsistent with generally accepted standards of nursing conduct or practice. Such conduct or practice may be grounds for action with regard to the license to practice nursing pursuant to chapter 18.88 RCW and the Uniform Disciplinary Act, chapter 18.130 RCW. Such conduct or practice includes, but is not limited to the following:

- (1) Failure to adhere to the standards enumerated in WAC ((308-120-700)) 246-839-700(1) which may include:
- (a) Failing to assess and evaluate a client's status or failing to institute nursing intervention as required by the client's condition.
- (b) Willfully or repeatedly failing to report or document a client's symptoms, responses, progress, medication, or other nursing care accurately and/or intelligibly.
- (c) Willfully or repeatedly failing to make entries, altering entries, destroying entries, making incorrect or illegible entries and/or making false entries in records pertaining to the giving of medication, treatments, or other nursing care.
- (d) Willfully or repeatedly failing to administer medications and/or treatments in accordance with policy and procedure.
- (e) Willfully or repeatedly failing to follow the policy and procedure for the wastage of medications where the nurse is employed or working.
- (f) Willfully causing or contributing to physical or emotional abuse to the client.
- (2) Failure to adhere to the standards enumerated in WAC ((308-120-700)) 246-839-700(2) which may include:
- (a) Delegating nursing care function or responsibilities to a person who the nurse knows or has reason to know lacks the ability or knowledge to perform the function or responsibility, or delegating to unlicensed persons those functions or responsibilities the nurse knows or has reason to know are to be performed only by licensed persons. This section should not be construed as prohibiting

- delegation to family members and other care givers exempted by RCW 18.88.030 or 18.88.280.
- (b) Failure to supervise those to whom nursing activities have been delegated. Such supervision shall be adequate to prevent an unreasonable risk of harm to clients.
- (3) Failure to adhere to the standards enumerated in WAC ((308-120-700)) 246-839-700(3) which may include:
- (a) Performing or attempting to perform nursing techniques and/or procedures for which the nurse lacks the appropriate knowledge, experience, and education and/or failing to obtain instruction, supervision and/or consultation for client safety.
- (b) Violating the confidentiality of information or knowledge concerning the client, except where required by law or for the protection of the client.
- (c) Writing prescriptions for drugs unless authorized to do so by the board.
 - (4) Other violations:
- (a) Appropriating for personal use medication, supplies, equipment, or personal items of the client, agency, or institution.
- (b) Practicing nursing while impaired by any mental, physical and/or emotional condition to the extent that the person may be unable to practice with reasonable skill and safety.
- (c) Willfully abandoning clients by leaving a nursing assignment without transferring responsibilities to appropriate personnel or care giver when continued nursing care is required by the condition of the client(s).
- (d) Practicing nursing while impaired by alcohol and/or drugs.
- (e) Conviction of a crime involving physical abuse or sexual abuse relating to the practice of nursing.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-730 MANDATORY REPORT-ING DEFINED. It is not the intent of the board of nursing that each and every nursing error be reported or that mandatory reporting take away the disciplinary ability and responsibility from the employer of the nurse. Anyone, including nurses, health care facilities and agencies, and state or local government agencies, knowing of a nurse whose behavior or nursing practice fails to meet accepted standards for the level at which the nurse is licensed, should report the nurse to the person in the work setting who has authority to institute corrective action. Failure of any nurse to comply with the reporting requirements may in itself constitute a violation of nursing standards.

- (1) Anyone, including nurses, health care facilities and agencies, and state or local government agencies, who has knowledge or concern that a nurse has committed an act which constitutes unprofessional conduct as provided in RCW 18.130.180, including violations of chapter ((308-120)) 246-839 WAC, or is unable to practice with reasonable skill or safety as the result of a physical or mental condition shall report or cause a report to be made to the board of nursing.
- (2) The decision to report a suspected violation of chapters 18.130 or 18.88 RCW or the rules adopted

thereunder shall be based on, but not limited to the following:

- (a) The past history of the nurse's performance.
- (b) A demonstrated pattern of unsafe practice or conduct in violation of the standards of nursing.
- (c) The magnitude of any single occurrence for actual or potential harm to the public health and safety.
- (3) The following shall always be reported to the board of nursing:
- (a) A nurse imposter. As used here "nurse imposter" means an individual who is ineligible for nursing licensure or advanced registered nurse practitioner licensure and who practices or offers to practice nursing or advanced nursing or uses any title, abbreviation, card, or device to indicate that the individual is licensed to practice in Washington.
- (b) A person who is practicing nursing when the license has become void due to nonpayment of fees.
- (c) A person who is practicing nursing as defined in chapter 18.88 RCW unless licensed as a registered nurse, or a person who is practicing as a nurse practitioner as defined in WAC ((308-120-300)) 246-839-300 while not licensed as an advanced registered nurse practitioner.
- (d) A nurse who has been convicted of a crime which relates to the practice of nursing.
- (e) A nurse who has been dismissed from employment due to unsafe practice or conduct in violation of the standards of nursing.
 - (f) Client abuse by a nurse.
- (g) A demonstrated pattern of conduct in violation of the standards of nursing as defined by the rules of the board or a single occurrence that creates serious harm or risk to the client.
- (h) Any violation of a disciplinary sanction imposed on a nurse's license by the board.
- (i) Substance abuse as defined in RCW 18.130.180 (6) and (23). Nursing professionals counseling impaired nurses for substance abuse are exempt from the reporting requirements except as provided in chapter 5.62 RCW.
- $((\frac{k}{k}))$ (j) Any other cause for discipline as defined in RCW 18.130.170 and 18.130.180.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-740 VIOLATIONS CONSID-ERED FOR DISCIPLINARY PURPOSES ONLY. The consideration of violations of chapter ((308-120)) 246-839 WAC are intended only for the purpose of disciplinary action by the board pursuant to chapters 18.88 and 18.130 RCW.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-760 TERMS USED IN WAC ((308-120-750)) 246-839-750 THROUGH ((308-120-780)) 246-839-780. (1) "Approved substance abuse monitoring program" or "approved monitoring program" is a program the board has determined meets the requirements of the law and the criteria established

- by the board in WAC ((308-120-770)) 246-839-770 which enters into a contract with nurses who have substance abuse problems regarding the required components of the nurse's recovery activity and oversees the nurse's compliance with these requirements. Substance abuse monitoring programs do not provide evaluation or treatment to participating nurses.
- (2) "Contract" is a comprehensive, structured agreement between the recovering nurse and the approved monitoring program stipulating the nurse's consent to comply with the monitoring program and its required components of the nurse's recovery activity.
- (3) "Approved treatment facility" is a facility approved by the bureau of alcohol and substance abuse, department of social and health services according to chapter 70.96A RCW ((70.96A.020(2) or 69.54.030)) to provide concentrated alcoholism or drug treatment if located within Washington state. Drug and alcohol treatment programs located out-of-state must be equivalent to the standards required for approval under chapter 70.96A RCW ((70.96A.020(2) or 69.54.030)).
- (4) "Substance abuse" means the impairment, as determined by the board, of a nurse's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.
- (5) "Aftercare" is that period of time after intensive treatment that provides the nurse and the nurse's family with group or individual counseling sessions, discussions with other families, ongoing contact and participation in self-help groups and ongoing continued support of treatment program staff.
- (6) "Nurse support group" is a group of nurses meeting regularly to support the recovery of its members. The group provides a confidential setting with a trained and experienced nurse facilitator in which nurses may safely discuss drug diversion, licensure issues, return to work and other professional issues related to recovery.
- (7) "Twelve steps groups" are groups such as alcoholics anonymous, narcotics anonymous, and related organizations based on a philosophy of anonymity, belief in a power outside of oneself, peer group association, and self-help.
- (8) "Random drug screens" are laboratory tests to detect the presence of drugs of abuse in body fluids which are performed at irregular intervals not known in advance by the person to be tested.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-839-830 DETERMINATION AND PRONOUNCEMENT OF DEATH. A nurse may determine and pronounce death, but shall not certify death as defined in RCW 70.58.160 unless the nurse is an ARNP-certified nurse midwife as defined in WAC ((308-120-300)) 246-839-300.

(1) A nurse may assume responsibility for the determination and pronouncement of death only if there are written policies and procedures relating to the determination and pronouncement of death in the organization with which the nurse is associated as an employee or by contract, provided:

- (a) The decedent was under the care of a health care practitioner qualified to certify cause of death; and
- (b) The decedent was a patient of the organization with which the nurse is associated; and
- (c) There is a "do not resuscitate order" in the patient's record when the decedent was assisted by mechanical life support systems at the time of determination and pronouncement of death.
- (2) A nurse who assumes responsibility for the determination and pronouncement of death shall be knowledgeable of the laws and regulations regarding death and human remains which affect the nurse's practice of this responsibility.
- (3) A nurse who assumes responsibility for the determination and pronouncement of death shall:
- (a) Perform a physical assessment of the patient's condition;
- (b) Insure that family and physician and other care givers are notified of the death; and
- (c) Document the findings of the assessment and notification in all appropriate records.

WAC 246-839-840 NURSING TECHNICIAN. The purpose of the role of nursing technician is to provide opportunity for student nurses to gain work experience within the limits of their education, but not limited to the scope of functions of nursing assistant – certified.

- (1) The nursing technician is as defined in WAC $((\frac{308-120-100}{0}))$ 246-839-010(10).
- (2) The nursing technician shall have knowledge and understanding of the laws and rules regulating the nursing technician and shall function within the legal scope of nursing practice.
- (3) The nursing technician shall be responsible and accountable for practicing within the scope and guidelines of policies defined by the employing agency.
- (4) The nursing technician shall not be employed by a temporary agency.

AMENDATORY SECTION (Amending Order 152B, filed 3/20/91, effective 4/20/91)

WAC 246-839-850 USE OF NOMENCLATURE. (1) Any person who meets the qualifications under WAC ((308-120-100)) 246-839-010(10) and 246-839-860 shall use the title nursing technician and this title shall not be abbreviated.

(2) No other person shall assume such title.

AMENDATORY SECTION (Amending Order 152B, filed 3/20/91, effective 4/20/91)

WAC 246-839-890 RESPONSIBILITIES OF THE EMPLOYING FACILITY. The employer of the nursing technician shall:

- (1) Verify the nursing technician's enrollment in a nursing education program approved by the state board of nursing in the state in which the program is located.
- (2) Verify satisfactory completion of each academic term (semester or quarter) within two weeks of completion date.

- (3) Obtain written documentation from the approved nursing education program of the nursing technician's current level of education preparation and his/her knowledge and skills.
- (4) Assign the nursing technician to perform only to the level identified in subsection (3) of this section.
- (5) Provide the nursing technician from an educational program approved by a state board of nursing other than the Washington state board of nursing with board authorized information on the legal definition and parameters of the nursing technician role, as in WAC ((308-120-100(10) and 308-120-820 through 308-120-850)) 246-839-010(10) and 246-839-840 through 246-839-870. Such information shall be provided prior to the commencement of patient care activities by the nursing technician. The facility shall obtain written verification from the nursing technician of receipt and review of this information and the facility shall retain the written verification for a minimum of three years from the last date of employment.
- (6) Advise the board of the names and addresses of the nursing technician and the name and address of the nursing education program for any and all nursing technicians employed at the facility.
- (7) Identify the student nurse as a "nursing technician."

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-841-400 STANDARDS OF PRACTICE AND COMPETENCIES OF NURSING ASSISTANTS. The following standards are supported by statements of the competencies that a nursing assistant must hold to meet the standard to be certified to practice in the state of Washington. The competencies are statements of skills and knowledge, and are written as descriptions of behaviors which can be observed and measured. All competencies are performed, as per RCW ((18.52B.030)) 18.88A.030, under the direction and supervision of a licensed (registered) nurse or licensed practical nurse. The level or depth of accomplishment of any given competency is as appropriate to the "assisting" role of basic nursing care under supervision of the licensed nurse.

- (1) Basic technical skills. The ((nurse)) nursing assistant demonstrates basic technical skills which facilitates an optimal level of functioning for the client, recognizing individual, cultural, and religious diversity. Competencies:
- (a) Demonstrates proficiency in cardiopulmonary resuscitation (CPR).
 - (b) Takes and records vital signs.
 - (c) Measures and records height and weight.
- (d) Measures and records fluid and food intake and output of client.
- (e) Recognizes and reports abnormal signs and symptoms of common diseases and conditions.
- (f) Demonstrates sensitivity to client's emotional, social, and mental health needs.
- (g) Makes observations of client's environment to ensure safety and comfort of client.

- (h) Participates in care planning and nursing reporting process.
- (2) Personal care skills. The ((nurse)) nursing assistant demonstrates basic personal care skills. Competencies:
- (a) Assists client with bathing, mouth care, and skin care.
 - (b) Assists client with grooming and dressing.
 - (c) Provides toileting assistance to client.
 - (d) Assists client with eating and hydration.
 - (e) Utilizes proper feeding techniques.
- (3) Mental health and social service needs. The ((nurse)) nursing assistant demonstrates the ability to identify the psychosocial characteristics of all clients including persons with mental retardation, mental illness, dementia, Alzheimer's disease, and related disorders. Competencies:
- (a) Modifies his/her own behavior in response to the client's behavior.
- (b) Identifies adaptations necessary to accommodate the aging process.
- (c) Provides training in, and the opportunity for, self care according to clients' capabilities.
- (d) Demonstrates skills supporting client's personal choices.
- (e) Identifies ways to use the client's family as a source of emotional support for the patient.
- (4) Basic restorative services. The ((nurse)) nursing assistant incorporates principles and skills of restorative nursing in providing nursing care. Competencies:
- (a) Demonstrates knowledge and skill in using assistive devices in ambulation, eating, and dressing.
- (b) Demonstrates knowledge and skill in the maintenance of range of motion.
- (c) Demonstrates proper techniques for turning/positioning client in bed and chair.
- (d) Demonstrates proper techniques for transferring client.
- (e) Demonstrates knowledge about methods for meeting the elimination needs of clients.
- (f) Demonstrates knowledge and skill for the care and use of prosthetic devices.
- (5) Clients' rights and promotion of clients' independence. The ((nurse)) nursing assistant demonstrates behavior which maintains and respects clients' rights and promotes clients' independence, regardless of race, religion, life-style, sexual preference, disease process, or ability to pay. Competencies:
- (a) Recognizes that the client has the right to participate in decisions about his/her care.
- (b) Recognizes and respects the clients' need for privacy and maintenance of confidentiality.
- (c) Promotes and respects the client's right to make personal choices to accommodate their needs.
 - (d) Reports client's concerns.
- (e) Provides assistance in getting to and participating in activities.
 - (f) Provides care of client's personal possessions.
- (g) Provides care which maintains the client free from abuse, mistreatment or neglect; and reports any instances to appropriate facility staff.

- (h) Maintains the client's environment and care through appropriate ((nurse)) nursing assistant behavior so as to minimize the need for physical and chemical restraints.
- (6) Communication and interpersonal skills. The ((nurse)) nursing assistant uses communication skills effectively in order to function as a member of the nursing team. Competencies:
- (a) Reads, writes, speaks, and understands English at the level necessary for performing duties of the nursing assistant
- (b) Listens and responds to verbal and nonverbal communication in an appropriate manner.
- (c) Recognizes how one's own behavior influences client's behavior and know resources for obtaining assistance in understanding client's behavior.
- (d) Makes adjustments for client's physical or mental limitations.
- (e) Uses terminology accepted in the ((nursing)) health care facility to record and report observations and pertinent information.
- (f) Records and reports observations, actions, and information accurately and timely.
- (g) Demonstrates ability to explain policies and procedures before and during care of the client.
- (7) Infection control. The ((nurse)) nursing assistant uses procedures and techniques to prevent the spread of microorganisms. Competencies:
- (a) Uses principles of medical asepsis and demonstrates infection control techniques and universal precautions.
- (b) Explains how disease causing microorganisms are spread; lists ways that HIV and Hepatitis B can spread from one person to another.
- (c) Demonstrates knowledge of cleaning agents and methods which destroy microorganisms on surfaces.
- (8) Safety/emergency procedures. The ((nurse)) nursing assistant demonstrates the ability to identify and implement safety/emergency procedures. Competencies:
- (a) Provides adequate ventilation, warmth, light, and quiet measures.
- (b) Uses measures that promote comfort, rest, and sleep.
- (c) Promotes clean, orderly, and safe environment and equipment for the client.
- (d) Identifies and utilizes measures for accident prevention.
- (e) Identifies and demonstrates principles of body mechanics.
- (f) Demonstrates proper use of protective devices in care of clients.
- (g) Demonstrates knowledge of fire and disaster procedures.
- (h) Identifies and demonstrates principles of health and sanitation in the service of food.
- (i) Demonstrates the proper use and storage of cleaning agents and other potentially hazardous materials.
- (9) Rules and regulations knowledge. The ((nurse)) nursing assistant demonstrates knowledge of and is responsive to the laws and regulations which affect his/her practice including but not limited to: Client abuse and

neglect, client complaint procedures, workers right to know, and the Uniform Disciplinary Act.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-841-410 PURPOSE OF REVIEW AND APPROVAL OF CERTIFIED NURSING AS-SISTANT TRAINING PROGRAMS. The board of nursing approves curriculum in nursing assistant education programs qualifying for admission to examination for certification for the following purposes:

- (1) To assure preparation for safe practice as a nursing assistant by setting minimum standards for education programs.
- (2) To provide guidance for the development of new training programs.
- (3) To facilitate the career mobility of ((certified)) nursing assistants—certified in articulating into nursing educational programs in other levels of nursing.
- (4) To identify training standards and achieved competencies of ((certified)) nursing assistants—certified in the state of Washington for the purpose of interstate communications and endorsements.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-841-430 DENIAL OF APPROVAL OR WITHDRAWAL OF APPROVAL FOR PROGRAMS FOR WHICH THE BOARD IS THE APPROVING AUTHORITY. (1) The board may deny approval to new programs when it determines that a nursing assistant training program fails substantially to meet the standards for training as contained in WAC ((308-173-260 through 308-173-280)) 246-841-470 through 246-841-510. All such board actions shall be in accordance with the Washington Administrative Procedure Act and/or the administrative rules and regulations of the board.

(2) The board may withdraw approval from existing programs when it determines that a nursing education program fails substantially to meet the standards for nursing assistant training as contained in WAC ((308-173-260 through 308-173-280)) 246-841-470 through 246-841-510. All such actions shall be effected in accordance with the Administrative Procedure Act and/or the administrative rules and regulations of the board.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-841-440 REINSTATEMENT OF AP-PROVAL. The board may consider reinstatement of withdrawn approval of a nursing assistant training program upon submission of satisfactory evidence that the program meets the standards of nursing assistant training, WAC ((308-173-260 through 308-173-280)) 246-841-470 through 246-841-510.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-841-470 PROGRAM DIRECTORS AND INSTRUCTORS IN APPROVED TRAINING PROGRAMS. (1) The program director will be a registered nurse licensed in the state of Washington.

- (2) The program director will meet the minimum qualifications for instructors as required by the superintendent of public instruction in chapter 180-77 WAC or the state board for community college education in chapter 131-16 WAC.
- (3) The program director will complete a "train-the-trainer" program approved by the state or have demonstrated competence to teach adults as defined by the state.
- (4) The program director will have a minimum of three years of experience as an RN, of which at least one year will be in direct patient care.
 - (5) Program director responsibilities:
- (a) Develop and implement a curriculum which meets as a minimum the requirements of WAC ((308-173-270)) 246-841-490.
- (b) Assure compliance with and assume responsibility for all regulations as stipulated in WAC ((308-173-265 through 308-173-280)) 246-841-480 through 246-841-510.
 - (c) Directly supervise each course offering.
- (d) Create and maintain an environment conducive to teaching and learning.
- (e) Select and supervise all other instructors involved in the course, to include clinical instructors.
- (f) Assure that students are not asked to, nor allowed to, perform any clinical skill with patients or clients until first demonstrating the skill satisfactorily to an instructor in a practice setting.
- (g) Assure evaluation of competency of knowledge and skills of students before issuance of verification of completion of the course.
- (h) Assure that students receive a verification of completion when requirements of the course have been satisfactorily met.
 - (6) Additional instructional staff:
- (a) The program director may select instructional staff to assist in the teaching of the course, teaching in their area of expertise.
- (b) All instructional staff must have a minimum of one year experience within the past three years in caring for the elderly and/or chronically ill of any age.

A guest lecturer, or individual with expertise in a specific course unit may be utilized for the teaching of that unit, following the program director's review of the currency of the content.

- (c) All instructional staff must be, where applicable, currently licensed, registered, and/or certified in their field in the state of Washington.
- (d) Instructional staff may assist the program director in development of curriculum, teaching modalities, and evaluation but will in all cases be under the supervision of the program director.

WAC 246-841-490 CORE CURRICULUM IN APPROVED TRAINING PROGRAMS. (1) Curriculum will be competency based; that is composed of learning objectives and activities that will lead to the attainment of knowledge and skills required for the graduate to demonstrate mastery of the core competencies CNAs must hold, as per WAC ((308-173-210)) 246-841-400.

- (2) The program director will determine the amount of time required in the curriculum to achieve the objectives as above. The time designated will be expected to vary with characteristics of the learners and teaching/learning variables. In no case will the hours be less than eighty-five hours total, comprised of no less than thirty-five hours of classroom training and no less than fifty hours of clinical training.
- (a) Of the thirty-five hours of classroom training, no less than seven hours must be in AIDS education and training, in the subject areas of: Epidemiology, pathophysiology, infection control guidelines, testing and counseling, legal and ethical issues, medical records, clinical manifestations and diagnosis, treatment and disease management, and psychosocial and special group issues.
- (b) Training to orient the student to the health care facility and facility policies and procedures are not to be included in the minimum hours above.
 - (3) Each unit of the core curriculum will have:
- (a) Behavioral objectives, that is statements of specific observable actions and behaviors that the learner is to perform or exhibit.
- (b) An outline of information the learner will need to know in order to meet the objectives.
- (c) Learning activities (that is, lecture, discussion, readings, film, clinical practice, etc.) that are designed to enable the student to achieve the stated objectives.
- (4) Clinical teaching in a given competency area will be closely correlated with classroom teaching, to facilitate the integration of knowledge with manual skills.
- (a) An identified instructor(s) will supervise clinical teaching/learning at all times. At no time will the ratio of students to instructor exceed ten students to one instructor in the clinical setting.
- (5) The curriculum will include evaluation processes to assure mastery of competencies. Written and oral tests and clinical practical demonstrations are common methods. Students will not be asked to, nor allowed to, perform any clinical skill on patients or clients until first demonstrating the skill satisfactorily to an instructor in the practice setting.

Chapter 246–842 WAC
NURSING ASSISTANTS—((ADDENDUM FOR))
NURSING HOMES—NURSING ASSISTANTS
TRAINING PROGRAM

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-842-100 STANDARDS OF PRACTICE AND COMPETENCIES OF NURSING ASSISTANTS. The following standards are supported by statements of the competencies that a nursing assistant must hold to meet the standard to be certified to practice in the state of Washington. The competencies are statements of skills and knowledge, and are written as descriptions of behaviors which can be observed and measured. All competencies are performed((, as per RCW 18.52B.030,)) under the direction and supervision of a licensed (registered) nurse or licensed practical nurse. The level or depth of accomplishment of any given competency is as appropriate to the "assisting" role of basic nursing care under supervision of the licensed nurse.

- (1) Basic technical skills. The ((nurse)) nursing assistant demonstrates basic technical skills which facilitates an optimal level of functioning for the client, recognizing individual, cultural, and religious diversity. Competencies:
- (a) Demonstrates proficiency in cardiopulmonary resuscitation (CPR).
 - (b) Takes and records vital signs.
 - (c) Measures and records height and weight.
- (d) Measures and records fluid and food intake and output of client.
- (e) Recognizes and reports abnormal signs and symptoms of common diseases and conditions.
- (f) Demonstrates sensitivity to client's emotional, social, and mental health needs.
- (g) Makes observations of client's environment to ensure safety and comfort of client.
- (h) Participates in care planning and nursing reporting process.
- (2) Personal care skills. The ((nurse)) nursing assistant demonstrates basic personal care skills. Competencies:
- (a) Assists client with bathing, mouth care, and skin care
 - (b) Assists client with grooming and dressing.
 - (c) Provides toileting assistance to client.
 - (d) Assists client with eating and hydration.
 - (e) Utilizes proper feeding techniques.
- (3) Mental health and social service needs. The ((nurse)) nursing assistant demonstrates the ability to identify the psychosocial characteristics of all clients including persons with mental retardation, mental illness, dementia, Alzheimer's disease, and related disorders. Competencies:
- (a) Modifies his/her own behavior in response to the client's behavior.
- (b) Identifies adaptations necessary to accommodate the aging process.
- (c) Provides training in, and the opportunity for, self care according to clients' capabilities.
- (d) Demonstrates skills supporting client's personal choices.
- (e) Identifies ways to use the client's family as a source of emotional support for the patient.

- (4) Basic restorative services. The ((nurse)) nursing assistant incorporates principles and skills of restorative nursing in providing nursing care. Competencies:
- (a) Demonstrates knowledge and skill in using assistive devices in ambulation, eating, and dressing.
- (b) Demonstrates knowledge and skill in the maintenance of range of motion.
- (c) Demonstrates proper techniques for turning/positioning client in bed and chair.
- (d) Demonstrates proper techniques for transferring
- (e) Demonstrates knowledge about methods for meeting the elimination needs of clients.
- (f) Demonstrates knowledge and skill for the care and use of prosthetic devices.
- (5) Clients' rights and promotion of clients' independence. The ((nurse)) nursing assistant demonstrates behavior which maintains and respects clients' rights and promotes clients' independence, regardless of race, religion, life-style, sexual preference, disease process, or ability to pay. Competencies:
- (a) Recognizes that the client has the right to participate in decisions about his/her care.
- (b) Recognizes and respects the clients' need for privacy and maintenance of confidentiality.
- (c) Promotes and respects the client's right to make personal choices to accommodate their needs.
 - (d) Reports client's concerns.
- (e) Provides assistance in getting to and participating in activities.
 - (f) Provides care of client's personal possessions.
- (g) Provides care which maintains the client free from abuse, mistreatment or neglect; and reports any instances to appropriate facility staff.
- (h) Maintains the client's environment and care through appropriate ((nurse)) nursing assistant behavior so as to minimize the need for physical and chemical restraints.
- (6) Communication and interpersonal skills. The ((nurse)) nursing assistant uses communication skills effectively in order to function as a member of the nursing team. Competencies:
- (a) Reads, writes, speaks, and understands English at the level necessary for performing duties of the nursing assistant.
- (b) Listens and responds to verbal and nonverbal communication in an appropriate manner.
- (c) Recognizes how one's own behavior influences client's behavior and know resources for obtaining assistance in understanding client's behavior.
- (d) Makes adjustments for client's physical or mental limitations.
- (e) Uses terminology accepted in the nursing facility to record and report observations and pertinent information.
- (f) Records and reports observations, actions, and information accurately and timely.
- (g) Demonstrates ability to explain policies and procedures before and during care of the client.
- (7) Infection control. The ((nurse)) nursing assistant uses procedures and techniques to prevent the spread of microorganisms. Competencies:

- (a) Uses principles of medical asepsis and demonstrates infection control techniques and universal precautions.
- (b) Explains how disease causing microorganisms are spread; lists ways that HIV and Hepatitis B can spread from one person to another.
- (c) Demonstrates knowledge of cleaning agents and methods which destroy microorganisms on surfaces.
- (8) Safety/emergency procedures. The ((nurse)) nursing assistant demonstrates the ability to identify and implement safety/emergency procedures. Competencies:
- (a) Provides adequate ventilation, warmth, light, and quiet measures.
- (b) Uses measures that promote comfort, rest, and sleep.
- (c) Promotes clean, orderly, and safe environment and equipment for the client.
- (d) Identifies and utilizes measures for accident prevention.
- (e) Identifies and demonstrates principles of body mechanics.
- (f) Demonstrates proper use of protective devices in care of clients.
- (g) Demonstrates knowledge of fire and disaster procedures.
- (h) Identifies and demonstrates principles of health and sanitation in the service of food.
- (i) Demonstrates the proper use and storage of cleaning agents and other potentially hazardous materials.
- (9) Rules and regulations knowledge. The ((nurse)) nursing assistant demonstrates knowledge of and is responsive to the laws and regulations which affect his/her practice including but not limited to: Client abuse and neglect, client complaint procedures, workers right to know, and the Uniform Disciplinary Act.

WAC 246-842-130 DENIAL OF APPROVAL OR WITHDRAWAL OF APPROVAL FOR PROGRAMS FOR WHICH THE BOARD IS THE APPROVING AUTHORITY. (1) The board may deny approval to new programs when it determines that a nursing assistant training program fails substantially to meet the standards for training as contained in WAC ((308-121-160 through 308-121-180)) 246-842-170 through 246-842-210. All such board actions shall be in accordance with the Washington Administrative Procedure Act and/or the administrative rules and regulations of the board.

(2) The board may withdraw approval from existing programs when it determines that a nursing education program fails substantially to meet the standards for nursing assistant training as contained in WAC ((308-121-160 through 308-121-180)) 246-842-170 through 246-842-210. All such actions shall be effected in accordance with the Administrative Procedure Act and/or the administrative rules and regulations of the board.

WAC 246-842-140 REINSTATEMENT OF AP-PROVAL. The board may consider reinstatement of withdrawn approval of a nursing assistant training program upon submission of satisfactory evidence that the program meets the standards of nursing assistant training, WAC ((308-121-160 through 308-121-180)) 246-842-170 through 246-842-210.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-842-170 PROGRAM DIRECTORS AND INSTRUCTORS IN APPROVED TRAINING PROGRAMS. (1) The program director will be a registered nurse licensed in the state of Washington.

- (2) The program director will complete a "train-the trainer" program approved by the state or have demonstrated competence to teach adults as defined by the state.
- (3) The program director will have a minimum of three years of experience as an RN, of which at least one year will be in direct patient care.
 - (4) Program director responsibilities:
- (a) Develop and implement a curriculum which meets as a minimum the requirements of WAC ((308-121-170)) 246-842-190.
- (b) Assure compliance with and assume responsibility for all regulations as stipulated in WAC ((308-121-165 through 308-121-180)) 246-842-180 through 246-842-210.
 - (c) Directly supervise each course offering.
- (d) Create and maintain an environment conducive to teaching and learning.
- (e) Select and supervise all other instructors involved in the course, to include clinical instructors.
- (f) Assure that students are not asked to, nor allowed to, perform any clinical skill with patients or clients until first demonstrating the skill satisfactorily to an instructor in a practice setting.
- (g) Assure evaluation of competency of knowledge and skills of students before issuance of verification of completion of the course.
- (h) Assure that students receive a verification of completion when requirements of the course have been satisfactorily met.
 - (5) Additional instructional staff:
- (a) The program director may select instructional staff to assist in the teaching of the course, teaching in their area of expertise.
- (b) All instructional staff must have a minimum of one year experience within the past three years in caring for the elderly and/or chronically ill of any age.
- (c) A guest lecturer, or individual with expertise in a specific course unit may be utilized for the teaching of that unit, following the program director's review of the currency of the content.

- (d) All instructional staff must be, where applicable, currently licensed, registered, and/or certified in their field in the state of Washington.
- (e) Instructional staff may assist the program director in development of curriculum, teaching modalities, and evaluation but will in all cases be under the supervision of the program director.

AMENDATORY SECTION (Amending Order 116B, filed 3/18/91, effective 4/18/91)

WAC 246-842-190 CORE CURRICULUM IN APPROVED TRAINING PROGRAMS. (1) Curriculum will be competency based; that is composed of learning objectives and activities that will lead to the attainment of knowledge and skills required for the graduate to demonstrate mastery of the core competencies ((CNAs)) nursing assistants-certified must hold, as per WAC ((308-121-110)) 246-842-100.

- (2) The program director will determine the amount of time required in the curriculum to achieve the objectives as above. The time designated will be expected to vary with characteristics of the learners and teaching/learning variables. In no case will the hours be less than eighty-five hours total, comprised of thirty-five hours of classroom training and fifty hours of clinical training.
- (a) Of the thirty-five hours of classroom training, no less than seven hours must be in AIDS education and training, in the subject areas of: Epidemiology, pathophysiology, infection control guidelines, testing and counseling, legal and ethical issues, medical records, clinical manifestations and diagnosis, treatment and disease management, and psychosocial and special group issues.
- (b) Training to orient the student to the health care facility and facility policies and procedures are not to be included in the minimum hours above.
 - (3) Each unit of the core curriculum will have:
- (a) Behavioral objectives, that is statements of specific observable actions and behaviors that the learner is to perform or exhibit.
- (b) An outline of information the learner will need to know in order to meet the objectives.
- (c) Learning activities (that is, lecture, discussion, readings, film, clinical practice, etc.,) that are designed to enable the student to achieve the stated objectives.
- (4) Clinical teaching in a given competency area will be closely correlated with classroom teaching, to facilitate the integration of knowledge with manual skills.

An identified instructor(s) will supervise clinical teaching/learning at all times. At no time will the ratio of students to instructor exceed ten students to one instructor in the clinical setting.

(5) The curriculum will include evaluation processes to assure mastery of competencies. Written and oral tests and clinical practical demonstrations are common methods. Students will not be asked to, nor allowed to, perform any clinical skill on patients or clients until first demonstrating the skill satisfactorily to an instructor in the practice setting.

WSR 91-23-078 PERMANENT RULES DEPARTMENT OF HEALTH

[Order 215-Filed November 19, 1991, 2:21 p.m.]

Date of Adoption: November 13, 1991.

Purpose: Deletion of the requirement of food vendors to request WIC participants provide identification when using WIC checks will improve clinic workflow by eliminating the need to write and witness signatures on the identification folder.

Citation of Existing Rules Affected by this Order: Amending WAC 246-790-080.

Statutory Authority for Adoption: RCW 43.70.120. Pursuant to notice filed as WSR 91-20-173 on October 2, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 15, 1991 Kristine M. Gebbie Secretary

AMENDATORY SECTION (Amending Order 3117, filed 12/18/90, effective 1/18/91)

WAC 246-790-080 FOOD VENDOR CONTRACTS. (1) All participating food vendors shall enter into written contracts with the department. The contract shall be signed by the vendor's legal representative.

- (2) When the food vendor obligates more than one store location, all participating store locations shall be listed by name and location on the contract. Individual store locations may be added, temporarily disqualified, or terminated by contract amendment without affecting the remaining store locations.
- (3) The department shall have the authority to contract with a sole source for a specified WIC food product or food product category.
- (4) WIC vendor rules. The food vendor contract shall contain the following rules:
- (a) The food vendor shall stock sufficient quantities of authorized WIC foods to meet the needs of WIC customers;
- (b) The food vendor shall redeem food instruments made payable only to that specific store or with the words "any authorized WIC vendor;"
- (c) The food vendor shall accept food instruments from a WIC customer within thirty days of the issuance date and submit those instruments for payment within the time period stated on the food instrument;
- (d) ((The food vendor shall require proof of identity of WIC customers by requesting identification. The WIC identification folder is provided for this purpose;
- (e))) The food vendor shall ensure both signatures on the WIC check match ((the signature on the identification));
- (((f))) <u>(e)</u> The food vendor shall not accept WIC food instruments altered in any way;
- (((g))) (f) The food vendor shall redeem WIC food instruments for only the supplemental foods specified on the food instrument;
- (((h))) (g) The food vendor shall provide supplemental foods at the current price or at less than the current price charged other customers;

- (((i))) (h) The food vendor shall not accept WIC checks exceeding the maximum amount allowable;
- (((j))) (<u>i)</u> The department has the right to demand refunds from the food vendors for documented overcharges;
- (((k))) (j) The department may deny payment to the food vendor for improperly handled food instruments or may demand refunds for payments already made on improperly handled food instruments. Examples of improperly handled food instruments are:
- (i) A check presented to the vendor for redemption after the thirty-day valid period;
 - (ii) An altered check; and
- (iii) A check exceeding the maximum allowable amount.
- (((t))) (k) The food vendor shall not seek restitution from WIC customers for food instruments not honored by the WIC program, nor shall the food vendor seek restitution through a collection agency;
- (((m))) (<u>l)</u> The food vendor shall not request cash or give change in a WIC transaction;
- (((n))) (m) The food vendor shall not issue refunds for returned WIC foods or allow exchanges of WIC foods:
- (((o))) (n) The food vendor shall not issue rain checks or any form of credit;
- (((p))) (o) The food vendor shall treat WIC customers with the same courtesy provided to other customers:
- (((q))) (<u>p)</u> The department shall hold the food vendor responsible for the actions of employees or agents of the vendor with regard to any WIC transaction;
- (((r))) (q) The manager of the store or an authorized representative such as head cashier shall agree to accept training on WIC program requirements and procedures. The department shall provide this training;
- (((s))) (r) The food vendor shall inform and train cashiers or other employees on WIC program rules and check cashing procedures;
- (((t))) (s) The department shall monitor the food vendor for compliance with WIC program rules;
- (((u))) (t) During the department monitoring visit of a food vendor, the food vendor shall provide access to food instruments negotiated the day of the review, at the request of the department reviewer;
- (((v))) (u) Food vendors shall provide department reviewers access to shelf price records;
- (((w))) (v) Each food vendor shall provide the department with a complete price list of authorized WIC foods not more than twelve times per year; and
- (((x))) (w) The food vendor shall notify the department of any store closure or change of ownership, store name, and/or location no later than the tenth of the month before the month during which the change is effective. Notices from the vendor shall be addressed to DSHS WIC Program, Mailstop LC-12C, Olympia, Washington 98504.
 - (5) Renewal of contract.
- (a) Neither the department nor the food vendor is obligated to renew the food vendor contract. The department shall notify vendors in writing not less than fifteen

days before the expiration of a contract not being renewed by the department.

- (b) Food vendors shall observe time lines, such as deadlines for submitting price lists and returning properly signed contracts. Failure of vendors to do so may result in denial of authorization.
 - (6) Contract terminations.
- (a) Either the department or the food vendor may terminate the contract by submitting a written notice to the other party thirty days in advance.
- (b) The food vendor contract shall automatically be terminated without advance notice from the department in the event of a store closure or change in ownership.

WSR 91-23-079 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3281—Filed November 19, 1991, 2:24 p.m.]

Date of Adoption: November 19, 1991.

Purpose: The change policy regarding home health agencies as providers for special duty nursing services.

Citation of Existing Rules Affected by this Order: Amending WAC 388-86-071 Private duty nursing services.

Statutory Authority for Adoption: RCW 74.08.090. Pursuant to notice filed as WSR 91-20-103 on September 30, 1991.

Changes Other than Editing from Proposed to Adopted Version: In subsection (1)(e) the word "intermittent" is added before home health and the word "nursing" is added after the word health. This is to clarify when the recipient would need private duty nursing services. In subsection (3) the word "Washington" is added to clarify home health agencies must be licensed in this state rather than have a license from another state.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James Director

Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 2469, filed 2/19/87)

WAC 388-86-071 PRIVATE DUTY NURSING SERVICES. (1) The department shall approve private duty nursing services when:

- (a) The ((patient)) recipient would otherwise be institutionalized; ((and))
- (b) The care is provided in a noninstitutional setting; ((and))
 - (c) The services are medically necessary; ((and))
 - (d) The cost of the services will not exceed the cost of:
- (i) Available skilled nursing facility care as determined by the exceptional rate review; or
- (ii) Hospital care if skilled nursing facility care is not available; ((and))

- (e) The ((patient)) recipient requires more nursing care than is available through intermittent home health nursing services; ((and))
- (f) ((The care is provided by)) A registered or licensed practical nurse provides the care under the direction of a physician; and
- (g) The ((division of)) medical assistance ((has given)) administration gives prior approval to the overall plan of care.
- (2) The ((patient)) recipient and/or family may pay for supplemental services, not covered in the approved plan of care, as provided in WAC 388-83-010(3).
- (3) The department shall contract only with Washington state licensed home health agencies as providers for special duty nursing services.
- (a) Current providers, as of October 1, 1991, shall be Washington state licensed as home health agencies by April 1, 1992.
- (b) New providers shall be Washington state licensed before the department will contract with them as providers for special duty nursing services.

WSR 91-23-080 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

(Public Assistance)

[Order 3282—Filed November 19, 1991, 2:25 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To change the requirement of when medical assistance conducts county reviews to determine maternity care distressed areas.

Citation of Existing Rules Affected by this Order: Amending WAC 388-81-070 Determination of maternity care distressed areas.

Statutory Authority for Adoption: RCW 74.08.090. Pursuant to notice filed as WSR 91-20-098 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 2883, filed 10/27/89, effective 11/27/89)

WAC 388-81-070 DETERMINATION OF MATERNITY CARE DISTRESSED AREAS. (1) A maternity care distressed area shall be defined as a county where women eligible for medical assistance are unable to obtain adequate maternity care.

- (2) The department shall conduct a ((biennial)) review of each county in the state to determine if the county is a maternity care distressed area. The department shall include the following factors in the department's determination:
- (a) Higher than average percentage of eligible women receive late or no prenatal care;
- (b) Higher than average percentage of eligible women go out of the area to receive maternity care;

- (c) Higher than average ratio of medical assistance births to obstetrical care providers;
- (d) Higher than average percentage of infants are born to eligible persons per obstetrical care provider; and
- (e) Higher than average percentage of infants are of low birth weight born to eligible women. Low birth weight shall be defined as less than five and one-half pounds, or less than two thousand five hundred grams.
- (3) The department shall notify the relevant county authority, for example, board of county commissioners, county council, or county executive, when the department determines a maternity care distressed area exists.
- (4) The county authority shall, within one hundred twenty days from the date notified, submit a brief report to the department recommending remedial action.
- (a) The county authority shall prepare the report in consultation with:
- (i) The department and the department's local community service offices;
 - (ii) The local public health officer;
 - (iii) Community health clinics;
 - (iv) Health care providers;
 - (v) Hospitals;
 - (vi) The business community;
 - (vii) Labor representatives; and
 - (viii) Low income advocates in the distressed area.
- (b) The county authority may contract with a local nonprofit agency to develop the report.
- (c) The county authority shall notify the department within thirty days if the county authority is unable or unwilling to develop the report.
- (5) The department shall develop the report for the distressed area if the department is notified that the county authority is unable or unwilling to develop the report.
- (6) The department shall review the report and use the report in developing strategies to improve maternity care access in the distressed area.

WSR 91-23-081 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3283—Filed November 19, 1991, 2:28 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To incorporate in WAC that all medical services received by recipients are subject to review and approval.

Citation of Existing Rules Affected by this Order: Amending WAC 388-87-025 Services requiring approval.

Statutory Authority for Adoption: RCW 74.08.090. Pursuant to notice filed as WSR 91-20-102 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991 Leslie F. James, Director Administrative Services AMENDATORY SECTION (Amending Order 2321, filed 12/27/85)

WAC 388-87-025 SERVICES REQUIRING AP-PROVAL. All services to recipients on medical ((assistance, limited casualty program, and continuing general assistance)) programs are subject to department review and approval.

WSR 91-23-082 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3284—Filed November 19, 1991, 2:30 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To clarify the rules on when transportation is paid under medical services and when an attendant or escort is needed.

Citation of Existing Rules Affected by this Order: Amending WAC 388-86-085 Transportation (other than ambulance).

Statutory Authority for Adoption: RCW 74.08.090. Pursuant to notice filed as WSR 91-20-101 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 3044, filed 7/27/90, effective 8/27/90)

WAC 388-86-085 TRANSPORTATION (OTH-ER THAN AMBULANCE). (1) The department shall assure the availability of necessary transportation for a recipient:

- (a) To and from medical services;
- (b) Covered under the recipient's medical ((assistance)) program; and
 - (c) Suitable to the recipient's medical need.
- (2) For the purposes of this section and WAC 388-87-035, the department defines transportation as a service when a recipient enters a vehicle and is transported to medical services which are at least one -quarter mile away.
- (3) The department shall authorize payment for such transportation:
- (a) When other means of transportation are not available or appropriate to the recipient's need;
- (b) At the least costly alternative mode of transportation suitable to the recipient's medical condition;
- (c) When the department, broker, or contractor gives prior authorization for the transportation or gives retroauthorization within seventy-two hours for transportation during hours when the department, broker, or contractor is not available; and
- (d) When transportation is given to and from covered services:
- (i) Within the local medical community unless necessary medical services are not available locally; or

- (ii) Outside of the local medical community to the closest provider able and willing to provide the necessary and covered medical services.
 - $((\frac{3}{3}))$ (4) The department shall:
- (a) Contract to provide such transportation as an administrative service in counties under broker or contractor agreements.
- (i) Brokers or contractors shall certify transportation providers for medical services in accordance with rules established by the ((division of medical assistance)) department; and
- (ii) The department shall require the brokers and contractors to operate the services in accordance with all federal, state, and local ordinances, statutes, and regulations.
- (b) Provide transportation as a medical service in unbrokered or noncontracted counties.
- ((4))) (5) The department, broker, or contractor shall pay for transportation only for the recipient unless the ((recipient has an identified)) broker determines that the recipient needs ((for)) an attendant or escort to ensure personal or public safety.

(((5))) (6) When the department determines no other appropriate transportation resource is available to the recipient, the department may:

- (a) Authorize public transit when a transit authority is present in the community and when the recipient is capable of using this level of service;
- (b) Reimburse the recipient for mileage in a private vehicle or issue a gas voucher, in areas with gas voucher systems:
 - (i) When prior authorized; ((and))
- (ii) If the distance traveled is more than forty miles to and from covered medical services in a given week; and
- (iii) When the driver and vehicle meet the state insurance and licensure requirements.
- (c) Reimburse volunteers providing recipient transportation:
 - (i) When prior authorized; ((and))
- (ii) From volunteer's point of origin, and back to volunteer's point of origin; and
 - (iii) When the driver and vehicle meet the state in-
- surance and licensure requirements.
- ((6)) (7) When transportation in subsection ((5))6 of this section is either not available or not accessible by the recipient, and the transportation is medically necessary, the department shall authorize transportation
- (a) A nonprofit organization((s)) using specialized equipment, such as wheelchair lifts when the medical necessity is clearly demonstrated and the physical condition of the recipient is such that any less specialized means of transportation is inadvisable;
- (b) Cabulance vehicle when medical necessity is clearly demonstrated and the physical condition of the recipient is such that any less specialized means of transportation is inadvisable; ((and))
- (c) Taxi transportation when medically necessary and other less expensive modes of transportation are not available or not appropriate to meet the recipient's needs.

- (((7))) (8) The department shall authorize interstate and intrastate transportation, e.g., bus, train, air, when:
 - (a) Transportation is medically necessary; ((and))
- (b) Necessary medical treatment is not available lo-
- (c) The physical condition of the recipient is such that the use of any other method of transportation is inadvisable.
- ((8)) (9) The department, broker, or contractor shall not authorize transportation for a nursing ((home)) facility recipient((s)) to or from medical services which are expected to be provided by the facility:
 - (a) Securing prescriptions;
 - (b) Nursing care and supervision;
- (c) Personal hygiene((:)) including baths, shampoos, routine nail care for feet or hands, shaves, routine daily oral care, and skin care:
- (d) Services relating to meeting medically-related psychosocial needs((5)) ordered by the physician when
- (e) Ancillary care services including services provided by activities specialists, audiologists, social workers, speech pathologists, physical therapists, and/or occupational therapists; or
- (f) A nutritionally adequate and varied diet including supplementary nourishments and vitamins.

WSR 91-23-083 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3285—Filed November 19, 1991, 2:32 p.m.]

Date of Adoption: November 19, 1991.

Purpose: Incorporate the V-Program children in the waiver of a face-to-face interview during the application process.

Citation of Existing Rules Affected by this Order: Amending WAC 388-84-105 Medical application.

Statutory Authority for Adoption: RCW 74.08.090.

Pursuant to notice filed as WSR 91-20-099 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing. November 19, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 3138, filed 2/7/91)

- WAC 388-84-105 MEDICAL APPLICATION. (1) The department shall accept and process applications for medical programs as described under subsections of WAC 388-38-010, 388-38-030, 388-38-040, 388-38-045, and 388-38-050 except as specified under this section.
- (2) The department shall accept applications for medical programs without delay.
 - (a) The department shall provide clients with:
 - (i) An explanation of the Civil Rights Act;

(ii) Fair hearing information;

- (iii) Information about early and periodic screening, diagnosis, and treatment (EPSDT) also known as the Healthy Kids Program, when appropriate; and
- (iv) Information about family planning, when appropriate.
- (v) Information about the special supplemental food program for women, infants and children's (WIC), when appropriate.
- (b) The request for medical programs shall be in writing on a ((form)) department designated ((by the department)) form.
- (c) A relative or representative may complete the application on ((behalf of)) a client's behalf, when the client is unable to complete the application or if the client dies.
- (3) The department shall complete the application process by conducting a face-to-face interview in the local community services office <u>CSO</u>, unless the <u>client or their representative</u>:
- (a) ((Department has adequate information to determine eligibility for medical programs without an office interview:
- (b) Client)) Requests the office interview be waived and the ((client)):
- (i) Client is unable to come to the ((community services office)) CSO; and
- (ii) Client has no representative to complete the interview; or
- (iii) Client is unable to name a representative to complete the interview; (((c) Client)) and
- (iv) Department has adequate information to determine eligibility for medical programs without a face-to-face interview.
- (b) Is a pregnant woman applying only for a medical program; or
- (((d) Medical application is for an infant)) (c) Is a child up to ((one)) eighteen years of age and the application is only for a medical program.
- (4) If the client meets the requirements of subsection((s (3)(b), (c), or (d) then)) (3)(a), the department ((shall)) may complete the application process through:
 - (a) A face-to-face home visit;
 - (b) A telephone interview; or
 - (c) The mail.
- (5) The department shall find clients who receive cash assistance under AFDC, FIP, SSI, or state supplement eligible for medical assistance without a separate application.
- (6) A spouse ineligible for SSI benefits solely because of the ((tevel of the)) spouse's income level shall apply individually for a medical program.
- (7) A Washington State resident ((of the state of Washington)) temporarily out of the state may make application directly to the ((community services office ())CSO(())) in the resident's area of the state through either ((an individual)) a person or agency acting in the ((resident's)) client's behalf.

WSR 91-23-084 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3286—Filed November 19, 1991, 2:36 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To incorporate the OBRA 90 changes in the prescription drug rules.

Citation of Existing Rules Affected by this Order: Amending chapter 388-91 WAC, Medical care—Drugs. Statutory Authority for Adoption: RCW 74.08.090.

Pursuant to notice filed as WSR 91-19-002 on September 5, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

NEW SECTION

WAC 388-91-005 DRUGS. In accordance with the department's rules and regulations, the department shall pay for drugs necessary and essential to the medical care of recipients eligible for medical care programs.

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-010 DRUGS—((PERSONS ELIGIBLE)) NOT REQUIRING PRIOR AUTHORIZATION. (1) ((A drug formulary will list all drug preparations which may be provided without prior approval. It will include a description of program limitations, rules, policies, and penalties)) The department shall publish a list of all drugs not requiring prior approval. The medical assistance administration may make changes to this list based on the recommendations of the drug review advisory committee providing that action is in compliance with regulations governing the drug program and with acceptable management policies.

(2) The department's decision not to ((place drugs in the division of medical assistance program drug formulary)) require authorization for drug preparations is based on these criteria:

(a) The drug ((must)) shall be established as a part of necessary and essential care for the condition for which it is ((to be)) used((:));

(b) The drug ((must)) shall be in general use by ((the)) physicians practicing in Washington((-));

- (c) The drug ((must)) shall be of moderate cost. The department shall use generic forms ((will be used)) when the drug is listed under ((DSHS)) the department or federal maximum allowable cost (MAC) programs. When two preparations of equal effectiveness but disparate costs are presented, the department shall select the less expensive ((one will be selected for the formulary.)) drug;
- (d) ((Drugs must not be classified "less than effective" by)) The food and drug administration((-)) shall not have classified the drug as "less than effective";
 - (e) The drug ((must)) shall not be experimental.

- (((2))) (3) The <u>department shall use the following</u> process ((is used)) to determine ((the acceptability of)) when a drug preparation ((for possible listing in the formulary)) requires prior authorization:
- (a) Review objective, scientific information and utilization data ((is reviewed)) for appropriateness according to the criteria in subsection (($\frac{1}{1}$)) (2) of this section(($\frac{1}{1}$); or(($\frac{1}{1}$))
- (b) ((The secretary may appoint)) Provide for the potential appointment of an advisory committee by the secretary in accordance with RCW 43.20A.360 to review and advise the ((division of)) medical assistance ((on the acceptability of the drug preparation.)) administration whether the drug preparation requires prior authorization;
- (c) ((The division of medical assistance may)) Make appropriate changes in the ((formulary)) need to not prior authorize a drug preparation when consistent with subsection (((1))) (2) of this section, and may accept recommendations of the advisory committee providing that action is in compliance with regulations governing the program and with acceptable management policies.
- (((d) Acceptable drugs will be included in the next subsequent edition of the formulary.
- (3) In accordance with the department's rules and regulations drugs are provided for the necessary and essential medical care of recipients of medical assistance, medical care services and the limited casualty program)) (4) The department shall comply with federal Medicaid laws to not require prior authorization for any new biological or drug that the federal Food and Drug Administration approves for a period of six months after such approval.

AMENDATORY SECTION (Amending Order 2233, filed 5/15/85)

WAC 388-91-013 DRUGS—PHYSICIAN'S IDENTIFICATION REQUIRED ON PRESCRIPTIONS. The prescription claim, Form 525-106((, must)) or the equivalent electronic billing claim format, shall bear the prescribing physician's name or Medicaid provider identification (((provider))) number.

NEW SECTION

WAC 388-91-015 DRUGS—PAYMENT. (1) In order for the department to pay for a covered outpatient drug, the drug shall be made by a manufacturer who has an agreement with the federal Department of Health and Human Services, except when the:

- (a) Department determines that the drug is essential to the health of a recipient;
- (b) Department identifies the drug as payable to a non-contract manufacturer; and
- (c) Recipient's pharmacist has received approval before dispensing the drug.
- (2) The department shall approve drugs for unusual conditions only under WAC 388-91-020.
- (3) The department may pay an established fee to a physician for a drug (oral or by injection) incidental to an office call. The fee is on the basis of the acquisition cost of the drug in addition to the office call fee. In the

event the cost of the drug given the patient exceeds this fee, the physician may include on his invoice for his professional services to the patient the actual cost of the drug indicating name of manufacturer, strength and dosage.

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-016 DRUGS—((LIMITATIONS TO)) NONPAYMENT. (1) The department ((does)) shall not ((provide)) pay for:

- (a) Any drug regularly supplied as an integral part of program activity by other public agencies such as the United States Veterans' Administration, United States Department of Health and Human Services, Division of Indian Health, local health departments, etc.;
- (b) Drugs, biologicals, supplies, appliances, and equipment furnished by an extended care facility under Title XVIII of the Social Security Act;
- (c) ((drugs ordered for a hospitalized patient. These are to be furnished by the hospital;
- (d))) Drugs provided to ((individuals who have elected to be)) persons enrolled in a special group medical coverage contract which includes the provision of drugs as a part of the contract((-(e)));
- (d) Drugs listed in the federal register as "less than effective." Payment ((will)) shall not be made for such prescriptions under any circumstances;
- (e) Drugs ordered for a recipient and used to replace drugs drawn from the doctor's stock for treatment of such recipient;
 - (f) Experimental or controversial medications; or
- (g) Over-the-counter preparations unless medical necessity exists. The provisions of WAC 388-91-020 shall then apply.
- (2) ((Prescribed nonformulary drugs will be allowed for unusual conditions only when approved by the department see WAC 388-91-020.
- (3) The physician who provides a drug (oral or by injection) incidental to an office call may include a fee established by the department on the basis of the acquisition cost of the drug in addition to his office call fee. In the event the cost of the drug given the patient exceeds this fee, the physician may include on his invoice for his professional services to the patient the actual cost of the drug indicating name of manufacturer and strength of dosage.
- (4) Payment shall not be made for a prescription ordered for an individual recipient and used to replace drugs drawn from the doctor's stock for the treatment of such recipient. Payment shall not be allowed for experimental or controversial medications)) The term "covered outpatient drug" does not include any drug, biological product, or insulin provided as part of or as incident to and in the same setting as, any of the following:
 - (a) Inpatient hospital services;
 - (b) Hospice services;
- (c) Dental services, except as authorized under the state plan;
 - (d) Physicians' services;
- (e) Outpatient hospital services emergency room visits;

- (f) Other laboratory and x-ray services; or
- (g) Renal dialysis.
- (3) The department shall not pay for:
- (a) A drug when the drug is used for the following reasons:
 - (i) Agents when used for anorexia or weight gain;
 - (ii) Agent when used to promote fertility;
- (iii) Agents when used for cosmetic purposes or hair growth;
 - (iv) Agents when used to promote smoking cessation;
- (v) Prescription vitamins and mineral products in the absence of a condition that is clinically recognized to produce a deficiency state, except prenatal vitamins and fluoride preparations; or
 - (b) The following drugs:
 - (i) Outpatient nonprescription drugs;
- (ii) Covered outpatient drugs for which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee;
- (iii) Described in section 107 (c)(3) of the Drug Amendments of 1962 and identical similar, or related drugs (DESI drugs).

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-020 ((NONFORMULARY PRE-SCRIPTION)) DRUGS—REQUIRING AUTHORIZATION. (1) The pharmacist shall make a request to the department for ((nonformulary)) drugs ((must be submitted by the attending physician to the department for prior approval)) requiring prior authorization before dispensing the drug. The request ((must)) shall be supported by the medical diagnosis and include proper justification for the ((nonformulary)) drug.

(2) Payment may be made for ((nonformulary)) drugs requiring prior authorization which are prescribed without prior ((approval)) authorization only in an acute emergency, and if the physician can substantiate that a ((nonformulary)) drug is mandatory. ((Justification must be received by)) The department shall receive justification within seventy—two hours for consideration.

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-030 DRUGS—PRESCRIPTION CLAIM((, FORM 525-106 (PHARMACY STATE-MENT))). (1) Pharmacist, when billing, shall use the department's official prescription((;)) form ((525-106, must be used by the pharmacist. A supply may be obtained from provider services, division of medical assistance)) or the department's electronic billing specifications, if billing electronically.

- (2) ((Only four prescriptions may be entered on Form 525-106. Each prescription must bear specified unit and interval dosage:
- (3) Only prescriptions for formulary drugs may be refilled at the discretion and choice of the prescribing physician.)) The department prohibits the use of presigned prescription blanks ((to be)) filled out by the nursing ((home)) facility operators or pharmacists ((is

- prohibited)). The department shall consider this practice ((shall be considered)) sufficient grounds for cancelling the vendor agreement of participating providers involved.
- (((4) To assure prompt payment, a coupon from the recipient's medical care identification booklet, Form DSHS 13-30, should be attached by the pharmacist to the individual's prescriptions. When a coupon is not available the provider may submit a billing without this coupon although the processing by the department may be somewhat slower. Payment will be made for all appropriate goods and/or services provided to eligible recipients.
- (5) Accurate recording of)) (3) The department requires that all data on the pharmacy statement ((is essential. Any error or lack of clarity in the prescription national drug code (NDC) number or number of units dispensed will delay payment. Typed prescriptions are preferred and expedite payment)) be recorded accurately.

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

AMENDATORY SECTION (Amending Order 2233, filed 5/15/85)

WAC 388-91-035 DRUGS—PHARMACIST'S AGREEMENT. (1) Core Provider Agreement, Form DSHS 9-48 ((must)) provided by the department shall be filed with the Department of Social and Health Services, Olympia, Washington 98504. ((Forms may be obtained from the department's Office of Provider Services LG 11, Olympia, WA 98504.))

- (2) To participate in this program, a licensed pharmacy ((must)) shall agree to furnish goods and services in accordance with the department's rules, regulations, and payment procedures. The department shall establish fees and rates ((established by the department according to WAC 388-91-020(3))) which shall constitute the full and complete charge for approved medical care and goods and services ((provided)) the vendors or providers provide to recipients ((by the vendor or providers)).
- (3) All pharmacists and pharmacies agreeing to render goods and services to eligible persons shall submit such charges as agreed upon between the department and the ((individual)) person or firm ((monthly and)). Effective July 28, 1991, all pharmacists and pharmacies shall present their final charges ((not more than one hundred twenty days after the termination of their)) within twelve months from the date of service or as otherwise provided by state law. ((Bills presented after the required one hundred twenty-day period shall be a charge against the state only when a written extension has been given by the division of medical assistance before the one hundred twenty-day period ends)) For services rendered before July 28, 1991, all pharmacist and pharmacies shall present their final charges not more than one hundred twenty days from the date of service.
- (4) Sale or transfer of ownership will automatically cancel this agreement. ((New application should indicate whether "high," "mid," or "low" volume provider in accordance with previous owner's volume.))

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-040 DRUGS—PRICING STAN-DARDS. (1) The department shall determine maximum cost allowed for all drugs, including generic drugs((, will be determined by the department)).

- (2) The department shall not ((be charged)) pay more than the amount charged to the general public. In defining the charge to the general public, the department and pharmacist shall consider pricing practices such as granting discounts, special commissions, fees, etc., to patients, institutions, or corporations ((shall be taken into account by the department and the pharmacist in defining the charge to the general public)).
- (3) There shall be no differential in pricing prescriptions issued in less than manufacturer's size.
- (4) The department ((will)) shall not pay more than the lower of ingredient cost plus a dispensing fee or the provider's usual and customary charge to the public. Ingredient cost ((will)) shall be set at the estimated acquisition cost, which is the department's best estimate of the price providers generally are paying for a drug. The dispensing fee ((will)) shall be set by taking into account the results of surveys and the costs of pharmacy operation. Reimbursement may also be made through exclusive service contracts for the provision of prescription drugs for nursing ((home)) facility patients.
- (5) True unit dose systems recognized by the department require each patient's medication to be delivered to the facility a minimum of five days a week or delivery of medical carts every other day with daily service available.
- (6) Modified unit dose systems (also known as blister packs, "bingo" or punch cards) recognized by the department require each patient's medication be delivered in individually sealed single or multiple dose packages, and in quantities sufficient to meet specified minimums or one month's supply. Providers shall be paid a special dispensing fee per prescription. This special fee shall not apply to creams, ointments, ophthalmic/otic preparations, and oral liquids.

AMENDATORY SECTION (Amending Order 2320, filed 12/18/85)

WAC 388-91-050 OUT-OF-STATE PRESCRIPTIONS. (1) The department shall authorize drugs provided to residents of the state of Washington who are temporarily out of the state as defined ((in)) under WAC 388-26-060 ((and 388-30-055 shall be authorized)) as part of medical care within the scope of WAC 388-86-115. Border situations as described by WAC 388-82-130 are not subject to out-of-state rules and are to be considered as care provided in the state of Washington.

(2) Drugs provided by out-of-state pharmacists (bordering cities excepted) shall require the approval of the department before payment can be made.

WSR 91-23-085 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3287—Filed November 19, 1991, 2:39 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To take into account the need for an additional requirement when determining need; reestablishing an additional requirement; and authorization of the additional requirement.

Citation of Existing Rules Affected by this Order: Amending WAC 388-29-150 Standards of assistance—Additional requirements.

Statutory Authority for Adoption: RCW 74.04.090 [74.08.090].

Pursuant to notice filed as WSR 91-20-093 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 2215, filed 3/13/85)

WAC 388-29-150 STANDARDS OF ASSIST-ANCE—ADDITIONAL REQUIREMENTS. (1) Additional requirements are provided under the circumstances and limitations specified in this chapter.

- (2) The department's grant standards provide for certain additional requirements when ((the individual's)) a person's circumstances are such that the item is essential in accordance with the established criteria. The department shall verify the need ((of)) for these items ((must be verified)) in each case where any are included. When the requirement is ongoing, ((it is added)) the department shall add the requirement to the basic ((requirements)) grant payment standard of the assistance unit.
- (3) The circumstances ((which give)) giving rise to an additional requirement may regularly recur or be nonrecurring depending on the nature of the item. In determining whether the need for an additional requirement exists, the department shall take the total case situation ((shall be taken)) into account, i.e., the circumstances that created the need, the changes which have occurred in the person's health or living conditions and, if the problem is not new, how it was met in the past.
- (4) The department shall establish a plan for periodically reviewing the necessity for continuing the allowance for an ongoing additional requirement ((shall be established)) in each case, taking into account:
- (a) The change in the ((individual's)) person's living arrangements((;)) and health((;)); and
- (b) Any other factor which has a bearing on the need for the item.
- (5) The <u>department shall re-establish the</u> need for any ongoing additional requirement ((must be reestablished)) as often as the case plan indicates, but at least:
- (a) Semiannually((, except where)) for recipients of AFDC, FIP or Refugee Assistance; or

(b) Annually for recipients of General Assistance or SSI, when it is established there is a continuing need that is likely not subject to change.

(6) The department may authorize the following additional requirements for clients eligible only for AFDC, FIP, Refugee, or General Assistance grants and for SSI recipients:

(a) Restaurant Meals, WAC 388-29-100; (b) Home Delivered Meals, WAC 388-29-180;

(c) Food for Guide Dog, WAC 388-29-200;

(d) Telephone, WAC 388-29-210; and

(e) Laundry, WAC 388-29-220.

(7) The department may authorize the additional requirement of Winterizing Homes, WAC 388-29-230 for clients eligible only for AFDC or FIP assistance grants.

(8) The department may authorize the Additional Requirements for Emergent Situations as listed in WAC 388-29-270 for clients eligible only for AFDC, FIP or Refugee assistance grants.

WSR 91-23-086 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3288—Filed November 19, 1991, 2:41 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To revise language stating how to establish the monthly standard for home-delivered meals additional requirement.

Citation of Existing Rules Affected by this Order: Amending WAC 388-29-180 Additional requirements-Home-delivered meals (meals-on-wheels).

Statutory Authority for Adoption: RCW 74.04.005.

Pursuant to notice filed as WSR 91-20-092 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing. November 19, 1991 Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 2215, filed 3/13/85)

WAC 388-29-180 ADDITIONAL REQUIRE-MENTS-HOME-DELIVERED MEALS (MEALS-ON-WHEELS). (1) For some ((recipients)) persons who cannot be expected to prepare all of their own meals, prepared and home-delivered meals may be available.

- (2) Use the following criteria ((used)) to authorize the service ((are as follows)):
- (a) The ((recipient)) person requires help in preparation of some meals and would benefit nutritionally or otherwise from home-delivered meals((;)); and
- (b) ((Such)) Help in preparation of meals is not reasonably available without cost to the ((recipient,)) per-
- (c) Board (or board and room) is not available, feasible, or is costlier for the recipient.

(3) When a plan for use of this service is approved, the monthly standard shall be ((established by the department)) the amount charged by the agency delivering the service.

WSR 91-23-087 PERMANENT RULES **DEPARTMENT OF** SOCIAL AND HEALTH SERVICES

(Public Assistance)

[Order 3289—Filed November 19, 1991, 2:43 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To implement provision 1719 of the Mickey Leland Memorial Domestic Hunger Relief Act (farm bill) which allows the exemption of resources for certain PA and SSI recipients. Revision is also made to clarify when real property is exempt due to good faith effort to sell.

Citation of Existing Rules Affected by this Order: Amending WAC 388-49-410 Resources-Exempt.

Statutory Authority for Adoption: RCW 74.04.510.

Pursuant to notice filed as WSR 91-20-097 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing. November 19, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 3171, filed 5/1/91, effective 6/1/91)

WAC 388-49-410 RESOURCES-EXEMPT. (1) The department shall exempt the following resources:

- (a) An occupied home and surrounding property not separated by intervening property owned by others;
- (b) An unoccupied home and surrounding property if the household:
- (i) ((The household)) Is making a good faith effort to sell: or
- (ii) Intends to return to the home((;)) and (((ii))) the house is unoccupied due to:
 - (A) Employment;
 - (B) Training for future employment;
 - (C) Illness; or
- (D) Uninhabitability due to casualty or natural
- (c) A piece of land where the household is building or intends to build a permanent home, if the household does not own another home. The land must not be separated by intervening property owned by others;
 - (d) Personal effects;
 - (e) Household goods;
 - (f) One burial plot per household member;
 - (g) Cash value of:
 - (i) Life insurance policies; and
 - (ii) Pension funds.
 - (h) Vehicles as provided under WAC 388-49-430;
- (i) That portion of real or personal property directly related to the maintenance or use of a vehicle excluded under WAC 388-49-430 (1)(a), (b), and (f);

- (j) Property annually producing income consistent with its fair market value, even if only used on a seasonal basis;
- (k) Rental homes used by household for vacation purposes during the year if the property annually produces income consistent with its fair market value;
- (1) Property essential to the employment or self-employment of a household member. Property excluded under this provision because the property is used by a self-employed farmer shall retain its exclusion for one year from the date the household member terminates self-employment from farming;
- (m) Resources held separately by a nonhousehold member or an ineligible student;
 - (n) Indian lands:
 - (i) Held jointly with the tribe; or
- (ii) Sold only with the approval of the Bureau of Indian Affairs.
- (o) Resources prorated as income for self-employed persons or eligible students. These funds, if commingled in an account with nonexcluded funds, shall retain their exclusion for the period of time they are prorated as income;
- (p) Cash value of resources not accessible to the household:
- (q) Funds in a trust and the income produced by that trust, to the extent they are not available;
- (r) Resources excluded by express provision of federal law from consideration in the food stamp program;
- (s) Installment contracts or agreements for the sale of land or other property when it is producing income consistent with its fair market value;
- (t) Value of the property sold under an installment contract;
- (u) The value of property held for security if the purchase price is consistent with fair market value;
 - (v) Real or personal property when:
- (i) Secured by a lien as a result of obtaining a business loan; and
- (ii) The security or lien agreement prohibits the household from selling the asset or assets.
- (w) Governmental payments designated for restoration of a home damaged in a disaster. The household must be subject to legal sanction if the funds are not used as intended;
- (x) Energy assistance payments or allowances made under federal, state, or local laws;
- (y) Resources of persons residing in shelters for battered women and children if:
- (i) The resources are jointly owned with members of the former household; and
- (ii) Access to the resources depends on the agreement of the joint owner.
- (z) Payments received under the Puyallup Tribe of Indians Settlement Act of 1989, P.L. 101-41, as follows:
- (i) Payments from the annuity fund established by P.L. 101-41 made to a Puyallup Tribe member upon reaching twenty-one years of age;
- (ii) The investments or purchases made directly with the annuity payment up to the amount from the annuity fund payment; and

- (iii) Payments from the trust fund established by P.L. 101-41 made to a Puyallup Tribal member.
- (2) The department shall continue to exempt a house-hold's funds commingled in an account with nonexempt funds ((shall continue to be exempt)) for up to six months from the date ((they)) the funds are commingled.
- (3) The department shall exempt a resource of a household member who receives a supplemental security income (SSI) or aid to families with dependent children (AFDC) grant when:
- (a) The resource is exempt by SSI or AFDC rules; and
- (b) Such household member's income does not exceed the one-person gross monthly income standard in WAC 388-49-510.

WSR 91-23-088 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3290—Filed November 19, 1991, 2:45 p.m.]

Date of Adoption: November 19, 1991.

Purpose: To update the thrifty food plan standards effective October 1, 1991.

Citation of Existing Rules Affected by this Order: Amending WAC 388-49-550 Monthly allotments.

Statutory Authority for Adoption: RCW 74.04.510.

Pursuant to notice filed as WSR 91-20-095 on Se

Pursuant to notice filed as WSR 91-20-095 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 3102, filed 11/20/90, effective 12/21/90)

WAC 388-49-550 MONTHLY ALLOTMENTS. (1) The department shall determine the value of the allotment a household receives.

(2) The monthly allotment shall equal the thrifty food plan (TFP) for the household size reduced by thirty percent of the household's net income. The department shall use the monthly allotment standards as established by the food and nutrition service.

Household Size	Thrifty Food Plan
1	((105))
	111
2	((193))
3	203 ((277)) 292
4	$((\frac{352}{350}))$
5	((418)) 440

Household Size	Thrifty Food Plan
6	((502))
_	528
7	((555)) 584
8	$((\frac{634}{4}))$
9	((713))
,	750
10	((792))
Each additional memb	per + $((\frac{833}{79}))$

- (3) The department shall issue to households, except for households as specified in subsection (4) of this section, a prorated coupon allotment for the number of days remaining from the date of application to the end of the initial month of eligibility.
- (a) The allotment shall be based upon a thirty-day month.
- (b) No allotment shall be issued for less than ten dollars.
- (4) The department shall issue a full month allotment to migrant and seasonal farmworker households applying within thirty days after a prior certification ends.
- (5) The department shall determine the value of the monthly allotment a household receives by:
- (a) Multiplying the household's net monthly income by thirty percent;
- (b) Rounding the product up to the next whole dollar if it ends with one through ninety-nine cents; and
- (c) Subtracting the result from the thrifty food plan for the appropriate household size.
- (6) One— and two-person households shall receive a minimum monthly allotment of ten dollars except in the initial benefit month when no allotment shall be issued for less than ten dollars.
- (7) The department shall issue an identification card to each certified household.

WSR 91-23-089 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (General Provisions)

[Order 3291—Filed November 19, 1991, 2:47 p.m.]

Date of Adoption: November 19, 1991.

Purpose: It is no longer necessary for the mental health division to conduct certification reviews of licensed community hospitals, as psychiatric certification standards were incorporated into the hospital licensing regulations. Further, hospitals will no longer designate certain beds to be "certified" for involuntary patients.

Citation of Existing Rules Affected by this Order: Amending WAC 440-44-090 Mental health service provider license and certification fees.

Statutory Authority for Adoption: RCW 43.20B.110.

Pursuant to notice filed as WSR 91-20-096 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 2287, filed 9/24/85)

WAC 440-44-090 MENTAL HEALTH SER-VICE PROVIDER LICENSE AND CERTIFICA-TION FEES. (1) An annual fee, based on a range of client service hours provided per year, shall be assessed as follows:

Range	Client Service Hours	Annual Fee
1	0- 3,999	\$ 281.00
2	4,000-14,999	422.00
3	15,000-29,999	562.00
4	30,000-49,999	842.00
5	50,000 and over	1,030.00

- (2) Fee ranges shall be determined from provider information reported to the department's community mental health information system.
- (3) Providers applying for a license or certification and not reporting to the department's community mental health information system shall submit ((as part of their application)) the number of annual client service hours as part of their application.
- ((3))) (4) Fee for an applicant not licensed ((and/))or certified shall be equal to the fees for licensure ((and/))or certification of licensed and certified providers with similar annual client service hours.
- (((4))) (5) Certified short-term inpatient component, or new applicants seeking certification for a short-term inpatient component, shall be assessed an annual fee of thirty-two dollars per bed. This annual fee shall not be assessed for inpatient hospitals licensed under RCW 70.41.

WSR 91-23-090 PERMANENT RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 3292—Filed November 19, 1991, 2:52 p.m.]

Date of Adoption: November 19, 1991.

Purpose: Increase food stamp program net and gross income standards, standard deduction and shelter deduction effective October 1, 1991.

Citation of Existing Rules Affected by this Order: Amending WAC 338-49-500 Income—Deductions; and 388-49-510 Income eligibility standards.

Statutory Authority for Adoption: RCW 74.04.510. Pursuant to notice filed as WSR 91-20-090 on September 30, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Leslie F. James, Director

Administrative Services

AMENDATORY SECTION (Amending Order 3099, filed 11/20/90, effective 12/21/90)

WAC 388-49-500 INCOME—DEDUCTIONS. (1) The department shall allow the following deductions when computing net income:

(a) A standard deduction of one hundred ((sixteen))

twenty-two dollars per household per month;

- (b) An earned income deduction of twenty percent of gross earned income except as provided in WAC 388-49-640(8);
- (c) A dependent care deduction of the actual amount incurred not to exceed one hundred sixty dollars per dependent when care is necessary for a household member to:

(i) Seek, accept, or continue employment; or

- (ii) Attend training or education preparatory to employment.
- (d) A deduction for nonreimbursable monthly medical expenses over thirty-five dollars incurred by an elderly or disabled household member;
- (e) Shelter costs in excess of fifty percent of the household's income after deducting the standard, earned income, medical, and dependent care deductions. The shelter deduction shall not exceed one hundred ((eighty=six)) ninety-four dollars; and
- (f) An excess shelter deduction for the monthly amount exceeding fifty percent of the household's monthly income after all applicable deductions for households containing an elderly or disabled person.

(2) A household's shelter costs may include:

- (a) Costs for a home not occupied because of employment, training away from the home, illness, or abandonment caused by casualty loss or natural disaster shall be allowed if the:
 - (i) Household intends to return to the home;
- (ii) Current occupants, if any, are not claiming shelter costs for food stamp purposes; and
- (iii) Home is not being leased or rented during the household's absence.
- (b) Charges for the repair of the home substantially damaged or destroyed due to a natural disaster;
- (c) The standard utility allowance when a household incurs any separate utility charges for heating or cooling costs. A household may incur a separate utility charge when the household:
 - (i) Has not yet received a billing for utilities; ((or))
- (ii) Is billed monthly by the landlord for actual usage as determined through individual metering; or
- (iii) Shares residence and utility costs with other persons, in which case the deduction is for the household's prorated share of the standard allowance.

- (d) Actual utility costs rather than the standard utility allowance if the household is:
 - (i) Not entitled to the standard utility allowance; or
- (ii) Requesting use of actual utility bills. A monthly telephone standard shall be allowed for households incurring telephone expenses if the household is not entitled to claim the standard utility allowance.
- (3) A household may switch between actual utility costs and the standard utility allowance:
 - (a) At each recertification; and
- (b) One additional time during each twelve-month period following the initial certification action.
- (4) The department shall provide excess medical or shelter deductions effective with supplemental security income (SSI) eligibility when households:
- (a) Become categorically eligible within the time limits specified under WAC 388-49-120 and 388-49-150 after a food stamp application;
- (b) Receive food stamps as a nonassistance household until becoming categorically eligible; or
- (c) Become categorically eligible after denial of non-assistance food stamps.
- (5) The department shall not provide a deduction for that portion of a deductible expense, described under this section, paid by an excluded:
 - (a) Reimbursement; or
- (b) Vendor payment, except for Low Income Home Energy Assistance Act (LIHEAA) payments.
 - (6) The department shall verify:
- (a) Dependent care costs including changes, except in prospective budgeting; and
- (b) Medical expenses and the reimbursement amounts resulting in a deduction:
- (i) At recertification, if the amount has changed more than twenty-five dollars; and
- (ii) On a monthly basis for a household subject to monthly reporting.
- (7) If medical reimbursement cannot be verified, the department shall certify the household without allowing the deduction, except in prospective budgeting.

AMENDATORY SECTION (Amending Order 3099, filed 11/20/90, effective 12/21/90)

WAC 388-49-510 INCOME ELIGIBILITY STANDARDS. (1) Categorically eligible households, as described in WAC 388-49-180, are not subject to the provisions of this section.

- (2) The department shall determine eligibility on the basis of gross income and net food stamp income except for households ((containing an elderly or disabled member as provided)) in subsection (3) of this section.
- (3) The department shall determine eligibility on the basis of net food stamp income for households containing an elderly or disabled member.
- (4) The gross and net monthly maximum income standards as established by the department of agriculture are as follows:

Household Size	Maximum Standard
1	\$ ((681))
2	$((9\frac{718}{13}))$
3	962 ((1,144))
4	1,207 ((1,376)) 1,452
5	((1,608)) 1,697
6	$((\frac{1,840}{1,840}))$ $\frac{1,942}{1,942}$
7	$((\frac{2,072}{2,072}))$ 2,187
8	$((\frac{2,304}{2,431}))$
9	$((\frac{2,536}{2,676}))$ 2,676
10	$((\frac{2,768}{2,768}))$ 2,921
Each additional person	$+ ((\frac{232}{232}))$ 245

Net Monthly Income Standard

Household Size	Maximum Standard
1	\$((524))
2	552 ((702))
3	((880))
4	929 ((1,059))
5	$\frac{1,117}{((1,237))}$
6	$((\frac{1,305}{1,415}))$
7	$\frac{1,494}{((1,594))}$
8	$((\frac{1,682}{772}))$
9	((1,951))
10	2,059 ((2,130))
Each additional person	$+ \frac{2,248}{(179))} \\ \frac{189}{}$

WSR 91-23-091 PERMANENT RULES TRANSPORTATION IMPROVEMENT BOARD

[Filed November 19, 1991, 3:55 p.m.]

Date of Adoption: November 18, 1991.

Purpose: To adopt rules to implement the road jurisdiction transfer process and the city hardship assistance program (CHAP).

Statutory Authority for Adoption: Chapter 47.26 RCW.

Other Authority: ESB 5801, sections 60 and 62, chapter 342, Laws of 1991.

Pursuant to notice filed as WSR 91-20-055 on September 24, 1991.

Changes Other than Editing from Proposed to Adopted Version: An editing change was made to proposed WAC 479-320-100. The last sentence was revised to clarify that the value engineering study costs are not included when computing the 25% limit for engineering costs.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Jerry M. Fay

Executive Director

Title 479 WAC TRANSPORTATION IMPROVEMENT BOARD

WAC chap	ters
479–01	Description of organization.
479-02	Public access to information and records.
479–12	Submission of proposed urban arterial trust account projects to transportation improvement board.
479–13	Submission of six-year plans for UATA projects.
479–16	Requirements for urban arterial project development.
479-20	Financial and payment requirements.
479–24	Rules and regulations pursuant to State Environmental Policy Act Guidelines.
479–112	Submission of proposed TIA projects to transportation improvement board.
479–113	Submission of six-year plans for transportation improvement account projects.
479–116	Requirements for Transportation Improvement Account project development.
479–120	Financial and payment requirements for transportation improvement account funded projects.
479-210	Road jurisdiction transfer rules and
	regulations.
479–216	Requirements for road jurisdiction transfer
479–310	requests. City hardship assistance program rules and
479–312	regulations. Submission of city hardship assistance pro-
-	gram projects.
479–316	Allowable activities for CHAP projects.
479–320	Financial and payment requirements for

city hardship assistance program projects.

WAC	
479-210-010	Purpose and authority.
479-210-100	Definitions.
479-210-150	Criteria for rural highway routes.
479-210-200	Criteria for urban highway routes.
479-210-250	Interpretation and application of cri-
	teria to specific routes.
479-210-300	Administration costs.
479–210–350	Board review of route jurisdiction transfer requests.
479–210–400	Reports to legislative transportation committee.

NEW SECTION

WAC 479-210-010 PURPOSE AND AUTHORITY. Section 62, chapter 342, Laws of 1991, provides that the transportation improvement board shall utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of the process, and being a multijurisdictional body, is directed to receive and review petitions from cities, counties, or the department of transportation requesting any addition or deletion from the state highway system.

NEW SECTION

WAC 479-210-100 DEFINITIONS. For purposes of implementing the requirements of section 62, chapter 342, laws of 1991, relative to the transportation improvement board, the following definitions shall apply:

- (1) Board When board is used in this chapter, it refers to the transportation improvement board.
- (2) Connecting link Connecting links should provide system continuity, including needed alternate routing of regionally oriented through-traffic or access to major regional-based public facilities or traffic generators. Generally, links bypass the central business district and/or the central city and form loops and beltways.
- (3) Connection to places Places may be considered connected if they are within approximately two miles of a state highway.
- (4) Corridor A corridor may vary depending on the characteristics of a region and the use of the facilities. The corridor limits used by the board to analyze a state highway route will be as described by the metropolitan planning organization (MPO) or regional transportation planning organization (RTPO) for the area where the route is located.
- (5) Parallel highway route Parallel route consideration is used to analyze alternative routes within the same corridor. Outside a corridor, a route should be considered a viable highway route if it meets the other criteria in this chapter.
- (6) Population equivalency of one thousand or more To determine the equivalent population of a recreation area, refer to the WSDOT publication, "guidelines for amending urban boundaries, functional classifications, and federal-aid systems".
- (7) Rural highway route A rural highway route is the portion of a route that lies outside a federal urban area boundary.

(8) Urban highway route – An urban highway route is the portion of a route that is within a federal urban area boundary.

NEW SECTION

WAC 479-210-150 CRITERIA FOR RURAL HIGHWAY ROUTES. In considering whether to make additions, deletions, or other changes to the state highway system, the legislature is guided by criteria in RCW 47.17.001. The local agencies, department of transportation and the board will use these same criteria to assess the merits of any proposed changes to the state highway system. The following criteria will be used to assess the merits of a proposed change to a rural route:

- (1) A rural highway route should be designated as a state highway if it meets any of the following criteria:
- (a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or
- (b) Is designated as part of the system of numbered United States routes; or
- (c) Contains an international border crossing that is open twelve or more hours each day.
- (2) A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:
- (a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;
- (b) Provides a major cross-connection between existing state highways; or
- (c) connects places exhibiting one or more of the following characteristics:
 - (i) A population center of one thousand or greater;
- (ii) an area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to recreation areas, military installations, and so forth;
 - (iii) a county seat;
- (iv) a major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater.

NEW SECTION

WAC 479-210-200 CRITERIA FOR URBAN HIGHWAY ROUTES. In considering whether to make additions, deletions, or other changes to the state highway system, the legislature is guided by criteria in RCW 47.17.001. The local agencies, department of transportation and the board will use these same criteria to assess the merits of any proposed changes to the state highway system. An urban highway route that meets any of the following criteria should be designated as part of the state highway system:

- (1) Is designated as part of the interstate system;
- (2) is designated as part of the system of numbered United States routes;
- (3) is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;

(4) is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.

NEW SECTION

WAC 479-210-250 INTERPRETATION AND APPLICATION OF CRITERIA TO SPECIFIC ROUTES. These guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes.

- (1) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.
- (2) State highway routes maintain continuity by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.
- (3) Public facilities may be considered to be served if they are within approximately two miles of a state highway.
 - (4) Exceptions may be made to include:
- (a) Rural spurs as state highways if they meet the criteria relative to serving population centers of 1,000 or greater population or activity centers with population equivalencies or an aggregated population of 1,000 or greater;
- (b) urban spurs as state highways that provide needed access to Washington State ferry terminals, state parks, major seaports, and trunk airports; and
- (c) urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.
 - (5) In urban and urbanized areas:
- (a) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and
- (b) there may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.
- (6) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:
 - (a) The ability to handle higher traffic volumes;
- (b) the higher ability to accommodate further development or expansion along the existing alignment;
 - (c) the most direct route and the lowest travel time;
- (d) the route that serves traffic with the most interstate, statewide, and interregional significance;
- (e) the route that provides the optimal spacing between other state routes; and
- (f) the route that best serves the comprehensive plan for community development in those areas where such a plan has been developed and adopted.

NEW SECTION

WAC 479-210-300 ADMINISTRATION COSTS. The board costs for necessary staff services and facilities that are attributable to the route jurisdiction transfer program shall be paid from the urban arterial trust account in the motor vehicle fund.

NEW SECTION

WAC 479-210-350 BOARD REVIEW OF ROUTE JURISDICTION TRANSFER REQUESTS. The chairman will appoint a subcommittee that will review a route jurisdiction transfer request. The subcommittee should consist of at least two city, two county and one department of transportation board members.

NEW SECTION

WAC

WAC 479-210-400 REPORTS TO LEGISLATIVE TRANSPORTATION COMMITTEE. In addition to the implementation report due August 1, 1991, the board shall forward to the legislative transportation committee by November 15 each year any recommended jurisdictional transfers.

New Chapter Chapter 479-216 WAC REQUIREMENTS FOR ROAD JURISDICTION TRANSFER REQUESTS

479–216–010	Contents of request for jurisdiction transfer.
479–216–050	Annual cutoff date for jurisdiction transfer requests.
479–216–100	Additional public testimony for consideration of jurisdiction transfer requests.
479–216–150	Notice of solicitation for public testimony.
479-216-200	Notice of preliminary finding.
479-216-250	Comment period.
479-216-300	Notice of final finding.
479–216–350	Contents of report to legislative transportation committee.

NEW SECTION

WAC 479-216-010 CONTENTS OF REQUEST FOR JURISDICTION TRANSFER. The agency initiating a route jurisdiction transfer request shall do so using forms provided by the board and utilizing the criteria specified in RCW 47.17.001, and WAC chapter 479-210. The request shall be signed by the agencies chief executive officer.

NEW SECTION

WAC 479-216-050 ANNUAL CUTOFF DATE FOR JURISDICTION TRANSFER REQUESTS. Prior to April 1, yearly, cities, counties or the department of transportation shall submit requests for jurisdiction transfer to the board using forms provided by the board.

The request shall be in conformance with the procedures established in this chapter.

NEW SECTION

WAC 479-216-100 ADDITIONAL PUBLIC TESTIMONY FOR CONSIDERATION OF JURIS-DICTION TRANSFER REQUESTS. At the discretion of the board, and in addition to a regularly scheduled board meeting, public testimony may be solicited relative to a specific jurisdiction transfer request. The board will record public testimony and develop summary minutes of the meeting.

NEW SECTION

WAC 479-216-150 NOTICE OF SOLICITATION FOR PUBLIC TESTIMONY. If public testimony is solicited, the board will provide written notice to each agency involved in the transfer, legislators whose districts are impacted by the proposed route transfer and any others who have specifically requested in writing to be provided notice.

NEW SECTION

WAC 479-216-200 NOTICE OF PRELIMI-NARY FINDING. The board shall prepare preliminary finding for all jurisdiction transfer requests and provide written notice to the interested parties indicated in WAC 479-216-150.

NEW SECTION

WAC 479-216-250 COMMENT PERIOD. For preliminary findings after January 1, 1992, the board will provide thirty calendar days from the date the notice is mailed for interested parties to provide written comments on the preliminary finding. The individuals giving comment must provide their name and address and the comments must address the criteria specified in RCW 47.17.001 and WAC chapter 479-210.

NEW SECTION

WAC 479-216-300 NOTICE OF FINAL FIND-ING. At the next scheduled board meeting after the comment period, the board will prepare a final finding and recommendation for submittal to the LTC. The board will give consideration to any comments or additional information and provide written notice of the final finding to the interested parties indicated in WAC 479-216-150.

NEW SECTION

WAC 479-216-350 CONTENTS OF REPORT TO LEGISLATIVE TRANSPORTATION COMMITTEE. The contents of the report should include:

- (1) Name of agency submitting the request for transfer,
 - (2) route being considered for transfer,
 - (3) a map,
- (4) comparison against the criteria specified in RCW 47.17.001 and WAC chapter 479-210,
 - (5) findings,

- (6) board's recommendation, and
- (7) supplemental information, such as:
- (a) Summary minutes of meetings,
- (b) comments received.
- (c) board reply on the comments, and
- (d) other appropriate information.

New Chapter Chapter 479-310 WAC CITY HARDSHIP ASSISTANCE PROGRAM RULES AND REGULATIONS

WAC

479-310-010 Purpose and authority. 479-310-050 Adoption of rules.

479-310-100 Funds for the city hardship assistance

program.

479-310-150 Definitions.

479–310–200 Administration costs.

NEW SECTION

WAC 479-310-010 PURPOSE AND AUTHORITY. Section 60(3), chapter 342, Laws of 1991, provides that the transportation improvement board shall adopt reasonable rules necessary to implement the city hardship assistance program as recommended by the road jurisdiction study.

NEW SECTION

WAC 479-310-050 ADOPTION OF RULES. The board is required to utilize the following criteria, established by the road jurisdiction study to adopt rules to implement the program:

- (1) Only those cities with a net gain in cost responsibility due to jurisdictional transfers in chapter 342, Laws of 1991, as determined by the board, may participate;
- (2) Cities with populations of fifteen thousand or less, as determined by the office of financial management, may participate;
- (3) The board shall develop criteria and procedures under which eligible cities may request funding for rehabilitation projects on city streets acquired under chapter 342, Laws of 1991; and
- (4) The board shall also be authorized to allocate funds from the city hardship assistance program to cities with a population under twenty thousand to offset extraordinary costs associated with the transfer of roadways other than pursuant to chapter 342, Laws of 1991, that occur after January 1, 1991.

NEW SECTION

WAC 479-310-100 FUNDS FOR THE CITY HARDSHIP ASSISTANCE PROGRAM. Section 59(3), chapter 342, Laws of 1991, provides funding for the city hardship assistance program.

NEW SECTION

WAC 479-310-150 DEFINITIONS. For purposes of implementing the requirements of section 60, chapter

- 342, laws of 1991, relative to the transportation improvement board, the following definitions shall apply:
- (1) Board When board is used in this chapter, it refers to the transportation improvement board.
- (2) CHAP This is the abbreviation for the city hardship assistance program.
- (3) Eligible agency An eligible agency is a city or town that meets the requirements of section 60, chapter 342, laws of 1991. A listing of the eligible agencies is included in WAC 479-312-010.
- (4) Eligible project An eligible project is an improvement on a section of roadway that meets the requirements of section 60, chapter 342, laws of 1991 and the requirements specified in this chapter. A listing of the roadways eligible for CHAP funding is included in WAC 479-312-010,
- (5) Extraordinary costs The definition of extraordinary cost will vary depending on the agency and the situation involved on the eligible project. The board will take into consideration information supplied by the city or town officials when ruling on the eligibility of a proposed project.
- (6) Rehabilitation This work may include reworking or strengthening the base or subbase, recycling or reworking existing materials to improve their structural integrity, adding underdrains, improving or widening shoulders. Rehabilitation may include acquisition of additional right of way.

NEW SECTION

WAC 479-310-200 ADMINISTRATION COSTS. The board costs for necessary staff services and facilities that are attributable to the city hardship assistance program shall be paid from the urban arterial trust account in the motor vehicle fund.

479–312–150	Six-year transportation plan requirements.
479–312–200	Applicable federal, state and local regulations.
479–312–250	Process and selection criteria for pri- ority array.
479–312–300	Matching requirements for city hard- ship assistance program projects.

NEW SECTION

WAC 479-312-010 ELIGIBLE AGENCIES AND STREETS. The cities or towns eligible for city hardship assistance program funding are: Clarkston, Old SR 128, 0.13 Miles, SR 12 to Poplar Street; Des Moines, Old SR

509, 1.46 Miles, 50 feet south of 252nd Street to Junction SR 516; Kelso, Old SR 431, 0.90 Miles, SR 5 to Cowlitz Way; Kelso, Old I-5, 1.20 Miles, north end of Coweeman River Bridge to 2,480 feet south of Haussler Road and those sections of Kelso Drive, Minor road, Grade Street and Kelso Avenue referred to in the memorandum of understanding for this turnback, approximately 2.7 miles; Leavenworth, Old SR 209, 0.11 Miles, SR 2 to 260 feet north of Fir Street; Milton, Old SR 514, 2.46 Miles, Junction SR 99 to 50 feet west of SR 161: Napavine, Old SR 603, 0.79 Miles, 810 feet southwest of Lincoln Street to 8th Avenue West; Pomeroy, Old SR 128, 0.72 Miles, SR 12 to 2,690 feet south of Arlington Avenue; Port Orchard, Old SR 160, 2.30 Miles, Retsil Road to 160 feet west of Short Avenue; Skykomish, Old SR 2 Spur, 0.16 Miles, SR 2 to Railroad Avenue; Stanwood, Old SR 530, 1.59 Miles, 790 feet north of 86th Drive NW to 740 feet northwest of 72nd Avenue NW; Toledo, Old SR 505, 0.12 Miles, Fifth Street to 210 feet northwest of Sixth Street; Toppenish, Old SR 220, 0.27 Miles, Junction SR 22 to 630 feet east of Linden Road; Tukwila, Old SR 900, 0.10 Miles, Ryan Way South to 530 feet north of Ryan Way; Vader, Old SR 411, 0.25 Miles, 520 feet south of SR 506 to 1,840 feet south of SR 506; Washougal, Old SR 140, 0.70 Miles, SR 14 to west end of Washougal River Bridge; Winlock, Old SR 603, 0.61 Miles, Walnut Street to 160 feet south of Olequa Creek Bridge; and other cities under 20,000 population could become eligible for turnbacks approved after January 1, 1991.

NEW SECTION

WAC 479-312-050 POPULATION REQUIRE-MENT FOR ELIGIBLE AGENCIES. Except for cities that meet the criteria of section 60(4), chapter 342, laws of 1991, any city which exceeds fifteen thousand population as determined by the office of financial management on or before the annual application date, will no longer be eligible for city hardship assistance program projects. Any city that became eligible for city hardship assistance program funding through section 60(4), chapter 342, laws of 1991 will no longer be eligible for funding when its population is twenty thousand or greater.

NEW SECTION

WAC 479-312-100 DATA TO BE SUBMITTED FOR CHAP PROJECT APPLICATION. Prior to April 1, yearly, each eligible agency shall submit their proposed CHAP projects to the board on forms provided by the board. The type of work involved in the proposed projects shall be in accordance with the requirements of chapter 479-316 WAC. The application must be specific and accompanied by a detailed cost estimate.

NEW SECTION

WAC 479-312-150 SIX-YEAR TRANSPORTATION PLAN REQUIREMENTS. Upon board approval of a CHAP project, such project, if required by RCW 35.77.010, shall be included in the annual update of the six-year transportation program of the local agency.

NEW SECTION

WAC 479-312-200 OTHER APPLICABLE FED-ERAL, STATE AND LOCAL REGULATIONS. All CHAP projects shall comply with applicable federal, state and local laws, policies, regulations and ordinances.

NEW SECTION

WAC 479-312-250 PROCESS AND SELECTION CRITERIA FOR PRIORITY ARRAY. The board will use the following criteria to prioritize proposed CHAP projects:

- (1) Structural ability to carry loads (pavement condition),
 - (2) deterioration rate for the roadway,
 - (3) safety, and
 - (4) other factors:
 - (a) relationship to other local agency projects,
- (b) extent of previous participation in the program,
- (c) other criteria deemed appropriate by the board on a case-by-case basis.

NEW SECTION

WAC 479-312-300 MATCHING REQUIRE-MENTS FOR CITY HARDSHIP ASSISTANCE PROGRAM PROJECTS. There will be no local agency matching requirements for CHAP funded projects.

New Chapter Chapter 479-316 WAC ALLOWABLE ACTIVITIES FOR CHAP PROJECTS

479-316-010	Allowable activities.
479-316-050	Minimum roadway widths.
479-316-100	Participation with other funds.
479-316-150	Record requirements.
479-316-200	Audits of CHAP projects.
479-316-250	Project plantings on CHAP projects.

NEW SECTION

WAC

WAC 479-316-010 ALLOWABLE ACTIVITIES. Unless otherwise approved by the board, CHAP funding shall be limited to the direct and attributable indirect costs associated with rehabilitation activities on the eligible project.

NEW SECTION

WAC 479-316-050 MINIMUM ROADWAY WIDTHS. CHAP funds will not participate in the cost involved with adding lanes or turn lanes. Unless specifically approved by the board, all CHAP-funded projects must be in accordance with the city and county design standards, as adopted by the city and county design standard committee in accordance with RCW 35.78.030 and RCW 43.32.020.

NEW SECTION

WAC 479-316-100 PARTICIPATION WITH OTHER FUNDS. CHAP funds may be used to fund rehabilitation work associated with the widening of the section of roadway but participation will be limited to the minimum standard or existing lane and shoulder widths. CHAP funds will be considered local agency funds if they are used in the urban arterial trust account or transportation improvement account programs.

NEW SECTION

WAC 479-316-200 RECORD REQUIRE-MENTS. Record procedures for CHAP funded projects shall be in accordance with the requirements of WAC 479-20-025.

NEW SECTION

WAC 479-316-250 AUDITS OF CHAP PRO-JECTS. Audits of CHAP funded projects will be performed in accordance with the requirements of WAC 479-20-027.

NEW SECTION

WAC 479-316-300 PROJECT PLANTINGS ON CHAP PROJECTS. CHAP funds will not participate in cost for project plantings.

New Chapter
Chapter 479–320 WAC
FINANCIAL AND PAYMENT REQUIREMENTS
FOR CITY HARDSHIP ASSISTANCE PROGRAM
PROJECTS

WAC	
479-320-050	Eligible project costs.
479-320-100	Eligible costs for engineering.
479–320–150	Procedure for requesting an increase in authorized amount of city hard-
	ship assistance program funds.
479–320–200	Partial or progress payments for city hardship assistance program costs.

NEW SECTION

WAC

WAC 479-320-050 ELIGIBLE PROJECT COSTS. Project costs eligible for reimbursement from the city hardship assistance program shall be those proper and allowable costs incurred on a project after the project is authorized by the board. Projects will be authorized in two-phases, the first phase being design and right of way and the second phase being construction.

NEW SECTION

WAC 479-320-100 ELIGIBLE COSTS FOR EN-GINEERING. The eligible design and construction engineering costs shall be limited to twenty-five percent of the approved contract bid amount including adjustments for construction increases, decreases, or agency force construction. Agency costs for a value engineering study, if required, will not be included when computing the 25% limit.

NEW SECTION

WAC 479-320-150 PROCEDURE FOR REQUESTING AN INCREASE IN AUTHORIZED AMOUNT OF CITY HARDSHIP ASSISTANCE PROGRAM FUNDS. Increases to the authorized amount of CHAP funds will be in accordance with the board policy for TIA funded projects.

NEW SECTION

WAC 479-320-200 PARTIAL OR PROGRESS PAYMENTS FOR CITY HARDSHIP ASSISTANCE PROGRAM COSTS. Participation and payment of CHAP funds shall be governed by the requirements of WAC 479-20-020.

WSR 91-23-092 WITHDRAWAL OF PROPOSED RULES DEPARTMENT OF ECOLOGY

[Filed November 19, 1991, 4:20 p.m.]

Notice is hereby given that the Department of Ecology will not take further action under WSR 91-11-089, filed on May 21, 1991, to repeal chapter 173-201 WAC, Water quality standards for surface waters of the state of Washington and adopt chapter 173-203 WAC, Water quality standards for surface waters of the state of Washington, Administrative Order 91-36.

In response to concerns raised by members of the legislature, ecology's director, Chris Gregoire, has requested a formal Attorney's General Opinion regarding ecology's authority to regulate water quality in wetlands. The department has decided to delay the adoption of the revised surface water quality standards (chapter 173–203 WAC) until it receives the opinion. We believe this course of action is necessary to confirm that ecology is operating within the authority granted it by the legislature.

For more information, please contact Mark Hicks, Water Quality Program, (206) 438-7087, or Perry Lund, Wetlands Section, (206) 493-9405.

Fred Olson Deputy Director

WSR 91-23-093 PERMANENT RULES DEPARTMENT OF ECOLOGY

[Order 91-27-Filed November 19, 1991, 4:25 p.m.]

Date of Adoption: November 19, 1991.

Purpose: This rule further restricts well drilling and establishment of new water uses in subbasins which were closed to further appropriation with the adoption in 1976 of chapter 173-548 WAC.

Citation of Existing Rules Affected by this Order: Amending chapters 173-548 and 173-160 WAC.

Statutory Authority for Adoption: Chapters 34.05, 90.54, 18.104, 90.03, and 90.44 RCW.

Pursuant to notice filed as WSR 91-19-109 on September 18, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 19, 1991

Fred Olson

Deputy Director

AMENDATORY SECTION (Amending Order DE 76-37, filed 12/28/76)

WAC 173-548-050 STREAMS AND LAKES CLOSED TO FURTHER CONSUMPTIVE APPROPRIATIONS. The department, having determined based on existing information that there are no waters available for further appropriation through the establishment of rights to use water consumptively, closes the ((following)) streams and lakes listed in (a) and (b), and ground water hydraulically connected with these surface waters to further consumptive appropriation ((for the periods indicated, with exceptions as noted:)) This includes rights to use water consumptively established through permit procedures and ground water withdrawals otherwise exempted from permit under Chapter 90.44.050 RCW. Specific situations in which well construction may be approved are identified.

No wells shall be constructed for any purposes, including those exempt from permitting under RCW 90-.44.050, unless one or more of the following conditions have been met and construction of the well has been approved in writing by the department prior to the beginning of well construction:

(1) The proponent has a valid water right permit recognized by the department. For an existing community domestic use, a water right permit must be held by a purveyor of an approved system. (For the purposes of this chapter, an approved water system is one in compliance with the state Drinking Water Regulations, Chapter 246-290 WAC and the state Surface and Ground Water Codes, Chapters 90.03 and 90.44 RCW); or

(2) The proponent has obtained a valid state surface or ground water right through a transfer approved by the department under the statutory authority of Chapter 90.03 RCW or Chapter 90.44 RCW; or

(3) The proponent is replacing or modifying an existing well developed under the exemption from permit clause of RCW 90.44.050 and this has been approved in writing by the department; or,

(4) If the ground water being sought for withdrawal has been determined by the department not to be hydraulically connected with surface waters listed as closed, the department may approve a withdrawal. When insufficient evidence is available to the department to make a determination that ground and surface waters are not hydraulically connected, the department shall not approve the withdrawal of ground water unless the person proposing to withdraw the ground water provides additional information sufficient for the department to determine that hydraulic continuity does not exist and that water is available.

(a) STREAM CLOSURES

The following streams are closed all year, including all ground waters hydraulically connected to these streams.

Stream Name (Includes Tributaries)	((Affected Reach	Period Closure))
Wolf Creek	((Mouth to	
	Headwaters -	Closed all year**))
Bear Creek (Davis Lake)	((*	Closed all year))
Thompson Creek	((=	Closed all year**))
Beaver Creek	``` 	Closed May 1 to Oct. 1**))
Alder Creek	<u> </u>	Closed all year))
Benson Creek	()	Closed all year**))
Texas Creek	``. "	Closed all year))
Libby Creek	((=	Closed May 1 to Oct. 1**))
Cow Creek	((Closed May 1 to Oct. 1))
Gold Creek	()	Closed May 1 to Oct. 1*/**))
McFarland Creek	((Closed May 1 to Oct. 1 / /)
	((
Squaw Creek	((Closed May 1 to Oct. 1))
Black Canyon Creek	((Closed May 1 to Oct. 1))
French Creek		((Closed May 1 to Oct. 1*/**

- *Exception for single domestic and stock water.
- **Exception for water developed solely from added storage capacity within the basin.))

(b) LAKE CLOSURES

((All lakes not listed below are restricted to rights to divert water for single domestic and stock watering purposes only, as appropriate:)) The following lakes are closed all year, including all ground waters hydraulically connected to these lakes:

Name	Location
Alta Lake	3 mi. SW of Pateros
Black Lake	25 mi. N of Winthrop
Black Pine Lake	9 mi. SW of Twisp
Crater Lake	10 mi. W of Carlton
Davis Lake	Bear Creek Drainage
Eagle Lake	11 mi. SW of Carlton
French Creek	Sec.28, T.31N., R.23E.
Libby Lake	10 mi. W of Carlton
((Louise)) Louis Lake	e 20 mi. W of Winthrop
Middle Oval Lake	16 mi. W of Carlton
North Lake	20 mi. W of Winthrop
Patterson Lake	Sec.8, T.34N., R.21E.
Pearrygin Lake	Sec.36, T.35N., R.21E.
Slate Lake	14 mi. W of Winthrop
Sunrise Lake	16 mi. W of Methow
Upper Eagle Lake	12 mi. W of Carlton
West Oval Lake	16 mi. W of Carlton

((The development of future impoundments creating new lakes is provided for under WAC 173-548=050(a).))

AMENDATORY SECTION (Amending Order 88-58, filed 4/6/88)

WAC 173-160-040 PERMIT. As provided in RCW 90.44.050, no well shall be constructed if a withdrawal of more than five thousand gallons a day or irrigation of more than one-half acre of noncommercial lawn and garden is contemplated, unless an application

to appropriate such waters has been made to the department and a permit has been granted.

As provided in WAC 173-548-050, no wells shall be constructed for any purposes in subbasins closed in the Methow water resources regulation, including those exempt from permitting under RCW 90.44.050, unless written approval has been obtained from the department prior to beginning well construction.

WSR 91-23-094 PROPOSED RULES PUGET SOUND AIR POLLUTION CONTROL AGENCY

[Filed November 20, 1991, 9:45 a.m.]

Original Notice.

Title of Rule: Amend Regulation II: Sections 2.05 and 2.07

Purpose: Amend Regulation II to conform to WAC and to implement.

Other Identifying Information: Section 2.05 pertains to gasoline loading terminals; and Section 2.07 relates to gasoline stations.

Statutory Authority for Adoption: Chapter 70.94 RCW.

Statute Being Implemented: RCW 70.94.081.

Summary: The proposed amendments incorporate the changes required by WAC 173-491-040 regarding Stage 2 for gasoline dispensing facilities and for gasoline loading terminals.

Reasons Supporting Proposal: Incorporation into Regulation II will make these state-mandated requirements easier to implement.

Name of Agency Personnel Responsible for Drafting: Harry Watters and Pete Bosserman, 200 West Mercer, Room 205, Seattle, 296–7334/7445; Implementation and Enforcement: James Nolan, 200 West Mercer, Room 205, Seattle, 296–7426.

Name of Proponent: Puget Sound Air Pollution Control Agency, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Section 2.05 proposes a more stringent standard (from 80 mg/l to 35 mg/l) for gasoline loading terminals, effective December 31, 1993; and Section 2.07 proposes requiring Stage 2 vapor recovery for gasoline stations.

Proposal Changes the Following Existing Rules: Basically, the rules propose adoption of state-mandated changes into PSAPCA's Regulation II.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Seattle Center, Center House Conference, Room G, 305 Harrison Street, Seattle, on January 9, 1992, at 9:00 a.m.

Submit Written Comments to: Anita J. Frankel, Puget Sound Air Pollution Control Agency, 200 West Mercer, #205, Seattle, WA 98119, by January 2, 1992.

Date of Intended Adoption: January 9, 1992.

November 19, 1991 Harry Watters Senior Air Pollution Engineer

AMENDATORY SECTION

SECTION 2.05 GASOLINE LOADING TERMINALS

- (a) Section 2.05 shall apply to all gasoline loading terminals with an annual gasoline throughput greater than (((27,594,000 liters (7,300,000 gallons))) 7,200,000 gallons.
- (b) It shall be unlawful for any person to cause or allow the loading of gasoline into any transport tank unless all the following conditions are met:
- (1) The loading terminal shall employ bottom loading and be equipped with a vapor recovery system;
- (2) All loading lines and vapor lines shall be equipped with vaportight fittings that close automatically upon disconnect;
- (3) All vapor return lines shall be connected between the transport tank and the vapor recovery system such that all displaced volatile organic compounds are vented to the vapor recovery system;
- (4) The back-pressure in the vapor lines shall not exceed 4.5 kPa (18 inches) of water pressure.
- (c) The vapor recovery system required by Section 2.05(b) shall prevent the emission of at least 90% by weight of the volatile organic compounds and shall limit the emission of volatile organic compounds to no more than 80 milligrams per liter (mg/l) of gasoline transferred.
- After December 31, 1993, the vapor recovery system shall limit the emission of VOC to no more than 35 mg/l of gasoline transferred or 2.0% VOC by volume, measured as propane. If the existing system cannot meet these emission limits, the owner shall submit a Notice of Construction for a new or modified system by September 1, 1992.
- (d) The vapor recovery system required by Section 2.05(b) shall be equipped with a continuous emission monitoring system meeting the requirements of Article 12 of Regulation I.
- (e) The provisions of Section 2.05(d) shall take effect May 1, 1992.

Reviser's note: The typographical error in the above material occurred in the copy filed by the Puget Sound Air Pollution Control Agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

AMENDATORY SECTION

SECTION 2.07 GASOLINE STATIONS

- (a) Section 2.07(b) shall apply to:
- (1) All gasoline stations (including any gasoline dispensing facility) in existence on January 1, 1979 with a total annual gasoline output greater than ((757,000 liters (200,000 gallons))) 200,000 gallons and total gasoline storage capacity greater than ((37,850 liters (10,000 gallons))) 10,000 gallons; and
- (2) All stationary gasoline storage tanks, greater than ((3,785 liters capacity (1,000 gallons))) 1,000 gallons capacity, installed or reconstructed after January 1, 1979.
- (b) It shall be unlawful for any person to cause or allow the transfer of gasoline from any transport tank into any stationary storage tank ((except as provided in Section 2.07(c))) unless the following conditions are met:
- (1) Such stationary storage tank ((is)) shall be equipped with a permanent submerged fill pipe and "CARB-certified" Stage 1 vapor recovery system that is maintained and operated according to the manufacturer's specifications;
- (2) Such transport tank ((is)) shall be equipped to balance vapors; and
- (3) All vapor return lines ((are)) shall be connected between the transport tank and the stationary storage tank, and the Stage 1 vapor recovery system is operating. All vapor return couplings shall have vapor-tight gasket seals and all vapor return clam locks shall be in good working order and be locked.
- (((c) Notwithstanding the requirements of Section 2.07(a), the following stationary gasoline storage tanks are exempt from the requirements of Section 2.07(b):
- (1) All tanks with a capacity less than 7,570 liters (2,000 gallons) installed before January 1, 1979.
 - (2) All tanks with offset fill lines installed before January 1, 1979.

- (3) All tanks with a capacity less than 1,000 liters (264 gallons).))
- (c) Section 2.07 (d) and (e) shall apply to:
- (1) All gasoline stations (including any gasoline dispensing facility) in existence on August 2, 1991 with a total annual gasoline output greater than 600,000 gallons and a total gasoline storage capacity greater than 10,000 gallons; and
- (2) All stationary gasoline storage tanks, greater than 1,000 gallons capacity, installed or reconstructed after August 2, 1991.
- (d) It shall be unlawful for the owner or operator of a gasoline station to cause or allow the transfer of gasoline from any stationary storage tank into any motor vehicle (except motorcycles) fuel tank unless all of the following requirements are met:
- (1) Each gasoline dispenser shall be equipped with a "CARB-certified" Stage 2 vapor recovery system, approved under Article 6 of Regulation I, and installed in accordance with the schedule in Section 2.07(e);
- (2) All vapor return lines shall be connected between the stationary storage tank and the motor vehicle fuel tank;
- (3) All Stage 2 vapor recovery equipment shall be installed in accordance with the system's certification requirements and shall be maintained to be leak free, vapor-tight, and in good working order;

 (4) Whenever a Stage 2 vapor recovery system component is deter-
- (4) Whenever a Stage 2 vapor recovery system component is determined to be defective, the owner or operator shall take the system out of service until it has been repaired, replaced, or adjusted, as necessary. The operator shall inspect each nozzle bellows daily;
- (5) The owner or operator of each gasoline station utilizing a Stage 2 vapor recovery system shall conspicuously post operating instructions for the system in the gasoline dispensing area. The instructions shall clearly describe how to fuel vehicles correctly using the vapor recovery nozzles and include a warning against topping off. Additionally, the instructions shall include a prominent display of the Department of Ecology's toll-free telephone number for complaints regarding the operation and condition of the vapor recovery nozzles.
- (e) The owner or operator of a gasoline station shall install a Stage 2 vapor recovery system in accordance with the following schedule:

Table 2.07(e)

Type of Gasoline	Notice of	
Dispensing Facility	Construction	Stage 2 System
or Gas Station	Application by	Installed by
(1) All new or upgraded	30 days before	5/1/92
facilities with storage	installation	or before startup

gallons or more per year		

WSR 91-23-095 PROPOSED RULES PUGET SOUND AIR POLLUTION CONTROL AGENCY

[Filed November 20, 1991, 9:47 a.m.]

Original Notice.

Title of Rule: Regulation I: Amend Section 1.07 and repeal Sections 9.25, 12.05, and 13.02.

Purpose: Section 1.07 would be amended to include definitions from Sections 6.08 and 13.02, and to remove unused definitions. The repeal of Sections 9.25 and 12.05

would remove schedules of compliance dates which have expired.

Other Identifying Information: Section 1.07 pertains to general definitions. Section 9.25 contains a schedule of compliance dates. Section 12.05 contains an effective date. Section 13.02 has definitions.

Statutory Authority for Adoption: Chapter 70.94

Statute Being Implemented: RCW 70.94.141.

Summary: Definitions presently found in Sections 6.08 and 13.02 would be relocated to Section 1.07. Expired compliance dates contained in Sections 9.25 and 12.05 would be repealed.

Reasons Supporting Proposal: To improve the legibility of Regulation I by locating all definitions under Section 1.07 and by repealing sections of the regulation which have expired.

Name of Agency Personnel Responsible for Drafting: Gerry Pade, 200 West Mercer, Room 205, Seattle, 98119, 296-7468; Implementation and Enforcement: James Nolan, 200 West Mercer, Room 205, Seattle, 98119, 296-7426.

Name of Proponent: Puget Sound Air Pollution Control Agency, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Minor "housekeeping" amendments to improve legibility and keep Regulation I up-to-date.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Seattle Center, Center House Conference Room G, 305 Harrison Street, Seattle, on January 9, 1992, at 9:00 a.m.

Submit Written Comments to: Anita J. Frankel, Puget Sound Air Pollution Control Agency, 200 West Mercer, #205, Seattle, WA 98119, by December 30,

Date of Intended Adoption: January 9, 1992.

November 19, 1991 Gerald Scott Pade Air Pollution Engineer

AMENDATORY SECTION

SECTION 1.07 GENERAL DEFINITIONS

When used in Regulation I, II, or III of the Puget Sound Air Pollution Control Agency:

(a) ACTUAL EMISSIONS as of a specified date means the average rate in weight per unit time at which the source actually emitted pollutants during the 2-year period preceding the specified date, and which is representative of normal source operations. To account for unusual circumstances such as strikes, the Control Officer may approve or require the use of another time period which is more representative of normal operations than is the immediately preceding 2-year period.

(b) ADEQUATE SOURCE OF HEAT means the ability to main-

tain 70°F at a point 3 feet above the floor in all normally inhabited

areas of a dwelling

(((g))) (c) ((AUTHORITY and/or)) AGENCY means the Puget Sound Air Pollution Control Agency.

(((a))) (d) AGRICULTURAL BURNING means outdoor fires consisting of natural vegetation resulting from the growing of crops, the raising of fowl, animals or bees as a gainful occupation and burned on the lands on which the material originated.

- (((b) AGRICULTURAL OPERATION means the growing of crops, the raising of fowl, animals or bees as a gainful occupation.))
- (((c))) (e) AIR CONTAMINANT means dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substance, or any combination thereof.
- (((d))) (f) AIR POLLUTION is the presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interferes with enjoyment of life and property.

(g) AIR POLLUTION EPISODE means a period when a forecast, alert, warning, or emergency air pollution stage is declared by the Department of Ecology pursuant to RCW 70.94.715.

- (((yy))) (h) AIR QUALITY STANDARD means an established concentration, exposure time, and frequency of occurrence of a contaminant or multiple contaminants in the ambient air which shall not be exceeded.
- (i) ALLOWABLE EMISSIONS means the emission rate calculated using the maximum rated capacity of the source (unless the source is subject to a federally enforceable permit which limits the operating rate, or hours of operation, or both) and the most stringent of the following:
- (1) Any applicable New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants promulgated by the United States Environmental Protection Agency;
- (2) The applicable emission standard under Article 9 of Regulation I or under Regulation II;
- (3) Any applicable State Implementation Plan emission limit, including those with a future compliance date; or
- (4) The emission rate specified as a condition in an approved Notice of Construction, Order, or operating permit, including those with a future compliance date.
- (((c))) (j) ALTERATION means any addition to or enlargement or replacement of, or any major modification or change of the design, capacity, process or arrangement, or any increase in the connected loading of equipment or control apparatus which will significantly affect the kind or amount of air contaminant emitted.

(((f))) (k) AMBIENT AIR means that portion of the atmosphere,

- external to buildings, to which the general public has access.

 (((th))) (1) BEST AVAILABLE CONTROL TECHNOLOGY (BACT) means an emission limitation based on the maximum degree of reduction, which the Agency, on a case-by-case basis, taking into account energy, environmental and economic impacts, and other costs, determines is achievable for such source through application of production processes and available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of each pollutant.
- (((ti))) (m) BOARD means the Board of Directors of the Puget Sound Air Pollution Control Agency.
- (((j))) (n) COMBUSTIBLE REFUSE means solid or liquid combustible waste material.
- (((k) COMMERCIAL LAND CLEARING PROJECT means open burning conducted as a part of any commercial or business operation, including land clearing when such land clearing is for the purpose of changing the use of the cleared land; but not including agricultural open burning:))
- (((t))) (o) CONTROL APPARATUS means any device which prevents or controls the emission of any air contaminant.
- (((m))) (p) CONTROL OFFICER means the Air Pollution Control Officer of the Puget Sound Air Pollution Control Agency.
- (((n))) (q) CURTAILMENT means reduction or cessation of any operation for the purpose of reducing emissions.
- (((o))) (r) EMISSION means a release into the outdoor atmosphere of air contaminants.
- (s) EMISSION REDUCTION CREDIT means a commodity that represents a quantity of potential offsets
- (((zz))) (t) EMISSION STANDARD means a limitation on the release of a contaminant or multiple contaminants into the ambient
- (((p))) (u) EQUIPMENT means any stationary or portable device or any part thereof capable of causing the emission of any air contaminant into the atmosphere.
- (((q))) (v) EQUIPMENT USED IN A MANUFACTURING PROCESS means equipment as defined in ((Subsection 1.07(p))) this section in which some air contaminant emitted is caused by a manufacturing process.

- (((r) EXCESS AIR means the quantity of air which exceeds the theoretical quantity of air required for complete combustion:))
- (((5))) (w) FACILITY means the sum total of all of the pollutant emitting activities located on one or more contiguous or adjacent properties and which is owned or operated by the same person.
- (((t) FIRE CHIEF means a county fire marshal, city fire chief, chief of each county fire protection district, or his authorized representative; or authorized forestry officials from the Washington State Department of Natural Resources.))
- (x) FIRST STAGE OF IMPAIRED AIR QUALITY means a condition declared by the Control Officer when particulates 10 microns and smaller in diameter are at an ambient level of 75 micrograms per cubic meter measured on a 24-hour average or when carbon monoxide is at an ambient level of 8 parts of contaminant per million parts of air by volume measured on an 8-hour average.

 (((u))) (y) FUEL BURNING EQUIPMENT means equipment as

(((u))) (y) FUEL BURNING EQUIPMENT means equipment as defined in ((Subsection 1.07(p))) this section which produces hot air, hot water, steam or other heated fluids by external combustion of fuel.

(((bbb))) (z) FUGITIVE DUST means particulate matter or any visible air contaminant other than uncombined water that is not collected by a capture system and emitted from a stack, but is released to the atmosphere at the point of generation.

(aa) FUGITIVE EMISSIONS means emissions which do not pass and which could not reasonably pass through a stack, chimney or other functionally equivalent opening.

(((v))) (bb) GASOLINE STATION means any site dispensing gasoline into fuel tanks of motor vehicles, marine installations, or aircraft from stationary storage tanks.

- (((ggg) IMPAIRED AIR QUALITY means a condition declared by the Department of Ecology or the Agency whenever meteorological conditions are conducive to an accumulation of air contamination concurrent with:
- (1) Total suspended particulate at an ambient level of 125 micrograms per cubic meter measured on a 24-hour average; or
- (2) PM10 at an ambient level of 90 micrograms per cubic meter measured on a 24-hour average; or
- (3) Carbon monoxide at an ambient level of 8 parts of contaminant per million parts of air by volume (ppm) measured on an 8-hour average.))
- (((w))) (cc) INCINERATOR means a furnace for the destruction of waste.
- (((x))) (dd) INSTALLATION means the placement, assemblage or construction of equipment or control apparatus at the premises where the equipment or control apparatus will be used, and includes all preparatory work at such premises.

(((y) LAND CLEARING BURNING means outdoor fires consisting of natural vegetation resulting from land clearing projects and burned on the lands on which the material originated.))

(ee) LOWEST ACHIEVABLE EMISSION RATE means that rate of emissions which reflects either the most stringent emission limitation which is contained in the implementation plan of any state for such class or category of source unless the owner or operator of the proposed source demonstrates that such limitations are not achievable, or the most stringent emission limitation which is achieved in practice by such class or category of source, whichever is more stringent.

(ff) MAJOR MODIFICATION means any physical change in or change in the method of operation of a major source that would result in the emissions of any pollutant for which the area is designated non-attainment by more than any of the following:

Pollutant	Tons/Year
Sulfur Dioxide	40.0
Carbon Monoxide	100.0
Nitrogen Oxides	40.0
Volatile Organic Compounds	40.0
Lead	0.6
PM ¹⁰	15.0

For the purpose of this section, volatile organic compounds and nitrogen oxides are the pollutants for which an area is designated nonattainment for ozone.

(gg) MAJOR SOURCE means a source with actual or allowable emissions of 100 tons per year or more of a specified air contaminant. A major source for VOC or NOx shall be considered major for ozone.

(((z))) (hh) MARINE INSTALLATION means equipment as defined in ((Subsection 1.07(p))) this section installed on a vessel or on any device which floats in the water.

- (((aa))) (ii) MOTOR VEHICLE means any operating vehicle or one capable of being operated which has its own self-contained sources of motive power, is designed for the transportation of people or property, and is of the type for which a license is required for operation on a highway.
- (((bb))) (jj) MULTIPLE CHAMBER INCINERATOR means any incinerator consisting of three or more refractory-lined combustion chambers in series, physically separated by refractory walls, interconnected by gas passage ports or ducts and employing adequate design parameters necessary for maximum combustion of the material to be burned.

(kk) NONATTAINMENT AREA means a geographic area designated by the United States Environmental Protection Agency which violates a primary or secondary national ambient air quality standard.

(II) OFFSET means a surplus, permanent, quantifiable and federally enforceable reduction in emissions of a pollutant, beyond an established baseline, used to compensate an increase in emissions of the same criteria pollutant.

(((cc))) (mm) OUTDOOR FIRE means the combustion of material in the open or in a container with no provision for control of such combustion or the control of the emissions of the combustion products.

(((dd))) (nn) OWNER means the person who owns, leases, super-

vises or operates the equipment or control apparatus.

(((ee))) (oo) PARTICULATE MATTER means any material, except water in an uncombined form, that is, has been, or is likely to become airborne and exists as a liquid or a solid at standard conditions.

(((ff))) (pp) PERSON means and includes any individual, firm, public or private corporation, association, partnership, political subdivision, municipality or governmental agency.
(((ccc))) (qq) PM¹⁰ means particulate matter with an aerodynamic

(((ccc))) (qq) PM¹⁰ means particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method based on Appendix J of 40 CFR Part 50 and designated in accordance with 40 CFR Part 53 or by an equivalent method designated in accordance with 40 CFR Part 53.

(((gg) PORTABLE EQUIPMENT means equipment as defined in Subsection 1.07(p) designed to be transported from place to place for temporary operation:))

((thh) POWER BOILER means fuel burning equipment used to produce steam or vapor at a pressure exceeding 103.5 kPa (15 lbs. per square inch) gauge.))

(((ii))) (rr) PPM means parts per million parts by volume.

(((jj))) (ss) PRIMARY AIR MASS STATION or PAMS means a type of station designed to measure contamination in the air mass and representing a relatively broad area. The sampling shall be representative of the general area concerned and not be contaminated by any special source. The probe inlet shall be a minimum of 4.6m (15 feet) and a maximum of 45.7m (150 feet) above ground level. Actual elevation should vary to prevent adverse exposure conditions caused by surrounding buildings and terrain. The probe inlet shall be placed approximately 1.5m (5 feet) above the supporting rooftop.

(((tkk))) (tt) PRIMARY GROUND LEVEL MONITORING STATION or PGLMS means a station designed to provide information on contaminant concentrations near the ground and provide data valid for the immediate area only. The probe inlet shall be 1.8 to 4.6m (6 to 15 feet) above ground level with a desired optimum height of 3.0m (10 feet). The probe inlet shall not be less than 0.6m (2 feet) from any building or wall. The sampling site shall be representative of the immediate area and not be contaminated by any unique source.

((((ll))) (<u>uu</u>) PROCESS WEIGHT means total weight of the materials consumed or charged in any specific process including solid fuels charged, but excluding liquid and gaseous fuels, and combustion air.

(((mm))) (vv) PROCESS WEIGHT PER HOUR means process weight divided by number of hours from the beginning of any specific process to the completion of the process, excluding any time during which the equipment used in the process is idle.

(ww) REASONABLE FURTHER PROGRESS means annual incremental reductions in emissions of the applicable air pollutant to provide for attainment of the applicable national ambient air quality standard by the date required under the approved State Implementation Plan.

(((nn))) (xx) REFUSE BURNING EQUIPMENT means equipment as defined in ((Subsection 1.07(p))) this section employed to burn combustible refuse.

(((00))) (yy) REGULATION means any regulation or any subsequently adopted additions or amendments thereto of the Puget Sound Air Pollution Control Agency.

(((pp) RESIDENTIAL BURNING means outdoor fires consisting of natural vegetation resulting from the maintenance of lands immediately adjacent and in close proximity to a human dwelling and burned on the lands on which the material originated.))

(zz) SEASONED WOOD means wood of any species that has been sufficiently dried so as to contain 20% or less moisture by weight.

(aaa) SECOND STAGE OF IMPAIRED AIR QUALITY means a condition declared by the Control Officer when particulates 10 microns and smaller in diameter are at an ambient level of 105 micrograms per cubic meter measured on a 24-hour average.

(bbb) SECONDARY EMISSIONS means emissions which would occur as a result of the construction or operation of a new major source or major modification, but do not come from the major source or major modification itself, and are specific, well defined, quantifiable, and impact the same general area as the source which causes the secondary emissions. Secondary emissions include emissions from any offsite support facility which would be constructed or would increase its emissions as a result of the construction or operation of the new source.

(((qq) SMALL OUTDOOR FIRE means a fire in a pile no more than 1.2m (4 feet) in diameter and 0.9m (3 feet) in height.))

(((ddd))) (ccc) SOLID FUEL BURNING DEVICE (same as solid fuel heating device) means a device that burns wood, coal, or any other nongaseous or nonliquid fuels, and includes ((woodstoves, coal stoves, cook stoves, and fireplaces, or)) any ((similar)) device burning any solid fuel used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than I million Btu per hour.

(((rr))) (ddd) SOURCE means any building, structure, equipment, control apparatus, storage pile or facility which emits or may emit any air contaminant into the atmosphere.

(((ss))) (eee) SPECIAL STATION or SS means any station that does not meet the criteria or purpose of a Primary Air Mass Station or a Primary Ground Level Monitoring Station.

(((aaa) SPECIFIC EMISSIONS UNIT means any equipment, device, source, or any other specific process or activity that produces and emits to the outside air, or that may produce and emit to the outside air, any contaminant regulated by state law, federal law, or by Regulation I or Regulation II.))

(((tt))) (fff) STANDARD CONDITIONS means 20°C and 1013 mb (68°F and 29.92 in. Hg).

(((uu) STANDARD CUBIC FOOT OF GAS means that amount of the gas which would occupy a cube having dimensions of one foot on each side, if the gas were free of water vapor and at standard conditions.))

(((vv) STATE ACT means the "Washington Clean Air Act".))

(ggg) TOTAL ALLOWABLE EMISSIONS means allowable emissions including all fugitive and secondary emissions and any emission increases pursuant to Section 6.08 (c)(4).

(((ww) TRAVEL ASPHALT PLANT means any asphalt plant

(((ww) TRAVEL ASPHALT PLANT means any asphalt plant specifically designed by a manufacturer as a travel asphalt plant and customarily used in the industry to locate near the job site.))

(hhh) TREATED WOOD means wood of any species that has been chemically impregnated, painted or similarly modified.

(((fff))) (iii) URBANIZED AREA means those portions of King,

(((fff))) (iii) URBANIZED AREA means those portions of King, Pierce, Kitsap and Snohomish Counties designated as urbanized areas by the U.S. Department of Commerce, Bureau of the Census.

(((xx))) (iii) VOLATILE ORGANIC COMPOUND or VOC means any organic compound that participates in atmospheric photochemical reactions. This excludes all compounds determined to have negligible photochemical reactivity by the US EPA and listed in 40 CFR Part 51.165.

(((ccc) WOODSTOVE means a solid fuel burning device including any fireplace insert, woodstove, wood burning heater, wood stick boiler, coal-fired furnace, coal stove, or similar device burning any solid fuel used for aesthetic or space-heating purposes in a private residence or commercial establishment, which has a heat input less than 1 million Btu per hour. The term woodstove does not include any wood burning stove with an oven as an integral part of the device and designed exclusively for cooking.))

REPEALER

SECTION 12.05 EFFECTIVE DATE

REPEALER

SECTION 13.02 DEFINITIONS

WSR 91-23-096 PROPOSED RULES PUGET SOUND AIR POLLUTION CONTROL AGENCY

[Filed November 20, 1991, 9:50 a.m.]

Original Notice.

Title of Rule: Amend Regulation III: Add Sections 1.02 and 1.06; and Amend Sections 1.07, 3.03, and Appendix A.

Purpose: Add short title and general definitions sections and amend special definitions and perchloroethylene dry cleaner sections. Update the list of acceptable source impact levels to be consistent with chapter 173–460 WAC and add EPA toxic air contaminants not already on the list.

Other Identifying Information: Section 1.02 concerns a short title. Section 1.06 pertains to general definitions. Section 1.07 relates to special definitions. Section 3.03 refers to perchloroethylene dry cleaners. Appendix A relates to acceptable source impact levels.

Statutory Authority for Adoption: Chapter 70.94 RCW.

Statute Being Implemented: RCW 70.94.081.

Summary: The proposed additions will incorporate a short title and a general definitions section. The proposed amendments will delete general definitions from the specific definitions section, clarify the perchloroethylene dry cleaner sections, and update the list of acceptable source impact levels.

Reasons Supporting Proposal: Technical amendments will clarify rule. Amendments to Appendix A will update the acceptable source impact level to be consistent with chapter 173-460 WAC and the Federal Clean Air Act.

Name of Agency Personnel Responsible for Drafting: Margaret Corbin, 200 West Mercer, Room 205, Seattle, 296-7469; Implementation and Enforcement: James Nolan, 200 West Mercer, Room 205, Seattle, 296-7426.

Name of Proponent: Puget Sound Air Pollution Control Agency, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed Section 1.02 will incorporate a short title into Regulation III. The proposed Section 1.06 will incorporate general definitions from Regulation I into Regulation III. The proposed amendments to Section 1.07 will delete general definitions already defined in Regulation I. The proposed amendment to Section 3.03 is a technical correction. The proposed amendments to

Appendix A will update the list of acceptable source impact levels.

Proposal Changes the Following Existing Rules: In the proposed Section 1.07, the definitions for air pollution and best available control technology are deleted since these terms are already defined in Regulation I. In the proposed Section 3.03, the requirements for a temperature gauge are deleted. In the proposed Appendix A, several chemicals are added or deleted from the list and some acceptable source impact levels are revised.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Seattle Center, Center House Conference Room G, 305 Harrison Street, Seattle, on January 9, 1992, at 9:00 a.m.

Submit Written Comments to: Anita J. Frankel, Puget Sound Air Pollution Control Agency, 200 West Mercer, #205, Seattle, WA 98119, by December 31, 1991.

Date of Intended Adoption: January 9, 1992.

November 19, 1991 Margaret Corbin Air Toxics Specialist

NEW SECTION

SECTION 1.02 SHORT TITLE

This Regulation may be known and cited as "Regulation III of the Puget Sound Air Pollution Control Agency".

NEW SECTION

SECTION 1.06 GENERAL DEFINITIONS

All definitions in Regulation I, Section 1.07, General Definitions, are fully applicable to Regulation III.

AMENDATORY SECTION

SECTION 1.07 SPECIAL DEFINITIONS

(a) ACCEPTABLE SOURCE IMPACT LEVEL (ASIL) means a concentration of a toxic air contaminant in the <u>outdoor</u> atmosphere <u>in</u> any area that does not have restricted or controlled <u>public access</u> that is used to evaluate the air quality impacts of a single source. There are three types of acceptable source impact levels: risk—based, threshold—based, and special. Concentrations for these three types of ASILs are established by the Board after public hearing and are listed in Appendix A of this Regulation III.

(((b) AIR POLLUTION means the presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interferes with enjoyment of life and property.))

(b) (((c))) AMPERE-HOURS means the integral of electrical current applied to a plating or anodizing tank (amperes) over a period of time (hours).

(c) (((d))) ANTI-MIST ADDITIVE means a chemical which reduces the hexavalent chromium emission rate from a tank.

(((e) BEST AVAILABLE CONTROL TECHNOLOGY (BACT) means an emission limitation based on the maximum degree of reduction, which the Agency, on a case—by—case basis, taking into account energy, environmental, and economic impacts, and other costs, determines is achievable for such source through application of production processes and available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of each pollutant:))

(d) ((ff))) CHROMIC ACID ANODIZING means an electrolytic process by which a metal surface is converted to an oxide surface coating in a solution containing chromic acid.

(e) (((g))) CHROMIC ACID PLATING means an electrolytic process by which chromium is deposited on a base metal surface.

- (f) (((th))) COLD SOLVENT CLEANER or COLD CLEANER means a degreasing tank in which a solvent with a true vapor pressure greater than 4.2 kPa (0.6 psia) is not heated at or above the boiling point.
- (g) (((i))) FREEBOARD RATIO means the freeboard height (the distance from the top of the degreaser to the air/solvent vapor interface) divided by the width (lesser horizontal dimension) of the degreaser (measured at the top).

(h) (((j)))) REFRIGERATED FREEBOARD CHILLER means a set of cooling coils situated above the condenser which operates at 2°C

or less.

- (i) (((k))) TOXIC AIR CONTAMINANT (TAC) means any air contaminant listed in Appendix A of this Regulation III or listed in the Administrative Regulations of the United States of America in 40 CFR Part 372, Subpart D, as both now exist or are hereinafter amended, and both of which by this reference are incorporated herein and made a part hereof.
- (j) (((+))) VAPOR DEGREASER means a degreasing tank in which the solvent is heated at or above the boiling point.

AMENDATORY SECTION

SECTION 3.03 PERCHLOROETHYLENE DRY CLEANERS

- (a) This section applies to all dry cleaning systems using perchloroethylene, except systems with annual uncontrolled emissions of 300 kilograms or less.
- (b) It shall be unlawful for any person to operate a perchloroethylene dry cleaning system unless the entire dryer exhaust is vented through a control device which will reduce VOC emissions to 5 kilograms or less per 100 kilograms dry weight of cleaned articles.

(c) It shall be unlawful for any person to cause or allow the operation of a perchloroethylene dry cleaner unless the control device meets

one of the following conditions:

- (1) The exhaust from a carbon adsorber shall contain less than 100 ppm perchloroethylene as measured over a period of one minute before dilution; or
- (2) The air temperature at the outlet of a refrigerated condenser must reach 7°C or less during the cool-down period. A temperature gauge ((with a minimum range from -32°C to 75°C)) shall be installed on the condenser outlet duct; or
- (3) The demonstrated control efficiency for any other control device must be 90% or greater by weight, prior to the discharge to the atmosphere measured over a complete control cycle.
- (d) It shall be unlawful for any person to cause or allow the operation of any perchloroethylene dry cleaner unless all of the following conditions are met:
 - (1) All leaking components shall be repaired immediately.
- (2) If filtration cartridges are drained, they shall be drained in an enclosed container for at least twenty-four (24) hours before discarding the cartridges.

WSR 91-23-097 PROPOSED RULES SECRETARY OF STATE

[Filed November 20, 1991, 9:56 a.m.]

Original Notice.

Title of Rule: Elections procedure changes.

Purpose: Implement the provisions chapter 59, Laws of 1990, providing for the unification and simplification of election laws.

Statutory Authority for Adoption: Chapter 59, Laws of 1990.

Summary: These rules are intended to facilitate the conduct of elections. The rules describe functions and procedures required by and surrounding the election process.

Name of Agency Personnel Responsible for Drafting: David M. Elliott and John Pearson, Olympia, 753–2336; Implementation and Enforcement: Ralph Munro, Olympia, 753–7121.

Name of Proponent: Office of the Secretary of State, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: These rules will facilitate the conduct of elections. These rules will clarify and describe the process and procedures used in elections.

Proposal Changes the Following Existing Rules: Some existing rules are amended to conform with statutory changes.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Office of the Secretary of State, on April 8, 1992, at 10:00 a.m.

Submit Written Comments to: Ralph Munro, Secretary of State, P.O. Box 40229, Olympia, WA, by April

Date of Intended Adoption: May 1, 1992.

November 20, 1991 Donald F. Whiting Assistant Secretary of State

AMENDATORY SECTION (Amending Order 84-2, filed 7/16/84)

WAC 434-28-012 DECLARATION ((AND AFFIDAVIT)) OF CANDIDACY—OFFICES SUBJECT TO A PRIMARY. Declarations ((and affidavits)) of candidacy for all partisan and nonpartisan offices shall be filed in substantially the following form:

DECLARATION ((AND AFFIDAVIT)) OF CANDIDACY

am a registered voter residing at:	
(street address or rural route)	(telephone no.) Washington
(city) (county) and at the time of filing this declare office if elected.	(zip code) ation I am legally qualified to assume
	omination to the office of:
I declare myself as a candidate for no	ce)

 For the following term of office: □ a full term or a full term and a short term, or 		
☐ an unexpired term		
5. ((At the primary in September, 19 6.)) This office is:		
☐ Nonpartisan, or ☐ Partisan, and I am:		
a candidate of the party, or an independent candidate nominated pursuant to chapter 29.24		
RCW		
((7:)) 6. Filing Fee (Check one): ☐ There is no filing fee because the office has no fixed annual salary, or		
☐ I am submitting a filing fee of \$, an amount equal to 1% of the annual salary, or		
☐ I am without sufficient assets or income to pay the filing fee required by law and I have attached a nominating petition in lieu of		
this fee, pursuant to RCW 29.18.050 ((8:)) 7. Please print my name on the ballot exactly as follows:		
(please print)		
I ((swear, or affirm,)) declare that this information is, to the best of my knowledge, true. I also swear, or affirm, that I will support the Constitution and laws of the United States and the Constitution and laws of the State of Washington. 9. Sign Here		
(signature of candidate as registered to vote)		
*Note: Your signature must be personally ((witnessed)) attested to by		
either a notary public or by the officer with whom		
the declaration is filed.		
((Subscribed and sworn)) Attested to before me this day of, 19		
(signature of acknowledging official)		
(title of acknowledging official)		
Candidate: Return all copies of this declaration to ((your Elections Dept)) the filing officer. Distribution by ((Elections Dept.)) the filing officer: White—County; Yellow—PDC; Pink—Candidate		
The forms shall measure eight and one-half inches by eleven inches and ((may)) be printed on paper stock of good quality. The form shall also contain space for recording the date and time of filing and a sequential filing and receipt number. One copy of each properly executed and filed declaration and affidavit of candidacy shall be forwarded to the public disclosure commission as required by RCW ((29.18.040:)) 29.15.030, and one copy of each properly executed and filed declaration and affidavit of candidacy((; containing such information on the requirements of chapter 42.17 RCW as may be provided by resolution of the public disclosure commission;)) shall be returned to the candidate.		
tion and affidavit of candidacy((, containing such information on the requirements of chapter 42.17 RCW as may be provided by resolution of the public disclosure commission,)) shall be returned to the

AFFIDAVIT

FURTHER, I ((do solemnly swear, or affirm)) declare, under penalty of perjury, that I will support the Constitution and laws of the United States and the Constitution and laws of the state of Washington.

	(Signature of candidate)
((Subscribed and sworn to before me this day of	
y	
	(Signature of acknowledging official)
(SEAL)	•

(Title of acknowledging official)))

The forms shall measure eight and one-half inches by eleven inches and be printed on paper stock of ((twenty pound bond or a comparable substitute)) good quality. The form may also contain space for recording the date and time of filing, a receipt number, if applicable, and a sequential filing number. County auditors may design and use a declaration of candidacy different in form and style from that specified by this rule as long as it contains all of the information required by this

NEW SECTION

WAC 434-28-050 USE OF TITLE OR RANK PROHIBITED. No person when filing for office shall be permitted to use any title instead of, or in conjunction with, his or her name, except as may be provided by law or administrative rule.

NEW SECTION

WAC 434–28–060 DUPLICATION OF NAMES. Whenever, in the judgment of the filing officer, two or more candidates have filed for the same office whose names are so similar as to be confusing to voters, he or she shall differentiate between the candidates by the inclusion of additional information in connection with the name as it appears on the ballot. Such differentiation may be made by the inclusion of the candidate's occupation, status as incumbent or challenger, or by any other means which, in the judgment of the filing officer, fairly and impartially distinguishes the candidates. The filing officer may solicit suggestions and input from the candidates involved in order to resolve the situation.

Chapter 434-30 WAC BALLOTS

NEW SECTION

WAC 434-30-010 SAMPLE BALLOTS. Sample paper ballots shall be printed in substantially the same form as official ballots, but shall be a different color than the official ballot. Sample ballots for counties using electronic or mechanical voting systems shall be printed in a manner that makes them easily distinguishable from the official ballot. Sample ballots shall be available starting fifteen days prior to an election. Such sample ballots shall be made available through the office of the county auditor and at least one shall be available at all polling places on election day.

Names of the candidates in each office to appear on the primary ballot shall be arranged on the sample ballot in the order provided by RCW 29.30.020. The names of the candidates in each office to appear on the general election ballot shall be listed on the sample ballot in the order in which their names appear on the official ballot. State measures and local measures shall be in the same order as they appear on the official ballot.

At any primary or election when a local voters' pamphlet is published which contains a full sample ballot, a separate sample ballot need not be printed.

Counties with populations of over five hundred thousand may produce more than one sample ballot for a primary or election, each of which lists a portion of the offices and issues to be voted on at that election. Sample ballots may be printed by region or area (e.g., legislative district, municipal, or other district boundary) of the county, provided that all offices and issues to be voted upon at the election appears on at least one of the various sample ballots printed for such

county. Each regional sample ballot shall contain all offices and issues to be voted upon within that region. A given office or issue may appear on more than one sample ballot, provided it is to be voted upon within that region. Sample ballots shall be made available and distributed to each polling place and to other locations within the appropriate region or area.

NEW SECTION

WAC 434-30-020 PLACEMENT OF STATE BALLOT MEASURES. State ballot measures shall appear first on all sample ballots and on all general election ballots. In the event state ballot measures are to appear on the primary ballot, they shall also appear first. Measures shall appear in sequential number in the following order:

- (1) Initiatives to the people;
- (2) Referendum measures;
- (3) Referendum bills;
- (4) Initiatives to the legislature and alternate proposals, if any;
- (5) Proposed Constitutional amendments (senate joint resolutions, then house joint resolutions).

Ballot measures submitted by local governmental units shall be placed as described in WAC 434-30-030.

NEW SECTION

WAC 434-30-030 PLACEMENT OF BALLOT MEASURES FOR LOCAL UNITS OF GOVERNMENT. All county-wide ballot measures shall be listed immediately following state measures or issues. For other local ballot measures and offices, each county shall establish written procedures to determine the order in which local units of government are to be listed on the ballot. Such order of local governmental units shall be consistent on official, absentee, and sample ballots. The order may be determined by, but is not limited to the following: Size of jurisdictional area, alphabetical order by jurisdictional area, or such order as to provide for efficient use of ballot spacing and voting positions. Such procedures are to provide consistency from election to election within a county.

Except for county—wide ballot measures, local ballot measures and offices, if any, may be positioned in the area dedicated for that jurisdiction; or, local ballot measures may be grouped in a separate area dedicated to special measures only. This may be an area on the ballot separate from the candidates of such local government unit.

NEW SECTION

WAC 434-30-040 CANDIDATE'S POLITICAL PARTY DES-IGNATION—PRIMARY TO GENERAL. No person who has offered himself or herself as a candidate for the nomination of one party at the primary, shall have his or her name printed on the ballot of the succeeding general election as the candidate of another political party.

NEW SECTION

WAC 434-30-050 CANDIDATE NOMINATED BY TWO OR MORE POLITICAL PARTIES OR FOR TWO OR MORE OFFICES. In the event a candidate, as a result of write-in votes, is the nominee of two or more political parties for the same office, such candidate shall designate in writing, under which political party designation he or she desires to be listed on the ballot. Such written notice shall be submitted to the county auditor within three days of the certification of the primary.

In the event a candidate, as a result of write-in votes in the primary, is a nominee for two or more offices, the candidate shall notify the county auditor within three days of the primary certification, in writing, of the single office for which he or she desires to appear on the general election ballot. Any void in candidacy for other positions thus created will be handled as provided by law.

NEW SECTION

WAC 434-30-060 PRIMARY VOTES REQUIRED FOR AP-PEARANCE ON GENERAL ELECTION BALLOT. Following any nonpartisan primary, no candidate's name shall be entitled to appear on the general election ballot unless he or she receives the greatest or the next greatest number of votes for the office and additionally receives at least one percent of the total votes cast for the office.

Following any partisan primary, no political party candidate's name shall be entitled to appear on the general election ballot unless he or she receives a plurality of votes cast for the candidates of his or her party for that office and additionally at least one percent of the total votes cast for the office. An Independent candidate must receive one percent of the total votes cast for the office in the primary in order for his or her name to appear on the general election ballot. The filing officer shall notify, in writing, all candidates who satisfy other requirements but who fail to meet the one percent requirement of the fact that their name will not appear on the general election ballot.

In those charter counties where provision is made in the county charter for the qualification of minor party and independent candidates, the charter provisions shall apply if the candidates has chosen that method for ballot qualification.

NEW SECTION

WAC 434-30-070 METHOD FOR BILLING EXPENSE FOR PRINTING AND DISTRIBUTING BALLOT MATERIALS. As provided by RCW 29.30.130, the cost of printing ballots, ballot cards, and instructions and the delivery of materials to the precinct election officers shall be an election cost that shall be borne as determined under RCW 29.13.045 and 29.13.047. These costs shall include all expenses associated with, but not limited to, the printing of election related materials including costs associated with the ordering, administration, design, typesetting, layout, and printing of ballots, ballot cards, instructions, election signs, sample ballots, official tally sheets, and other related materials. Costs associated with the delivery of supplies include, but are not limited to, the transportation and delivery of election materials and voting devices; plus costs associated with coordinating the delivery and return of these items. Each jurisdiction or entity shall be responsible for its proportionate share of these election printing costs. Counties may choose to compute election costs utilizing the state auditor's allocation formula.

NEW SECTION

WAC 434-30-080 JUDICIAL BALLOTS—FORM. Judicial positions and candidates shall appear separately on the nonpartisan portion of the ballot in the following order: Judges of the supreme court, judges of the court of appeals, judges of the superior court, and district court judge. Each such office shall be designated with position numbers and vote for one, two, etc., (as the case may be). Any position for an unexpired term or short/full term shall be listed on the ballot after positions scheduled for full term elections, stating the length of the term, followed by the words "unexpired" or "short/full term," as the case may be.

NEW SECTION

WAC 434-30-090 DETERMINING NOMINEES FOR MULTIPLE POSITIONS. If there are two or more places to be filled for a nonpartisan office, the number of candidates equalling the number of positions to be filled who receive the highest number of votes at the primary and an equal number who receive the next highest number of votes shall appear under the designation for that office.

NEW SECTION

WAC 434-30-100 MECHANICAL VOTING DEVICE BALLOT LABEL UNIFORMITY. All ballot labels for an election in counties using voting machines shall be uniform in color and size.

NEW SECTION

WAC 434-30-110 MECHANICAL VOTING DEVICE IN-STRUCTIONS. Prominently displayed in the polling place and on mechanical voting device diagrams prepared for each precinct, shall appear instructions directing the voter how to operate the voting device and correctly cast votes on issues and candidates, including write-in votes. The instructions shall read substantially as follows: Move the handle of the device to right as far as it will go and leave it there. To vote on measures, pull the lever down over the "Yes" or "No" and leave it there. To vote for a candidate, pull the lever down over the name of each candidate you wish to vote for and leave it there (a graphical representation of the lever being moved to a voting position may be displayed). To vote for a person not listed on the ballot, lift the slot cover at the top of the device, above the correct office, and write in the name of the person for which you wish to vote. If the office is partisan, political party must also be listed. Move the handle of the device to the left as far as it will go, and your voting has been completed.

NEW SECTION

WAC 434-30-120 MECHANICAL VOTING DEVICES—OF-FICE TITLE LABEL. On the office title label, each office to be elected shall be identified along with a statement designating how many candidates are to be voted on for such office (e.g., vote for, with the words, "one," "two," or a spelled number). Office term shall be included on the ballot label if such term is other than a full, regular term (e.g., short/full term, two year unexpired term. etc.).

NEW SECTION

WAC 434-30-130 MECHANICAL VOTING DEVICES—BALLOT FORM. Listed below each office title shall be the names of all candidates for that position, each followed by the name or abbreviation of the political party, if any, with which the candidate desires to affiliate, or the word "nonpartisan," or "NP" if such office is nonpartisan. Each office listed on the ballot shall be separated by a bold line. Candidate names shall be printed in a type style and point size which can be easily read. If a candidate's name exceeds the space provided, the election official shall take whatever steps are necessary to place the name on the ballot label in a manner which is readable. These steps may include using a smaller point size, a different type style, or setting the name in upper/lower case letters, rather than upper case, if appropriate.

There shall be a lever above the name of each candidate so that a voter may clearly indicate the candidate or candidates for whom they wish to cast their vote. If the election is in a year in which a President of the United States is to be elected, the names of all candidates for President and Vice-President for each political party shall be grouped together. Each group shall be enclosed in brackets with a single lever above, with which the voter may indicate their choice.

NEW SECTION

WAC 434-30-140 MECHANICAL VOTING DEVICE DIA-GRAMS. Mechanical voting device diagrams prepared for each device shall be identical to the ballot labels for that device, containing all offices and issues to be decided. The voting device diagram shall indicate the type of election, the election date, the county name and instructions as prescribed in WAC 434-30-110 (see Mechanical voting device instructions). Two diagrams shall be prepared and provided for each device. These diagrams are to be displayed at the polling place and shall also be used by the election precinct officials to proof each device ballot prior to the opening of the polls.

NEW SECTION

WAC 434-30-150 ELECTRONIC VOTING DEVICE BALLOT UNIFORMITY. All ballot cards for an election in counties using electronic voting devices shall be uniform in size. Counties may use varying colors of ballot cards if such color is used consistently throughout a region, area or jurisdiction (e.g., legislative district, commissioner district, school district, etc.). Varying color may also be used to designate absentee ballots, official ballots or vote by mail ballots, and in the case of a presidential preference primary, political party ballots.

NEW SECTION

WAC 434-30-160 ELECTRONIC VOTING DEVICE INSTRUCTIONS. The ballot shall identify the type of primary or election, the county, and the date of the primary or election. Prominently displayed in the voting booth or on the ballot shall appear instructions directing the voter how to operate the voting device and correctly cast votes on issues and candidates, including write-in votes. The instructions shall read substantially as follows: To vote for a candidate or for or against a measure, punch or mark the voting position to the right of the measure or of the name of the person for whom you desire to vote. To vote for a person not on the ballot, write the title of the office, (if applicable), the name of the candidate, and party affiliation if for a partisan office, in the space provided on the ballot card or ballot envelope and punch or mark such write-in position (if applicable).

Absentee ballots shall be designated with "absent voter" or "absentee ballot" printed at the top of the ballot card.

WAC 434-30-170 ELECTRONIC VOTING DEVICES-BALLOT FORM. On the ballot each office to be elected shall be identified along with a statement designating how many candidates are to be voted on for such office (e.g., vote for, with the words, "one," "two," or a spelled number). The office term shall be included on the ballot if such term is other than a full, regular term (e.g., short/full term, two-year unexpired term, etc.). Offices shall be listed on the ballot in the manner prescribed by law and these rules. Immediately following shall be the names of all candidates for that position, each followed by the name or abbreviation of the political party, if any, with which the candidate desires to affiliate or the word "nonpartisan," or "NP" with an arrow, box, or other notation at the right edge of the ballot indicating where the voter is to punch or mark the ballot for the candidate. Each office listed on the ballot shall be separated by a bold line. In a year in which a President of the United States is to be elected, the names of all candidates for President and Vice-President for each party shall be grouped together. Each group shall be enclosed in brackets with one vote response position for each party, where the voter may indicate their choice.

Candidate names shall be printed in a type style and point size which is easily read. If a candidate's name exceeds the space provided, the election official shall take whatever steps necessary to place the name on the ballot in a manner which is readable. These steps may include using a smaller point size, a different type style, or setting the name in upper/lower case letters, rather than upper case, if appropriate.

Each position, with the candidates running for that office, shall be separated from the following one by a bold line. Following each listing of candidates shall be a blank space for writing in the name of any candidate, if desired, on the ballot card, or a write-in space provided on the ballot envelope.

NEW SECTION

WAC 434-30-180 BALLOT CARDS—NUMBERING. All ballot cards shall be sequentially numbered, but done in such a way to permit removal of such numbers without leaving any identifying marks on the ballot card. The sequential number shall be used in a manner to inventory ballots issued at a precinct on election day, and may be used in a manner to facilitate the auditing process for certification of an election. At no time may there be a tracking system to trace a specific ballot back to an individual voter. There shall be no marks on the ballot cards which would distinguish an individual voter's ballot card from other ballot cards.

NEW SECTION

WAC 434-30-190 PAPER BALLOT UNIFORMITY. All paper ballots used in an election shall be uniform in size. Counties may use varying colors of paper ballots if such color is used consistently throughout a region, area, or jurisdiction (e.g., legislative district, commissioner district, school district, etc.). Varying colors may also be used to designate absentee ballots, official ballots, or vote by mail ballots, and in the case of a presidential preference primary, political party ballots.

NEW SECTION

WAC 434-30-200 PAPER BALLOT INSTRUCTIONS. All paper ballots shall identify the type of primary or election, the county, and the date of the primary or election. The ballot shall contain instructions on the proper method of recording a vote, including write-in votes. The instructions shall read substantially as follows: If you desire to vote for or against any measure, place an X in the appropriate square following such measure. To vote for a person, mark an X in the square to the right of the name of the person for whom you desire to vote. To vote for a person not on the ballot, write in the name of the candidate, and the party affiliation, if for a partisan office, in the space provided. (If desired a graphical representation of a box can be used in lieu of the word "square" in the instructions.)

Absentee ballots shall be designated with "absent voter" or "absentee ballot" printed at the top of the ballot.

NEW SECTION

WAC 434-30-210 PAPER BALLOTS—BALLOT FORM. Following ballot measures, each office to be elected shall be identified

along with a statement designating how many candidates are to be voted on for such office (e.g., vote for, with the words, "one," "two," or a spelled number). Office term shall be included on the ballot if such term is other than a full, regular term (e.g., short/full term, two-year unexpired term, etc.). Offices shall be arranged in the manner described in RCW 29.30.020. Immediately following shall be the names of all candidates for that position, followed by the name or abbreviation of the political party, if any, with which the candidate desires to affiliate or the word "nonpartisan" or "NP." Each office to be elected shall be separated by a bold line. In a year in which a President of the United States is to be elected, the names of all candidates for President and Vice-President for each party shall be grouped together. Each group shall be enclosed in brackets with a single square to the right in which the voter indicates their choice.

Candidates names shall be printed in a type style and point size which is easily read. If a candidate's name exceeds the space provided, the election official shall take whatever steps necessary to place the name on the ballot in a manner which is readable. These steps may include using a smaller point size, a different type style, or setting the name in upper/lower case letters, rather than upper case, if appropriate.

There shall be a box at the right of the name of each candidate so that a voter may clearly indicate the candidate or candidates for whom they wish to cast their vote.

Immediately following the list of candidates for a given position shall appear a blank space or spaces for writing in the name of a candidate, followed by a box to the right of the blank space.

NEW SECTION

WAC 434-30-220 PAPER BALLOTS—NUMBERING. All paper ballots shall be sequentially numbered, but done in such a way to permit removal of such numbers without leaving any identifying marks on the ballot. The sequential number shall be used in a manner to inventory ballots issued at a precinct on election day, and shall be used in a manner to facilitate the auditing process for certification of an election. At no time may there be a tracking system to trace a specific ballot back to an individual voter. There shall be no marks on the paper ballot which would distinguish an individual voter's paper ballot from other paper ballots.

Chapter 434–34 WAC ELECTRONIC VOTING REQUIREMENTS

NEW SECTION

WAC 434-34-010 CERTIFICATION OF VOTE TALLYING EQUIPMENT. All voting systems, voting devices, and vote tallying systems must be certified and approved by the secretary of state before they can be used or sold in Washington state. In order for a system to be certified in Washington state it must meet the Federal Elections Commission Standards, must comply with Washington state law, and must be certified and in use in at least one other state.

NEW SECTION

WAC 434-34-015 APPLICATION FOR CERTIFICATION. A vendor may apply to the secretary of state at any time during the year. However, certification examinations and hearings will only be performed in the period between the end of the legislative session and August 15th of each year. The application shall include at least the following information:

- (1) Information about the vendor, location, customer lists, and
- (2) Information about the product that is being reviewed, version numbers, release numbers, operating and maintenance manuals, training materials, technical and operational specifications, installed customer lists, etc.
- (3) The vendor shall include certification documents for all other states that have certified the equipment.
- (4) The vendor shall provide reports for all tests conducted, on the product being reviewed for certification, by any independent testing authority or laboratory. The independent authority must meet the criteria established by the Federal Elections Commission for such agents.
- (5) The vendor shall provide documentation proving that the product meets the Federal Elections Commission Voting Equipment guidelines.

- (6) The vendor shall identify what portion of the software remains proprietary.
 - (7) A monetary deposit as described in WAC 434-34-025.

WAC 434-34-020 ADDITIONAL INFORMATION AND EQUIPMENT REQUIRED. The vendor shall provide a working model of the equipment that is being reviewed to the secretary of state for the duration of the review. The secretary of state may, at the expense of the vendor, contract with independent testing authorities or laboratories, experts in mechanical engineering, electrical engineering, or data processing while examining the equipment.

NEW SECTION

WAC 434-34-025 VENDOR DEPOSIT FOR EXAMINATION EXPENSES. The vendor shall pay the secretary of state a deposit to reimburse the cost of any contract for consultation or any other unrecoverable costs associated with the examination of a voting system or component.

NEW SECTION

WAC 434-34-030 EXAMINATION OF EQUIPMENT. Only after the secretary of state has received a completed application from the vendor may an examination begin. The examination consists of a series of functional application tests designed to insure that the system or equipment meets all guidelines and laws. The examination may include an additional independent testing authority test if the secretary of state is not satisfied with the documentation made available by the vendor. The examination shall include the set-up and conduct of two mock elections. The vendor shall provide ballot materials and programming to create these elections.

- (1) The first election shall replicate an even year primary, to test the use of rotation.
- (2) The second election shall replicate an odd year general election, to test the use of split precincts.

Both elections shall feature at least ten precincts with at least ten ballots in each precinct.

NEW SECTION

WAC 434-34-035 PUBLIC HEARING. Only after the secretary of state is satisfied that the equipment being examined meets all of the guidelines for certification shall a public hearing be scheduled. The public hearing will be scheduled at the convenience of the secretary of state. At the hearing the vendor will be expected to demonstrate the equipment and explain its function. The vendor will be expected to as any other persons in attendance. The vendor may be asked to submit answers in writing if the secretary of state is not satisfied with the completeness of answers given at the hearing.

NEW SECTION

WAC 434-34-040 ISSUANCE OF CERTIFICATION. After the secretary of state is satisfied that the system meets all requirements, a report or certification will be issued. If the system fails to meet any of the requirements, the vendor will be notified and given thirty days to submit an improved version of the system. The improved version will be tested as if it had not been seen by the office of the secretary of state before.

NEW SECTION

WAC 434-34-045 MODIFICATION OF CERTIFIED EQUIP-MENT, GUIDELINES FOR RE-EXAMINATION. Any modification, change, or improvement to a voting system or component that impairs its accuracy, efficiency, or capacity or extends its function may require examination or certification before it may be used or sold in Washington state.

NEW SECTION

WAC 434-34-050 APPLICATION FOR CERTIFICATION OR EXAMINATION OF MODIFIED VOTING SYSTEMS OR DEVICES. A vendor may apply to the secretary of state for the review

of a modification of an existing certified system at any time during the year. Evaluation of the need for recertification or examination will occur at the convenience of the secretary of state. If possible the secretary of state will focus review and examination on the modified component of the equipment or system. If the system, or its component, is found to be sufficiently modified that it requires examination or recertification, the process for original certification shall be followed. Certification examinations and hearings will only be performed in the period between the end of the legislative session and August 15th of each year. The application for examination of a modification shall include at least the following information:

- (1) Information about the vendor, location, customer lists, and product lists.
- (2) Information about the product that is being reviewed, version numbers, release numbers, operating and maintenance manuals, training materials, technical and operational specifications, installed customer lists, etc.
- (3) The vendor shall include certification documents for all other states that have certified the equipment.
- (4) The vendor shall provide reports for all tests conducted, on the product being reviewed for certification, by any independent testing authority or laboratory. The independent authority must meet the criteria established by the Federal Elections Commission for such agents.
- (5) The vendor shall provide documentation proving that the product meets the Federal Elections Commission Voting Equipment guidelines.
- (6) A document prepared by the vendor that describes in complete operational and technical detail all differences between the originally certified equipment or system and the modified equipment or system.
- (7) The vendor shall identify what portion of the software remains proprietary.
 - (8) A monetary deposit as described in WAC 434-34-025.

NEW SECTION

WAC 434-34-055 ACCEPTANCE TESTING OF VOTING SYSTEMS AND EQUIPMENT. Whenever a county acquires a new system or an upgrade to an existing system that has been certified by the secretary of state, the county must perform acceptance tests of the equipment before it may be used to count votes at any election. The equipment must be operating correctly, pass all tests and must be identical to the equipment certified by the secretary of state. The minimum testing standards are described as follows:

- (1) The model number, version number, release number, and any other number, name or description that identifies the product must be the same as the identifying numbers for the product that has been certified by the secretary of state.
- (2) The county must receive all manuals, and training necessary for the proper operation of the system.
- (3) The county shall perform a series of functional and programming tests that will test all functions of the ballot counting system. This must include processing a substantial number of test ballots of various prepunch or ballot codes, including split precincts, rotated races, multiple candidates, precinct committee officer local races, cumulative reports, precinct reports, canvass reports, and any other tests the county elections authority finds necessary.

NEW SECTION

WAC 434-34-060 INCLUSION OF THE FEDERAL ELECTION COMMISSION STANDARDS FOR VOTING EQUIPMENT. The Federal Election Commission standards concerning voting systems and software escrow are hereby included by reference except where otherwise modified by these rules and the Revised Code of Washington.

NEW SECTION

WAC 434-34-065 LOGIC AND ACCURACY TEST CON-DUCT. The county shall provide adequate personnel to properly operate the ballot counting equipment, the equipment should be operated by the same persons who will be conducting the actual ballot count on election day. At the scheduled time the test decks shall be run through the ballot counting system and ballot results produced. The results shall then be compared with the preaudit expected results. If any error is detected, the cause shall be determined and corrected, and an errorless total produced before the primary or election.

WAC 434-34-070 LOGIC AND ACCURACY TEST OBSER-VERS. The logic and accuracy test shall be observed by at least one representative of each major political party, if representatives have been appointed by the parties and are present at the test. The observers shall be instructed as election observers, by the county auditor, prior to observing an election. The logic and accuracy test shall be open to candidates, the press, and the public.

NEW SECTION

WAC 434-34-075 LOGIC AND ACCURACY TESTING OF VOTING SYSTEMS AND EQUIPMENT—STATE PRIMARY AND GENERAL ELECTION. At least three days before each state primary or general election the programming for each vote tallying system to be used at that primary or election shall be tested by the office of the secretary of state. The test should verify that the system will correctly count the votes cast for all candidates and all measures appearing on the ballot. The test shall be conducted by processing a preaudited group of ballots, marked with a predetermined number of votes, for each candidate and for or against each measure. For each office where there are two or more candidates and for each measure there will be an undervote and overvote.

NEW SECTION

WAC 434-34-080 LOGIC AND ACCURACY TEST DECK PREPARATION-STATE PRIMARY AND GENERAL ELEC-TION. The test deck or decks used for the official logic and accuracy test may be prepared by either the office of the secretary of state, or the county. Information describing the candidates, offices, ballot formats, ballot positions, pages applicable or planning matrix, accurate list of prepunches, list of the number of appearances of each office and each rotation, and all other information required to create the test decks must be available to the office of the secretary of state at the very latest by the 30th day prior to the primary or election. If a county is delayed due to complications related to lawsuits or late filing periods, the county should advise the office of the secretary of state before the 30th day prior to the primary or election.

NEW SECTION

WAC 434-34-085 LOGIC AND ACCURACY TEST SCHED-ULING AND PREPARATION—STATE PRIMARY AND GEN-ERAL ELECTION. Prior to each state primary and general election the office of the secretary of state will prepare a schedule of logic and accuracy tests. The office of the secretary of state will notify each county of the date and time of their test at least two weeks before the test. The county is responsible for preparing the counting system and testing it before the actual logic and accuracy test. The ballot counting system shall be one hundred percent programmed, tested and functional before the official logic and accuracy test. The county shall notify the parties, the press, the public, and candidates of the date and time of the test.

NEW SECTION

WAC 434-34-090 LOGIC AND ACCURACY TEST CERTI-FICATION-STATE PRIMARY AND GENERAL ELECTION. The secretary of state, the county auditor, and any political party observers shall certify that the test has been conducted in accordance with RCW 29.34.163. Copies of this certification shall be retained by the secretary of state and the county auditor. All programming materials, test results, and test ballots shall be securely sealed until the day of the primary or election.

NEW SECTION

WAC 434-34-095 LOGIC AND ACCURACY TESTING OF VOTING SYSTEMS AND EQUIPMENT-SPECIAL ELEC-TIONS. At least three days before each special election the programming for each vote tallying system to be used at that election shall be tested for logic and accuracy. The test should verify that the system will correctly count the votes cast for all candidates and all measures appearing on the ballot. The test shall be conducted by processing a preaudited group of ballots, marked with a predetermined number of votes, for each candidate and for or against each measure. For each office where there are two or more candidates and for each measure there will be an undervote and overvote.

NEW SECTION

WAC 434-34-100 LOGIC AND ACCURACY TEST DECK PREPARATION-SPECIAL ELECTIONS. The test deck or decks used for the official logic and accuracy test will be prepared by the county elections office.

NEW SECTION

WAC 434-34-105 LOGIC AND ACCURACY TEST SCHED-ULING AND PREPARATION-SPECIAL ELECTION. The county is responsible for preparing the counting system and testing it before the actual logic and accuracy test. The ballot counting system shall be one hundred percent programmed, tested, and functional before the official logic and accuracy test. The county shall notify the parties, the press, the public, and candidates of the date and time of the test.

NEW SECTION

WAC 434-34-110 LOGIC AND ACCURACY TEST CERTI-FICATION-SPECIAL ELECTION. The county auditor, and any political party observers shall certify that the test has been conducted in accordance with RCW 29.34.163. Copies of this certification shall be retained by the county auditor. All programming materials, test results, and test ballots shall be securely sealed until the day of the primary of election.

NEW SECTION

WAC 434-34-115 LOGIC AND ACCURACY TESTS FOR DIRECT RECORDING ELECTRONIC EQUIPMENT. Direct recording electronic (DRE) voting equipment shall be tested for logic and accuracy. Counties using DRE equipment must fully test each voting device to see that it is fully functional including tests of all mechanical and electronic circuits. This testing must be documented as part of the logic and accuracy test procedure. For the state primary and general election, the office of the secretary of state will perform a test of the vote tallying capabilities of the DRE system. For special elections the county will perform a test of the vote tallying capabilities of the DRE system. Observers may attend the logic and accuracy test in accordance with WAC 434-34-090. Following the test the DRE machines shall be sealed and the seals shall remain unbroken until election day.

Chapter 434-53 WAC THE POLLING PLACE—BEFORE, DURING, AND AFTER THE ELECTION

NEW SECTION

WAC 434-53-010 ACTIVITIES PROHIBITED WITHIN THE POLLING PLACE. The county auditor shall ensure that all precinct election officers receive instruction regarding activities that are not permitted within the polling place, including electioneering, circulation of campaign material, soliciting petition signatures, impeding the voting process, or conducting exit polls. Whenever it is necessary to maintain order within the polling place and the surrounding environs, the inspector shall contact the county auditor, who shall determine the corrective action required. Such corrective action may include contacting a law enforcement agency for their assistance.

NEW SECTION

WAC 434-53-020 **ELECTION** SUPPLIES—POLLING PLACE. Polling places shall be provided with the following supplies at every election:

- (1) Precinct list of registered voters or a poll book, which shall include suitable means to record the signature and address of the voter;
 - (2) Inspector's poll book;
 - (3) Required oaths/certificates for inspectors and judges;
 - (4) Sufficient number of ballots as determined by election officer;
 - (5) Ballot containers;
 - (6) Sample ballots;
 - (7) United States flag;
 - (8) Instruction signs for voters;
 - (9) Challenge/questioned ballot envelopes;

- (10) Cancellation cards due to death;
- (11) Voting equipment instructions;
- (12) Procedure quidelines for inspectors and judges;
- (13) Precinct Election Officer Guidebooks;
- (14) Keys and/or extra seals;
- (15) Pay voucher;
- (16) Precinct maps;
- (17) Ballots stub envelope (purpose of audit trail).

Reviser's note: The spelling error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 434-53-030 SECURING THE BALLOT BOX. After the ballot box is determined to be empty it shall be locked or sealed with a numbered seal as directed by the county auditor. If a lock is used, the key shall be retained by the inspector or the numbered seal shall remain on the ballot box until it is opened following the closing of the polls or to permit the early tabulation of paper ballots or the early pickup and transfer of ballots to the counting center.

NEW SECTION

WAC 434-53-040 VERIFICATION OF VOTER'S NAME. All voters must provide their names to the precinct election officers so that verification can be made that the voter's name appears in the poll book or precinct list of registered voters. Upon verifying that the voter's name is in the poll book or precinct list of registered voters (hereafter referred to as list) any precinct election officer may challenge that voter's right to vote, as provided by law. If no challenge is made, the voter shall be issued a ballot.

NEW SECTION

WAC 434-53-050 VOTER UNABLE TO SIGN NAME—AUTHORITY TO VOTE. Whenever a registered voter's name appears in the poll book or list but the voter is unable to sign his/her name, the voter shall be identified by another registered voter. The person identifying the voter wishing to vote but unable to sign his/her name must provide a voter registration card or be verified as a registered voter by the precinct election officer. This action shall be noted in the poll book next to the mark made by the identified registered voter. Where the person identifying the person wishing to vote can not be verified as a registered voter, the person wishing to vote shall vote a questioned ballot.

NEW SECTION

WAC 434-53-060 CREDIT FOR VOTING. All voters who are issued a ballot shall be credited for participating in that primary or election by an appropriate notation in the poll books. The county auditor shall ensure that each person for whom a notation appears in the precinct list of registered voters receives credit for voting on his or her permanent registration record.

NEW SECTION

WAC 434-53-070 ACCOUNTING FOR BALLOT STUB. Before any ballot is placed in the ballot box the numbered ballot stub must be removed and kept by the precinct election officer. All stubs shall be returned to the county auditor's office with all other election material. The stubs shall be retained with other election material.

NEW SECTION

WAC 434-53-080 VOTER LEAVING POLLING PLACE WITHOUT VOTING. Whenever it is noted by a precinct election officer that a voter has been issued a ballot and leaves a polling place without returning the ballot, a notation shall be made in the poll book or list along with the ballot stub number of the ballot issued.

NEW SECTION

WAC 434-53-090 DESIGNATION OF POLL WATCHERS. All persons designated as poll watchers by any political party or committee shall be so designated in writing by the party or committee.

Such designation shall be signed by an appropriate officer of the party or committee. The auditor may require that a copy of this designation be filed with his or her office not later than the day prior to the primary or election and shall, whenever possible, ensure that a copy of the designation is provided to each affected polling place inspector. The inspector shall ensure that poll watchers have access to a record of who has voted but shall also ensure that absolutely no interference with voting takes place.

NEW SECTION

WAC 434-53-100 ELECTRONIC VOTING DEVICES—IDENTIFIED FOR SPECIFIC CANDIDATES OR MEASURES. In those counties using electronic voting devices and a separate ballot, and where not all voters within a precinct or polling place are entitled to vote on all candidates or measures appearing on the ballot in that precinct or polling place, the voter shall be directed to a voting device where the ballot contains only the appropriate offices and measures. Unless otherwise provided by law or these rules, if the ballots are segregated by the use of a pre-punch or other machine-readable code, the voter may be directed to any voting device provided, the pre-punch or code is designed to permit the tabulation of only those responses for which the voter was entitled to vote. Instructions shall be provided to the voter by identifying in each device which ballot pages or sections of ballot pages are applicable to the various ballot codes assigned to the voting device.

NEW SECTION

WAC 434-53-110 EXAMINATION OF VOTING DEVICES. Precinct election officers charged with periodically examining the voting devices to ensure that they have not been tampered with shall do so at least once every hour while the polls are open.

NEW SECTION

WAC 434-53-120 SPOILED BALLOT PROCEDURES. If the voter spoils his or her ballot by mis-marking it or otherwise damaging the ballot in such a way that it cannot be accurately tabulated to reflect the voter's intent, the voter shall return the spoiled ballot to the precinct election officer shall then render the spoiled ballot unusable, make the appropriate notation on the poll book or list, and issue the voter a new ballot or ballot card. Spoiled ballots shall be clearly identified as such, and returned to the county auditor in a manner which permits the segregation of such ballots from other ballots. Precinct election officers shall ensure that an adequate audit trail exists for all spoiled ballots.

NEW SECTION

WAC 434-53-130 ASSISTANCE TO VOTERS. Where it appears in the judgment of the inspector that a particular voter is having difficulty casting his/her vote, and as a result, is impeding other voters from voting, the inspector may provide assistance to that voter in the same manner as provided by law for those voters who request assistance.

NEW SECTION

WAC 434-53-140 VOTER INTENTIONALLY CAUSING DELAY. Where it is the judgment of the inspector that a voter is impeding other voters from voting to simply cause delay, the inspector shall ask the voter to expedite the voting process. In the event the voter refuses to cooperate, the inspector shall contact the county auditor, who may request assistance from the appropriate law enforcement agencies if he or she deems such action necessary.

NEW SECTION

WAC 434-53-150 CLOSING THE POLLS. At the prescribed closing time, the inspector shall announce aloud that the polls are closed, the doors to the polling place shall be shut, and no further persons shall be allowed to enter to vote. All persons within the polling place at the time the closing is announced shall be permitted to complete the process of voting. The doors to the polling place shall remain unlocked until the election officials depart at the completion of their work so that work of accounting for the ballots and other voting material may be observed by interested parties.

WAC 434-53-160 BALLOT ACCOUNTABILITY—FORM FOR RECORDING. Precinct election officials shall maintain accountability for all ballots issued for each precinct. The county auditor shall provide a ballot accountability sheet with each poll book or list for each precinct or combination of precincts, upon which shall be recorded, at a minimum, the following information:

- (1) Identification of the precinct or combination of precincts;
- (2) The number of ballots issued;
- (3) The number of used ballots which are questioned or challenged:
- (4) The number of issued ballots that are spoiled;
- (5) The number of unused ballots;

(6) The number of signatures of voters issued ballots that appear in the poll book or list of registered voters.

At the closing of the polls, the ballots of each category enumerated in subsections (1) through (6) of this section shall be counted and recorded on the ballot accountability sheet as required by these rules. The accountability sheet shall be maintained with the poll book or list and signed by the precinct election officials when completed.

NEW SECTION

WAC 434-53-170 AUDIT TRAIL FOR UNUSED BALLOTS. The number of ballots left unused after the last qualified voter has cast his or her ballot shall be recorded on the ballot accountability sheet. After the polls have closed and before the container holding the voted ballots is opened, the unused ballots shall be defaced by tearing partially through the ballot. The torn, unused ballots shall then be placed in a special envelope marked "unused ballots," the envelope sealed, and placed into the pouch or container provided for the return of voting materials to the counting center or auditor's office. The unused ballots must not be placed in the same container as the regular voted ballots.

NEW SECTION

WAC 434-53-180 COUNTING OF SIGNATURES ON POLL BOOK OR PRECINCT LIST OF REGISTERED VOTERS. After the polls close, the precinct election officer responsible for the poll book or list of registered voters which contains the signatures of the voters who have cast ballots shall count the total number of signatures. This number shall then be recorded on the ballot accountability sheet and shall be used to compare with the number of ballots cast prior to certification.

NEW SECTION

WAC 434-53-190 RECORDING OF SPOILED BALLOTS AND BALLOT STUBS. After the polls close, the number of spoiled ballots, if any, shall be recorded on the ballot accountability sheet. The spoiled ballots shall then be placed in an envelope marked "ballot stubs and spoiled ballots" along with the ballot stubs removed from the voted ballots.

NEW SECTION

WAC 434-53-200 DISPOSITION OF IRREGULARLY VOT-ED BALLOTS. All irregularly voted ballots, including questioned, challenged, and absentee ballots, if any, shall be sorted from the regular voted ballots. The questioned and challenged ballots, if any, shall be counted and the number recorded on the ballot accountability sheet. The irregularly voted ballots in their own individual sealed and marked envelopes shall then be placed in a secure container and sealed therein. The number of irregularly voted ballots shall be recorded on the outside of the container. The sealed container shall then be returned to the counting center or auditor's office.

NEW SECTION

WAC 434-53-210 COUNT OF VOTED BALLOTS. After the irregularly voted ballots have been sorted, counted and sealed away in secure containers, the other voted ballots shall be removed from the ballot box and counted, and the number recorded on the ballot accountability sheet. County auditors may require additional procedures to permit the segregation of various types of voted ballots.

NEW SECTION

WAC 434-53-220 RECONCILIATION OF BALLOT COUNT. After all ballots have been counted, and the counts entered on the ballot accountability sheet, the precinct election officers shall attempt to reconcile the number of ballots issued against the other totals on the sheet. If a discrepancy exists among any of these numbers, one recheck of the signatures and the ballots shall be made. If unable to reconcile, the discrepancy along with as much information as to what did or may have caused the discrepancy shall be entered on the ballot accountability sheet.

The election officials shall attest to the ballot accountability sheet by each signing in the spaces provided. The ballot accountability sheet, along with the poll book or list, shall be placed in the appropriate container for return to the counting center or auditor's office. The inspector shall remove and retain a copy of the list of participating voters as the "inspector's copy" for a period of sixty days following the election.

NEW SECTION

WAC 434-53-230 PREPARING VOTED BALLOTS FOR TRANSFER. After the ballot accountability sheet is signed, in those counties where ballots are not tabulated at the polling place, the voted ballots shall be placed in a transfer container for transfer to the counting center, either directly or via a ballot collection station. There shall be placed either inside the container or attached to the outside of the container, a transmittal sheet which as a minimum shall identify the precinct or precincts represented by the ballots, the number of ballots in the container, and, if a seal is used, the seal number of the seal to be used on the container. The inspector and one judge from each political party shall sign the transmittal sheet attesting to the number of ballots and the serial number of the seal. The transfer container shall then be locked and the seal fastened.

NEW SECTION

WAC 434-53-240 TRANSFER OF BALLOTS PRIOR TO CLOSING OF THE POLLS. The county auditor may authorize an early pick up of ballots from designated polling places prior to the closing of the polls. Where so authorized, the precinct election officers at the designated polling places shall remove the voted ballots from the ballot box or pouch at the specified time and count them. The count shall be entered on the ballot accountability sheet, a transmittal sheet completed and signed, and the ballots sealed in a transfer container in the same manner as for the closing of the polls. The transmittal sheet may be sealed with the ballots or it may be attached to the outside of the transfer container. The election officials shall not leave the polling place. A ballot pickup team or teams, consisting of representatives of each major political party and appointed by the county auditor for that purpose, shall be assigned to pick up the transfer containers for return to the counting center.

NEW SECTION

WAC 434-53-250 SEALING THE BALLOT PAGES AP-PEARING IN VOTING DEVICES. In polling places where voting devices are used, the county auditor shall ensure that adequate procedures are in place to permit the ballot pages within the voting device to be sealed following the election. This shall be done in such a way so that the ballot pages cannot be altered or otherwise tampered with, and in a manner that will provide an audit trail from ballot to precinct. This may be accomplished by securing the entire device by means of an external seal, or by securing and sealing the ballot itself.

If a unique numbered wire seal is used, a certificate shall be placed inside the device signed by the precinct election officials witnessing the serial number of the seal. If some other means of sealing is used, a certificate, signed by the election officials, shall be provided to identify the seal by some appropriate means. The certificate, if not secured inside, will be returned to and retained by the county auditor for sixty days after the election.

NEW SECTION

WAC 434-53-260 RETURN OR ELECTION SUPPLIES AND MATERIALS. Supplies and voting materials, including spoiled ballots and ballot stubs, irregularly voted ballots, and unused ballots shall be secured in a container or pouch provided by the auditor and returned to the counting center, the county auditor's office, or any other location designated by the auditor.

WAC 434-53-270 PAPER BALLOT PRECINCTS—GENER-AL APPLICABILITY OF RULES. The rules governing the closing of polls and the accountability of ballots shall apply to precincts and polling places using paper ballots except as provided in the following sections.

NEW SECTION

WAC 434-53-280 COUNTING AND TABULATION PRIOR TO CLOSING OF THE POLLS—SECRECY OF THE RETURNS. In those precincts designated by the auditor for an early return of the votes, the opening of the ballot box and the counting and tabulation of the votes shall be conducted in private except for accredited political party witnesses. The witnesses shall sign an oath which shall state substantially, "I understand that the divulgence of the ballot count that I have witnessed before the polls officially close is a violation of state law and punishable as a misdemeanor under chapter 9A.20 RCW."

NEW SECTION

WAC 434-53-290 COUNTING OF BALLOTS AFTER POLLS CLOSE. The counting and tabulation of ballots after the polls close for voting shall be public and may be witnessed by any citizen.

NEW SECTION

WAC 434-53-300 PAPER BALLOTS—COUNTING AND TABULATION—PROCEDURE. The procedure for the counting and tabulation of paper ballots at polling places shall be as follows:

- (1) The inspector shall carefully examine each ballot and shall read aloud the name of each person receiving a vote and the office for which the vote for that person is cast, and the vote for and against each proposition on the ballot;
- (2) The judge, representing the opposite political party of the inspector, shall observe the reading of the votes;
- (3) The second judge shall tally the votes as read in the vote tally books provided by and to be returned to the county auditor at the election center;
- (4) The clerk, if one is assigned, representing the opposite political party of the second judge shall, at the same time, tally the votes as read in the tally book provided by the auditor but retained by the inspector;
- (5) The inspector and the judge observing the reading of the votes may rotate their duties from time to time upon agreement.

NEW SECTION

WAC 434-53-310 COUNTING AND TABULATION OF PAPER BALLOTS WHERE MORE THAN ONE SET OF PRECINCT ELECTION OFFICERS ARE APPOINTED—PROCEDURE. In paper ballot precincts, when two or more teams of precinct election officers have been appointed as provided in RCW 29.45.050 the following procedure shall apply:

- (1) The teams or teams designated as the counting board or boards shall commence the tabulation of the primary or election ballots at a time set by the county auditor;
- (2) A second ballot container for receiving ballots shall be used, and the first ballot container shall be closed and delivered to the counting board or boards: PROVIDED, That there have been at least ten ballots cast. The counting board or boards shall at a time set by the auditor proceed to the place provided for them and at once count the votes. When counted they shall return the emptied ballot container to the inspector and judges conducting the election and the latter shall then deliver to the counting board or boards the second ballot container, if there have been at least ten ballots cast, who shall then proceed as before. The counting of ballots and exchange of ballot containers shall continue until the polls are closed after which the election board conducting the election shall conclude their duties and the counting board or boards shall continue until all ballots are counted;
- (3) The receiving board conducting the election shall perform all of the duties as now provided by law except for the counting of the ballots, the posting and certification of the unofficial returns and the delivery of the official returns, together with the election supplies, to the county auditor;
- (4) The oaths of office for all precinct election officials when two or more sets of officials are employed shall be as required by law.

NEW SECTION

WAC 434-53-320 PAPER BALLOTS—COUNT CONTINU-OUS—WHEN DUTIES COMPLETED. In a paper ballot precinct, the ballot container shall not be removed from the polls nor shall the counting of the votes be discontinued until all are counted except as provided in WAC 434-xx-xxx. The duties of the precinct election officers counting ballots in such precincts shall not be complete until it is determined that:

- (1) A recheck of the tally marks accurately reflect the total vote credited to each candidate and the total vote credited for and against each proposition;
- (2) The total number of votes cast for all candidates for a single position to be filled does not exceed the number of voters who have signed the poll book;
 - (3) The records of the votes in each tally book are the same.

NEW SECTION

WAC 434-53-330 PAPER BALLOTS—UNOFFICIAL RE-SULTS—COPIES—POSTING—TRANSMITTAL. Before adjourning from the polling place, following a primary or an election in any precinct where votes are cast on paper ballots, the precinct election official shall enter the unofficial results in duplicate upon sample ballots or suitable forms furnished for that purpose by the county auditor or other election officer. One copy shall be posted conspicuously on the outside of the polling place and the other transmitted to the county auditor.

NEW SECTION

WAC 434-53-340 REJECTION OF BALLOTS OR PARTS OF BALLOTS—QUESTIONS ON THE LEGALITY OF BALLOTS. Rules governing the rejection of all or part of a ballot, or the process for handling a question regarding the validity of a ballot in a precinct using paper ballots where the tabulation of votes is conducted at the polling place shall be the same as the rules applicable to the counting of ballots at a counting center.

Chapter 434-61 WAC COUNTING CENTER PROCEDURES

NEW SECTION

WAC 434-61-010 COUNTING CENTER LOCATION-DI-RECTION OF PROCEEDINGS. In counties using voting devices and vote tallying systems where the ballots are to be processed and/or tabulated at a location other than the precinct, the county auditor shall designate a location to serve as the counting center. If that location is other than the courthouse or county election office, the auditor shall include the location of the counting center in the published notice of elections. The county auditor shall be responsible for all counting center functions. Within the counting center, no person except those authorized by the county auditor may touch any ballot or ballot container, or operate a vote tallying system. The auditor shall identify either by roster or identification tag, or both, those persons so authorized. The vote tallying process shall be open to the public to the extent that public observation does not interfere with the proceedings or jeopardize the security of the ballots. The auditor shall establish local administrative rules pertaining to public observers including the media and how they may be accommodated and the necessary limitations thereto. A copy of any local administrative rules under this section shall be filed with the secretary of state.

NEW SECTION

WAC 434-61-020 COUNTING CENTER—POLITICAL PARTY OBSERVERS. Counting center operations shall be observed by at least one representative from each political party, if representatives have been appointed by the respective political parties and those representatives are present while the counting center is in operation.

Prior to the primary or election, the county auditor shall determine the number of observers required in order to observe all aspects of the counting center proceedings, and shall request that each major political party appoint representatives to fill the requirements. Where more than one observer is to be appointed, the political party shall designate one of their observers as supervisor. Counting center observers shall be provided training with respect to ballot processing procedures and the vote tallying system as required by RCW 29.33.340.

Before final assignment as observers, major political party representatives so appointed shall be reviewed by the county auditor, who may refuse to approve any person so appointed. In the event the auditor rejects a person designated, he or she shall promptly notify the political party concerned and request that a substitute observer be appointed, and shall ensure that the substitute observer is trained as provided in subsection (2) of this section.

Representatives of the major political parties appointed as observers shall be identified by roster, including assigned observer stations if more than one in the counting center, and by identification tags which will indicate the observer's name and the party represented.

NEW SECTION

WAC 434-61-030 TRANSFER OF BALLOTS TO COUNTING CENTER OR COLLECTION STATION. After all the business at the polling place is completed, two of the election officials, one representing each major political party, shall transfer the sealed ballot containers to the counting center, or to a designated collection station. At the discretion of the county auditor, a ballot pickup team composed of a representative of each major political party may be directed to stop at the polling place and pick up the sealed containers of voted ballots for return to the counting center as an alternative. Until the voted ballots are received at the counting center or intermediate collection station, they must always be accompanied by a representative of each of the two major political parties. These representatives may be either precinct election officers or the ballot pickup team.

If an intermediate collection station is used, the station will be staffed by a representative or representatives of the county auditor who shall be responsible for receiving the voted ballot transfer containers from the precinct election officers or ballot pickup team. The collection station staff shall maintain a ballot transfer container receipt log on which shall be recorded the precinct name or number, the date and time of receipt, the seal number of each container, and any other information the auditor deems appropriate. When the last transfer container has been received and logged, or when so directed by the county auditor, the containers shall be transferred to the counting center in an enclosed vehicle accompanied by representatives of each major political party, appointed for that purpose by the auditor, or as provided in this rule. The transfer container log sheets shall accompany the containers.

The appointed officials accompanying the ballot transfer containers from the collection station to the counting center shall not be of the same political party. Officials used for this purpose, if not political party representatives or affiliated with a political party, may meet the requirements of this rule by declaring in writing nonpolitical party affiliation. These declarations shall be retained by the auditor along with the transfer container log sheets for sixty days after the election.

NEW SECTION

WAC 434-61-040 RECEIPT OF BALLOTS AT THE COUNTING CENTER. Immediately upon the receipt of voted ballots in transfer containers from the polling places or collection stations, the seal or lock on each ballot container shall be examined to ensure that it is intact. The precinct name or number, time of receipt, and seal number of each container shall be recorded on a transfer case receipt log, and the log shall be initialled by the persons receiving them.

Upon the breaking of the seal and the opening of the container, a comparison with the transmittal sheet accompanying the container shall be made. If no lock or seal exists, or if a discrepancy is noted between the information recorded on the transmittal sheet and the seal, the county auditor shall immediately be notified. The nature of the discrepancy shall be entered on the receipt log, the container set aside, and the ballots contained therein not tallied until the discrepancy is resolved. If the container has no seal or the seal has already been broken, it shall be considered a discrepancy and handled in the same manner. If the auditor cannot resolve the discrepancy or arrive as astisfactory explanation for the discrepancy, the ballots shall be set aside and referred to the canvassing board for their consideration as provided by this rule.

If no discrepancy exists, a notation shall be made on the ballot receipt log and the ballots shall be forwarded to the next station in the counting center process.

Where a discrepancy does exist and the matter cannot be resolved, the ballots shall be treated as ballots for which a question of validity has arisen, and shall be processed as provided for by law or administrative rule (see chapter 434-62 WAC).

NEW SECTION

WAC 434-61-050 HANDLING OF TRANSFER CONTAINER DISCREPANCIES. The auditor shall maintain a separate log on which shall be recorded all transfer container discrepancies. The log shall list the precinct, the nature of the discrepancy, and the corrective action taken. In the event the ballots are to be referred to the canvassing board, they shall be set aside and the nature of the discrepancy and the seal number noted on the discrepancy log.

NEW SECTION

WAC 434-61-060 VOTE TALLYING SYSTEM—A MANU-AL COUNT OF RANDOM PRECINCTS. The political party observer supervisors may, upon mutual agreement, select up to three precincts at random after receipt of the ballots at the counting center and prior to the ballots being tabulated. They may then request that a manual count be made of the number of ballots and the votes cast for any one office or issue on the ballots.

The party observer supervisors may select the precinct or precincts to be manually tabulated at the receiving station or may identify the precincts in advance and request that the auditor segregate them at the time of receipt.

The auditor or designee shall conduct the manual count of the ballots using the method for counting paper ballots described by law or rules, or may count them utilizing any other method acceptable to the party observer supervisors. On completion, the manual tally results shall be written on a sheet signed by the auditor or designee and the party observer supervisors.

When the manual tally results sheet is signed by all parties, the ballots for that precinct will be reinserted into the counting center process. The results for that precinct or precincts shall be printed at the time the ballots are tabulated, and the returns then compared to the manual tally. If a discrepancy exists, it shall be noted on the result sheet and given to the auditor for resolution.

NEW SECTION

WAC 434-62-150 REJECTION OF BALLOTS OR PARTS OF BALLOTS. Ballots or parts of ballots shall be rejected by the canvassing board in the following instances:

- (1) Where two ballots are found folded together, or where a voter has voted more than one ballot;
- (2) Where a ballot or parts of a ballot are marked in such a way that it is not possible to determine voter's intent;
- (3) Where the voter has voted for candidates or issues for whom he or she is not entitled to vote;
- (4) Where the voter has voted for more candidates for an office than are permissible;

Additionally, the canvassing board shall reject any ballot cast by a voter not qualified to vote, and shall reject absentee ballots where such rejection is required by law or administrative rule.

NEW SECTION

WAC 434-62-160 WRITE-IN-VOTING—VOTER INTENT. In all cases of write-in votes the canvassing board shall exercise all reasonable efforts to determine the voter's intent. Write-in votes are to be counted where abbreviations are used for office, position, or political party. Write-in votes are not to be counted for any person who filed for the same office as either a regular or write-in candidate at the preceding primary. If a write-in declaration of candidacy has been filed, the voter need only write in that candidate's name in order for the vote to be counted. If no declaration of write-in candidacy has been filed, the voter must write in the name of the candidate, the office, and the position number and political party if applicable in order for the write-in vote to be counted.

NEW SECTION

WAC 434-62-170 REFERRAL OF BALLOTS TO CANVASS-ING BOARD. Whenever a precinct election officer in a precinct where ballots are being tabulated, or counting center personnel in a county where ballots are being centrally tabulated, have a question about the validity of a ballot or the votes contained on the ballot that they are unable to resolve, the ballot shall be placed in a special envelope marked "for canvassing board." On the outside of the envelope, they shall record as a minimum the following information:

(1) Identification of the precinct from which the ballot originated;

- (2) The facts giving rise to the question of validity including, if applicable, the office or issue on the ballot which is affected by the question;
- (3) An identification number by which the envelope containing the ballot may be tracked.

If the question arises at a precinct or polling place, the precinct inspector shall annotate the ballot accountability sheet in a manner similar to recording other irregularly voted ballots, shall seal the envelope and transfer it to the elections office in the special envelope for irregularly voted ballots.

If the question arises in the counting center, the counting center supervisor shall record the ballot on an irregularly voted ballot log sheet and shall record the precinct, the identification number of the envelope, and shall indicate "canvassing board" for disposition activity.

Ballots being held for determination of validity or voter's intent shall be provided the same security as regular voted ballots and shall be kept in a secure area when not being processed. As long as they are in the sealed envelope it is not necessary to seal them in other containers within the counting center provided they are otherwise safeguarded. Once the issue of validity has been determined, the ballots will be tabulated if applicable, stored, and retained the same as regular voted ballots.

When the determination of validity is made, the disposition of the ballot shall be entered on the envelope and, if applicable, the irregularly voted ballot log sheet.

NEW SECTION

WAC 434-62-180 TABULATION OF BALLOTS TO BE CONTINUOUS—EXCEPTION. The tabulation of ballots on the day of a primary or election at a polling place or counting center shall proceed without interruption or adjournment until all the ballots cast at the polls at that primary or election have been tabulated except as follows:

- (1) The tallying of ballots at a polling place may, at the discretion of the county auditor, be terminated four hours after the closing of the polls. If such a termination is made, the tally to that point, along with the voted ballots and poll books shall be sealed and transferred to the elections office where the tally will be resumed during regular working hours the day following the election. Upon completion of the tally, the auditor shall inform the precinct election officials as to the tally results;
- (2) The tally of ballots by a vote tallying system may, at the discretion of the county auditor, be terminated six hours after the closing of the polls. At that point, the tally may be stopped, the system and all ballots secured and sealed for the evening. The tally shall be resumed at the beginning of normal working hours the day following the election or primary. The auditor shall produce a cumulative report of votes at the point the count is discontinued indicating the approximate percentage of votes tallied compared to ballots received.

In the case of a vote tallying system, ballots that have been found defective and not capable of being processed by the automated system, may at the discretion of the county auditor, be held over until the working day following the election or primary, duplicated, and the duplicates then tallied no later than the day before the certification of the primary or election.

In the case of a vote tallying system, if the system should become inoperative, the tally may be interrupted until the system is repaired, and if necessary, resumed the day following the election using the repaired system or an alternative method if necessary. If the election or primary includes offices or issues which the secretary of state is required by law to canvass, the auditor shall notify the secretary of state at the time of interruption, its cause and best estimate for resumption, along with the status of the tally, at the first practical opportunity. The public shall be informed of the situation as soon as possible after the interruption if it is evident the tally will not be resumed the same day.

NEW SECTION

WAC 434-62-190 CANVASSING BOARD—OPENING BALLOT CONTAINER. Whenever it is determined there is a need to open all containers to conduct a mandatory or requested recount, or when such action is directed by court order, the containers shall be opened and the security of the ballots verified only by those persons designated to do so, in writing, by the canvassing board.

NEW SECTION

WAC 434-62-200 RETENTION OF RECORDS. All records and materials are to be maintained for a period of sixty days after certification of each election. Where the election involves federal offices the records and material must be kept for the appropriate time frame as set forth in federal statutes.

WSR 91-23-098 EMERGENCY RULES HEALTH CARE AUTHORITY (State Employees Benefits Board) [Filed November 20, 1991, 10:38 a.m.]

Date of Adoption: November 20, 1991.

Purpose: Change SEBB eligibility to include spouses who work less than full-time in the K-12 system.

Citation of Existing Rules Affected by this Order: Amending WAC 182-12-115.

Statutory Authority for Adoption: Chapter 41.05 RCW.

Pursuant to RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Effective date is necessary because of imminent peril to the public health, safety or general welfare of the public, RCW 34.05.380(3).

Effective Date of Rule: Immediately.

November 20, 1991 Kristen A. West Rules Coordinator

AMENDATORY SECTION (Amending WSR 91-14-084, filed 7/1/91, effective 7/1/91)

WAC 182-12-115 ELIGIBLE EMPLOYEES, RETIREES, AND DEPENDENTS. The following definitions of eligible employees, retirees, and dependents of an eligible entity, as defined in WAC 182-12-111, shall apply for all SEBB approved plans except as otherwise stated in this chapter:

- (1) "Permanent employees." Those who are scheduled to work at least half-time per month and are expected to be employed for more than six months. Such employees shall be eligible effective with their first day of employment.
- (2) "Nonpermanent employees." Those who are scheduled to work at least half-time and are expected to be employed for no more than six months. Such employees shall be eligible effective the first day of the seventh calendar month of employment.
- (3) "Seasonal employees." Those who work at least half-time per month during a designated season for a minimum of three months but less than nine months per year and who have an understanding of continued employment with their agency season after season. These

employees become eligible on the first day of such employment, however, they are not eligible for the employer contribution during the break between seasons of employment.

- (4) "Part-time faculty." Faculty who are employed on a quarter/semester to quarter/semester basis become eligible beginning with the second consecutive quarter/semester of half-time or more employment at one or more state institutions of higher education, provided that:
- (a) For determining eligibility, spring and fall may be considered consecutive quarters/semesters; and
- (b) "Half-time or more employment" will be determined based on each institution's definition of "full-time"; and
- (c) At the beginning of each quarter/semester, the employers of part-time faculty shall notify, in writing, all current and newly hired part-time faculty of their potential right to benefits under this section. The employee shall have the responsibility, each quarter, to notify the employers, in writing, of the employee's multiple employment. In no case will there be a requirement for retroactive coverage or employer contribution if a part-time faculty member fails to inform all of his/her employing institutions about employment at all institutions within the current quarter, and
- (d) Where concurrent employment at more than one state higher education institution is used to determine total part-time faculty employment of half-time or more, the employing institutions will arrange to prorate the cost of the employer insurance contribution based on the employment at each institution. However, if the part-time faculty member would be eligible by virtue of employment at one institution, that institution will pay the entire cost of the employer contribution regardless of other higher education employment. In cases where the cost of the contribution is prorated between institutions, one institution will forward the entire contribution monthly to SEBB; and
- (e) Once enrolled, if a part-time faculty member does not work at least a total of half-time in one or more state institutions of higher education, eligibility for the employer contribution ceases.
- (5) "Appointed and elected officials." Legislators are eligible on the date their term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible on the date their term begins or they take the oath of office, whichever occurs first.
- (6) "Judges." Justices of the supreme court and judges of the court of appeals and the superior courts become eligible on the date they take the oath of office.
- (7) "Retirees and disabled employees." Eligible employees who terminate state service after becoming vested in a Washington state sponsored retirement system are eligible for retiree medical, dental and life coverages provided the person:
- (a) Immediately begins receiving a monthly retirement income benefit from such retirement system; or
- (b) If not retiring under the public employees retirement system (PERS), would have been eligible for a monthly retirement income benefit because of age and

years of service had the person been employed under the provisions of PERS I or PERS II for the same period of employment; or

(c) Must take a lump sum benefit because their monthly benefit would have been under fifty dollars.

Employees who are permanently and totally disabled and eligible for a deferred monthly retirement income benefit are likewise eligible, provided they apply for retiree coverage before their SEBB active employee coverage ends. Persons retiring who do not have waiver of premium coverage from any SEBB life insurance plan are eligible for retiree life insurance, subject to the same qualifications as for retiree medical coverage. Retirees and disabled employees are not eligible for an employer premium contribution. The Federal Civil Service Retirement System shall be considered a Washington state sponsored retirement system for Washington State University cooperative extension service employees who hold a federal civil service appointment and who are covered under the SEBB program at the time of retirement or disability.

- (8) "Eligible dependents." The following are eligible as dependents under the medical and dental plans:
- (a) Lawful spouse except that as of November 1, 1991, a lawful spouse who works ((twenty hours or more a week)) full time and who is eligible for coverage as a subscriber on a plan or plans offered by a K-12 school district and who has waived that coverage is not eligible for employer-paid coverage as a dependent on a SEBB plan.
- (b) Dependent children through age nineteen. As used in this section, "children" includes natural children, stepchildren, legally adopted children, and married children who qualify as dependents of the employee/retiree under the Internal Revenue Code or as specified in a court order or divorce decree, and foster children approved by the health care authority. To qualify for HCA approval, a foster child must:
- (i) Be living with the subscriber in a parent-child relationship;
- (ii) Be dependent upon the subscriber for financial support;
- (iii) Not be eligible for coverage under Medicare, Medicaid, or similar government entitlement programs; and
- (iv) Not be a foster child for whom support payments are made to the subscriber through the state department of social and health services (DSHS) foster care program.
- (c) Dependent children age twenty through age twenty-three who are dependent upon the employee/retiree for maintenance and support, and who are registered students in full-time attendance at an accredited secondary school, college, university, vocational school, or school of nursing. Dependent student eligibility continues year-round for those who attend three of the four school quarters and for the quarter following graduation provided the employee/retiree is covered at the same time, the dependent limiting age has not been exceeded; and the dependent meets all other eligibility requirements.

- (d) Dependent children of any age who are incapable of self-support due to developmental disability or physical handicap, provided such condition occurs prior to age twenty or during the time the dependent was covered under an SEBB plan as a full-time student. Proof of such disability and dependency must be furnished prior to the dependent's attainment of age twenty or loss of eligibility for student coverage, and as periodically requested thereafter.
- (e) "Dependent parents." Parents of the employee/retiree or their spouse who qualify as dependents under the Internal Revenue Code and who were covered as dependents under SEBB medical/dental plans prior to July 1, 1990, may continue SEBB coverage on a self-pay basis.
- (9) Notwithstanding any of the foregoing, employees who are not mandatorily, by election, or otherwise covered by industrial insurance under Title 51 RCW shall not be considered "eligible employees" within the meaning of this section.

WSR 91-23-099 PROPOSED RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Filed November 20, 1991, 11:20 a.m.]

Original Notice.

Title of Rule: WAC 388-55-020 Work and training eligibility conditions; and 388-24-090 Eligibility conditions applicable to AFDC—Employment or training.

Purpose: To implement the Wilson Fish Demonstration Project for refugees on refugee cash assistance and aid to families with dependent children. This project promotes self-sufficiency of refugees and attempts to remove them from assistance through training and employment.

Statutory Authority for Adoption: RCW 74.04.050. Statute Being Implemented: RCW 74.04.050.

Summary: Establish policy to refer AFDC and RA to Wilson Fish, which is an employment and training program to assist refugees to become employable. New policy also includes sanctions for AFDC and RA clients who fail to cooperate with employment or training.

Reasons Supporting Proposal: Amends WAC to allow for refugee assistance (RA) and AFDC clients who have been in the United States 36 months or less to be referred to Wilson Fish Demonstration Project. Wilson Fish is a project operated by Division of Refugee Assistance.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Dana Beck, Income Assistance, 753–4908.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Same as above.

Proposal Changes the Following Existing Rules: See above

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: OB-2 Auditorium, 12th and Franklin, Olympia, Washington, on December 27, 1991, at 10:00 a.m.

Submit Written Comments to: Troyce Warner, Chief, Office of Issuances, Department of Social and Health Services, Mailstop 5805, Olympia, Washington 98504, by December 27, 1991.

Date of Intended Adoption: January 31, 1992.

November 20, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 3087, filed 10/23/90, effective 11/23/90)

WAC 388-24-090 ELIGIBILITY CONDITIONS APPLICABLE TO AFDC—EMPLOYMENT OR TRAINING. (1) All AFDC applicants and recipients shall be subject to job opportunities and basic skills program (JOBS) participation as provided in WAC 388-47-100.

- (2) A mandatory JOBS participant failing to cooperate in appraisal shall be subject to provisions of chapter 388-47 WAC, unless the participant:
 - (a) Is exempt from JOBS participation;
- (b) Has not been notified of nonexempt status for JOBS participation; or
 - (c) Is a JOBS program volunteer participant.
- (3) A child's eligibility shall not be affected by the JOBS program participation requirement for the parent or needy caretaker relative.
- (4) The eligibility of a nonqualifying parent not participating in JOBS shall be affected by the program participation requirement of the qualifying parent in the AFDC-E program.
- (5) ((An individual)) A person determined exempt from participation in Jobs on the basis of documented incapacity shall be referred to DVR as described under WAC 388-52-150 through 388-52-155.
- (6) The department shall refer all AFDC clients who are refugees residing in the United States for thirty six months or less to the Wilson Fish Demonstration Project. The provisions in WAC 388-55-020 shall apply to all AFDC refugee clients.

AMENDATORY SECTION (Amending Order 2752, filed 1/6/89)

WAC 388-55-020 WORK AND TRAINING ELIGIBILITY CONDITIONS. (1) The department shall require((s)) all ((applicants for and recipients of a financial grant under the refugee assistance program and each member of the family group of which the applicants and recipients are a part)) Refugee Cash Assistance (RCA) clients to register for employment with the ((state employment service)) Employment Security Department or other designated employment agency((- Exemptions to employment registration are)) except a refugee who is:

(a) ((A person sixteen through eighteen years of age attending secondary school or an equivalent level of vocational or technical training full time or any person under sixteen, regardless of school attendance)) Under age sixteen; or

(b) ((A person)) Under age eighteen attending school full time or an eighteen year old who is a full time student expecting to graduate from high school before age nineteen; or

(c) Ill, injured, or incapacitated((;)); or

(d) Over sixty-five years of age; or

(((c) A person whose presence)) Required in the home ((is required because of illness)) to care for an ill or incapacity ((of another member of the)) household member; or

(((d) A mother or)) Other parent caretaker caring for a child ((five years of age or)) under age six; or

(((e))) (g) A ((mother or other)) caretaker ((of)) relative caring for a child, when the ((nonexempt father or)) other nonexempt adult relative in the home is registered and has not refused to accept employment without good cause; or

(((f) A person)) (h) Employed at least thirty hours per week; or

(((g) A person of any age white)) (i) Enrolled and participating in a CSO-approved employability training program ((intended to have)) with a definite short-term (less than one year) employment objective.

(2) The department shall not exempt from registration or acceptance of employment a refugee solely because of inability to communicate in English.

(3) For purposes of this section, training shall mean participation in any available and appropriate social service program providing job or language training as approved in the personal employment plan.

(4) ((Refusal of an employable adult)) The department shall sanction a non-exempt refugee who refuses to register with ((the)) employment ((service provider)) services without good cause ((and/or refusal)) refuses to accept, continue, or participate in ((a)) training or employment ((opportunity or referral, from any source)) as required by the department ((determines appropriate shall also result in the)). The department shall apply the sanction as following:

(a) ((Ineligibility for refugee assistance for thirty days from the date of refusal of work or training opportunity, for an applicant. The dependent family of such an ineligible applicant may apply for and re-

ceive assistance if otherwise eligible;

(b))) Termination of assistance the first of the following month after the date of original refusal if an employable refugee ((recipient)) continues to refuse an offer of employment or training. The department shall ((allow)) provide the refugee at least ten days ((written)) advance notice of ((the)) termination ((of assistance)) and the reason therefore;

(((c))) (b) The sanction ((for persons identified in subsection (4)(a)

and (b) is) shall be applied in the following manner:

- (i) If the assistance unit includes other ((individuals)) refugees, the department shall reduce the refugees' grant ((is reduced)) by the amount included on behalf of the sanctioned refugee for three months after the first occurrence and six months for the second and each subsequent occurrence;
- (ii) If ((such individual)) the refugee is the only ((individual)) person in the assistance unit, the department shall terminate the grant for three months after the first occurrence and six months for the second and each subsequent occurrence;
- (iii) The department shall notify the ((recipient's)) refugee's voluntary agency (VOLAG) if action is taken according to subsection (4)(b)(i) or (ii) of this section, provided the provisions for safeguarding information in chapter 388-320 WAC are met; and (iv) ((A decision by)) If the refugee ((to)) accepts employment or
- (iv) ((A decision by)) If the refugee ((to)) accepts employment or training, ((made at)) any time before the effective date of termination, the department shall ((result in the continuation of)) continue assistance without interruption if the refugee continues to meet the eligibility requirements ((for continued assistance)).
- (5) The department shall operate a Wilson Fish Demonstration Project. The department project shall promote self-sufficiency for refugees through an employment and training program. The department shall require all refugees to participate in the employment and training part of the refugees project except those exempt in subsection (1) of this section.

The department shall apply the sanctions in subsection (4) of this section to refugees who fail or refuse to participate without good cause in the Wilson Fish Demonstration Project.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

WSR 91-23-100 PROPOSED RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Filed November 20, 1991, 11:21 a.m.]

Original Notice.

Title of Rule: WAC 388-37-135 Alcoholism/Drug addiction.

Purpose: To clarify when clients can be referred to the assessment center for an alcohol/drug evaluation and

how to determine program eligibility between GA-U and ADATSA when a client meets eligibility criteria for both.

Statutory Authority for Adoption: RCW 74.08.090.

Statute Being Implemented: RCW 74.08.090.

Summary: Clarify drug/alcohol referral criteria and program eligibility between GA-U and ADATSA.

Reasons Supporting Proposal: See Purpose above.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Barbara Hargrave, Income Assistance, 753–3340.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Same as above.

Proposal Changes the Following Existing Rules: See above.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: OB-2 Auditorium, 12th and Franklin, Olympia, Washington, on December 27, 1991, at 10:00 a.m.

Submit Written Comments to: Troyce Warner, Chief, Office of Issuances, Department of Social and Health Services, Mailstop 5805, Olympia, Washington 98504, by December 27, 1991.

Date of Intended Adoption: January 10, 1992.

November 20, 1991 Leslie F. James, Director Administrative Services

AMENDATORY SECTION (Amending Order 2525, filed 8/21/87)

WAC 388-37-135 ALCOHOLISM/DRUG ADDICTION. (1) Persons claiming incapacity based primarily on alcoholism or drug dependency shall be referred for evaluation under the alcoholism and drug addiction treatment and support program.

(2) Persons who appear to have significant mental or physical impairments resulting from or in addition to alcoholism or drug addiction

should also be evaluated for general assistance when:

(a) The person indicates upon application that other physical or mental impairments may be incapacitating in themselves; or

- (b) The person is rejected for the alcoholism and drug addiction treatment and support program and/or medical evidence obtained by assessment for that program indicates other significant medical impairments may exist.
- (3) Any general assistance applicant or recipient ((who)) shall be required to undergo an alcohol/drug assessment if:
- (a) The person claims ((a secondary drinking)) an alcohol or drug problem((5)); or ((whose))
- (b) The department obtains medical ((evaluation)) or clinical evidence which indicates that within the last eighteen months such a problem appears to exist((, may be required to undergo an alcohol/drug assessment)); or

(c) The department receives information that the person has been arrested for an alcohol/drug related offense within the last ninety days;

(d) The person meets at least one of the criteria in subsections (a) through (c) of this section and the need for a protective payee must be established.

(4) Applicants whose mental, emotional, and/or physical condition(s) is caused or exacerbated by alcoholism or drug addiction must have eligibility for general assistance based solely on the mental, emotional, and/or physical condition(s). The effects of the alcoholism or drug addiction must be differentiated from the other condition(s) in order to determine incapacity. Unless it can be reasonably established that the other condition(s) would remain incapacitating for at least

sixty days of abstinence from alcohol or drugs, the individual is not eligible for general assistance.

- (5) When the effects of alcoholism or drug addiction in the applicant's mental, emotional, and/or physical condition(s) cannot be clearly differentiated, the department shall refer him or her to the alcoholism and drug addiction treatment and support program for evaluation and/or treatment.
- (6) The provisions in subsections (4) and (5) of this section apply to recipients as well, except that a person whose alcohol/drug addiction cannot be clearly differentiated from any physical/mental impairments and eligibility established either under the ADATSA or GA-U program will remain on GA-U subject to the provisions in WAC 388-37-050.
- (7) The department may require the individual to undergo a period of alcohol or drug treatment before reevaluating eligibility for general assistance.
- (8) Persons impaired by chemical dependency, who also have mental or physical impairments will have program eligibility determined as follows:
- (a) Persons qualifying for both general assistance and the alcoholism and drug addiction treatment and support act (ADATSA) shelter program may choose either program;
- (b) Persons qualifying for both general assistance and ADATSA Treatment must participate in ADATSA Treatment when it can reasonably be expected to enable the person to work or reduce the need for assistance, unless there is good cause to refuse;
- (c) Alcohol or drug addicts qualifying for general assistance who have good cause to refuse or who do not qualify for ADATSA Treatment, shall be required to cooperate with an alternative alcohol or drug treatment plan which can reasonably be expected to enable the person to work or to reduce the need for assistance, unless there is good cause to refuse.
- (9) ((Alcoholics or drug addicts who choose general assistance in licu of the alcoholism and drug addiction treatment and support program:
- (a))) Persons qualifying for general assistance and also determined by the assessment center to be actively addicted shall have their general assistance grant issued by protective payment ((in accordance with the criteria in WAC 388-33-420 and 388-33-455, and
- (b) May be required to participate in an approved alcoholism or certified drug treatment program)).

WSR 91-23-101 PERMANENT RULES TRAFFIC SAFETY COMMISSION

[Filed November 20, 1991, 11:34 a.m.]

Date of Adoption: October 23, 1991.

Purpose: To formalize commission's procedures for voting/final action and to clarify procedures for public access to information and records.

Citation of Existing Rules Affected by this Order: Amending chapters 467–01 and 467–02 WAC.

Statutory Authority for Adoption: RCW 43.59.040.

Pursuant to notice filed as WSR 91-19-066 on September 16, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 18, 1991

Eugene Peterson

Director

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-01-010 DESCRIPTION OF ORGANI-ZATION. (((1))) The Washington traffic safety commission is a ((nine-)) ten-member commission organized under the provisions of chapter 43.59 RCW, and under which the commission is to seek solutions to traffic problems caused by increases in motor vehicles on highways, plan and supervise accident prevention programs, coordinate state and local development of traffic safety programs, promote uniform enforcement of traffic safety laws and the establishment of standards for investigation and reporting of traffic accidents, and promote and improve driver education. The commission consists of the governor, as chairman; the superintendent of public instruction; the director of ((motor vehicles)) department of licensing; the ((director of highways)) secretary of the department of transportation; the chief of the state patrol; the ((director)) secretary of the department of social and health services; the secretary of the department of health; a representative of the association of Washington cities appointed by the governor; a member of the association of Washington counties appointed by the governor; and a representative of the judiciary appointed by the governor. The director of the Washington traffic safety commission, appointed by the governor, serves as secretary to the commission and is responsible for carrying into effect the commission orders and rules and regulations promulgated by the commission. The director is also authorized to employ staff necessary to carry out the orders, rules and regulations of the commission. As secretary, the director coordinates the activities of the commission and supervises the work of the staff of the commission.

- (((2) Regular public meetings of the Washington traffic safety commission are held quarterly in the governor's conference room, Legislative Building, Olympia, Washington, or at such other place named by the commission. The commission may deviate from the regular quarterly meeting schedule and hold special meetings as may be required at the discretion of the commission. Advance notice of such meetings is given in accordance with the provisions of chapter 42.30 RCW.
- (3) Persons desiring to write the commission to obtain information or to make submissions or requests shall address their correspondence to: Washington Traffic Safety Commission, P.O. Box 1399, Olympia, Washington 98504.
- (4) Persons desiring to be heard by and to make submissions to the commission orally shall submit requests for appointments in writing addressed to: Director, Washington Traffic Safety Commission, P.O. Box 1399, Olympia 98504. The writer shall identify the subject matter proposed for discussion. This paragraph shall not apply to hearings governed by specific provisions of law or other rule.
- (5) The office of the director of the commission is in the Highways-Licenses Building, Olympia, Washington.))

NEW SECTION

WAC 467-01-020 TIME AND PLACE OF MEETINGS. Regular public meetings of the Washington traffic safety commission are held quarterly on the fourth Tuesday in January, April, July, and October in the Washington Traffic Safety Commission Conference Room, 1000 S. Cherry Street, Olympia,

Washington, or at such other place named by the commission and all provisions of chapter 42.30 RCW shall apply.

NEW SECTION

WAC 467-01-030 QUORUM. For purposes of taking final action, a quorum shall consist of six commissioners. Final action will be determined by a simple majority. Final action includes adopting rules and approval of the highway safety plan and other formal traffic safety plans adopted by the commission.

NEW SECTION

WAC 467-01-040 SPECIAL MEETING. A special meeting of the traffic safety commission may be called by the secretary, or by a majority of the members of the commission, by delivering personally or by mail written notice to all members of the commission at least twenty-four hours before the time of such meeting as specified in the notice. The notice calling a special meeting shall state the purpose for which the meeting is called and the date, hour, and place of such meeting and all provisions of chapter 42.30 RCW shall apply.

NEW SECTION

WAC 467-01-050 EMERGENCY MEETING. If, by reason of an emergency, there is a need for expedited action by the commission to meet the emergency, the secretary may provide for a meeting site, and the notice requirements of chapter 42.30 RCW shall be suspended during such emergency. To the extent possible, notice of such emergency meeting will be delivered personally, by telephone, telegram, or mail to the members of the commission and interested persons, and shall specify the time and place of the emergency meeting and the business to be transacted. Any action taken by the commission at such emergency meeting may be reconsidered by the commission at its next regular quarterly meeting.

NEW SECTION

WAC 467-01-060 ADDRESS OF THE COM-MISSION. Persons wishing to obtain information or to make submissions or requests of any kind shall address their correspondence to:

> Director Washington Traffic Safety Commission 1000 South Cherry Street, Mailstop: PD-11 Olympia, WA 98504

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-010 PURPOSE. The purpose of this chapter shall be to ensure compliance by the Washington traffic safety commission with the provisions of ((chapter 1, Laws of 1973, and in particular with sections 25 through 32 of that act)) RCW 42.17.250 through 42.17.340 dealing with public records.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-030 EXEMPTED RECORDS. In accordance with RCW 42.17.310, the following personal and other records shall be exempt from public inspection and copying:

- (1) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, welfare recipients, prisoners, probations or parolees.
- (2) Personal information in files maintained for employees, appointees or elected officials of any public agency to the extent that disclosure would violate their right to privacy.
- (3) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would violate the taxpayer's right to privacy or would result in unfair competitive disadvantage to such taxpayer.
- (4) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy.
- (5) Information revealing the identity of persons who file complaints with investigative, law enforcement, or penology agencies, except as the complainant may authorize.
- (6) Test questions, scoring keys, and other examination data used to administer a license, employment or academic examination.
- (7) Except as provided by chapter 8.26 RCW, the contents of real estate appraisals, made for or by any agency relative to the acquisition or sale of property, until the project or prospective sale is abandoned or until such time as all of the property has been acquired or the property to which the sale appraisal relates is sold, but in no event shall disclosure be denied for more than three years after the appraisal.
- (8) Valuable formulae, designs, drawings and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss.
- (9) Preliminary drafts, notes, recommendations and intra-agency memorandums in which opinions are expressed or policies formulated or recommended except that a specific record shall not be exempt when publicly cited by an agency in connection with any agency action.
- (10) Records which are relevant to a controversy to which an agency is a party but which records would not be available to another party under the rules of pretrial discovery for causes pending in the superior courts.
- (11) All applications for public employment, including the names of applicants, resumes, and other related materials submitted with respect to an applicant.

- (12) The residential addresses and residential telephone numbers of the employees or volunteers of a public agency which are held by the agency in personnel records, employment or volunteer rosters, or mailing lists of employees or volunteers.
- (13) Records, maps, or other information identifying the location of archaeological sites in order to avoid the location or depredation of such sites.
- (14) Any library record, the primary purpose of which is to maintain control of library materials, or to gain access to information, which discloses or could be used to disclose the identity of a library user.
- (15) Financial information supplied by or on behalf of a person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for:
- (a) A ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750; or
- (b) Highway construction or improvement as required by RCW 47.28.070.
- (16) The exemptions of this section shall be inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interests, can be deleted from the specific records sought. No exemption shall be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-050 PUBLIC RECORDS OFFICER. The Washington traffic safety commission public records shall be ((in charge of the clerk typist III who shall be)) managed by the public records officer for the commission. The person so designated shall be officed in the ((Highways-Licenses)) Washington Traffic Safety Commission Building, Olympia, Washington. The public records officer shall be responsible for implementation of the commission's rules and regulations regarding release of public records, coordinating staff efforts of the ((commission in this regard)) commission's rules and regulations regarding release of public records, and generally ensuring compliance of the staff with the public records disclosure requirements of chapter 1, Laws of 1973.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-070 REQUESTS FOR PUBLIC RECORDS. Subject to the provisions of subsection (3) of this section, ((and in accordance with the requirements of chapter 1, Laws of 1973, that agencies prevent unreasonable invasions of privacy, protect public records from damage or disorganization, and prevent excessive interference with essential functions of the commission,)) public records are ((only)) obtainable by members of the public when those members of the public comply with the following procedures.

- (1) A request shall be addressed to the public records officer. Such request shall include the following:
 - (a) The name of the person requesting the record.
- (b) The time of day and calendar date on which the request was made.

- (c) If the matter requested is referenced within the current index maintained by the Washington traffic safety commission, a reference to the requested record as it is described in such current index.
- (d) If the requested matter is not identifiable by reference to the Washington traffic safety commission's current index, a statement that identifies the specific record requested.
- (e) A verification that the records requested shall not be used to compile a commercial sales list.
- (2) The public records officer shall inform the member of the public making the request whether the requested record is available for inspection ((or)) and copying ((a the Highways-Licenses Building)) at 1000 S. Cherry Street, in Olympia, Washington.
- (3) When it appears that a request for a record is made by or on behalf of a party to a lawsuit or a controversy to which the commission is also a party (or when such a request is made by or on behalf of an attorney for such a party) the request shall be referred to the assistant attorney general assigned to the commission for appropriate response.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-080 AVAILABILITY FOR PUBLIC INSPECTION AND COPYING OF PUBLIC RECORDS—OFFICE HOURS. Public records shall be available for inspection and copying during the ((customary office)) normal business hours of the Washington traffic safety commission. For the purposes of this chapter, the ((customary)) normal office hours shall be from 8 a.m. to 5 p.m., Monday through Friday, excluding legal holidays.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-120 REVIEW OF DENIALS OF PUBLIC RECORDS REQUESTS. (1) Any person who objects to the denial of a request for a public record may petition the public records officer for prompt review of such decision by tendering a written request for review. The written request shall specifically refer to the written statement by the public records officer or other staff member which constituted or accompanied the denial.

- (2) After receiving a written request for review of a decision denying a public record, if the public records officer determines to affirm the denial, then the written request shall immediately be referred to the assistant attorney general assigned to the commission. The assistant attorney general shall promptly consider the matter and either affirm or reverse such denial. In any case, the request shall be returned with a final decision, within two business days following ((the original denial)) receipt of the petition for review.
- (3) Administrative remedies shall not be considered exhausted until the public records officer has returned the petition with a decision or until the close of the second business day following denial of inspection, whichever first occurs.

AMENDATORY SECTION (Amending Order 1, filed 4/11/77)

WAC 467-02-130 RECORDS INDEX. (1) The commission has available to all persons at its offices in Olympia a current index which provides identifying information as to the following records issued, adopted or promulgated by the commission:

(a) Minutes of commission meetings((; federal and state traffic safety legislation and proposed federal rules and regulations pertaining to highway safety

standards));

- (b) Those statements of policy and interpretations of policy, statute and the constitution which have been adopted by the commission;
- (c) Administrative staff manuals and instructions to staff that affect a member of the public;
- (d) Planning policies and goals, and interim and final planning decisions;
- (e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports or surveys, whether conducted by public employees or others.
- (2) A system of indexing for identification and location of the following records is hereby established by the commission. Such records shall include the following:
- (a) Final orders entered after June 30, 1990, issued in adjudicative proceedings as defined in 34.05.010(1) that contain an analysis or decision of substantial importance to the agency in carrying out its duties.
- (b) Declaratory orders entered after June 10, 1990, that contain an analysis or decision of substantial importance to the agency in carrying out its duties.
- (c) Interpretative statements as defined in RCW 34.05.010(8).
- (d) Policy statements entered after June 30, 1990, as defined in RCW 34.05.010(14).
 - (3) A system of indexing shall be as follows:
- (a) The indexing system will be administered by the commission's rules coordinator and located at 1000 S. Cherry Street, Olympia, Washington.
- (b) Copies of all indexes shall be available for public inspection and copying in the manner provided for the inspection and copying of public records.
- (c) The rules coordinator shall establish and maintain a separate index for each item contained in subsection (1)(a) through (e) of this section as follows:
- (i) The index shall list all final orders and declaratory orders selected by the commission that contain decisions of substantial importance to the agency which orders shall be listed alphabetically by the titles of the hearing or controversy and shall contain a phrase describing the issue or issues and relevant citations of law.
- (ii) Interpretative statements and policy statements shall be indexed by the applicable program administered by the commission.
- (d) The rules coordinator shall update all indexes at least once a year and shall revise such indexes when deemed necessary by the commission.

REPEALER

The following sections of the Washington Administrative Code are repealed:

WAC 467-02-040 DESCRIPTION OF ORGANI-ZATION OF WASHINGTON TRAFFIC SAFETY COMMISSION.

WAC 467-02-060 PUBLIC RECORDS AVAILABLE.

WAC 467–02–100 PROTECTION OF PUBLIC RECORDS.

WSR 91-23-102 PROPOSED RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Filed November 20, 1991, 11:35 a.m.]

Original Notice.

Title of Rule: Manual of rules, classifications, rates and rating system for Washington workers' compensation insurance, chapter 296-17 WAC.

Purpose: Proposes to revise the classification plan and corresponding base rate tables applicable to workers' compensation insurance underwritten by the Washington state fund, Department of Labor and Industries, and specifically those sections relative to the reforestation industry.

Statutory Authority for Adoption: **RCW** 51.04.020(1).

Statute Being Implemented: RCW 51.16.035.

Summary: Agency proposes to establish one new risk classification, discontinue one existing risk, and adjust base rate tables for the classification including revising the basis of premium for the new classification from hours worked to payroll dollars.

Reasons Supporting Proposal: RCW 51.16.035 requires the department to establish and maintain a classification plan in accordance with recognized insurance principles. A part of these principles is that the plan must be responsive to change and mirror the business makeup of the state. As a result of recent studies of the reforestation industry and informal meetings with affected policyholders (employers), a consolidation of work activities into a single classification of risk and a change in the premium basis is being proposed at the request and support of industry. This consolidation of work activities to a single risk classification is to standardize and simplify employer reporting and record keeping and mirrors the current practices of the industry. The change to the premium basis reflects the exposure medium readily available by all employers subject to the new classification.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Douglas Connell and Francis Romero, 905 Plum Street S.E., Olympia, 753-1434.

Name of Proponent: Department of Labor and Industries, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed new risk classification represents a consolidation of different work activities currently reported under several risk classifications by reforestation contractors. By consolidating the various work activities under a single classification, an average rate will be produced to cover the new grouping (classification 5005). This consolidation is consistent with the treatment of other industries whereby all occupations and operations are subject to a single basic classification which most accurately describes the overall business of the insured employer. A single classification for this industry (reforestation) should provide a standard price for bidding all work covered by this new classification and simplify premium reporting for employers and claim assignment for the department. This proposal also revises the premium basis for this new industry classification from hours worked to payroll dollars and repeals an existing classification (5004) applicable to reforestation work.

Proposal Changes the Following Existing Rules: WAC 296-17-66002 Classification 5004, repeals this classification; WAC 296-17-66003 Classification 5005, proposes to establish this new classification to cover all reforestation work activities performed by contractors, with the exception of logging operations as defined in classification 5001. Includes a statement that the premium basis for this classification is payroll dollars and provides a basis for premium computation when payroll records are not preserved by the employer; WAC 296-17-885 Expected loss rates, amends table to add expected loss rates and D ratios for new classification 5005; and WAC 296-17-895 Industrial insurance base rate table, amends table to add new base rates for classification 5005. The new rate is quoted as a percentage for each one hundred dollars of payroll wages paid.

Small Business Economic Impact Statement: This statement pertains to revisions in chapter 296–17 WAC, proposed by the Department of Labor and Industries to become effective July 1991, and is prepared to conform with sections 3(2) and 4 of the Regulatory Fairness Act (chapter 6, Laws of 1982).

Existing Rules: Chapter 296-17 WAC presently defines 293 risk classifications for purposes of reporting exposures and computing premiums for workers' compensation insurance. Base rates are established separately for accident fund and medical aid fund coverage in each risk classification within these rules, and an assessment rate for all risk classifications is prescribed for the supplemental pension. An "experience rating plan" is also established, which provides adjustment of the base industrial insurance rate by class up or down to a "merit rate" based upon past reporting experience of each individual employer. Chapter 296-17 WAC also provides optional rating plans referred to as retrospective rating. These optional rating plans are available on an elective basis to employers and industry groups and provide them with additional opportunities to reduce their workers' compensation insurance costs through accident prevention and active claims management.

Treatment of Small Business Under Existing Rules: Classification definitions are keyed to the nature of an employer's business and/or employment, and are independent of business size. Once applicable classifications are determined, base rates are identical for all employers within each classification. Experience rating increases or decreases individual employer's accident fund rates, providing rate reductions for favorable past experience and rate increases for unfavorable past experience. Within the experience-rating plan, small employers with lossfree records in the rating experience period are allowed rate credits in excess of those initially computed by the rating plan based on risk size, by a maximum modification for loss-free firms of various sizes in WAC 296-17-890. During 1989 medical aid premiums became subject to experience rating under a three-year phase-in plan. Experience rating of medical aid premiums is achieved in much the same fashion as the accident fund. Employers and industry groups (associations) wishing to further reduce their workers' compensation insurance costs can participate in optional retrospective rating plans. Dependent on the plan selected and the employers' actual losses, adjustments are made to premiums paid in; if actual losses are below expected losses for the plan selected, dividends are paid to the employer. Employers with losses which are greater than expected losses pay additional premiums within the limits as determined by their selected plans.

Effect of Proposed Revisions: One new risk classification is being proposed to be added to chapter 296–17 WAC, including corresponding expected losses and base rates for the new classification. One existing classification is proposed to be discontinued. There is no increase in administrative costs for policyholders (employers) to comply with these changes since no new records or forms are required for compliance and all other requirements are unchanged.

Hearing Location: Office Building 2 (OB-2), First-Floor Conference Room, Auditorium, 12th and Franklin, Olympia, on January 7, 1992, at 10 a.m.

Submit Written Comments to: Douglas Connell, Assistant Director for Employer Services, 905 Plum Street S.E., Olympia, WA 98504, by January 6, 1992.

Date of Intended Adoption: February 28, 1992.

November 20, 1992 [1991]

Joseph A. Dear

Director

NEW SECTION

WAC 296-17-66003 CLASSIFICATION 5005.

Forest or timbered land services: All operations, including activities such as tree planting, thinning, netting, spraying or fumigating, pruning, cone picking, trail construction, fire watch, animal trapping, and forest fire fighting. For purposes of reporting and paying premium under this classification, employers will calculate premiums under a payroll-based system. In the event an employer has failed to maintain proper payroll records at the time of audit, estimated payroll will be determined by taking the total sum of contracts entered into by the employer for the audit period less fifty percent, which is an allowance for profit, equipment, materials, and supplies. The remaining fifty percent will be considered to be payroll and will be used to compute premiums due. For purposes of this rule the term "proper payroll records" shall mean the same records as stipulated

in WAC 192-12-050(1) "records," employment security department substantive rules. An employer will have the right to supply supplemental payroll information if it is produced by the employer within thirty calendar days from the date the payroll records were determined to be deficient.

Employers subject to this classification shall not be assigned any other classifications other than standard exception classifications and the logging classification 5001 unless the employer operates a secondary business which is conducted as a separate undertaking and each business has separate and distinct employees.

This classification includes all shop or yard operations.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 296-17-66002 CLASSIFICATION 5004.

WSR 91-23-103 DEPARTMENT OF CORRECTIONS

[Filed November 20, 1991, 1:11 p.m.]

Reviser's note: The following material has not been adopted under the Administrative Procedure Act, chapter 34.05 RCW, but has been filed in the office of the code reviser and is published in the Register exactly as filed.

The following Department of Corrections rules, WAC 137-48-010, 137-48-020, 137-48-030, 137-48-040, 137-48-050, 137-48-060, 137-48-070, and 137-48-080 are submitted for publication in the Register and the Washington Administrative Code. Pertinent information is as follows:

Amended WAC 137-48-010 through 137-48-080 were adopted on November 15, 1991.

The effective date of these amended rules is January 1, 1992.

I certify pursuant to RCW 34.05.030(c) that WAC 137-48-010 through 137-48-080 are exempt from the APA.

The purpose is to establish guidelines for departmental policies and rules governing receipt and sending of inmate mail.

Chase Riveland Secretary

AMENDATORY SECTION (Amending Order 83-09, filed 9/27/83)

WAC 137-48-010 PURPOSE. The purpose of these rules is to maintain the safety, security, and discipline of adult ((correctional)) prisons and pre-release facilities operated under the jurisdiction of the department of corrections in accordance with Title 72 RCW et al., by establishing guidelines for the development of ((department)) departmental, division, and institution level policies and rules governing the receipt and sending of mail by inmates to prevent the transmission of illegal items or contraband into or out of an institution. These rules shall not apply to work release facilities under the jurisdiction of the department.

AMENDATORY SECTION (Amending Order 84-04, filed 3/26/84)

WAC 137-48-020 DEFINITIONS. (1) "Contraband" consists of all illegal items, explosives, instruments which if used may cause bodily harm to the person of another, weapons, deadly weapons, alcoholic beverages, and ((other items which a resident of a correctional institution may not have in his/her possession, as defined in regulations adopted by the superintendent of an institution and approved by the secretary)) drugs, or controlled substances as defined by chapter 69.50 RCW. Contraband also includes any item that is controlled, limited, or prohibited on the grounds or within the secure perimeter of a correctional facility as defined by departmental, division, or institutional regulation and approved by the secretary of the department, or the division director/designee.

^{**}These rates are calculated on a per license basis for parimutuel race tracks and are base rated.

[@]Payroll rate. The rate specified for this classification (5005) is based on payroll and is effective beginning April 1, 1992.

- (2) "Disposable income" funds in an inmate's trust account from any source, which are not frozen or debited by application of (LFO) legal financial obligations or disciplinary/administrative restitution mandates.
- (3) "Division director" the director of community corrections or prisons or his/her designee(s).
- (4) "Emergency situations" are critical illnesses, deaths, ((emotional crises,)) or similar situations experienced by members of the inmate's family or the inmate.
- (((3))) (5) "Illegal items" are controlled substances as defined and listed in chapter 69.50 RCW or any weapon, firearm, or any instrument which, if used, could produce serious bodily injury to the person of another.
- (((4))) (6) "Indigent inmate" ((means)) an inmate who has less than a ((five)) ten-dollar balance of disposable income in his/her trust fund account on the day of the postage request and during the seven days preceding the postage request; except that:
- (a) An inmate who has received at least twenty dollars cumulative from any source(s) shall not be considered indigent for thirty days following the accumulation of the twenty dollars unless the disposable income account balance is reduced to less than ten dollars by mandatory LFO, disciplinary sanction, or other mandatory administrative process; or
- (b) An inmate who receives a lump sum of five hundred dollars or more from any source shall not be considered indigent for a period of six months from the date of receipt of the five hundred dollars unless the disposable income account balance is reduced to less than ten dollars by application of LFO obligations, a disciplinary sanction, or any legislative or administratively mandated requirements.
- (((5))) (7) "Inspection of mail" ((means)) the physical act of opening, touching, smelling, and/or reading of mail, the use of mechanical or chemical systems and/or the use of animals to determine the presence of contraband or illegal items.
- (((6))) (8) "Legal mail" is correspondence to or from courts and court staff (judges, clerks of the court, judicial law clerks, etc.), attorneys and persons working for attorneys and to established groups involved in the representation of inmates in judicial proceedings (ACLU, legal services groups, etc.)((, and government officials or agencies. To be considered "legal mail" the correspondence must clearly be marked "legal mail" on the outside of the envelope)). Legal mail may also be mail to or from any local, county, state, or national, or foreign governmental agency, executive or legislative body, and/or any person representing such agency or body in an official capacity.
- Note: To be considered and therefore handled as "legal mail" the correspondence must be clearly marked "legal mail" on the outside front of the envelope.
- (((77))) (9) "Letters" ((consists of personal communications and enclosures to and from inmates including, but not limited to, handwritten or typed communications)) consist of handwritten/typed communications and/or written/pictorial enclosures to and from inmates. A standard first class, one ounce letter shall be consistent with the dimensions, weight, and thickness as prescribed by the United States Postal Service. A properly

- addressed and stamped post card or greeting card shall be processed with the same standards as described above for a first class one ounce letter. Nonstandard first class mail requires a surcharge as established by the United States Postal Service.
- (((8))) (10) "Mail" consists of letters, publications, or packages delivered by the United States Post Office or by other ((means)) established and authorized carriers.
- (((9))) (11) "Packages" ((means the immediate container or wrapping and the contents therein in which any item is contained for consumption, use or storage by inmates, and for purposes of this chapter, also means any shipping container or outer wrapping and the contents therein used by retailers to ship or deliver any item to inmates where it is the only such container or wrapping)) a wrapped or boxed object; a parcel or bundle containing one or more objects, a container in which something is packed for storage or transport or mailing.
- (((10))) (12) "Publications" consists of reproduced handwritten or typed/printed or pictorial materials including books, periodicals, newspapers, and pamphlets.
- (((11))) (13) "Return address" for an inmate this includes the full committed name, and may include any other legal name, DOC number, housing assignment, and the full name of the correctional facility from which the correspondence is mailed. For a free citizen this includes a reasonable return address as recognized by the United States Postal Service.
- (14) "Secretary" is the secretary of the department of corrections or his/her designee(s).
- (((12))) (15) "Superintendent" means the superintendent of a correctional facility or his/her designee(s).

AMENDATORY SECTION (Amending Order 83-09, filed 9/27/83)

- WAC 137-48-030 INSPECTION OF MAIL. (1) All mail ((received by)) intended for or to be sent by an inmate, excluding legal mail discussed in subsection (((2))) (3) of this section, may be inspected at any time by the superintendent or his/her designee(s). Mail may be disapproved for receipt or transmittal in accordance with WAC 137-48-040.
- (2) No person who inspects, or participates in the inspection, of an inmate's mail, shall disclose the contents except in the cause of his/her official duties.
- (((2))) (3) Mail (incoming or outgoing) which is clearly identified on the outside of the envelope as legal mail, as defined in WAC 137-48-020(((13))), shall be inspected only in the presence of the inmate. Legal mail shall not be read without a search warrant but may be visually scanned in the presence of the inmate to verify legal mail status.
- (((3))) (4) Mail containing illegal items or contraband shall be held and disposed of in accordance with the procedures set forth in chapter 137-36 WAC or as otherwise stated in this chapter.

AMENDATORY SECTION (Amending Order 86-06, filed 10/14/86)

WAC 137-48-040 RESTRICTION OF INCOMING AND/OR OUTGOING MAIL. (1) Incoming

mail to inmates may be disapproved for receipt for any one of the following reasons:

- (a) The mail contains threats of physical harm against any person or threats of criminal activity.
 - (b) The mail threatens blackmail or extortion.
- (c) The mail concerns sending contraband in or out of the institution.
 - (d) The mail contains plans to escape.
- (e) The mail contains plans for activities in violation of institutional rules, such as riots.
 - (f) The mail concerns plans for criminal activity.
- (g) The mail is in code ((or in a foreign language and its contents are not understood by the reader)).
- (h) The mail is in a foreign language, its contents are not understood by the reader, and attempts to have the letter interpreted have been unsuccessful.
- (i) The mail contains information which, if communicated, would create a risk of violence and/or physical harm.
 - (((i))) (j) The mail contains contraband.
- (((j))) (k) The mail contains obscene or sexually explicit materials as defined in department policy and/or division directives.
- (((k))) (l) Any mail or publication that is deemed to be a threat to legitimate penological objectives.
- (m) The mail advocates that any ethnic, racial, or religious group is inferior for any reason and makes such group an object of ridicule and scorn, and it may reasonably be thought to precipitate a violent confrontation between the recipient and a member or members of the target group.
- (2) Outgoing mail from inmates of institutions may be disapproved for mailing for any one of the following reasons:
- (a) For any one of the reasons set forth in WAC 137-48-040(1).
- (b) The mail is addressed to a minor whose parents or guardian have objected in writing to such correspondence((; an individual previously has been sent obscene or threatening mail by the inmate and has complained or has asked that such mail not be received; the mail solicits money or goods from persons other than the immediate family of the inmate without the permission of the superintendent. This provision may not be construed to preclude the purchase of noncontraband goods or payment for such goods which have been approved by the superintendent or his designee)).
- (c) An individual or their guardian who previously has been sent obscene or threatening mail by the inmate has complained or has asked that such mail not be received.
- (d) The mail solicits money or goods from a person or organization other than the immediate family of the inmate without the permission of the superintendent. The above provisions may not be construed to preclude the purchase of noncontraband goods or payment for such goods which have been approved by the superintendent or his/her designee.
- (e) The outside of the mail (envelope or package) does not contain a return address as defined in WAC 137–48-020.
- (3) No mail is to be restricted for the reason that it appeals to a particular ethnic, racial, or religious group,

- or that it contains critical opinions of departmental policy or departmental employees, unless the mail is also judged to be a threat to legitimate penological objectives.
- (4) In addition to those reasons cited in this section, packages sent either to or from an inmate are subject to the following restrictions:
- (a) An inmate may receive one gift package not to exceed fifteen pounds in weight on a quarterly basis. Quarterly periods shall consist of December through February, March through May, June through August, and September through November. Rules governing the contents of quarterly packages shall be developed specifically by each institutional superintendent and approved by the ((secretary)) division director. The superintendent may allow exceptions from the one gift package limitation and weight limitation provided that appropriate contraband controls are maintained.
- (b) The contents of the quarterly package shall be restricted to those items that are otherwise not available to the inmate through the institutional store or other purchasing outlet provided by the institution. A replacement package may be sent during the same quarter for damaged packages that are returned to the sender by the inmate. Packages containing contraband shall be refused delivery to the inmate and will be counted as the package for that quarter.
- (c) Prepaid merchandise approved by the superintendent and ordered by the inmate from any wholesaler or retailer shall not be considered one of the quarterly packages.
- (d) Inmates may mail packages containing materials which have been sent to him or her in the institution or gifts consisting of his or her own hobby craft or curio work. Packages must be made and mailed at the inmate's expense.
- (e) Newly admitted inmates at ((the Washington Corrections)) any department of corrections operated reception center will not receive packages while assigned to the reception center.

AMENDATORY SECTION (Amending Order 83-09, filed 9/27/83)

WAC 137-48-050 PROCEDURES FOR RE-STRICTIONS OF INCOMING AND/OR OUTGO-ING MAIL. (1) If an ((inmates's)) inmate's incoming or outgoing mail is restricted, ((notification shall be provided to the inmate and the author of the mail in writing of the specific publication, letter, or package which has been censored and the reason for this action)) written notification will be provided to the inmate by the mailroom staff. This notification shall be provided to the inmate and the sender of the specific publication, letter, or package which has been restricted and the reason for this action. The notice shall contain notification to the inmate that the restriction becomes final within ten days of the initial notice. The superintendent or his/her designee shall review the restriction within the ten-day period of time and shall either uphold the restriction, or allow for the delivery of the mail.

(2) The inmate and ((author)) sender shall be advised in writing of his/her right to seek review of the decision

to restrict his/her mail. The review shall be sought by writing directly to the director ((of the division of prisons or his/her designee(s))), division of community corrections or prisons within ten calendar days.

- (3) Upon receipt of an inmate's and/or ((author's)) sender's appeal, the director of community corrections or prisons or his/her designee shall affirm or reverse the action taken at the institution level and shall advise the inmate ((and/or author)) and sender in writing of this action within ten working days from the receipt of the inmate's or ((author's)) sender's written request.
- (4) When a decision is rendered regarding a particular issue of a publication, that decision shall be binding for all facilities in the respective correctional division ((of prisons)). A division-wide notification shall be promptly issued from the office of the director when the decision is rendered.
- (5) If a package contains contraband and is subject to criminal prosecution, the entire package will be turned over to the appropriate law enforcement agency. Items of contraband not subject to criminal prosecution will be disposed of in accordance with ((those)) procedures set forth in departmental, division, and facility regulations as authorized by chapter 137–36 WAC.

AMENDATORY SECTION (Amending Order 84-04, filed 3/26/84)

WAC 137-48-060 MAIL COSTS. (1) Except as otherwise stated in this section, mail costs shall be the responsibility of the inmate.

- (2) Mail which arrives at the institution with postage due may, at the option of the superintendent, be delivered to the inmate. The institution may pay the postage due in accordance with subsection (3) of this section, or hold the mail for a reasonable period of time so as to allow the inmate to arrange for payment of the postage due. If such arrangements are not made within the time provided, the package/mail may be donated to charity or discarded.
- (3) Indigent inmates shall be authorized to receive postage ((for a maximum of ten)) equivalent to the mailing cost of ten standard, one ounce, first class letters per week. This indigent postage provision shall cover both legal and/or regular ((correspondence irrespective)) letters regardless of the number of letters identified as legal mail. ((This shall also include costs advanced by the institution for postage due mail.))
- (4) Any expenditures made by the institution for postage ((for indigent inmates)) due on incoming mail and/or indigent postage for letters, (as identified in subsection (3) of this section) may be recouped by the institution whenever such indigent inmate has ((a five)) ten dollars or more ((balance)) of disposable income in his/her trust fund account.

AMENDATORY SECTION (Amending Order 83-09, filed 9/27/83)

WAC 137-48-070 MAIL RECORDS. The institution superintendent or his/her designee(s) shall be responsible for the maintenance of a continuous record showing the source and destination of legal ((and official))

correspondence to and from government officials)) mail, packages and items of monetary value mailed by or mailed to an inmate. The secretary shall establish procedures for each institution governing the written mail record.

AMENDATORY SECTION (Amending Order 83-09, filed 9/27/83)

WAC 137-48-080 TELEPHONE USAGE. (1) Telephone facilities shall be provided in appropriate numbers and locations to permit reasonable and equitable access to all inmates, except inmates of the reception center and those inmates in disciplinary segregation.

- (2) The superintendent shall promulgate written regulations providing for access of inmates to additional telephone facilities in emergency situations.
- (3) The superintendent shall promulgate written regulations outlining the hours of telephone availability, maximum length of calls (not less than five minutes) ((and any)), limitations on telephone use, ((subject to approval by the secretary)) and provisions for monitoring, recording, and operator—announced calls as provided for in RCW 9.73.145.

WSR 91-23-104 PROPOSED RULES PERSONNEL BOARD

[Filed November 20, 1991, 1:52 p.m.]

Continuance of WSR 91-16-042, 91-20-022, and 91-21-077.

Title of Rule: WAC 356-18-116 Leave due to unforeseen child care requirements.

Purpose: This rule establishes a policy for authorization of leave for child care needs.

Statutory Authority for Adoption: RCW 41.06.040. Statute Being Implemented: RCW 41.06.150.

Hearing Location: Department of Personnel, 521 Capitol Way South, Olympia, WA, on January 9, 1992, at 10:00 a.m.

Submit Written Comments to: Sharon Whitehead, Department of Personnel, P.O. Box 1789, Mailstop FE-11, Olympia, WA 98507, by January 1, 1991 [1992].

Date of Intended Adoption: January 9, 1992.

November 15, 1991 Dee W. Henderson Secretary

WSR 91-23-105 PROPOSED RULES PERSONNEL BOARD

[Filed November 20, 1991, 1:54 p.m.]

Continuance of WSR 91-18-083 and 91-21-078. Title of Rule: WAC 356-30-120 Part-time employ-

ment-Rights acquired.

Purpose: This rule specifies promotional rights of permanent part-time employees.

Statutory Authority for Adoption: RCW 41.06.040. Statute Being Implemented: RCW 41.06.150.

Hearing Location: Department of Personnel, 521 Capitol Way South, Olympia, WA, on December 12, 1991, at 10:00 a.m.

Submit Written Comments to: Sharon Whitehead, Department of Personnel, P.O. Box 1789, Mailstop FE-11, Olympia, WA 98507, by December 10, 1991.

Date of Intended Adoption: December 12, 1991.

November 15, 1991 Dee W. Henderson Secretary

WSR 91-23-106 PERMANENT RULES PERSONNEL BOARD

[Order 394—Filed November 20, 1991, 1:59 p.m.]

Date of Adoption: November 14, 1991.

Purpose: This rule describes the reasons and rights regarding reduction in force.

Citation of Existing Rules Affected by this Order: Amending WAC 356-30-330 Reduction in force— Reasons, regulations—Procedure.

Statutory Authority for Adoption: RCW 41.06.040 and 41.06.150.

Pursuant to notice filed as WSR 91-20-026 on September 23, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 15, 1991 Dee W. Henderson Secretary

AMENDATORY SECTION (Amending Order 308, filed 9/7/88, effective 11/1/88)

WAC 356-30-330 REDUCTION IN FORCE—REASONS, REGULATIONS—PROCEDURE. (((1) The reasons for reduction in force actions and the minimum period of notice are:))

- (((a))) (1) Employees may be separated in accordance with the statutes and the agencies' approved reduction in force procedures after at least fifteen calendar days' notice in writing, without prejudice, because of lack of funds or curtailment of work, or good faith reorganization for efficiency purposes, ineligibility to continue in a position which has been reallocated, or when there are fewer positions than there are employees entitled to such positions either by statute or within other provisions of merit system rules.
- (((tb))) (2) When employees have statutory and merit system rule rights to return to the classified service ((and)), such employees first shall be returned to the classification selected. If such return causes the total number of employees to exceed((s)) the number of positions to be filled in the classification, those employees in excess ((will)) shall have the reduction in force rights prescribed in this section.
- (((2))) (3) The agencies shall develop a reduction in force procedure that is consistent with the following:

- (a) For purposes of reduction in force (WAC 356-30-330), seniority shall be determined by the definition in WAC 356-05-390. Ties in seniority will be broken by first measuring the employees' last continuous time within their current classification; if the tie still exists, by measuring the employees' last continuous time in their current agency; and if the tie still exists, by lot.
- (b) Clearly defined layoff units, either geographically or by administrative units or both, so as to limit the disruption of an agency's total operation; but not to unduly restrict the options available to employees with greater seniority. The definition of layoff units may be a series of progressively larger units within an agency when a valid option in lieu of separation cannot be offered to respective employees within a lesser-sized unit. Employment projects, established under the provisions of WAC 356-30-145, Project employment, are distinct layoff units, separate and exclusive of any other defined layoff units, established under the provisions of WAC 356-30-130, Seasonal career employment, are distinct layoff units, separate and exclusive of any other defined layoff units.
- (c) Options in lieu of separation by reduction in force shall be offered by an agency only when such options are in accordance with the agency's reduction in force procedure which has been approved by the director of personnel.
- (d) Agency reduction in force procedures shall specify the rights and obligations for employees to accept or reject options offered in lieu of separation due to reduction in force.
- (e) "Bumping" by employees with greater seniority will be limited to:
 - (i) The same layoff unit; and
- (ii) Classification in which the "bumping" employee previously held permanent status; and
- (iii) Position at the current salary range of the employee doing the bumping, or lower; and
- (iv) Employee with the least seniority within the same category of full-time or part-time employment; and
- (v) Competition at one progressively lower classification at a time.
- (f) An employee may not exercise a bumping option in lieu of separation due to a reduction in force if there is within the agency a vacant position which satisfies all of the criteria set forth below.

The position is one which:

- (i) The agency intends to fill;
- (ii) Is in the current classification of the employee being offered the option, or in a classification within which the employee being offered the option previously held permanent status;
- (iii) Is at a salary range no lower than the range that would have otherwise been a bumping option;
- (iv) Is located within a reasonable commuting distance of the employee's permanent work location; and
- (v) Is on the same or similar workshift as the one which the employee currently holds.
- (g) When an employee has previously held permanent status in more than one classification at the same salary range and is eligible to bump, then the employee shall be

offered the option to bump into the position occupied by the employee with the least seniority.

- (h) The right to actually "bump" shall be exercised only after the employee to be "bumped" has received at least fifteen calendar days' notice of the scheduled action.
- (i) Options of full-time positions will be offered first to full-time employees before part-time positions are offered. For the purpose of these offers, employees who previously accepted part-time positions due to a reduction in force action or to lessen the impact of a reduction in force shall be considered full-time employees.
- (j) Seniority for part-time employees will be computed on a basic payroll hour basis within the same provision and restrictions of the general definition of seniority. When part-time employees become full-time employees, their payroll hours will be integrated on a comparable time basis as full-time employees.
- (k) Permanent employees who have been scheduled for reduction in force shall have the right to take a transfer or a voluntary demotion to a vacancy that is to be filled in their own layoff unit for which they qualify, as determined by the director of personnel. This right is to be exercised according to the seniority of those desiring the same vacancy.
- (1) Options of other than permanent positions as named in (m) of this subsection are to be made if no permanent position to be filled is available within a reasonable commuting distance.
- (m) The reduction in force procedure shall contain the statement that, "No permanent employee shall be separated from state service through reduction in force without being offered within fifteen calendar days prior to what would be the permanent employee's effective separation those positions at the same or lesser salary range within the layoff unit for which he/she qualifies, currently being held by emergency, temporary, probationary, or intermittent employees."
- (n) The salary of an employee who has accepted a lower position will be reduced to the top of the range of the lower class unless the previous salary is within the range of the new class, in which case it will remain unchanged.
- $((\frac{3}{3}))$ (4) The agency shall submit the procedure to the director of personnel for approval.
- (((4))) (5) Vacancies will not be filled either by local list procedures or on a temporary, intermittent, or seasonal basis without contacting the department of personnel in an effort to fill the positions by qualified employees who have been or are scheduled for separation due to reduction in force.
- (((5))) (6) When a majority of the positions in a layoff unit other than in project employment is to be eliminated because of a lack of funds and/or work, permanent employees in such positions shall be offered, according to their seniority, those positions in classes in
 which they have held permanent status which are currently being held by emergency, temporary, or probationary employees; provided they have not rejected offers
 of vacant positions made by certifications from the registers. Such options shall be offered in accordance with
 the following requirements:

- (a) Positions in the employee's own agency and within a reasonable commuting distance shall be offered first; second, in the classified service within a reasonable commuting distance; third, anywhere within the employee's own agency; and fourth, throughout the classified service.
- (b) A permanent employee's right to fill a position may be exercised only within fifteen calendar days prior to the effective date of separation.
- (c) Offers will be made in accordance with a procedure established by the director of personnel.
- (((6))) (7) In order to exercise an option to a position which may require selective criteria, the following applies. The option may be exercised only by an employee who possesses the required specialized qualifications when:
- (a) The criteria were approved when the position was established, reallocated or last filled; or
- (b) The specialized qualifications were previously required for a classification that was later merged with other classifications that did not require them; or
- (c) When, at a subsequent time, it was determined that the position requires the performance of specialized duties that would warrant future selective certification.
- (d) In the case of (c) of this subsection, the selective criteria shall not be applied for the purposes of determining reduction in force options until six months after the notification of the new duties has been made to the department of personnel.
- (e) In the case of (a), (b) and (c) of this subsection, the director of personnel or designee must have determined that the specialized qualifications are still essential for the successful job performance and the qualifications could not be learned within a reasonable length of time
- (((7))) (8) Options to positions which are covered by WAC 356-26-140 may be exercised only by employees who, at the time they are notified they are scheduled for reduction in force:
- (a) Are exempt from a background inquiry by WAC 356-26-140(4); or
- (b) Authorize a background inquiry as provided for in WAC 356-26-140 and are cleared for the option as a result of the inquiry.

WSR 91-23-107 PERMANENT RULES PERSONNEL BOARD

[Order 395—Filed November 20, 1991, 2:02 p.m., effective January 1, 1992]

Date of Adoption: November 14, 1991.

Purpose: This is the new people with disabilities definition specified by the Americans with Disabilities Act.

Citation of Existing Rules Affected by this Order: Amending WAC 356-05-260 Persons of disability.

Statutory Authority for Adoption: RCW 41.06.040 and 41.06.150.

Pursuant to notice filed as WSR 91-21-079 on October 18, 1991.

Effective Date of Rule: January 1, 1992.

November 15, 1991 Dee W. Henderson Secretary

AMENDATORY SECTION (Amending Order 267, filed 1/2/87)

WAC 356-05-260 PERSONS OF DISABILITY. ((Persons with physical, mental, or sensory impairments that would impede those individuals in obtaining and maintaining permanent employment and promotional opportunities. The impairments must be material rather than slight; static and permanent in that they are seldom fully corrected by medical replacement, therapy, or surgical means.)) For Affirmative Action purposes, as provided in these rules, people with disabilities are persons with a permanent physical, mental, or sensory impairment which substantially limits one or more major life activities. Physical, mental or sensory impairment means: (a) any physiological or neurological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or function; or (b) any mental or psychological disorders such as mental retardation, organic brain syndrome, emotional or mental illness or any specific learning disability. The impairment must be material rather than slight, and permanent in that it is seldom fully corrected by medical replacement, therapy or surgical means.

WSR 91-23-108 NOTICE OF PUBLIC MEETINGS THE EVERGREEN STATE COLLEGE

[Memorandum—November 14, 1991]

Following are the dates of the regular meetings of the board of trustees for 1991 [1992]:

January 15, 1992	1:30 p.m.
February 12, 1992	1:30 p.m.
March 11, 1992	1:30 p.m.
April 8, 1992	1:30 p.m.
May 13, 1992	1:30 p.m.
June 10, 1992	1:30 p.m.
July 8, 1992	1:30 p.m.
August 12, 1992	1:30 p.m.
September 9, 1992	1:30 p.m.
October 14, 1992	1:30 p.m.
November 11, 1992	1:30 p.m.
December 9, 1992	1:30 p.m.
	February 12, 1992 March 11, 1992 April 8, 1992 May 13, 1992 June 10, 1992 July 8, 1992 August 12, 1992 September 9, 1992 October 14, 1992 November 11, 1992

Each of these meetings will be held on the campus of The Evergreen State College in Room 3112 of the Daniel J. Evans Library Building.

Unless otherwise specified, each board meeting will be preceded by a work session commencing at 9:00 a.m.

WSR 91-23-109 PROPOSED RULES UTILITIES AND TRANSPORTATION COMMISSION

[Filed November 20, 1991, 3:41 p.m.]

Original Notice.

Title of Rule: Chapter 480-92 WAC, relating to low-level radio active waste. The proposed new chapter is shown below as Appendix A, Docket No. T-910676. Written and/or oral submissions may also contain data, views, and arguments concerning the effect of the proposed chapter on economic values, pursuant to chapter 43.21H RCW.

Purpose: These rules are developed in response to RCW 81.108.030 which states that the commission shall have jurisdiction over the sites and site operators of any low-level radioactive waste disposal site in the state of Washington.

Statutory Authority for Adoption: RCW 80.01.040.
Statute Being Implemented: Chapter 272, Laws of

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Paul Curl, Secretary and Transportation Staff, 1300 South Evergreen Park Drive S.W., Olympia, WA, (206) 753-6451.

Name of Proponent: Washington Utilities and Transportation Commission, governmental.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: There are no comments or recommendations being submitted inasmuch as the proposal is pursuant to legislative authorization as reflected in RCW 80.01.040.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: In accordance with chapter 272, Laws of 1991, the commission is to establish rates to be charged by site operators. On or before March 1, 1992, site operators are to file requests with the commission to establish an initial maximum disposal rate; and by January 1, 1993, the commission is to establish those initial maximum disposal rates.

Proposal does not change existing rules.

No small business economic impact statement is required for this proposal by chapter 19.85 RCW.

Hearing Location: Commission Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA, on December 31, 1991, at 9:00 a.m.

Submit Written Comments to: Paul Curl, Secretary, 1300 South Evergreen Park Drive S.W., FY-11, P.O. Box 47250, Olympia, WA 98504-7250, by December 23, 1991.

Date of Intended Adoption: December 31, 1991.

November 20, 1991 Paul Curl Secretary

APPENDIX "A"

Chapter 480-92 WAC LOW-LEVEL RADIOACTIVE WASTE

NEW SECTION

WAC 480-92-011 APPLICATION OF THIS CHAPTER. (1) This chapter shall apply to any company operating as a low-level radioactive waste site operating company, defined as such by the laws of Washington, and which is subject to the jurisdiction of the commission.

(2) Upon proper showing of any site operator, the commission may waive or modify the provisions of any section herein except when such provisions are fixed by statute. Application for the waiver or modification of any of the rules and regulations of the commission shall be made in accordance with the following instructions.

(a) Application should be directed to the Washington Utilities and Transportation Commission, 1300 S. Evergreen Park Drive SW, PO BOX 47250, OLYMPIA WA 98504-7250, and should be typewritten on paper 8 1/2 by 11 inches in size.

(b) Reference must be made in a separate paragraph to each section for which modification or waiver is requested, and a full explanation given as to the reasons why such waiver or modification is desired.

NEW SECTION

WAC 480-92-021 DEFINITIONS. The definitions contained in chapter 81.108 RCW and RCW 81.04.010 are incorporated herein by this reference. To the extent that any of the definitions in this chapter differ from statutory definitions, the statutory definitions shall control.

"Commission" means the Washington utilities and transportation commission.

"Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to RCW 81.108.040.

termined pursuant to RCW 81.108.040.

"Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

"Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in RCW 81.108.070.

"Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

"Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in RCW 81.108.040.

"Initial rate proceeding" means the proceeding described in RCW 81.108.040.

"Low-level radioactive waste" means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than ten nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations.

"Maximum disposal rate" means the rate described in RCW 81.108.050.

"Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

"Site operator" means a low-level radioactive waste site operating company, which includes every corporation, company, association, joint stock association, partnership, and person, their lessees, trustees, or receivers appointed by any court whatsoever, owning, operating, controlling, or managing a low-level radioactive waste disposal site or sites located within the state of Washington.

"Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site.

NEW SECTION

WAC 480-92-031 ACCOUNTS—UNIFORM SYSTEM ADOPTED—RECORDS. (1) Each site operator shall conform its accounting system to the "Uniform System of Accounts for Low Level Disposal Site Operators" dated January 1, 1992. A copy of that document is available at the headquarters office of the commission and shall be available from the commission upon request.

(2) Each site operator shall maintain complete records of the disposal service provided to each customer, showing for each and every customer the amount billed, the type of service provided, the dollar amounts collected and the balance due. Each site operator shall maintain customer records in such a way that the service and the rates and charges are easily identifiable in accordance with rates set for the site operator. Records must be kept on file at the office of the site operator at the disposal site, and in any other place as may be approved by the commission, for a period of at least three years.

NEW SECTION

WAC 480-92-050 SEMIANNUAL REPORTS. Each site operator shall file semiannual reports reporting the results of operations for the site. These reports shall cover the period from January through June and from July through December. Reports shall be filed on forms provided by the commission, and submitted no later than sixty days after the end of the period for which the report is submitted. The first such report shall cover the period from July to December 1992.

NEW SECTION

WAC 480-92-060 INITIAL RATE FILING—FORM—NO-TICE. (1) No later than March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The request shall be in the form of a petition. An original and twenty copies shall be filed with the commission.

(2) The petition shall set out the proposed maximum disposal rate; the proposed inflation, volume, and extraordinary volume adjustments; the proposed administrative fee for small volumes pursuant to RCW 81.108.040(5); and a proposed method for determining the cost to receive and handle extraordinary volumes of waste pursuant to RCW 81.108.070(1).

(3) The filing shall include, at a minimum, testimony, exhibits, work papers, summaries, annual reports, cost studies, proposed tariffs, and any other information necessary to determine a maximum disposal rate and to support the proposed rates, fees, adjustments, and costs.

- (4) Within five days after filing the request with the commission, the site operator shall notify all customers who ship or deliver waste to the site that a request has been filed with the commission. Notice shall be mailed to any customer who has paid for disposal of waste at the site within three years prior to the filing of the request. The notice shall include a statement of the site operator's proposed maximum disposal rate and shall include the address of the commission, with a statement that more detailed information may be obtained by writing to the commission.
- (5) Hearings before the commission on the rates, charges, and methods contained in the petition shall be conducted in accordance with chapter 480-09 WAC.
- (6) Once approved, the maximum disposal fee shall become the highest disposal fee the site operator may charge customers.

NEW SECTION

WAC 480-92-070 SEMIANNUAL ADJUSTMENTS TO MAXIMUM DISPOSAL FEE—FILING—NOTICE. (1) After January 1, 1993, site operators may file for adjustments to the maximum disposal fee for reasons set forth in RCW 81.108.050(3). Inflation and volume adjustments must be filed to become effective in January or July and must allow for thirty days from the date of filing to become effective. The commission may allow filings to become effective in less than thirty days.

(2) A site operator may also file for adjustments to the maximum disposal fee at any time for reasons set forth in RCW 81.108.050(4).

(3) In all filings for a change in the maximum disposal fee, the site operator shall provide its customers with notice of the filing as required for the initial rate filing under this chapter.

NEW SECTION

WAC 480-92-080 CONTRACTS. (1) A site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate. Each such contract shall be filed with the commission not less than thirty days prior to the proposed effective date of the contract, and shall become effective according to its terms the thirty-first day from the date of its filing unless earlier approved, suspended, or rejected by the commission. Upon application and for good cause shown, the commission may approve the contract as of its effective date prior to the date that the contract would have become effective in accordance with this section.

- (2) Each contract filed for commission approval shall be accompanied by such documentation as may be necessary to show that the contract does not result in discrimination among customers receiving like and contemporaneous service under substantially similar circumstances, and provides for the recovery of all costs associated with the provision of the service; provided, that discrimination between customers is not present to the extent a site operator charges small volume customers an administrative fee determined according to RCW 81.108.040(5). The site operator shall file the following information in conjunction with each contract submitted for commission approval:
- (a) A statement summarizing the basis of the rate or charge proposed in the contract and an explanation of the derivation of the proposed rate or charge;
- (b) An explanation of all cost computations involved in arriving at the derivation of the level of the rate or charge in the contract; and
- (c) A statement indicating the basis for the use of a contract rather than a filed tariff for the specific service involved.
- (3) All contracts shall be for a stated time period. The commission may approve terms and conditions which prescribe the rate or rates to be applied during the time period, if such rates are found to be appropriate. Unless otherwise provided by the commission, such approval shall not be determinative with respect to the expenses and revenues of the site operator for subsequent ratemaking considerations.
- (4) Every contract filed shall contain the provision that it is made subject to the power and authority of the commission to fix, alter, and amend just, fair, and reasonable classifications, rules and regulations, and rates for low-level radioactive waste disposal site operators.

NEW SECTION

WAC 480-92-090 COMPLAINT PROCEDURES. (1) Complaints against a site operator shall be made by letter to the commission. The complainant shall send a copy of the complaint to the site operator by registered mail.

- (2) A complaint shall include the dates of acts or omissions complained against, the relevant statutes or rules, and other information essential to disposition of the complaint.
- (3) The commission encourages alternate forms of dispute resolution to resolve disputes between the site operator and any other person. In order to resolve disputes informally, the voluntary settlement procedures of WAC 480-09-465 may be used to resolve complaints brought before the commission.

NEW SECTION

WAC 480-92-100 TARIFFS. (1) Every site operator shall file with the commission, and post at the company's main office at the disposal site, its tariff showing all rates and charges, including all accessorial charges, for the disposal of low-level radioactive waste.

- (2) Two copies of all such tariffs shall be transmitted to the commission with a letter of transmittal in duplicate.
- (3) Tariffs shall be typed or printed on 8 1/2 by 11 inch paper and shall be paginated. A margin of not less than five-eighths of an inch must be left on all four sides for binding.
 - (4) Tariffs shall consist of at least the following:
- (a) A title page which identifies the name of the company issuing the tariff, date of issue and date effective, name, title and street address of tariff publishing officer by whom the tariff or supplement is issued.
- (b) A general rules section that contains all rules and regulations governing how and in what manner rates and charges shall be assessed by the company.
- (c) A section that names all rates and charges that shall be assessed by the company.

(d) A page listing all abbreviations and symbols used in the tariff, and containing an explanation of said abbreviations and symbols.

NEW SECTION

WAC 480-92-110 PENALTY ASSESSMENTS. In addition to all other penalties provided by law, every site operator and every officer, agent, or employee of every such company who violates or procures, aids, or abets in the violation of any law, rule, regulation, or commission decision applicable to such company shall incur a penalty of up to one thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense, and in the case of a continuing violation every day's continuance shall be deemed to be a separate and distinct violation.

WSR 91-23-110 PREPROPOSAL COMMENTS DEPARTMENT OF WILDLIFE

[Filed November 20, 1991, 3:45 p.m.]

Subject of Possible Rule Making: The Washington Department of Wildlife gives notice that it is initiating the classification review process to consider the Canada lynx, western pond turtle, pygmy rabbit, western gray squirrel, Oregon silverspot butterfly, and larch mountain salamander for possible listing as endangered, threatened or sensitive in Washington. The department is soliciting biological information on these species to assist in the preparation of status reports which will be used by the Washington Wildlife Commission to determine listing action. Information is sought regarding the life history, habitat requirements and status, population distribution, status and trends, population demographics, and management activities affecting status of the species pursuant to Section 7.1, WAC 232-12-297.

Persons may comment on this subject in the following ways: Biological information on the status of the Canada lynx, western pond turtle, pygmy rabbit, western gray squirrel, Oregon silverspot butterfly, or larch mountain salamander should be submitted in writing to the Endangered Species Program Manager, Washington Department of Wildlife, 600 Capitol Way North, Olympia, WA 98501–1091. Information must be submitted by March 4, 1992.

Other Information or Comments by Agency at this Time, if any: The western pond turtle, Oregon silverspot butterfly, and pygmy rabbit are currently classified as threatened in Washington and are candidate species for uplisting to endangered status. The Canada lynx, western gray squirrel, and larch mountain salamander are candidate species for possible listing as endangered, threatened or sensitive. A draft status report and listing recommendation will be prepared for each species and distributed for public review in late fall of 1992. Following the public review period at the end of 1992, the final reports and listing recommendations will be prepared and presented to the Washington Wildlife Commission in Spring of 1993.

WSR 91-23-111 PERMANENT RULES BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS

[Filed November 20, 1991, 4:35 p.m.]

Date of Adoption: November 8, 1991.

Purpose: Regulation of engineers and land surveyors. Clarify language and bring into accord with amended statute, chapter 19, Laws of 1991.

Citation of Existing Rules Affected by this Order: Amending WAC 196-16-031, 196-24-030, and 196-24-080.

Statutory Authority for Adoption: RCW 18.43.035. Pursuant to notice filed as WSR 91-20-138 on October 1, 1991.

Effective Date of Rule: Thirty-one days after filing.

November 18, 1991 Alan E. Rathbun Executive Director

AMENDATORY SECTION (Amending WSR 90-21-035, filed 10/10/90, effective 11/10/90)

WAC 196-24-030 ((RECIPROCITY)) COMITY. ((Reciprocal registration is considered as being applied towards an applicant's original jurisdiction of registration by examination.)) The board for professional engineers and land surveyors may, upon application, and payment of a fee, issue a certificate of registration without further examination as a professional engineer to any person who holds a certificate of ((qualification of)) registration issued to the applicant following examination by proper authority, of any state, territory or possession of the United States, the District of Columbia, or of any foreign country, provided the following conditions are met:

- (1) That the applicant's qualifications meet the requirements of ((the)) chapter 18.43 RCW and the rules established by the board;
- (2) That the applicant is in good standing with the licensing agency in said state, territory, possession, district, or foreign country. Good standing shall be defined as a currently valid license in the jurisdiction of original registration or the jurisdiction of most recent practice, if different from the jurisdiction of original registration; and
- (3) ((That the said state, territory, possession, district, or foreign country gives like consideration on a reciprocal basis to those persons who have been registered by examination in this state; and
- (4))) That the ((license)) certificate of registration has been granted on the basis of ((an)) examinations equivalent to ((that)) those given by the state of Washington.

AMENDATORY SECTION (Amending Order PM 820, filed 2/10/89)

WAC 196-24-080 FEES. All checks or money orders shall be made payable to the state treasurer. Registration: The application must be accompanied with ((the

required fee; with engineers submitting the certificate fee after passage of the exam. Should the board deny the application, the initial fee will be retained as an application fee. An applicant who fails the first scheduled exam may be reexamined once without payment of an additional fee, provided he notifies the board office in writing of his intention to appear for the examination a second time at least three months prior to said examination. Each subsequent examination will be granted upon payment of an examination fee received at least three months prior to said examination)) a registration fee. Should the board find the applicant ineligible for examination or licensure by comity the registration fee shall be retained as an application fee. An applicant who fails an examination may be scheduled for reexamination by paying the required exam fee, submitted within a time frame defined by the board. Applicants who fail to appear for an examination, for which they are scheduled, will forfeit their examination fee and/or their privilege to be reexamined without an additional fee. Applicants may withdraw from a scheduled examination without penalty by submitting a written notice to the board office no later than six weeks prior to the date of examination.

AMENDATORY SECTION (Amending Order PM 820, filed 2/10/89)

WAC 196-16-031 ((RECIPROCITY)) COMITY. Applicants for registration as a land surveyor by ((reciprocity)) comity will be exempt from the full sixteen-hour written examination administered by this board provided:

- (1) That the applicant's qualifications meet the requirements of chapter 18.43 RCW and the rules established by the board;
- (2) That the applicant has been qualified by a written sixteen-hour examination determined by the board to be equivalent to the exam administered in Washington; and
- (3) That the applicant ((has a currently valid license in the state of original licensure; and
- (4) That the applicant's state of original licensure gives like consideration to Washington registrants)) is in good standing with the licensing agency in said state, territory, possession, district, or foreign country. Good standing shall be defined as a currently valid license in the jurisdiction of original registration or the jurisdiction of most recent practice, if different from the jurisdiction of original registration.

All candidates will be required to pass a written examination as prescribed by the board. The examination shall test knowledge areas as described in WAC 196–16–020.

KEY TO TABLE

Symbols:

AMD = Amendment of existing section

A/R = Amending and recodifying a section

DECOD = Decodification of an existing section

NEW = New section not previously codified

OBJEC = Notice of objection by Joint Administrative Rules

Review Committee

PREP = Preproposal comments

RE-AD = Readoption of existing section

RECOD = Recodification of previously codified section

REP = Repeal of existing section

RESCIND = Rescind previous emergency rule

REVIEW = Review of previously adopted rule

Suffixes:

-P = Proposed action

-C = Continuance of previous proposal

-E = Emergency action

-S = Supplemental notice

-W = Withdrawal of proposed action

No suffix means permanent action

This table covers the current calendar year through this issue of the Register and should be used to locate rules amended, adopted, or repealed subsequent to the publication date of the latest WAC or Supplement.

WAC # shows the section number under which an agency rule is or will be codified in the Washington Administrative Code.

WSR # shows the issue of the Washington State Register where the document may be found; the last three digits show the sequence of the document within the issue.

STATE REGISTER, at a	subscription(s) to the WASHING an annual rate of \$161.85, sales tax included (\$150 for by check or money order for \$ Please state uary issue of 19	state
NAME		
ADDRESS		
TELEPHONE		

THE WASHINGTON STATE REGISTER, published pursuant to RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards which have been filed in the code reviser's office prior to the pertinent closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper volume of the Register.

The code reviser's office has established an annual subscription price of \$150 for the Register, and single copies will cost \$7. Sales tax of 7.9% now applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$161.85 (\$150 for state agencies) payable to the code reviser's office.
